Professional Pet Groomer Training August 2020 – November 2020

Scholarships
Available

Professional Pet Groomer Training is a series of three courses totaling 115 hours of training. Students must complete all three courses in order to receive a certificate of completion. Certificates are not awarded for individual courses. Limited enrollment.

Principles of Professional Pet Grooming

This course is the first of three courses needed to complete Professional Pet Groomer Training. Students must also complete Professional Pet Groomer Practices Part I and Part II. This course covers the fundamental principles and terminology of pet grooming including grooming equipment, animal behavior and handling, dog anatomy, breed classes, CPR, cat review, hair and skin disorders, and familiarization

with grooming room set-up. This course is a prerequisite before clipping in Professional Pet Groomer Practices, Part I. (Textbook included in the material fee). Students must purchase approximately \$100 - \$200 worth of equipment on their own.

Class Limit: 10.

Fee: \$570

Course #: PET 011 B

Tuesdays and Thursdays 5pm-8:30pm • 8/6/20-9/3/20

Main Campus–Career Programs Building/ Central Dawgma

Professional Pet Grooming Practices Part I

Pre-requisite–Principles of Professional Pet Grooming – no exceptions. Students begin hands-on training. Bathing and brushing techniques and easy breeds for grooming. The course is held at Central Dawgma 1337 Pennsylvania Ave., Hagerstown, MD 21742. The material fee includes the use of dog grooming stations. Students must purchase \$300 - \$400 worth of equipment on their own prior to the second class. The course includes 11 classes of hands-on practice.

Class Limit: 10

Fee: \$951

Course #: PET 014 C

Tuesdays and Thursdays 5pm-8:30pm • 9/15/20-10/20/20

Main Campus–Career Programs Building/ Central Dawgma

Professional Pet Grooming Practices Part II

Pre-requisite–Professional Pet Grooming Practices Part I–no exceptions. Students continue hands-on training with complex breeds and techniques. The course is held at Central Dawgma 1337 Pennsylvania Ave. Hagerstown, MD 21742. The material fee includes the use of dog grooming stations. Students must purchase approximately \$200 worth of equipment on their own prior to the second class. The course includes 12 classes of hands-on practice and graduation from training the last night.

Class Limit: 10

Fee: \$1201

Course #: PET 015 E

Tuesdays and Thursdays 5pm-8:30pm • 10/29/20-11/19/20

Main Campus–Career Programs Building/ Central Dawgma

AMERICAN MANAGEMENT ASSOCIATION

Scholarships
Available

American Management Association (AMA) courses are nationally recognized for their comprehensiveness and value. HCC instructors use AMA textbooks as the foundation and draw on their own expertise and experience to present material in the most timely and relevant manner. These courses are designed to help you become more effective in your present position and better prepared for advancement opportunities.

Certificate for 2020

AMA Certificate in General and Human Resources Management

This 49-hour program gives managers the skills to lead and supervise a team, as well as the basic principles of human resources management required for all supervisors to stay compliant with current HR laws and best practices.

The AMA certification program at HCC is self-directed. Students complete courses as time and funding permit. Courses are offered several times throughout the academic year and can be taken as a series, or individually. Certification is earned when the student completes all seven courses.

See next page for details.

Business and Professional Development

AMA Training

AMA General and Human Resources Management Certificate

This 49-hour program gives managers the skills to lead and supervise a team, as well as the basic principles of human resources management required for all supervisors to stay compliant with current HR laws and best practices. This section includes the following seven courses at one low price.

Total: \$1350 — Senior Total: \$1005

PRD-570-C	MW 5:00PM–8:30PM	Sep 21 – Nov 04 VM 4
-----------	------------------	-------------------------

Communication Skills for Managers

Communication is a critical skill for successful managers in all industries. Learn how to clearly deliver your message through the many forms of business communication: written, spoken, in person, and email. Identify their communication styles using the DISC assessment, understand and apply the four workplace communication styles, learn how to create safety for the person hearing the difficult message, and learn the five strategies for managing conflict.

Total: \$249 — Senior Total: \$213

PRD-429-C	MW 5:00PM–8:30PM <i>J. Martorana</i>	Sep 21 – Sep 23 VM 4
-----------	---	-------------------------

First Line Supervision

This course walks students through the transition from staff to supervisor and is the ideal resource for the new supervisors. Learn to get more done by motivating staff and turning your direct reports into team players. Students will increase their confidence, leadership skills, and job satisfaction by identifying the roles, competencies, and qualities of effective supervisors. Learn to build personal credibility and commitment from others, understand how to build a positive work environment and motivate employees, and practice delivering positive and instructional feedback.

Total: \$249 — Senior Total: \$213

PRD-555-C	MW 5:00PM–8:30PM <i>D. Hartman</i>	Sep 28 – Sep 30 VM 4
-----------	---------------------------------------	-------------------------

Coaching for Top Performance

Workplace coaching is an essential skill for all managers in today’s workplace. Ineffective managers gain their power from position and organizational hierarchy, while highly effective managers gain their power from motivating, encouraging, and coaching employees to perform at their highest levels. This course uses the American Management Association’s Coaching for Top Performance manual and will help you practice highly effective workplace coaching skills.

Total: \$249 — Senior Total: \$213

PRD-554-D	MW 5:00PM–8:30PM <i>M. E. Waltemire</i>	Oct 05 – Oct 07 VM 4
-----------	--	-------------------------

Leadership Skills for Managers

Managing in today’s dynamic, diverse workplace demands a new type of leadership. Leaders are asked to be visionaries, change agents, and coaches. This course outlines the skills necessary for individual and organizational success, including fostering collaboration and trust, challenging existing procedures, managing change, and building the five components of emotional intelligence. Students will identify and practice the attitudes and mindsets of effective leaders and understand why some leaders fail and others succeed.

Total: \$249 — Senior Total: \$213

PRD-675-D	MW 5:00PM–8:30PM <i>M. E. Waltemire</i>	Oct 12 – Oct 14 VM 4
-----------	--	-------------------------

Fundamentals of Human Resources

The nature and role of Human Resources (HR) has changed dramatically over the last few decades. This course will help you identify the role of HR management in your organization, and acquire the fundamental knowledge and skills needed for HR management.

Total: \$249 — Senior Total: \$213

PRD-700-D	MW 5:00PM–8:30PM <i>D. Hartman</i>	Oct 19 – Oct 21 VM 4
-----------	---------------------------------------	-------------------------

A Manager’s Guide to Human Resource Law

Do you know what to do to protect your business, your employees, and yourself from legal liability? This course covers everything you need to know to safely hire, fire, and manage your staff. This course uses easy-to-follow guidelines to help you hire the best employees, manage your staff effectively, and, when necessary, terminate employees without legal ramifications.

Total: \$249 — Senior Total: \$213

WorkKeys®

ACT WorkKeys National Career Readiness Certificate (ACT® WorkKeys® NCRC®)

The National Career Readiness Certificate (NCRC) is a valuable credential for students and job seekers seeking to verify foundational workplace skills. You can earn the ACT WorkKeys NCRC based on your scores on the core assessments.

NCRC is based on a series of work-based assessments called WorkKeys®. WorkKeys® is a job skills assessment system measuring “real world” skills that employers deem critical to job success. These skills are valuable for any occupation and at any level of education. The test results provide valuable information for individuals, employers, schools, colleges, state and local governments, and training programs.

Based on the data from more than 21,000 job profiles, ACT has identified three foundational skills that are essential to success in most jobs. These are the three core skill assessments that are the basis for earning the ACT WorkKeys NCRC:

- Applied Math– measures the ability to apply mathematic principles to problems
- Graphic Literacy– measures the ability to find, analyze and apply information presented
- Workplace Documents– measures the ability to understand and apply written information presented in the workplace

Want to brush-up on your skills before taking the actual test?

Enroll in one of our walk-in NCRC test prep: PRD 862. Scheduled for the first Thursday of every month at 5:00pm in the Learning Support Center. The classes are internet based, interactive, and self-paced. The test fee can be waived upon completion of 30 hours of test prep (at level 4 or higher). Test prep hours **MUST** be completed prior to pre-registering for the actual test to qualify for the test fee waiver. Enroll in an NCRC test prep class on campus and you can continue your test prep from home if you have internet access.

Ready to schedule a test date?

Pre-registration is required at least one day prior to the test date. You can register online at <http://www.hagerstowncc.edu/academic-testing-center>

BUSINESS CONTINUITY STRATEGIES FOR TODAY'S TURBULENT ENVIRONMENT

Course Description:

This course leads organizational leaders and planners to examine the complex and critical dependencies of business enterprises, and the potential for disruption in today's dynamic and turbulent world. Participants will discuss strategies to assess risk to their organization and learn about preventative measures to lessen the impact of disaster. The course guides participants to develop a contemporary, working business continuity plan.

Course Objectives:

- Build the Business Sector network in Washington County.
- Examine and develop preventative measures to lessen the impact of disaster for your organization.
- Create a contemporary, limited business continuity plan for your organization.

Week 1 – September 10, 2020

Building the Network: Where have we been – where are we going?

Explore the anatomy of a crisis

Reflect upon the five worst things

Identify and/or evaluate your essential functions

Week 2 – September 17, 2020

Dependencies and Vulnerabilities: What can we do now?

Recognize your critical dependencies

Assess your business risk

Lessen the impact

Identify the priority levels of your essential functions

Reflect upon the five most important things

Week 3 – September 24, 2020

Business Continuity: How do we plan for the future?

Identify your essential records, equipment, and resources

Develop your orders of succession

Learn how to complete your Business Continuity Plan

Review the implementation actions for your Business Continuity Plan

Kathy L. Francis, MS, CEM, MDPEMP

Ms. Francis is an International Association of Emergency Managers Certified Emergency Manager (CEM) and a certified Maryland Professional Emergency Manager (MDPEMP). She recently attained her Certificate of Mastery: Assessing Learning for College Credit through the Council for Adult and Experiential Learning. She currently serves as the Frederick Community College Executive Director of Emergency Management Programs, as adjunct faculty, and as leader of the Mid-Atlantic Center for Emergency Management & Public Safety (MACEM&PS). She is also a member of the adjunct faculty at Mount Saint Mary's University in Frederick, Maryland.

This class will be held in Hagerstown Community College, in the Career Program Building. Meeting times will be from 8:30 am to 12 noon. The cost of this event will be \$179. To register please call 240-500-2236.

*“What’s worse than training your workers and losing them?
Not training them and keeping them.” - Zig Ziglar*

A Company’s Greatest Asset is its Workforce

Workforce Development Scholarships

WORKFORCE DEVELOPMENT SEQUENCE SCHOLARSHIP

HCC has received funding from the Maryland Higher Education Commission (MHEC) for Workforce Development Training Certificate Programs. Programs consist of a series of courses that must be completed to receive the certificate or certification related to the sequence. All MHEC-approved programs are related to an employable skill set.

Applicants for the MHEC WDS scholarship must be either:

- A Maryland resident, attesting to and providing proof of residency,
or
- A non-Maryland resident who graduated from a Maryland high school, providing proof of graduation

Repair/Networking

PC Tech: Repair and Troubleshooting

Focus on the practical skills needed to be a successful computer technician and prepare for CompTIA's A+ certification exam (in combination with CMT 151). This hands-on class will teach you the techniques needed to diagnose hardware problems, configure PC components, and replace defective computer parts. You will learn how to install and configure a variety of hardware components with an emphasis on customer service techniques. Required: Intro to Personal Computing or equivalent work experience with a PC. (Textbook Required)

Total: \$529 — Senior Total: \$297

CMT-150-C	W 5:30PM–8:15PM <i>Staff</i>	Sep 02 – Dec 16 <i>ATC 200</i>
-----------	---------------------------------	-----------------------------------

CCNA: Networking 1

Participants are introduced to the architecture, structure, functions, components, and models of the Internet and other computer networks as part of the Cisco Networking Academy. The principles and structure of IPv4 and v6 addressing and the fundamentals of Ethernet concepts, media, and operations provide a foundation for the curriculum. Introductory router/switch device configuration skills are also included. Prerequisite: A+ certification or equivalent work experience. Must have a personal computer and Internet access (broadband is recommended) for webinars and online content. NOTE: See schedule for orientation meeting date.

Total: \$651

CMT-355-C	W 6:00PM–9:55PM Sa 9:00AM–2:00PM <i>J. Drooger</i>	Sep 02 – Oct 21 Oct 24 <i>STEM 109</i>
-----------	--	--

CCNA: Networking 2

Examine the architecture, components, and operation of routers and switches, and apply the principles of routing and switching to devices. Students analyze, configure, verify, and troubleshoot the primary routing protocols of EIGRP and OSPF using IPv4 and v6. By the end of this course, you will be able to recognize and correct common routing and switching problems. Prerequisite: CCNA: Networking 1. Must have a personal computer and Internet access (broadband is recommended) for webinars and online content.

Total: \$587

CMT-356-C	W 6:00PM–9:55PM Sa 9:00AM–2:00PM <i>J. Drooger</i>	Oct 28 – Dec 16 Dec 19 <i>STEM 109</i>

* Please note that students will need to provide their own protective gear, including helmets, gloves, jacket and boots.

Small Engine

Small Engine Repair

Whether for fun or profit, you can service small engines found in lawn equipment, motorboats, snow blowers, or garden equipment. Hands-on shop activities and expert instruction will introduce you to the principles of two-cycle and four-cycle engine operation, fuel and exhaust systems, ignition components, lubrication systems, and cooling systems. A list of tools needed will be distributed at the first class and appropriate safety clothing is required for shop activities. (Textbook required)

Total: \$228 — Senior Total: \$132

TRD-124-C	MW 6:00PM-9:00PM T. Kroon	Sep 14 – Oct 28 GAR CPB GAR /230
-----------	------------------------------	-------------------------------------

Advanced Small Engine Repair

For the serious small engine mechanic, this course provides you with advanced instruction on diagnosing, disassembling, and repairing a variety of transmissions and powertrains. Hydraulic systems and advanced electrical systems diagnostics will be covered. Upon successful completion of the Advanced Small Engine Repair, students will be prepared to test for the written section of the national Small Engine Certification program. List of required hand tools first night of class (all other tools and equipment provided). Prerequisite: successful completion of Small Engine Repair class. (Textbook required)

Total: \$307 — Senior Total: \$243

TRD-021-D	M 6:00PM-9:00PM T. Kroon	Nov 2 – Dec 16 CPB 232
-----------	-----------------------------	---------------------------

Diesel Technician Program

Gain the entry level skills required to start a career as a diesel mechanic. Our 200 hour program is delivered through an intensive hands-on lab approach allowing students to concentrate on practical skills and troubleshooting. Become proficient in preventative maintenance and inspections by performing procedures in electrical, brakes, lubrication, hub seals, HVAC, After treatment systems, and diagnostics equipment.

Students who complete this program will be eligible to sit for the Automotive Service Excellence (ASE) Auto Maintenance and Light Repair (G1) exam.

Evening/Weekend – Sept 8 – Dec 19, Tuesday/Thursday/Saturday

Online Technical Training

Build your qualifications for a rewarding career in technology. Earn a certificate in these areas of industrial technology:

- Robotics Technician
- Electronics Technician
- Electromechanical Technician
- PLC Technician

Each technician certificate program enriches your skills and knowledge in design, programming, installation, operation, maintenance and troubleshooting industrial electronics, robotics and PLC equipment. The self-paced distance education alternative provides you with practical know how and technical skills needed to become more employable and successful in your field.

Find more information at <http://hagerstown-gbc.com> or contact the Continuing Education Department at 240-500-2236.

Construction Trades Apprenticeships

Construction trades employment is looking better than ever. And thanks to partnerships between HCC, national trades associations, the Maryland Department of Labor, there are more opportunities to enter the skilled trades.

Step 1 – Pre-Apprenticeship Training

HCC offers pre-apprenticeship training based on a nationally recognized core curriculum that prepares you for employment in the industry. Grant assistance is available to cover the cost of the pre-apprenticeship training. More details and a grant application is available online at www.hagerstowncc.edu/construction.

Step 2 – Registered Apprenticeship

Apprentices work hard to learn a trade while being employed in the field. Apprentices in the programs below are registered with the state of Maryland and work with instructors certified to offer a nationally recognized construction curriculum.

Independent Electrical Contractors Chesapeake – Offers a four-year electrical apprenticeship in Hagerstown.

Cumberland Valley Chapter of the Associated Builders and Contractors – Offers four-year apprenticeships in a variety of construction trades including Electrical, HVAC, Plumbing, and Carpentry.

For more information on apprenticeships and the application process, please contact Jack Drooger at 240-500-2453 or jadrooger@hagerstowncc.edu.
www.hagerstowncc.edu/construction

**Scholarships
Available**

Construction Equipment Operator

Enhance your skills or launch a new career operating construction equipment. Our 100 hour operator training covers the common types of equipment found on the job site including skid loaders, graders, excavators, and backhoes.

- Safely use equipment at a work site
- Perform inspection and equipment startup
- Identify preventive maintenance issues
- Practice digging and trenching operations
- Move and grade materials

Dump truck operator training and CDL licensing available as an add-on to the equipment training.

For more information, contact 240-500-2236 or
visit us online at www.hagerstowncc.edu/construction.

Industrial Technology and Trades

Construction

Construction Equipment Operator Introduction

Enhance your skills or launch a new career operating construction equipment in this program, which provides you with a comprehensive overview of construction equipment uses, operator responsibilities, career opportunities, and safety principles associated with the operation of construction equipment. Class also provides an overview of each type of heavy equipment covered in the program, along with their different models, applications, and common attachments. (Textbook and materials included)

Total: \$523 — Senior Total: \$388

TRD-217-C	MW 5:30PM–9:00PM Staff	Sep 07 – Sep 23
-----------	---------------------------	-----------------

Construction Equipment Operator Skills

Practice hands-on use of a variety of construction equipment, while focusing on safe operation and preventive maintenance at the work site. Class activities include proper mounting, startup procedures, and basic movements of the machine and its attachments. Provides hands-on experience with a variety of machines performing work tasks including skid loaders, excavators and back hoes. Prerequisite: CEO Introduction class. (Textbook and materials included)

Total: \$2975 — Senior Total: \$2255

www.hagerstowncc.edu/coned

Industrial Technology

Introduction to HVAC/R

Troubleshoot and repair today's HVAC equipment and refrigeration-based processing equipment. Participants will be introduced to concepts of energy, refrigeration, temperature, humidity, and conduction of heat and will be trained in refrigerant handling. There will be overviews of HVAC-related equipment and systems. (Textbook required)

Total: \$474 — Senior Total: \$232

CNT-107-C	Tu 6:00PM–8:45PM <i>C. Carpenter</i>	Sep 01 – Dec 15 <i>ETTC 101/102/103</i>
-----------	---	--

Fundamentals of Electricity

This course has been designed for those students who need an understanding of electrical principles and applications but do not need the theoretical or mathematical depth required for electronic circuit design. Course topics include an understanding of both DC and AC circuits. Lab exercises deal with many of the practical applications of electricity along with learning to use test equipment for the purpose of circuit diagnosis and troubleshooting. In the event of required online operations due to the Covid 19 virus, students will be required to have a windows computer with a webcam. (Textbook required)

Total: \$596 — Senior Total: \$288

CNT-110-C	W 5:30PM–9:00PM <i>J. Luna</i>	Sep 02 – Dec 16 <i>ATC 213</i>
-----------	-----------------------------------	-----------------------------------

Intro to CNC Programming

An entry-level introduction to CNC operation and basic programming for anyone involved in machine operation, setup, or maintenance. Topics will include: control functions, definitions of capabilities, and descriptions of machine control capabilities. Basic programming will include T/M code definitions and usages. General codes supporting most machine functions will be addressed in a split lecture/labs schedule. (Textbook required)

Welding

Welding Math Fundamentals

This is a developmental course with focus on mathematics for welders. It includes addition, subtraction, multiplication, and division of whole numbers; addition, subtraction, multiplication and division of fractions used in measurement;

finding area and perimeter of simple shapes, addition and subtraction of decimals, converting between decimals and fractions, converting between inches and millimeters, scale conversions, finding the center of simple shapes, and using the Pythagorean Theorem with applications.

Total: \$223 — Senior Total: \$103

TRD-306-C	TTh 5:30PM–8:30PM <i>J. Kreps</i>	Sep 8 – Oct 8 <i>CPB 210</i>
-----------	--------------------------------------	---------------------------------

Intro to Welding

Develop your entry-level welding skills in this class that covers knowledge, safety, and practical application of welding technologies. Welding processes included in the class are Oxy-Fuel, Gas Tungsten Arc (TIG), Gas Metal Arc (MIG), and Shielded Metal Arc (SMAW). Students must wear appropriate safety clothing. (Textbook optional)

Total: \$500 — Senior Total: \$276

CNT-106-B	M 5:30PM–8:15PM <i>S. Slavick</i>	Aug 31 – Dec 14 <i>CPB 142/142A</i>
CNT-106-C	W 5:00PM–9:10PM <i>S. Staley</i>	Oct 07 – Dec 16 <i>CPB 142/142A</i>

Intermediate Shielded Metal Arc Welding - Stick

Advance your skills in Shielded Metal Arc Welding (SMAW) with a focus on fillet and groove welds required for Structural Weld Code tests. Participants learn how to adjust machines, prepare materials, and apply stick welds on carbon steel in various positions (horizontal and vertical). Prerequisite: Intro to Welding

Total: \$500 — Senior Total: \$380

CNT-306-C	W 5:00PM–9:10PM <i>S. Staley</i>	Oct 07 – Dec 16 <i>CPB 142/142A</i>
-----------	-------------------------------------	--

Intermediate Gas Tungsten Arc Welding - TIG

Work with a variety of materials and improve your ability to burn clean TIG welds. Participants will prepare material and perform welding on flat, horizontal, and vertical welds using carbon steel, stainless steel, and aluminum. Prerequisite: Intro to Welding

Total: \$500 — Senior Total: \$380

CNT-308-C	W 5:00PM–9:10PM <i>S. Staley</i>	Oct 07 – Dec 16 <i>CPB 142/142A</i>

Nursing

BLS

BLS Certification

The American Heart Association Basic Life Support (BLS) for Healthcare Providers (HCP) (C) is a classroom course that is designed to teach a variety of healthcare professionals how to recognize a number of life-threatening emergencies, how to provide CPR, how to use an AED and how to relieve choking in a safe, timely, and effective manner. This course is for healthcare professionals who must know how to perform CPR, as well as other lifesaving skills, in a range of in-hospital and out-of-hospital settings. Textbook cost is included in the BLS full course fee. Student is responsible for textbook for BLS renewal course. AHA requires each student to have a textbook available before, during and after the course. Students must pass a written exam and skills test in order to receive an AHA/BLS for Healthcare Provider (C) course completion card. American Heart Association guidelines require that classes run within a specified time period. Please be aware that failure to arrive for class on time may result in having to reschedule for a later date.

CNA Medicine Aide Recertification

This course provides current medicine aides with updated information on drug therapies and safe medication administration and meets the Maryland Board of Nursing continuing education requirements for recertification. Students are required to attend the full eight hour course (six hours of lecture and two hours of testing) and score a minimum of 80 percent on the written final exam. Submission of the CMA Clinical Update Verification form by the student’s employer prior to enrollment verifying the following information is required: 1. Practiced as a CNA for 16 hours in the two years immediately preceding admission to the CMA Clinical Update. 2. Practiced as a GNA for eight hours in a licensed nursing home in the two years immediately preceding admission to the Clinical Update class. 3. Practiced as a CMA for 100 hours in the two years immediately preceding admission to the CMA Clinical Update. A copy of

the CMA Clinical Update Verification form can be found on <http://www.hagerstowncc.edu/forms/continuing-education-and-business-services/cma-clinical-update-verification>. Certificates will not be awarded without successfully completing the course. Please bring a stethoscope and a drug book to class.

Mind Body Spirit

Beginning T'ai Chi (easy T'ai Chi Primer Form)

This beginning course in T'ai Chi Ch'uan is designed especially for the novice and for seniors who wish to learn and practice a simplified version of this profound art form. In this class, the art of T'ai Chi is taught as a holistic exercise that promotes health, improves balance, and enhances mind-body awareness. Step-by-step instruction is provided in an easy-to-learn primer form of less than 20 movements selected from the Yang and Wu styles of T'ai Chi. The movements of T'ai Chi are circular, soft, and flowing, and are performed slowly with concentration and control. In beginning T'ai Chi, the participant can return again and again to the same class or use the lessons as a foundation if they wish to pursue continued studies of T'ai Chi at an intermediate or advanced level. Wear comfortable clothing and flat-soled shoes. Exclusions apply for pregnant women and those with moderate to severe osteoarthritis in the knees.

Intermediate T'ai Chi (Authentic Northern Wu Style)

This intermediate-level course features the authentic Northern Wu style T'ai Chi Ch'uan that was passed down via the late Grandmaster Wang Peisheng of Beijing, China. This class is suited for those continuing on from beginning T'ai Chi and for those who are ready from the start to experience a more challenging method of T'ai Chi Ch'uan practice. Step-by-step detailed instruction will be given in the movements and principles of the 37-posture Wu style T'ai Chi form. No previous experience with T'ai Chi is required if you are in good health and feel you are ready to begin your T'ai Chi experience at an intermediate level. Those who have taken one or more semesters of the beginner's T'ai Chi course, and those who have practiced other T'ai Chi styles, are welcome. Wear comfortable clothing and flat-soled shoes. Exclusions apply for pregnant women and those with moderate to severe osteoarthritis in the knees.

Dance & Recreation

Instructor Bio - Jody Schein

I started my dancing career at a large franchise in 1997. I then moved on to study ballroom dance at Brigham Young University and taught as an independent instructor for several years. Since 2010, I've become professionally certified through Dance Vision International Dance Association and I'm currently adding to my list of professional dance certifications. I continue to teach using the excellent DVIDA system and specialize in social dancing, event preparation and American Rhythm dances. I love working with beginners of all ages and look forward to introducing you to the magic of ballroom dancing!

Ballroom Dance - Rumba and Waltz

Explore the similarities and differences between the flirty rumba and the graceful waltz. You'll learn basic technique, musicality, and the characteristics that makes these two dances among the most popular on the ballroom dance floor.

Total: \$99 — Senior Total: \$55

Genealogy, Family Care, Parenting

Instructor Bio - Carol Miller-Schultz

Carol facilitates a monthly local genealogy group. She has been participating in ancestry research for more than two decades. Her interests include utilizing technology and the use of DNA as related to family history research.

Tracing Your Family Roots - Introduction To Genealogy

Making a personal connection with history and discovering relatives are just two of the many rewards available from researching your family tree. Discover the fundamental building blocks of genealogy research and learn where to find source documents and the best strategies to enhance your exploration. In this introductory course, you will learn about the most current genealogy tools, including: RootsMagic 7 and Legacy 9.0 Family Tree. In addition, you will become familiar with online resources such as Ancestry.com, Family Search, Fold3, Find A Grave, and US Genweb. This hands-on class is held in a computer lab at the Valley Mall Center.

History

.....
Instructor Bio—Roger Swartz
Roger Swartz is a nationally acclaimed author and historian. Program sponsors have included: Smithsonian Associates, the Smithsonian; Mount Vernon Estate, and Historic Bartram’s Gardens in Philadelphia.

George Washington’s Crossings, 1776-1777

Follow Washington’s ragged army retreating across New Jersey after a series of devastating defeats in the 1776 New York campaign. Risking everything, Washington crossed the Delaware River in December to attack and defeat the Hessians and/or British in three battles. We’ll discuss the roles of the British commanders, Sir William Howe and Lord Richard Howe, and analyze their motivations in contrast to official instructions from London. Did the Howes have the best chance of ending the Revolution in 1776? Were the Howes incompetent? Were Washington’s three victories in 1776-1777 the true turning point of the “American Revolution” and not Saratoga in 1778? Just what are the myths and realities of Washington crossing the Delaware in December, 1776?

Instructor Bio - Karen Gray
Karen Gray holds a Ph.D. from the University of Edinburgh in theology and religious philosophy, and retired as the developer of Smithsonian Institution educational study tours for adults.

Series: Exploring the Hebrew Bible in Robert Alter’s New Translation

Hebrew expert Robert Alter sought to render the Hebrew scriptures into English as literally and as close to their original form and tone as possible in his magnificent three-volume work published in 2018. This course draws on his extensive commentary on the text and deep understanding of the original language, exploring especially the linguistic challenges that reveal meanings and significance missed by English readers.

Total: \$149 — Senior Total: \$95

HCR-054-C	W 9:30AM–12:00PM K. Gray	Sep 23 – Dec 09 VM 6
-----------	-----------------------------	-------------------------

About the Languages: Hebrew, Greek, and English

This introductory session considers the major differences between the Jewish Tanakh and the Christian Old Testament, explaining the Greek sources for the Christian version and considering the most important characteristics of the Hebrew as emphasized by Alter in his work, "The Art of Bible Translation."

Total: \$49

HCR-055-C	W 9:30AM-12:00PM K. Gray	Sep 23 VM 6
-----------	-----------------------------	----------------

The Five Books of Moses

Drawing on Alter's extensive commentary, in the first of the three-part Tanakh-the Classic Torah (first five books of the Bible)- Dr. Gray focuses on the most important text from cosmic vision at the beginning to the events that establish and define the people's identity. The threads that provide a structural and thematic unity are highlighted.

Total: \$49

HCR-056-D	W 9:30AM-12:00PM K. Gray	Oct 21 VM 6
-----------	-----------------------------	----------------

The Prophets

This class focuses on the largest section of Hebrew scripture that comprises both historiographic narratives and the great prophetic works. Dr. Gray draws heavily on Alter's treatment of the very old story of Saul and David that Alter regards as one of the greatest pieces of narrative in Western literature as well as his elucidation of the prophetic texts and the powerful poetry that enriches them.

Total: \$49

HCR-057-E	W 9:30AM-12:00PM K. Gray	Nov 18 VM 6
-----------	-----------------------------	----------------

The Writings

The third of the three-part Hebrew Bible includes the popular collections known as Psalms and Proverbs, but also works like Job, Esther, and Chronicles. Language takes on a new importance here as while Psalms and Proverbs are likely from the first temple period, the other materials are late and influenced by the cognate Aramaic. Also here are found works emphasized as emphatically dissenting from the "biblical consensus" and by "boldly independent writers," giving this section its own special character.

Instructor Bio—Deborah Smith-Fiola

Deborah is a professional horticulturalist with a B.S. in Horticulture and an M.S. in Pest Management. She brings over 35 years of experience on practical methods on growing healthy, low maintenance, pest resistant plants while reducing or eliminating traditional pesticide use in gardens and landscapes. You may have read her columns in Hagerstown Magazine. A former University professor and extension agent, she will provide some great and easy to follow tips to help your lawn, garden, and landscape thrive.

Fall Planting for Spring Blooms: Perennials, Annuals, and Bulbs

Now is the time to decide what will work best in your garden! Fall is a great time of year to plant and divide perennials and bulbs for spring flowers. Learn tips from a pro on how to assess, clean up, and enhance your garden with basic tasks such as dead-heading, pruning, site and soil issues, and what's nice to do vs. what's necessary to do. You'll also learn about dividing perennials, overwintering tropical plants, and fall seeding. Get recommendations for native and low-maintenance plants and those that attract pollinators. The reward in spring will be well worth it!

Medical Terminology:

A Word Association Approach

This course teaches medical terminology according to each body system. Multiple graphics, study tips and unusual facts make for a most enjoyable course.

Human Anatomy and Physiology

Gain a greater appreciation and understanding of the marvelous complexity of the human body.

Introduction to Natural Health and Healing

Learn how to promote wellness, balance, and health in all aspects of your daily life.

Handling Medical Emergencies

Every second counts during a medical emergency. Learn how to respond if someone needs help.

Certificate in Gerontology

(44 contact hours) Earn a certificate proving you have the skills required to meet the health care needs of a rapidly aging population.

Spanish for Medical Professionals

Learn medical Spanish quickly and easily, honing your basic conversational skills and mastering key healthcare words and phrases.

Certificate in Complementary and Alternative Medicine

(28 contact hours) Enhance your professional marketability by gaining a broad understanding of alternative health care options.

HIPAA Compliance

Learn how to comply with the duties, rights, and responsibilities of HIPAA, ARRA & HITECH.

Certificate in Spirituality, Health, and Healing

(25 contact hours) Enhance your professional marketability by recognizing the impact spiritual values and beliefs have on health and healing.

Certificate in End of Life Care

(21 contact hours) Earn a certificate proving you understand the needs of individuals living with debilitating, chronic, or terminal illnesses.

Certificate in Growth and Development Through the Lifespan

(15 contact hours) Gain new insights in human development and be better prepared to care for patients of all ages.

Certificate in Legal and Ethical Issues in Nursing

(23 contact hours) Examine key legal and ethical issues to improve your practice and provide better patient care.

Medical Math

Master the math skills you need to succeed in the medical field.

Certificate in Issues in Oxygenation

(15 contact hours) A holistic approach to the care of patients with disorders of oxygenation.

Certificate in Pain Assessment and Management

(24 contact hours) Increase the accuracy of your pain assessment skills and become more effective in your pain management strategies.

Certificate in Perinatal Issues

(14 contact hours) Stay current with emerging trends affecting childbearing women, newborns, and families.

Complete any of these courses entirely from your home or office and at any time of the day or night.

Prices start as low as: **\$119**

Web Design Online Courses

Creating Web Pages

Learn how to design, create, and post your very own site on the Internet's World Wide Web using HTML. Discover low-cost marketing techniques and search engine strategies.

Designing Effective Websites

This course will teach you powerful graphic design techniques that will help you build Web sites that are attractive and highly effective. You'll learn what attracts visitors to a site, and how you can create the most satisfying experience for those visitors. You'll learn to use typography, aesthetics, color, graphics, and page layout to create the most compelling user interface possible, and you'll understand how users read on the Web and the characteristics of effective Web writing.

Introduction to Dreamweaver CS3

Intermediate also available!

Learn Adobe Dreamweaver from a Web design pro. Master the techniques for producing fully functioning sites, learning how to insert and format text, images, hyperlinks, tables, and a variety of media formats. Discover the secrets of effective page layout—secrets that ensure your sites reach and impress your audience.

Introduction to PHP and MySQL

Learn how to create an interactive Web site, allowing visitors to post and retrieve information provided by you or your site's visitors. You'll see how to use the PHP programming language to generate dynamic Web sites that automatically change as your data changes. You'll also learn how to use the popular MySQL database server with PHP to store and retrieve data over the Web.

Introduction to CSS and XHTML Intermediate also available!

Learn how to create state-of-the-art Web sites using modern CSS and XHTML techniques. Take your existing HTML skills to the next level and start building sites like the pros.

Introduction to Microsoft FrontPage 2003

Learn the essentials of Microsoft's Web sitebuilding software. Start with an introduction to basic Web design principles, and explore the interface and features of FrontPage. Then, you'll learn how to manipulate words and images to create a site worthy of publishing to the Internet. By the end of the course, you'll be armed with all the knowledge you need to create an attractive, well-designed, and functional Web site.

Non-Credit Course Disclaimer

Courses and class schedule information listed in the Non-Credit Course Schedule, promotional literature and on the College website are subject to change. The College regrets any discrepancies or typographical errors.

Continuing Education and Workforce Development wants every student to be successful; however, we recognize that a course or training program may not always be the best match for a student. Thus, the College reserves the right to decline a student registration into any career-training course or program where the student has unsuccessfully attempted the same course or training program twice or because of poor performance in the program.

Registration is Easy

Registrations will be accepted through the first day of class if space is still available. However, we encourage you to SIGN UP EARLY.

To register in-person:

Visit our HCC registration office in the Administration and Student Affairs Building on the main campus.

11400 Robinwood Drive Hagerstown, MD 21742

Business Hours:

– Monday and Thursday 8:30 a.m. – 6:30 p.m.

– Tuesday, Wednesday and Friday 8:30 a.m. – 4:30 p.m.

Phone: 240-500-2236

Visit our satellite location at:

14301 Valley Mall Road, Suite 455 Hagerstown, MD 21740

Business Hours:

– Monday through Thursday - 8:30 a.m. – 9 p.m.

– Friday - 8:30 a.m. – 4:30 p.m.

– Saturday - Selected Hours

Phone: 240-500-2236

To register by phone:

You may register by phone by calling 240-500-2236. Registrations may be accepted by phone when paying with a credit card.

To register through WebAdvisor:

- www.hagerstowncc.edu/coned/web-advisor
- Register online for your courses. Follow the step-by-step tutorials on the WebAdvisor page.

Classes are constantly being added. Check the website for the most current listings.

Birthdate and Social Security Number

Your social security number and birthdate are requested on our registration form for use as student identification numbers to help us avoid duplicating records and mailings. It is for internal use only and remains confidential. Your birthdate is required by the Maryland Higher Education Commission.

Tuition and Fees

Any Maryland resident 60 years of age or older and who enrolls in a Maryland funded course is exempt from payment of tuition but must pay the \$35 fee (or higher fee if indicated in the course description) and any other applicable fees. Tuition does not include any fees or cost associated with a self-supporting program.

All students who enroll in continuing education classes which are not eligible for state funding shall pay full tuition and fees.

All students registering for an open enrollment course shall pay an \$8 registration fee. Checks should be made payable to Hagerstown Community College. There will be a returned check fee of \$35 for checks returned for insufficient funds.

For information concerning tuition assistance for individuals with disabilities, please call 240-500-2273.

Admissions

Anyone 16 years of age or older is eligible for admission (unless specified otherwise).

Course Cancellations

Each non-credit class requires a minimum number of enrollees to run. The decision to hold or cancel a class is made, in most cases, three business days prior to the start of the class. The college, however, reserves the right to cancel a class at any time due to unexpected circumstances.

Refund Policy

Drops, Refunds and Cancellations

Course cancellations: 100% refund will be issued for any course the College cancels.

Before the course begins: Course withdrawals and requests for full refunds may be made up to 24 hours before the course begins by calling Continuing Education at 240-500-2236. Some exceptions may apply and will be noted in the course description.

After the course begins: Refunds are not awarded after a course has started.

The above policy does not apply to College for Kids and Cultural Day Trips. Call 240-500-2236 for College for Kids and trip refund information.

The College reserves the right to cancel courses or make changes due to insufficient enrollment or unforeseen circumstances. In these events, students will be notified via phone and/or email.

Employer's Tuition Assistance

If your employer is paying for your course, we must receive a purchase order or a letter on company letterhead along with your registration form. The purchase order or letter must state what the employer is paying (i.e. tuition, material fee), your name, and the course(s) in which you are enrolling. Registrations will not be processed without this paperwork.

ed2go Online Course Registration Information

Online courses offered by HCC can be attended based on your personal schedule, day or night. New classes start on the second Wednesday of each month with two lessons posted each week.

Print the online registration form and forward it along with your payment to the Hagerstown Community College, Continuing Education Registration.

If you have additional questions, you can also e-mail our student liaison at online@hagerstowncc.edu.

College Holidays

- September 7, 2020 – Labor Day
- November 25, 2020 to November 27, 2020 – Thanksgiving
- December 23, 2020 to January 4, 2021 – Winter Break

Parking

Display the confirmation letter on your car's dashboard to serve as your parking permit when attending classes on the HCC campus. Parking for seminars is in Lot F. Parking for other courses is available in the student lots.

Use of Cell Phones During Class

Cell phones should be turned off or set to silent when class is in session. Calls must not interrupt the class. If students have to make or take calls on an emergency basis, please step out of the classroom to do so in order to minimize the disruption.

Emergency Closing

In case of severe weather or other emergency conditions, you should check HCC's website (www.hagerstowncc.edu) or Facebook page (www.facebook.com/hagerstowncc).

We will not necessarily close when the public schools do. When the public schools are closed due to weather or emergencies, all classes at public school locations are cancelled. When the college closes, all classes at off-campus sites are canceled.

Classes canceled due to inclement weather or emergencies will be made up.

Non-Credit/Credit Shared Courses

Selected courses may be taken for either academic credit or a non-credit basis. Should the student desire to transfer from non-credit to credit, the student must transfer by the second week of class. In order to transfer from non-credit to credit, the student must first drop the course through Continuing Education and then register in the Registrar's office. Students who have completed the non-credit course will receive a Certificate of Completion but will not be awarded college credits and may not earn college credit for the credit course by exam.

Certificate/CEU Information

Students do not receive grades for Continuing Education courses. Some non-credit courses offer Continuing Education Units (CEUs). You must inform the instructor if you need CEUs.

Code of Student Conduct

Hagerstown Community College has established rules of behavior that must be followed so that the teaching/learning process is not disrupted. A copy of the student handbook is available in the Student Activities Office.

Smoking Policy

Hagerstown Community College is committed to providing a safe and healthy working and learning environment for students, faculty, staff, and visitors. Effective January 1, 2015, HCC will be a tobacco-free campus. The Tobacco-Free Policy applies to all Hagerstown Community College facilities and vehicles, owned or leased, regardless of location. Smoking and the use of tobacco and e-cigarette products will not be permitted on any HCC property, including all buildings and facilities, walkways, recreational and athletic areas, building entrances, and parking lots. This policy applies to all students, faculty, staff, and other persons on campus, regardless of the purpose of their visit. To learn more, visit www.hagerstowncc.edu/tobaccofree

Equal Opportunity College

Hagerstown Community College does not discriminate against any individual for reasons of race, sex, color, religion, national or ethnic origin, age, sexual orientation, or conditions of disability in the admission and treatment of students, education programs and activities, scholarship and load programs, hiring of faculty and staff, or any terms and conditions of employment. The college is committed to affirmative action.

Individuals requiring special accommodations are requested to contact the Office of Student Services at 240-500-2240 to make arrangements no later than 10 days prior to the meeting or course

Dreaming of a better life?

**Need to acquire your high school diploma? Improve your English language skills?
Or enhance your math, writing, and reading skills?
HCC would like to partner with you and make it happen.**

HCC's Adult Education Program offers free assessment, advising, classes, tutoring support, and a computer lab that is professionally staffed for those wanting to acquire their high school diploma or improve their educational skills.

Meet the required placement scores, and you can enroll in the National External Diploma Program (NEDP) for \$90.

Classes are offered both day and evening at a variety of locations in the Hagerstown area.

**It all starts with a phone call and an appointment.
Call 240-500-2313 between 8:30 a.m. – 4:30 p.m.
and speak to someone who looks forward
to partnering with you.**

Change your life today, one step at a time. Let's make that dream a reality.
