The Times They Are A'Changin': Bob Dylan and the '60s Folk Revival

In his memoir, "Chronicles," Bob Dylan explores the folk music boom in the late 1950s in places like Minneapolis' West Bank and New York's Greenwich Village. Suddenly, music was about social change and protest. This class will take you back in time with photos and stories—with the music of Dylan, Seeger and Ochs. Discover if music really has the power to change the world.

The Many Faces of Mark Twain

Ernest Hemmingway said that all American literature springs from one book—*Huckleberry Finn*. Much is known about the writings of Samuel Clemens, but not as much about his turbulent, peripatetic life. Don Shelby, who has been performing a one-man show of Twain for the past twenty years, will share Clemens's history, travels, foibles, loves and inspirations.

Adult Basic Education

Did you know that 5 out of 4 adults have problems with fractions?

Adult Basic Education is more than a GED! Of the 300 adults enrolled at the Elk River Learning Lab in 2012-13, approximately 1/3 came to get a GED, 1/3 enrolled to get a high school diploma, and 1/3 enrolled to work on goals of preparing for college, improving English communication, or re-entering the workforce. A small percentage of these students came in just to improve their skills in solving fraction problems!

Adult Diploma Program

Earn credits to complete your high school diploma! To be eligible, you must be age 18+ and your class has graduated. Upon completion of all graduation requirements, you will receive your high school diploma.

I-Pathways

Want to study for the GED test online? I-Pathways is an online program for GED instruction and preparation. Only a select number of eligible students will have an opportunity to take part in this program. Interested students must schedule an intake appointment with an instructor to see if they meet the eligibility requirements.

College Prep/Career Exploration

AccuPlacer, SAT, ACT got you all tangled up in knots? Unsure of your skills, interests or potential career path? Come to ABE to get untangled and prepare for your next step in education.

Join our Team of ABE & ESL Volunteers

Here's your opportunity to make a contribution to your community in a personal way. Classroom and one-to-one volunteers are needed for a variety of positions: classroom assistant, clerical assistant and technology assistant. Work with individuals or small groups tutoring basic skills or English as a Second Language. If you would like to learn more about becoming a volunteer, **contact the Volunteer Coordinator at 763-783-4920.**

FREE Childcare Available

Free on-site childcare is available for most Adult Basic Education and English as a Second Language classes. You must register at least 24 hours in advance. To register your child, call 763-241-3400 x5528.

ADULT ENGLISH AS A SECOND LANGUAGE

GED 2014

- The GED® test has been updated to make sure it measures what graduating high school seniors know and what colleges and employers will expect of you.
- The test are offered on computer (paper available for accommodations only). The tests are offered in English and Spanish. The four parts of the test include:
 - ~Science (90 minutes)
 - ~Social Studies (90 minutes)
 - ~Reasoning through Language Arts (150 minutes including a 10-minute break)
 - ~Mathematical Reasoning (90 minutes)
- The fee per subject area is \$30 per test and you can pay as you go; this means you pay for each subject individually when you are ready to test.
- On the 2014 GED® test you need to earn at least 150 points on each subject to pass. To find out if you're like to pass, take the GED Ready™, the official practice test which is the only test that can tell you if your likely to pass. Office practice tests cost \$6 each, **but enroll in our GED prep program, attend 12 hours or more and become eligible for at least 2 free practice tests!**
- By attending our GED preparation program, you increase your potential to pass the exam. Prepare online, get 1:1 help during independent study time, or attend a small group.

AQUATICS

American Red Cross Swimming Lesson Curriculum

The American Red Cross Swimming and Water Safety program teaches people how to be safe in, on or around water and teaches individuals of different ages and abilities how to swim. In a logical progression, the program covers the knowledge and skills needed for aquatic skill development. As participants develop these skills, they will become safer and better swimmers.

Please see our website for additional information about each level to determine which level your child should be enrolled in. Signing up for a level above or below ability will only cause frustration for the student and class. Students that are in the incorrect level will not be allowed to participate unless space is available in an appropriate class.

Parent/Child 1 | age 6 months-3 years

Familiarizes young children with the water and prepares them to learn to swim. It is not designed to teach children to become good swimmers, or to survive in the water on their own.

Parent/Child 2 | age 6 months-3 years

Familiarizes young children with the water and prepares them to learn to swim. It is not designed to teach children to become good swimmers, or to survive in the water on their own.

Preschool A | age 4-5

Orients preschool-age children to the aquatic environment and helps them acquire rudimentary levels of basic aquatic skills.

Preschool B | age 4-5

Builds on the basic aquatic skills learned in Preschool Level A.

Preschool C | age 4-5

Increases proficiency and builds on the basic aquatic skills learned in Levels A and B by providing additional guided practice with increased distances and times.

Level 1 | age 6+

Begins developing positive attitudes, good swimming habits and safe practices in and around the water.

Level 2 | age 6+

Designed to give participants success with fundamental skills, including learning how to float without support and to recover to a vertical position. Prerequisites - certificate of successful completion of Level 1.

Level 3 | age 6+

Builds on the skills in Level 2 by providing additional guided practice in deeper water. Prerequisites - certificate of successful completion of Level 2.

Level 4 | age 6+

Develops participants' confidence in the strokes learned in Level 3 and improves other aquatic skills. Prerequisites - certificate of successful completion of Level 3.

Level 5 | age 6+

Designed to further learn how to coordinate and refine strokes. Prerequisites - certificate of successful completion of Level 4.

Level 6 | age 6+

Refines strokes so participants swim with more ease, efficiency, power and smoothness over greater distances and teaches students how to prevent aquatic emergencies in various aquatic environments. An Introduction and practice of self-rescue techniques. Prerequisites - certificate of successful completion of Level 5.

ECFE

EARLY CHILDHOOD FAMILY EDUCATION

{ Come for your **CHILD...** }
{ STAY FOR YOURSELF! }

It's for you and your young children - birth to before kindergarten.

ECFE offers high quality learning activities for you and your children, helps children grow and develop, enriches family life, and provides information and support for your important role as a parent!

What happens when we come to ECFE parent/ child activities?

Staff will greet you and the room will be set up with activities. All ECFE instructing staff have, at minimum, a four year degree plus teaching licensure in Parent Education, Early Childhood Education or Early Childhood Family Education. Usually there are three parts to the sessions: Time together for parents and children, parent discussion time, and children's activity and exploration time.

What are the rooms like?

The ECFE rooms are set up for young children with child-sized furniture, toys and materials that are appealing to kids! We have one room set up just for infants through 2 years, others for a variety of ages up to 5 years.

What are the activities?

Activities will be set up in the room. You and your child can choose what you want to try. Some activities like painting become weekly favorites. We encourage you to "take your child's lead" and enjoy the special time together. At times we will do group activities with all parents and children. Usually there's a time when the ECFE staff have all the parents and children together in order to get acquainted. There will be a variety of activities depending on the ages of the children. For older children there will be stories, songs and fingerplays. In some classes parents will "step back" and watch the children's learning in action.

*Spring will come to the Nature Explore Center!
We promise!*

What happens during parent discussion time?

While your child participates in the children's time in the ECFE classroom with the Early Childhood Educator, you'll meet with parents and the ECFE Parent Educator. Parent discussion will be in the children's room for parents with young children; it will be in another room for parents with older children. It's a comfortable situation where you'll be able to talk about the joys and concerns of being a parent. You'll be able to take time to look at and consider many ideas. Often parents say this is one of their most important times during the week. Research tells us that getting information and support for our role as parents is one of the most important things we can do for ourselves and our children!

What happens during the children's time and how will parents be involved?

The children participate in activities in the classroom while moms, dads or caregivers participate in the discussion. The Early Childhood Educator prepares the room and activities gauged for the children's ages. Both teacher-led and child initiated activities are planned. In some classes parents take turns working with the teacher in the classroom. This provides an opportunity for parents to observe children's time and how their child responds. It also provides an opportunity to learn more about children's development and behavior. It's a chance to get involved and have fun!

Good News for 2014-15!

The North Wing at Handke is getting a makeover. Starting in May 2014 we will be moving out of the north wing so the rooms can be remodeled and updated. Gone will be our trademark avocado and bright blue carpets as well as the single paned windows and many other aspects that need updating. We can't wait to start next fall's classes with beautiful, new, improved and more functional classrooms, as well as better building security with one main entry point for the building.

A very big THANK YOU to our Parent Advisory Council for a very successful Valentine Carnival!

Saturday Fun in April

Open the door, let's explore the outdoors! Dress for the weather and get going on Saturdays by spending time at the Nature Explore Center. Join the fun based on the day's weather - be a nature detective, be a nest builder, make a bird feeder, play outdoor games, paint, plant and have a ball! We'll end with a story and a snack. We'll move indoors if the weather doesn't cooperate. Each week we will feature something new too. Sign up for one or all three.

Celebrate on May 2nd!

Celebrate the installation of the Nature Explore Center's eagle's nest as part of Family Fun Night on May 2nd. Join us as we celebrate the installation and thank the Friends of Sherburne Wildlife Refuge and the Three Rivers Community Foundation for this fabulous addition to the NEC. You'll be able to help build the nest that evening by adding even more sticks to the nest.

Smells like Spring is in the air!

**We'll see you at the
Zimmerman Business Expo March 15,
and the
Elk River Business Expo on March 30!**

*Can you hear the sounds of Spring?
Coming soon to the NEC!*

Be a Nest Builder!

We'll be working hard this spring to get as many sticks as possible added to the Nature Explore Center's eagle's nest. It's a simple process of weaving the branches in and out and securing them with twist ties. You can be a nest builder at any of our Nature Explore Center Saturday events in April. Also, like us on Facebook and watch for times you can volunteer to help with the nest building.

We want to go from this

ECFE DISCOVERY LEARNING PRESCHOOL 14/15

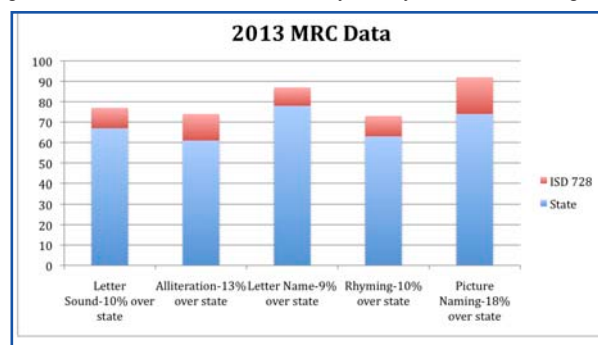

Discovery Learning Preschool...an ISD 728 Early Childhood Program

Watch for schedule and registration information to be mailed to all families with a three or four-year old on the Elk River, ISD 728, school census list. If you want to make sure you get a copy, please let us know at ecfe@elkriver.k12.mn.us or call 763 241-3524. We plan to begin registration for Fall 2014-15 class in mid to late March.

Choosing the right preschool program is essential for giving your child the tools needed to be successful in school and in life. Discovery Learning Preschool, offered through District 728 Early Childhood Family Education, is a highly recognized and sought-after program to attend. Professionally trained, caring teachers customize preschool experiences for your child in a safe environment. Conveniently offered in Elk River, Rogers and Zimmerman with a variety of daytime and evening programming, Discovery Learning Preschool is sure to fit your child's needs.

Unparalleled Results

With unmatched programming in the state of Minnesota, ISD 728 Discovery Learning Preschool is seeing unprecedented results with their customized classroom experiences. During the spring of 2013, four year olds were tested and compared to their peers across the state of Minnesota in the following categories: The results speak for themselves; our program is successful and prepares your child for a successful K-12 experience and provides the tools needed to become a fluent reader by grade three.

Comprehensive Curriculums Embedded in Each Class

Discovery Learning Preschool has revolutionized their curriculum and embedded core fundamentals in each of their classrooms. **Overall** opportunities for learning are provided through individual and group times. Literacy, mathematics, science, social studies, the arts, technology and process skills are part of the program curriculum.

Creative Curriculum

Focusing on the 50 key components of how children learn, Creative Curriculum uses the learning environment and the different areas of development including social-emotional, cognitive, math, literacy and language.

Building Blocks Math Curriculum

A research-based curriculum that includes a computer used in the classroom and at home.

EZ Write Handwriting Curriculum

This handwriting curriculum matches the ISD 728 K-5 program to ensuring continuity upon Kindergarten entry.

High Five Social Emotional Curriculum

High Five centers on supporting children and families by building social-emotional skills for life for all children. High Five provides support and development of new skills when there are behavior concerns.

Minnesota Reading Corps Curriculum

Minnesota Reading Corps staff work within the classroom where specific reading skills are assessed and taught throughout the year. One-on-one and small group activities are built into the student's day.

Child Development Curriculum

Observation and note taking are used to look at the whole child in four areas of development: cognitive, social-emotional, physical and language. Growth and development are assessed throughout the year.

LANA Nutrition Curriculum

This curriculum concentrates on serving healthy snacks, introducing nutritional choices and recognizing children with allergies and diet alterations by adjusting snacks to meet their needs.

ECFE DISCOVERY LEARNING PRESCHOOL 14/15

Highly Trained Staff

Of utmost importance to parents is the relationship their child has with their teacher. With Discovery Learning Preschool, not only do you receive highly trained staff members, you also receive warm, caring adults committed to your child's success. Staff is trained in child development, CPR, first aid, cultural diversity and continuous professional development throughout the school year. In addition, they are experienced, dedicated and truly love their work.

Engaging Environments

When looking for the right location for your child's preschool, be sure to consider the convenience of Discovery Learning Preschool. Class locations cover all ends of the school district and are conveniently located at Zimmerman, Rogers and The Handke Center in Elk River. There are several important components to our program:

- 60 minutes of choice time in an environment planned for learning
- Outdoor or gym time • Small group time • Circle time • Snack time
- Learning centers include blocks, dramatic play, toys and games, art, library, discovery, sand and water, music and movement, cooking, computers and outdoors.
- Many opportunities for large motor activities exist with access to a gym, riding bikes and playgrounds.
- The Nature Classroom (Elk River location) is a learning environment outside the traditional classroom walls that enhance the overall preschool experience.

Safety is Top Priority

Your child's safety is of utmost importance to us. At all three locations, regular safety drills are conducted, classroom doors are locked, teachers use walkie-talkies on the playground and there is access to the district health services department.

Customization to Meet Your Child's Needs

As we know, each child is special and unique in their own way and Discovery Learning can enhance each child's experience to meet their needs.

- Gifted and Talented - Discovery Learning enhances and enriches the curriculum in order to engage and challenge children who are ready for more.
- Many classrooms provide inclusion opportunities for children with special needs and are co-taught with staff from Early Childhood Special Education.
- Different learning styles are used through out the day: large group, small group, individual lessons, hands-on learning, as well as different materials.
- Response to Intervention (RTI) is used in a combination of high quality, culturally and linguistically responsive instruction; assessment; and evidence-based intervention.

Parent Education and Involvement

Core to our program is parent education. A professional and highly trained Parent Educator is assigned to each classroom. The Parent Ed component focuses on not just the child's experience in preschool, but the family as a whole. Parent days are offered where parents and /or grandparents can interact and experience school with their children. Parent involvement is also key. There are many ways parents can be involved such as volunteering to prepare materials, working at the Book Fair or joining our Parent Advisory Council.

Technology

Technology continues to evolve and is a key component in the Discovery Learning Program. Each teacher has their own classroom website where families can access information, tips, blogs, newsletters and more at the click of a button. In addition, the math curriculum utilized within the program uses computers in the classroom and at home.

Discovery Learning Preschool... the right choice for you and your child.

ECFE SPRING YOUTH SALE AND SMALL BUSINESS EXPO!

**Saturday, April 5, 9:00am-1:00pm
Elk River High School**

Are you sick of storing all of those clothes and toys that your child doesn't use anymore? Then this is the sale for you! Sell your unwanted, gently used, children's toys, clothes (newborn - size 14 youth), books, movies, furniture and gear at a garage sale just for kids stuff.

Here's how it works:

Purchase vendor tags at the ECFE office, on sale through March 28. Your first 100 tags are \$35, each additional pack of 50 tags is \$10. Tag your items and bring them to the sale the night before, then pick up any unsold items immediately following the sale on Saturday. You do not need to be present at the sale. Keep all your profits with none of the work and hassle of having a sale at home! Vendor spaces are limited, so purchase soon!

Do you have a small business you would like to promote?

Set up a table at our event to allow hundreds of people to see your products. Reserve your spot for \$25 at the ECFE office.

The Youth Sale is sponsored by the ECFE Parent Advisory Council and is a fundraiser for the ISD 728 ECFE & School Readiness program.

The Secret to School Success: What Everyone Can Do to Help Children Succeed in School and Life

The Elk River Area Early Childhood Coalition, ISD 728 and the Elk River Area Chamber of Commerce are proud to present another "Getting Ready to Read & Write" event. This event is specifically for parents/educators and caregivers of young children.

Katy Smith will be speaking on what parents/caregivers can do to ensure young children enter kindergarten ready to learn and be successful. She will address learning through daily routines, research on parent involvement, and parental guilt as well as other school readiness topics. For over 25 years, Katy has been working with families, educators, and businesses helping to build stronger, more vital communities. Katy received her B.S.W. and teaching license in Parent Education from Winona State University. She earned her M.E. in Professional Development from the University of Wisconsin, Lacrosse and is a certified Real Colors System trainer. You do not need to pre-register for the event.

Child care available for \$5 per child; however, you must pre-register for child care. To register for child care please call 763 241-3400 Ext. 5528.

Meet the Minnesota Reading Corps Members!

Rebecca Dey

I decided to join MRC and continued to be a four year member for many reasons. First of all, every year the literacy materials and training have gotten better and better. I also love all the ideas that Minnesota Reading Corps shares to use with families and to use daily in my classroom. Because of MRC, my classroom is filled with educational transitions that make every minute count. The education award that MRC offers is also great way to help with my student loans and MRC is a great addition to my resume. I would recommend it to anyone looking to add to their teaching experience, or just to try something new!

Anne Teschendorf

I decided to become an MRC tutor, not only for myself, but also for the needs of the children. Throughout this year I have gained a positive outlook on the little things in life. The children have shown me to always stay strong, even though you may be struggling. Also, I have learned to give everything your one hundred and ten percent.

This opportunity as a literacy tutor with Minnesota Reading Corps has given me much joy. I get so excited seeing the children improve day to day. I love seeing their faces when it finally "clicks." I know the struggle of having a reading disability throughout my high school years. If only someone had taken the time to help me learn the skills to read, then it probably wouldn't have been such a struggle for me. But then, I probably wouldn't be doing MRC today! I encourage everyone to look into MRC. Not only do you gain something from being a tutor, the children gain a grasp of what it's like to be on the road to success!

Alyssa Castonguay

I chose to serve with the Minnesota Reading Corps to help lower the amount of children who are unable to read by 3rd grade. Working with children and helping them learn has been a life long passion of mine. I love being able to work with children and their families to help them prepare their child for kindergarten.

ECFE EARLY CHILDHOOD SCREENING

Calling all 3-Year-Olds! It's time for Screening!

Early Childhood Screening provides an opportunity for children and their parents to participate in a health and developmental screening after their third birthday. State law requires screening for all children entering public school kindergarten, ideally at 3 years old. Identifying potential health, developmental problems or concerns early allows time for intervention and remediation during the critical formative years. Families participating in Early Childhood Screening may be referred to community health and educational services including School Readiness and ECFE.

Early Childhood Screening includes:

- Immunization records
- Hearing and vision
- Speech and developmental screening
- Height and weight
- Summary interview with parents

What Happens During Screening?

The parent attends the entire screening process with their child along with a team of specialists. Your child will have a developmental progress review by a speech/language clinician. A review of your child's vision, hearing, height, weight and immunization history will be conducted by one of our health professionals. The parent/s will then participate in a family factors interview to review the screening process and talk about any concerns they may have.

Who Needs to be Screened?

All children living in District 728 who are 3, 4, or 5 years old and not currently enrolled in kindergarten NEED to participate in this FREE screening program before entering kindergarten, or have an equivalent screening from a doctor. Age three is the recommended age for screening. Children who attend Head Start or Early Childhood Special Education Services programs may not have to participate in Early Childhood Screening.

Is the Program Required?

Yes. Minnesota state law requires that your child must be screened for enrollment in a public school. Children are not permitted to enter public school without having Early Childhood Screening and up-to-date immunizations.

If you are planning to send your child to private or home school the screening is not required by law, however, we still encourage you to participate. This is a wonderful opportunity for you to find out how your child is developing.

ECFE REGISTRATION

Registration for Early Childhood Family Education classes

Register for classes at the ECFE Office in Room 10 at Handke Center 1170 Main St., Elk River; use door 6 (off 4th Street), by phone at 763.241.3524, by mail, or online at www.728communityed.com. See page 66 for a registration form. We continue to take registrations until classes fill and take names for a wait list after they fill.

Fees—ECFE Classes

Fees are based on the number of times the class meets. The first payment is due when you register. The second payment is due when class begins. Full payment is due when you register online. We accept Discovery, VISA and MasterCard. A sliding fee scale is available, see page 35. No one will be turned away because of inability to pay. Please call our office to ask questions, make other arrangements, or to have fees waived or reduced.

Cancellations

If you need to cancel from a class, we will refund the fee minus the number of classes that have been held prior to your request. There are no refunds for missed classes due to illness, or due to inclement weather. Credits will be issued, if requested, for classes cancelled due to inclement weather.

Immunizations Required

Minnesota laws require that all children be immunized before entering school. Up to date immunizations must be submitted to ECFE before your child attends classes. Please enclose a copy of your child's record with your registration, pick up a form in the ECFE/SR office or on the ECFE website.

Parent Participation

Parents (moms, dads or both) must accompany and participate in the classroom with the child and discussion with other moms and dads for all ECFE Parent/Child classes. Grandparents or other caregivers may participate in classes, however parents must give permission on the ECFE registration form. Permission slips are not required for Drop-In Play or one time events. Information on volunteer opportunities will be available at classes. Parents will be asked for donations of consumable and snack items to be used for classes.

Special Needs

We welcome persons of all abilities to participate in our classes and activities. If any special accommodations are needed, please let us know at the time you register. We are not able to provide transportation to classes.

The Nature Explore Center in full bloom!

Child Care during ECFE

Child care for siblings is provided during ECFE classes. We cannot accommodate other children in your care. Registration for child care should be completed at the same time as class registration. To request childcare on a one-time basis, you must call to check availability at least 1 day prior to the class. Children must be at least 6 weeks old to be eligible for childcare; prior to 6 weeks infants may accompany parents to class discussions. Children 6 weeks to 3 months may accompany parents to discussions, or they may attend childcare. At 3 months of age, children must attend childcare.

Fees for childcare:

Infants \$4.00 per hour
Toddlers \$3.25 per hour
Preschoolers \$3.00 per hour
Additional Children \$2.50/hr

Child Care on a one-time basis —\$5.00 per hour

Child care fee may be divided into payments. The sliding fee scale and fee reductions, waivers and payment plans will apply for child care also. Call 763.241.3400, Ext. 5528 for more information.

Featured Site Leader

EdVenture Club site leaders are an important part in the success of our Extended Day Programs. They have specific leadership qualities and a clear vision of the goals and mission of our programs and are committed and dedicated to your children. They love working with children and are available to answer your questions. All site leaders have training specific to the childcare environment with skills and knowledge of children's health, development and psychology. The average length of employment of our site leaders in our programs is ten years, with several of them having worked for the program since it began in 1997.

Introducing.....Jenny Hamers, Zimmerman Elementary Site Leader

How long have you worked for Community Education? Almost 10 years.

How long have you been a site leader? Nine years

Describe your background and experience: I have worked for Community Education for 10 years. Previously, I have worked at other daycares and was a PCA for three years.

What is your favorite part of your job? Watching the kids grow.

How do you educate, inspire or empower your students? My job is to keep the kids safe. I educate the children in learning appropriate social skills. I empower them to make good choices and build friendships.

**“ I empower them
[the children] to make
good choices and build
friendships. ”**

EdVenture Club Summer

EdVenture Club-Summer is an exciting and engaging summer camp program for students who have completed Kindergarten through fifth grade by June 2014. EdVenture Club-Summer (formerly Club Summer), in its 22nd year, provides weekly mini-camps five days a week throughout the summer months and is conveniently located at Hassan, Otsego (new this year!), Parker, Rogers, Twin Lakes and Zimmerman Elementary Schools. EdVenture Club-Summer features both full-time and part-time options.

To request an EdVenture Club-Summer brochure, call the Community Education office at 763-241-3520.

GRASP | grades K-8

Maintain your child's reading and/or math skills during the summer. Lessons are mailed beginning in early June 2014 and take approximately one hour per week to complete. Submit lessons weekly and qualify for end-of-the-summer prizes. Lessons are individualized by grade level; please order your student's 2013-14 grade. If you are ordering a different grade, please include information in 'notes' section of registration form. We cannot exchange or return incorrect materials. Final deadline for registration is May 9. Fee is per subject, per student.

Math | Jun-Aug | \$39 | #2500-2S

Reading | Jun-Aug | \$39 | #2500-1S

Tutoring: Spring | grades K-8

End the year on a positive note! Support and preparation provided by our licensed teachers will boost the skills you need for success. Focused on individualized needs and scheduled at District 728 schools. Contact Community Education at 763-241-3520 or complete the online form to register at www.728communityed.com. Individualized, one-hour instruction in eight weekly sessions is \$295.

We're still planning more summer fun! Watch for these and other new activities in the **summer camp brochure**, or on our website: Summer Dance Classes, Music Lessons, Science and Technology Camps, STEM on a Stick, Aeronautics and Aviation, Intro to Scuba, Dive Camp, Log Rolling, MS Girls Spring Basketball League and more!

Tutoring: Summer | grades K-8

Our one-on-one tutoring sessions will help you discover how learning can be fun as you gain confidence in a variety of subjects. Keep skills sharp over the summer and become prepared to take your academic performance to a whole new level when school begins in the fall. Instruction is provided by licensed teachers and focuses on individual needs. Register by June 4; additional times available by request.

***Step To It Challenge | all ages**

Hennepin County and the Minnesota Twins are again hosting its annual Step To It Challenge where participating cities partake in a simple "get up and move" program. This walking/exercise challenge between 20 cities spans four weeks. All activity is done at your own pace, alone or in groups; encourages activity and promotes community friendships. Awards and promotional items are given to all participants. Step points are awarded for many types of physical activities, including housework, mowing the lawn, gardening, and more. It's fun and easy! Program details and registration can be found at www.steptoit.org or www.parkandrec.cityofrogers.org starting in April, or call 763-428-0975. Challenge dates: May 4-31, 2014.

Pickle Ball | age 18+

Try something new! Pickle Ball is a cross between ping pong and tennis. It's a fast-growing sport for adults and seniors. If you don't know how to play, we'll teach you. We're sure you'll love it! This is a drop-in activity, so you can pay as you go. Court availability is first-come, first-served with rotation. Passes available at a discounted rate; ask the staff at site for more information.

Empty Bowls

Mark your Calendars! The 2nd annual Empty Bowls event is schedule for May 1st at The Wellstead of Rogers. Enjoy a simple bowl of soup, local entertainment and keep the pottery piece as a reminder of empty bowls in our community. Guests contribute a donation dependent on the chosen bowl. Empty Bowls raises awareness about hunger issues, educates children and adults about community service and raises much needed funds for CROSS Food Shelf, which serves communities in the Rogers area.

Thursday May 1 | 4:00-7:00pm | Free*
*\$5/person donation suggested for soup dinner

ROGERS RECREATION

LEARN TO SKATE

Gloves, jacket and helmet are required for beginner classes and recommended for everyone.

Learn-to-Skate

Don't miss out on our learn-to-skate programs. We offer a wide variety of levels for all ages, including beginner and novice basic skating and our newly-designed "How to Skate Hockey." Each program is designed and structured through USFSA and USA Hockey basic skills techniques.

Classes are taught by sanctioned instructors over the course of six weeks. Registrations are taken on-line through ISD 728 Community Education website at www.728communityed.com or via phone at 763-241-3520. Registration deadline for all classes is the Wednesday prior to the start of class. No pro-rating of fee for classes missed. Refund Policy: No refunds once session starts except for extenuating circumstances.

Parent/Tot | age 3-5

Parent will wear skates and be on the ice with their child. Class is designed to teach parents how to coach and encourage their child to skate, following the same guidelines as Snowplow Sam classes.

Snowplow Sam Program, Beginners | ages 3-5

This level is for new skaters who have little experience. It is designed to help the pre-school skater develop preliminary coordination and strength necessary to move on ice.

Basic 1 | age 6+

Designed for new skaters with little or no skating experience, this level covers basic balance and movement through marching, swizzles, wiggles, glides, and snowplow stops.

Basic 2 | age 6+

For beginner skaters with some skating experience, Basic 2 focuses on glides, backward skating, two-foot turns from front to back, and moving stops.

Basic 3, Novices | age 6+

Designed for skaters who have basic experience being on skates, Students will learn basic fundamental moves through a series of progression-forward/backward skating, stops, edges, crossovers and more.

Basic 4+ | age 6+

This level is designed for experienced skaters who wish to continue in figure skating techniques. Skill sets include forward/backward glides, stroking, two-foot turns and spins, edges, crossovers and more. Offering for upper class levels are limited; please inquire for options.

Adult/Teen | age 13+

Classes are for anyone over the age of 13 who wants to learn how to skate or improve their current skating ability. Class is a quicker pace covering all of the same techniques as our beginning basic skills including falling and recovery, forward/backward skating, glides, curves, crossovers, edges, pivots, and stopping. We work with you!

How to Skate Hockey

This program is structured using the guidelines of USFSA and USA Hockey learn-to-skate techniques. The Hockey Prep classes focus on teaching the basic skating skills needed to play hockey. Classes are for the beginner to the slightly-advanced skater. Sticks will be introduced by the third week, pending abilities. Helmets, shin guards, hockey gloves and stick are required, other protective gear is recommended. Instructors will group the skaters according to ability during the first class. This program allows for flexibility to deviate from skill-sets to focus on skills needed by ability of skaters. Class is 60 minutes and is broken down into stations or small groups based on the number of skaters and abilities, with some free time.

Hockey Prep Jr. | age 4-6

Designed for beginner skaters who want to play hockey but have little skating ability, yet are able to stand and march on skates. If child cannot balance and march on skates, it is recommended that they go through one of our Sam classes prior to doing Hockey Prep Jr. Skaters younger than 6 can participate in other prep levels providing they have the ability to keep up with the class.

Hockey Prep | age 7+

Beginner-level skaters cover the basic beginning format of skating including stance, quick get-up from falls, forward skating, dips, snowplow stop, scooter/T-pushes and proper way to hold stick. [Advanced beginner - focus on glide turns, proper way to hold stick, backward skating, stopping and some stick-puck handling. [Advanced skaters who are ready for crossovers and other more challenging skills such as quick stop and starts, crossovers, c-cuts, one-foot pushes and glides on circles, mohawks, hockey stop, and stick-puck handling drills. This is a great class for those who have played before, but need to work on their skating skills.
