### Red-Hot Robots

Join Mad Science for a week of discovery and fun in this five-day Red-Hot Robots Camp! Learn the many uses of robots in our world and spend time working with super cool, amazing robots. Experiment with sound-sensing robots, line-tracking robots, amphibious robots and robots that can even play soccer! Discover the nuts and bolts of robots while learning the science of circuits. Then see how robots use sensors that enable them to learn about their environment. It is Robots 101 as you learn Asimov's Laws of Robotics and some applications of robotic technology. Use all this knowledge and skill to build your very own working robot to take home with you at the end of camp! Location: PP Picnic Area 4 • Instructor: Mad Science Staff
