## Special History Series for the 150 year commemoration of the US-Dakota War of 1862.

### Let Them Eat Grass - Volume 1: Smoke

**Instructor: John Koblas**

Koblas details MN Indian history, explores the treaties made between the U.S. government and the Indian nations and explains why these treaties failed. Part one of this three-part story shows how both sides failed to understand cultural differences and how the pressure put upon politicians to open lands enticed them to break treaties. The stage is set for the upcoming conflict, including the skirmishes that preceded the uprising.

Tuesday, Jun 26, 6:30-8:00pm  
1 session, \$9 Adult/\$2 Student  
Handke Center, Rm 212, Door 4 #8127-1S

### Let Them Eat Grass - Volume 2: Fire

**Instructor: John Koblas**

On August 18, 1862, the roads leading to the Lower Agency were full of armed Sioux warriors. Explore the factors that contributed to the uprising that would terrorize Minnesota. In Part two, Koblas discusses the uprising including attacks on small settlements and Fort Ridgely, New Ulm and the battles of Birch Coulee and Wood Lake, culminating in the surrender of the Dakota.

Tuesday, Jul 24, 6:30-8:00pm  
1 session, \$9 Adult/\$2 Student  
Handke Center, Rm 212, Door 4 #8127-2S

### Let Them Eat Grass - Volume 3: Ashes

**Instructor: John Koblas**

In part three, Koblas takes us through the final stages of the 1862 Sioux Uprising and the surrender of Little Crow's people. Koblas talks about the trials of the Dakota leaders, the mass hanging in Mankato, the death of Little Crow, the pursuit of the warriors and the war on a bigger scale: Fetterman, Custer, Wounded Knee and Sugar Point.

Thursday, Aug 16, 6:30-8:00pm  
1 session, \$9 Adult/\$2 Student  
Handke Center, Rm 212, Door 4 #8127-3S

*Mr. Koblas is one of the most prolific and detail-oriented authors of our day, having over fifty non-fiction books to his credit.*

### Letter Boxing: Treasure Hunting Fun

**Instructor: Zoma and Steve Olson**

Letter Boxing is an intriguing pastime combining artistic ability with "treasure-hunts" in parks, forests, and cities around the world. Participants seek out hidden letter boxes by cracking codes and following clues. The prize: an image from a miniature piece of art known as a rubber stamp—usually a unique, hand-carved creation.

Wednesday, May 30, 6:30-8:30pm  
1 session, \$9  
Handke Center, Rm 111, Door 4 #8475-1S

### Carving Your Letter Boxing Rubber Stamp

**Instructor: Steve and Zoma Olson**

Letter Boxing uses rubber stamps, often hand-carved, as the treasure. When a person finds a letterbox, they mark the included letterbox with their stamp and mark their own journal with the stamp that was found. Learn how to make your own custom stamp so you can leave your mark, saying, "I was here - I found this".

Wednesday, Jun 6, 6:30-8:30pm  
1 session, \$9  
Handke Center, Art Rm, Door 4 #8474-1S

## Detective Camp

## Welcome to the H.O.P.E. Program!

From outings to events, activities and classes, we have a wide variety to keep you busy. There are always some of your favorites and a few new ones to try. Please note that you can also access program information and register online at [www.728communityed.com](http://www.728communityed.com). Participants are asked to bring a staff or family member if personal care assistance is needed. If attending alone, the participant should be able to function independently in a group setting, follow simple directions, and communicate their needs. All reasonable accommodations will be made to meet the needs of the participants. Please allow at least one week to make accommodations; this includes sign language interpretation.

Community Education welcomes persons of all abilities to participate in any of the activities throughout this brochure.

Pick up your copy of the Summer H.O.P.E. Newsletter! Call us at Community Education at 763-241-3520 to request a copy.

Or, you can earn your Adult High School Diploma if you are 18 years of age or older and your high school class has graduated. Call today to schedule an intake appointment so you can be on your way to a better job, a higher income, or college.

## National Career Readiness Certificate

The National Career Readiness Certificate (NCRC) is an industry-recognized, portable, evidence-based credential that certifies essential skills needed for workplace success.

Individuals can earn the NCRC by taking three WorkKeys® assessments:

- Applied Mathematics
- Locating Information
- Reading for Information

WorkKeys® assessments measure "real world" skills that employers believe are critical to job success. Test questions are based on situations in the everyday work world.

Certificates of Platinum, Gold, Silver, and Bronze levels are awarded for individuals completing the assessments. ACT, the nationally-known testing service, estimates that people scoring at the Bronze level qualify for approximately 35% of the jobs profiled by WorkKeys®. A Silver score indicates skills for approximately 65% of those jobs profiled, and a Gold indicates skills for 90% of the jobs.

Want to prepare for the WorkKeys® Assessments? Call the Elk River Learning Lab to register for KeyTrain®, a computer-based training program designed specifically for WorkKeys®. KeyTrain® is a distance learning program that can be accessed from the privacy of your own home. In addition, on site personalized instruction is available to compliment the at home studies.

For more information and to register for any classes on this page, contact Adult Basic Education Coordinator Pam Moriarity at 763-241-3400 x5525.

*"My name is Teresa. In June of 2010 I came to the Elk River Learning Lab to start work on my GED. Because I was raising 3 small children, I wasn't able to be a "consistent" student. I was in and out of the program several times, but my teacher never gave up on me. In December of 2011 she called me and encouraged me to return. I was able to pass my final test... the dreaded math test! Getting my GED was a major accomplishment. I never would have been able to do it without the incredible support and encouragement of the staff and the free childcare they provide. I'm continuing to attend classes at the ERL to prepare for the college Accuplacer test, using MCIS to research career pathways, and doing WorkKeys program to prepare for the National Work Readiness Credential. The Elk River Learning Lab is a place where I can get help beyond the GED. When I was in school before, I wasn't too enthused; I thought it was a chore. Now I am very excited about learning. I'm happy and proud to be moving forward."*

## Early Childhood Family Education.

### It's for you and your young children - birth to before kindergarten.

ECFE offers high quality learning activities for you and your children, helps children grow and develop, enriches family life, and provides information and support for your important role as a parent!

### What happens when we come to ECFE parent-child activities?

Staff will greet you and the room will be set up with activities. All ECFE instructing staff have, at minimum, a four year degree plus teaching licensure in Parent Education, Early Childhood Education or Early Childhood Family Education. Usually there are three parts to the sessions: Time together for parents and children, parent discussion time, and children's activity and exploration time

### What are the rooms like?

The ECFE rooms are set up for young children with child-sized furniture, toys and materials that are appealing to kids! We have one room set up just for infants - 2 years, others for a variety of ages up to 5 years.

### What are the activities?

Activities will be set up in the room. You and your child can choose what you want to try. Some activities like painting become weekly favorites. We encourage you to “take your child's lead” and enjoy the special time together. At times we will do group activities with all parents and children. Usually there's a time when the ECFE staff have all the parents and children together in order to get acquainted. There will be a variety of activities depending on the age of the children. For older children there will be stories, songs, fingerplays. In some classes parents will “step back” and watch the children's learning in action.

### What happens during parent discussion time?

While your child participates in the children's time in the ECFE classroom with the Early Childhood Educator, you'll meet with parents and the ECFE Parent Educator. Parent discussion will be in the children's room for parents with young children; it will be in another room for parents with older children. It's a comfortable situation where you'll be able to talk about the joys and concerns of being a parent. You'll be able to take time to look at and consider many ideas. Often parents say this is one of their most important times during the week. Research tells us that getting information and support for our role as parents is one of the most important things we can do for ourselves and our children!

### What happens during the children's time and how will parents be involved?

The children participate in activities in the classroom while moms, dads or caregivers participate in the discussion. The Early Childhood Educator prepares the room and activities gauged for the children's ages. Both teacher lead and child initiated activities are planned. In some classes parents take turns working with the teacher in the classroom. This provides an opportunity for parents to observe children's time and how their child responds. It also provides an opportunity to learn more about children's development and behavior. It's a chance to get involved and have fun!

All infant classes for children birth to 12 months are FREE!

## You and Your Baby (0-12 mos classes are FREE)

Babies change your life - it's both rewarding and challenging. This is your time to play with your baby in a new setting, talk with a parent educator and other parents about development, reading a baby's cues, sleeping and feeding, your changing needs as an adult and as a parent, and more. Discussion is in the room with the children.

### 0-6 Months

## Moving and Exploring – That's a Toddler

Your child wants to experience everything—to build and knock down, empty, pull apart, feel, twist, squeeze and move quickly from one activity to the next! How do you keep up, keep them safe, and still allow them to explore and learn? Play with your toddler in a room geared for toddlers. Then, meet with other parents and one of our friendly and knowledgeable parent educators to talk and learn together. Topics may include: Development, temperament, setting limits, communicating with your partner about parenting, observing and reflecting on development. Discussion will be in the room with the children 12-24 Months.

## On the Go with Twos

Your 2 year old is finding out how it works, questioning over and over, using so many new words and wanting it now! How do you keep up and channel their energy in positive ways? Enjoy part of the time with your 2 year old in the classroom with activities planned by the early childhood educator. Then spend time learning, sharing and even some laughing as you meet with other parents and a parent educator during discussion. Get new ideas and information, learn about brain development, behavior, dealing with "No", and more. Children must be the correct age within 2 weeks of the start of the class.

## Multi-Age Classes

Birth to Kindergarten entry

If you're looking for a class to attend with one or more of your preschool children, try one of these!! Enjoy the fun and learning in the classroom with children birth to kindergarten. Then, while children enjoy activities together with the early childhood staff, parents meet with the parent educator for parent discussion.

### Multiples! (Birth to Kdgn entry)

Do you have twins or triplets? Join us for a multiples class. This class is designed for parents who have twins or triplets from birth to 5 years old. A variety of activities will be available for you and your child to explore along with a circle time. The children will then have an opportunity to play in the classroom with the early childhood staff while the parents meet in another room with the parent educator to discuss the unique joys and challenges of parenting multiples.

Thursdays, begins Jun 7, 9:00-10:30am  
4 sessions, \$27/child or 2 pmts of \$14  
Handke, Rm 5, Door 6 #722S

Child care is available for older siblings. You must pre-register for classes and child care. There is a fee for child care.

## Discovery Learning Preschool...an ISD 728 Early Childhood Program

Choosing the right preschool program is essential for giving your child the tools needed to be successful in school and in life. Discovery Learning Preschool, offered through District 728 Early Childhood Family Education, is a highly recognized and sought-after program to attend.

**Unparalleled Results and Comprehensive Curriculum.** With unmatched programming in the state of Minnesota, ISD 728 Discovery Learning Preschool is seeing unprecedented results with their customized classroom experiences. Discovery Learning Preschool has revolutionized their curriculum and embedded core fundamentals in each of their classrooms. We use: **Building Blocks Math Curriculum, EZ Write Handwriting Curriculum, Creative Curriculum (Teaching Strategies Gold), TACSEI Social Emotional Curriculum, Seeds of Literacy Curriculum with Minnesota Reading Corps Implementation, LANA Nutrition Curriculum.** Over all there are opportunities for learning provided through individual and group times. literacy (skills needed for reading), mathematics, science, social studies, the arts, and technology are all part of the program curriculum.

**Parent Education and Involvement.** Core to our program is parent education. A professional and highly trained Parent Educator is assigned to each classroom. The Parent Ed component focuses on not just the child's experience in preschool, but the family as a whole.

**Highly Trained Staff.** Of utmost importance to parents, is the relationship their child has with their teacher. With Discovery Learning Preschool, not only do you receive highly trained staff members, you also receive warm, caring adults committed to your child's success.

**Discovery Learning Preschool... the right choice for you and your child.** For more information, log onto our website at [www.728communityed.com](http://www.728communityed.com) or by calling Early Childhood Family Education at 763-241-3524.

## Calling all 3 Year Olds! It's time for Screening!

Early Childhood Screening provides an opportunity for children and their parents to participate in a health and developmental screening after their third birthday. State law requires screening for all children entering public school kindergarten, ideally at 3 years old. Identifying potential health, developmental problems or concerns early allows time for intervention and remediation during the critical formative years. Families participating in Early Childhood Screening may be referred to community health and educational services including School Readiness and ECFE.

**Invitations have been mailed to families with children turning 4 years old prior to December 1, 2012. Please call the Screening office at 763-241-3525 if you did not receive your invitation or to schedule an appointment.**

### Early Childhood Screening includes:

- Immunization records
- Hearing and vision
- Speech and developmental screening
- Height and weight
- Summary interview with parents

### What Happens During Screening?

The parent attends the entire screening process with their child along with a team of specialists.

Your child will have a developmental progress review by a speech/language clinician. A review of your child's vision, hearing, height, weight and immunization history will be conducted by one of our health professionals.

The parent/s will then participate in a family factors interview to review the screening process and talk about any concerns that they may have.

### Who Needs to be Screened?

All children living in District 728 who are 3, 4, or 5 years old and not currently enrolled in kindergarten **NEED** to participate in this **FREE** screening program before entering kindergarten or have an equivalent screening from a doctor. **Age three is the recommended age for screening.**

Children who attend Head Start or Early Childhood Special Education Services programs may not have to participate in Early Childhood Screening.

### Is the Program Required?

Yes. Minnesota state law requires that your child must be screened for enrollment in a public school. (Children are not permitted to enter public school without having Early Childhood Screening and up-to-date immunizations.)

If you are planning to send your child to private or home school the screening is not required by law, however, we still encourage you to participate. This is a wonderful opportunity for you to find out how your child is developing.

## BIG... building better behaviors for success in school, childcare & at home

BIG is an intervention and prevention program for preschoolers who are at risk of losing their childcare or preschool placement because of negative behaviors. BIG works with parents, teachers and childcare providers as a team to build positive behavior skills. BIG is a behavior intervention group including educators, emotional health professionals and specialists to coordinate expertise and resources for success.

If you are interested in BIG please call the ECFE office at 763-241-3524 for further information

*BIG is funded by ISD 728 Family & Children’s Collaborative, a part of Wright County Family Services Collaborative.*

## Got a Parenting Question? Get an Answer!!!

Call for answers, resources, or help in finding the answers! A parent educator will return your call.

## “ECFE On Wheels” Home Visits

A program that comes to you and is designed “just for you.” The program features visits to your home (or one to one visits at the ECFE center). Visits provide ideas for creative, fun, age appropriate activities, as well as time to discuss questions on kids and family. Information and ideas on child development, parenting and community resources are also available. Call the ECFE office at 241-3524. There is no fee for home visits.

## Early Childhood Summer Camps!

Join us for a 4-day summer camp experience for your preschooler at our Zimmerman and Handke sites! **Children must be at least 3 years of age by March 1, 2012**, unless otherwise stated. Camps are a drop-off program, but parents may stay the first hour of the first class day to help orient their child. Parents may also volunteer to help as needed at camps.

### Cooking Camp

Mon/Tue/Wed/Thur, June 5, 6, 7, 8  
9:30-11:30am  
4 sessions, \$100/child or 2 pmts of \$50  
Handke, Door 6 #790S

Your child will experience the joy of cooking while fostering their independence and self-esteem. Campers will prepare their own snack, as well as other "messy" play materials like playdough and glurch! Recipes will be sent home too!

### Large Motor Mania Camp

Mon/Tue/Wed/Thur, Aug 6, 7, 8, 9  
9:30-11:30am  
4 sessions, \$100/child or 2 pmts of \$50  
Handke, Door 6 #791S

Children will enjoy the beautiful Summer days in a safe, supervised environment with an action packed agenda. Parachute games, movement songs, obstacle courses, balls, beanbags and more! The majority of the time will be spent in the nature playground area and the gym will be a back-up for rainy days.

### Zimmerman Nature Explorers Camp

Mon/Tue/Wed/Thur, Jul 30, 31, Aug 1, 2  
9:30-11:30am  
4 sessions, \$120/child or 2 pmts of \$60  
Zimmerman, ECFE #792S

This camp will focus on learning about nature; it will be held outdoors. Story time, free exploration, art, and a nature walk will occur daily. Highly trained staff will prepare developmentally appropriate activities for the children.

### Kindergarten Readiness Camp

(for children attending Kdgn. Fall 2012)  
Mon/Tue/Wed/Thur, Aug 13, 14, 15, 16, 20, 21, 22, 23  
9:30-11:30am  
8 sessions, \$220/child or 2 pmts of \$110  
Zimmerman, ECFE #793S

This camp will introduce and refresh children on concepts that are vital for early success in Kindergarten. A fun atmosphere with literacy, math, group participation skills, fine motor and large motor activities, and school readiness will be embedded into class. Children will be exposed to ISD 728's handwriting curriculum. Highly trained staff will plan for the individual needs of the children.

**We are sorry, we are not able to provide fee reductions for the camps.**

## Discovery Learning EXTRA Preschool

### 2011-12 District 728 ECFE/Discovery Learning Sliding Fee Scale

The sliding fee scale applies to all ECFE classes. We are not able to reduce fees for summer camps & nature explorers. Please note, fees can be waived or reduced at any income level if family circumstances would make payment a hardship. Call the ECFE office at 763-241-3524 if you have any questions about the fee scale or fee waivers. Any information collected is confidential. Our goal is to provide affordable, quality programming for all District 728 families. If you request fee assistance, you will be contacted for additional income information.

If your yearly income for household size is at or below the figure listed, fee for the class will be reduced to the amount listed at the top of the column. If your gross yearly household income exceeds the highest amount listed for your family size you would pay the full fee for ECFE/Discovery Classes.

*Join the Fun!*

An ISD 728 Community Education Program

## Welcome to Club Summer!

Club Summer is an exciting and engaging summer camp program for students who have completed Kindergarten through fifth grade by June 2012. Club Summer, in its 20th year, provides weekly mini-camps 5 days a week throughout the summer months and is conveniently located at Parker, Hassan, Twin Lakes, Rogers & Zimmerman Elementary Schools. Club Summer features a full-time option as well as a part-time option. Full-time allows your child to attend our program five days a week and includes a weekly field trip. Part-time allows you to plan child care around your schedule. Youth will experience fun projects, hands-on learning and recreational activities while strengthening relationships in a structured, caring environment.

## Who can attend Club Summer?

Students in public or private schools, in-district or out-of-district...everyone is welcome! Children must have completed grades K, 1, 2, 3, 4, or 5 by June 2012.

## Why Club Summer and not daycare?

The benefits of Club Summer include taking advantage of weekly field trips to exciting places, sharing time with friends of the same age, new learning experiences and recreation weekly, plus the use of school facilities. Club Summer qualifies as a tax deduction and you only pay when your child attends. Now that's worth it!

## Are field trips included with Club Summer?

Club Summer provides weekly field trips throughout the summer. Full-time Club Summer students are automatically enrolled in weekly field trips. For part-time students, be sure to sign up for your site's field trip day on your part-time schedule. This is a great way for children to enjoy the summer!

For a full list of field trips, dates and locations, visit our website at [www.728communityed.com](http://www.728communityed.com). Field trips are included for full-time Club Summer registrations and can be added to part-time registrations for an additional \$5 per child.

## What are some examples of field trips you take?

- \* Wildlife Science Center
- \* St. Louis Park Aquatic Center
- \* Como Zoo
- \* MN Twins
- \* Bunker Beach
- \* The Cinema Grill
- \* Edina Aquatic Center
- \* Summerland

## How much does Club Summer cost?

Monday-Friday, 6am-6pm  
Weekly Rate: \$130

Monday-Friday, 6 hours or less/day  
Daily Rate: \$20

Monday-Friday, 6+ hours/day  
Daily Rate: \$30

## How do I register for Club Summer?

Fill out the Club Summer registration forms and place a \$50 down payment. Club Summer registration forms are available on-line at [www.728communityed.com](http://www.728communityed.com) or at the Community Education office which is located at 1170 Main Street in Elk River. You can also pick up a registration form at your child's school.

The first week payment of Club Summer is due upon registration. If pre-registered, the balance for the first week of Club Summer is due by May 25. Once enrolled, payments are due 6pm on Mondays for the following week throughout the summer. Some exceptions may apply. Register early. It is possible that a site may fill up.

## American Red Cross Swimming Lesson Curriculum

ISD 728 Community Education is proud to offer the American Red Cross Swimming and Water Safety program, which combines the best in swim instruction with an even stronger emphasis on drowning prevention and water safety - ideal for anyone who wants to enjoy the water safely, regardless of age, level or skill.

Please see the information below to determine which level your child should be placed in. Signing up for a level above or below ability will only cause frustration for the student and class. Students that are in the incorrect level will not be allowed to participate unless space is available in an appropriate class. Note: classes fill quickly!

### Parent/Child Level I age 6 mos - 3 yrs w/parent

This is a great class for your child to become comfortable with the water, with your assistance. You will learn to enter and exit the water safely, float, change positions in the water and how to play safely in the water. As a parent you will learn how to hold and support your child in the water, select and fit a life jacket, and water safety for the whole family.

### Parent/Child Level II age 6 mos - 3 yrs w/parent

In this class you and your child will continue to practice skills that were introduced in the Parent-Child Level I class. You and your child will explore more arm and leg actions that will lead to swimming skills.

### Preschool Level A age 4-5

This class helps participants feel comfortable in the water. Skills will include enter/exit the water, blow bubbles, submerge face, open eyes under water and retrieve submerged objects, front and back glides, back float, roll over, tread water, leg and arm actions on front and back, and water safety topics.

**American  
Red Cross**

### Preschool Level B age 4-5

This class is for children who have passed Preschool Level A. Children will learn fundamental skills, which will review those covered in Preschool A as well as front float, combining arm and leg actions on front and back, finning and additional water safety topics.

### Preschool Level C age 4-5

Children will build on skills learned in Level B through additional practice in deeper water. They will learn to: enter water by jumping in, fully submerge and hold breath, bob, perform the jellyfish and tuck floats, back float and glide, change direction while swimming, tread water and water safety topics.

### Level I: Intro to Water Skills

Helps students feel comfortable in the water and enjoy the water safely. Students learn elementary aquatic skills and develop good attitudes and safe practices around the water.

### Level II: Fundamental Aquatic Skills

This level marks the beginning of true locomotion skills. Students explore simultaneous and alternating arm and leg motions on the front and back to lay the foundation for future strokes. Adds to skills begun in Level I. Student must have passed Level I.

### Level III: Stroke Development

Build on the skills of Level II with guided practice. Students will learn to coordinate the front and back crawl, elements of the butterfly, treading water and rules for head-first entries. Student must have passed Level II.

### Level IV: Stroke Improvement

Help students improve their skills and increase their endurance by swimming familiar strokes (front and back crawl) for greater distances. Continue to build the butterfly stroke and be introduced to the breaststroke, elementary backstroke, elements of the sidestroke and basic turns. Student must have passed Level III.

### Level V: Stroke Refinement

Students continue to refine all the strokes: front crawl, back crawl, butterfly, breaststroke and sidestroke. Students will increase their distance and be introduced to flip turns. Student must have passed Level IV.

### Level VI: Swimming & Skill Proficiency

Refine strokes so students swim with more ease, efficiency, power and smoothness over greater distances. This course includes skills for lifeguarding and personal water safety and practices the prerequisites for the Lifeguard and Water Safety Instructor certification.

## Aquatics Camp age 10-14

Want to spend time in the pool improving your skills? How about playing games and sports in the water? Also learn some basic safety in and around water. When the group begins to feel water-logged, it'll be time to get out and use the gym or watch an age-appropriate movie (G or PG).

### SUMMER WATER SAFETY GUIDE

Staying safe around water doesn't mean having kids wear water wings

A recent American Red Cross survey\* shows that almost half the adults surveyed on water safety say they've had an experience where they nearly drowned, and one in four know someone who has drowned.

While over 90% of families with young children will be in the water at some point this summer, almost half (48%) plan to swim in a place with no lifeguard.

With so many planning to be in, on or near the water, it is important to follow the basics of water safety, maintain constant supervision of children and to get trained!

**PRACTICE WATER SAFETY**

- Swim in designated areas supervised by lifeguards.
- Always swim with a buddy; do not allow anyone to swim alone.
- Ensure that everyone in the family learns to swim well. Enroll in age-appropriate Red Cross water orientation and Learn-to-Swim courses.
- Never leave a young child unattended near water and do not trust a child's life to another child; teach children to always ask permission to go near water.
- Have young children or inexperienced swimmers wear U.S. Coast Guard-approved life jackets around water, but do not rely on life jackets alone.

**MAINTAIN CONSTANT SUPERVISION**

- If you have a pool, secure it with appropriate barriers—many children who drown in home pools were out of sight for less than 5 minutes and in the care of one or both parents at the time.
- Actively supervise children whenever around water—even if lifeguards are present.
- Always stay within arm's reach of young children.
- Avoid distractions when supervising children around water.

**KNOW HOW TO RESPOND TO AN AQUATIC EMERGENCY**

- If a child is missing, check the water first. Seconds count in preventing death or disability.
- Know how and when to call 9-1-1 or the local emergency number.
- Enroll in Red Cross water safety, first aid and CPR courses to learn how to respond.
- Have appropriate equipment, such as reaching or throwing equipment, a cell phone, life jackets and a first aid kit.

**WHAT YOU SHOULD DO**

- Print and circulate this flyer at your pool, community center and beach bulletin boards.
- Visit [RedCross.org](http://RedCross.org) for more swimming and water safety tips.
- Contact your local Red Cross chapter to find out which aquatic facilities in your area offer Red Cross courses, and sign up!

## \*Hockey Learn To Skate

Skating ability is the most important skill in the development of a hockey player. Program consists of four badge levels where skaters learn to balance, stop, maneuver faster and build agility on the ice with and without sticks. This program will be coordinated with the guidelines of USFSA and USA Hockey learn-to-skate techniques and will focus on skating techniques and skills. Sticks will be introduced after the 3rd week pending abilities. Helmets and sticks are required; other padding recommended. Skaters will be evaluated first day and placed in proper Prep class. (Note: This program allows for flexibility to deviate from skill-sets to focus on skills needed by ability of skaters.)

### Hockey Prep Jr (Ages 3-5) FEE: \$69

Designed for first time skaters who want to play hockey but have little or no skating ability. Utilization of Snowplow Sam 1-3 classes will be initiated. (Note: Skaters younger than 6 can participate in other prep levels providing they have the ability to keep up with the class.)

### Hockey Prep 1 (Ages 6+) FEE: \$69

For beginner level skaters – covers the Basics beginning format of skating including stance, quick get up from falls, forward skating, dips, snowplow stop, scooter/T-pushes and proper way to hold stick.

### Hockey Prep 2 (Ages 6+)

Advanced beginner, focus on glide turns, proper way to hold stick, backward skating and some puck handling.

### Hockey Prep 3 (Ages 6+)

Advanced skaters who are ready for crossovers and other more challenging skills. Quick stop and starts, crossovers, c-cuts, one-foot pushes and glides on circles, mohawks, hockey stop, and stick-puck handling drills. (Great class for those who have played before but need to work on their skating skills.)

Saturdays, Jun 30-Aug 4, 9:30-10:00am  
#4994-1S Hockey Prep Jr 9:30-10:00am  
#4995-1S Hockey Prep 9:30-10:00am

**All students 6+ should register for Hockey Prep. Students will be evaluated and placed in Hockey Prep 1, 2 or 3 on the first day of class.**

## \*Learn to Skate

Basic Skill Program is designed by U.S. Figure Skating (USFSA) and serves the needs of hockey, recreational and figure skaters. Designed for all ages and provides a simple progressive method of group ice skating instruction. Group lessons consist of a 30 minute lesson (includes on and off ice) and free open skate passes for practices. All skaters will be assessed the first week of classes to ensure proper levels.

All classes held at the Rogers Activity Center. Rental skates are available for \$2.00/pair weekly, and helmets are also available for \$1.00. Helmets are REQUIRED for ages 3-6 and hockey classes. NO double blade skates allowed, nor are parents allowed on ice during lesson times except for Parent/Tot classes. Please note that it is common for children to repeat a level several times before advancing to the next level. Attendance is important to learn new skills that build on the previous class each week. Please come 20 minutes early the first day of class to pick up badges.

Classes are taught by sanctioned instructors over the course of six weeks. Registrations are taken on-line through ISD728 Community Education website at [www.728communityed.com](http://www.728communityed.com) or via phone at 763-241-3520. Registration deadline for all classes is the Wednesday prior to the start of class. Note: "NO PRO-RATING OF FEE FOR CLASSES MISSED; make-ups should be done at Open Skate - instructor will be scheduled if requested." Refund Policy: No refunds once session starts except for extenuating circumstances.

SKATING LEVELS: Decide which skating level your child should be at based on the descriptions below or visit [www.parkandrec.cityofrogers.org](http://www.parkandrec.cityofrogers.org) for more guidelines.

### Parent/Tot (Ages 3 – 5 max 8, min. 4) FEE: \$89

Parent is on ice with their child; however, they must be on ice with skates. Class designed to teach parents how to instruct and encourage their child to skate, following the same guidelines as Snowplow Sam classes.

### Snowplow Sam Program (Ages 3-5 max 10, min. 4) FEE: \$69

A three level badge program designed for pre-school age skaters to develop coordination and strength to move on skates.

### Basic Skating (Ages 6 – 12 max 10, min. 4) FEE: \$69

We currently offer 5 of the 8 levels of the program, introducing fundamental moves, forward and backward skating, stops, edges, crossovers, turns and more. Basic 1 and 2 are true beginning levels of skating and geared for everyone. Basic 3 and above are geared for figure skating techniques.

"NO PRO-RATING OF FEE FOR CLASSES MISSED - Make-ups should be done at Open Skate - instructor will be scheduled if requested."

Refund Policy: No refunds once session starts except for extenuating circumstances.

All sessions are 6 weeks in length and cost \$69 with the exception of Parent/Tot class which is \$89. Classes are held at Rogers Activity Center. Registration closes 3 days prior to class.

Refund Policy: No refunds once session starts except for extenuating circumstances.

*There will be no Learn-to-Skate classes from mid-May thru June.*
