Welcome Letter

Dear Waukee Community Members,

During my regular update in each seasonal course catalog, there is a common theme: Growth. One example is this actual summer catalog. In 2011, a summer catalog did not exist. It was a .PDF document several pages in length. Last summer, we created our first summer catalog, consisting of 8 pages. We have now expanded to 16 pages for this summer! We have even created a summer week-by-week guide to help parents/ students manage all of the opportunities. Needless to say, keeping up with our summer expansion is a task in and of itself. This catalog example reminds all of us in Community Education that growth is good. We are fortunate to work in a bustling school district and serve a vibrant community!

As we look towards this summer, we have a number of exciting NEW learning opportunities that include: Stronger & Taller-Explorations in Structural Engineering, Adventure Island Sport Camp, Becoming A Storyteller, Clear for Take Off- Explorations in Flight, Introduction to Spanish, Tween Yoga, Waukee Youth Wellness, Camp Invention, Music in Motion, Ricochet on the Ropes, Top Gun Football Academy, MEASURE-AIM-FIRE!-First Time Woodworking, Craft Camp, Opus Prep, Youth Dance Camp, Animation, Charged-Up-Electronics!, Video Game Design, Cracked?!?!-Explorations in Engineering, and Web Design.

There are enrichment opportunities for every grade/age level! I encourage you to engage your child. We continue to provide fun summer camps and classes for all students to learn!

As always, please feel free to contact me. I welcome your feedback on how we can continue to grow Waukee Community Education and better serve our community members. We are Waukee!

Advanced Lego Robotics 1: (Grades 4 & up)

Zipliner or Ramprider

If you have completed the beginning course and are ready for more independent programming, you are ready for Zipliner or Ramprider. You will work independently or with a partner if you choose and you will pick one of these challenges to complete. Zipliner will be a robot that slides on a string to complete a task and Ramprider will be a robot that works its way up a ramp avoiding obstacles. Zipliner is not a repeat of any prior course.

Taught by Waukee Elementary ELP Teacher, Suzanne Myers-Laird. For students entering 4th grade and older.

SS1306 Mon - Fri 9:00 - 10:30 am
June 17th - 21st
Waukee Elementary CPU Lab
Tuition: \$99

Advanced Lego Robotics 2: (Grades 4 & up)

Obstacle Course

If you have completed the beginning course and are ready for more independent programming, you are ready for Obstacle Course! You will work independently or with a partner if you choose to create a robot from scratch that will maneuver through a series of obstacles. This is not a repeat of any prior course. Taught by Waukee Elementary ELP Teacher, Suzanne Myers-Laird. For students entering 4th grade and older.

Animation

(Ages 10-17)

In this class students will learn the basics of animation and digital design. Students who enjoy going to various sites to see fun interactive animations will love this course. This class will utilize Adobe's award winning animation software in Adobe Flash. Students will create fun interactive animations that they can share with the world. Each student will work on their own computer and produce animations personalized to their interests. This program is led by Youth Tech Inc., a non-profit organization that is one of the nation's leaders in offering technology and computer camps.

Late Registration:

You Snooze... We Lose.

Nothing kills a course quicker than waiting until the last minute to register for it! If there are not enough registrations at the registration deadline (one week prior to the start of the course), the course may be cancelled. Please register at least one week prior to the start of the course to ensure the success of the course!

Thank you!

Babysitter's Training (Ages 11-15)

The Babysitter's Training program has been updated, expanded and redesigned for today's babysitters. This program gives youth 11-15 years old the skills and confidence to be a great babysitter by learning how to: supervise children and infants, perform basic child-care skills such as diapering and feeding, choose safe, age-appropriate games and toys, handle bedtime and discipline issues, identify safety hazards and prevent injuries, care for common injuries and emergencies such as rescue breathing, choking, burns, cuts, and bee stings, and communicate effectively with parents. Upon successful completion of this course, the student will receive an American Red Cross Babysitter's Training certificate which is valid indefinitely. Please bring a sack lunch. Instructor: American Red Cross

Bricks 4 Kidz Stop Motion Animation Movie Making (Ages 8-13)

Lights, cameras, Lego® action! Use Lego® bricks to tell your story, complete with music, and special effects. In this unique and creative camp, students will plan, script, stage, shoot, and produce their own mini-stop motion animation movie. Working in teams, students will use Lego® components to build the set and props, then shoot their movie using a camera. The teams will then use movie-making software

to add special effects, titles, credits and more. The last day of camp, students will have a screening to impress their family and friends. Don't miss this unique opportunity to be your own movie producer! For ages 8-13. Instructor: Bricks for Kidz Staff

SS1320 Mon - Fri 9:00am - 12:00 noon
June 17th - 21st
Shuler Elementary
Tuition: \$225

Bricks 4 Kidz – Summer Camps (Grades K-5)

Bricks 4 Kidz® offers project-based programs designed to teach principles and methods of engineering and architecture, as well as concepts across a variety of subject areas including math, science and history using LEGO® bricks. The activities are designed to trigger a child's lively imaginations, encourage problem solving and enable children to learn not only by listening and observing, but also by using their fine motor skills and spatial intelligence. Participants build a new project each week. Best for students grades K-5th grade. Students of any age are welcome.

B4K: Motor Madness

Making it move is the **New!** name of the game at this exciting camp! Kids will love to see the Lego® models move using motors along with remote controls. Each day, campers will build dynamic inventions, machines, vehicles and more. This camp is jam packed with fun and learning for kids who love to build and create using Lego® bricks, gears, axles and more.

Instructor: Bricks for Kidz Staff

SS1321a Mon - Fri 9:00am - 12:00 noon
July 29th - August 2nd
Walnut Hills Elementary
Tuition: \$149

B4K: Adventures in Space

This camp is inspired by **New!** NASA and will provide the spark for your child's imagination and inspire creativity that is out of this world! We will include some of our favorite Space models such as the Satellite and Rocket and add six new models this year. Each camp day, we will build our signature models and provide many creative challenges. Like last year,

Friday will be STAR WARS™ DAY with LEGO® STAR WARS™ themed model building and movies! All campers will go home with a t-shirt and a custom mini figure.

Coding for Kids! (Grades 4-8) 
In Coding for Kids! students will enter into the world of computer programming. Programming is part of a broader body of digital literacy skills that are increasingly important as more and more of our life is managed by digital devices. Students will learn about how the Internet works and how software is made by building custom applications, games, and websites. Students will also learn important reasoning, logic, and communication skills as well as how to troubleshoot and teach themselves new skills as they explore HTML, CSS and JavaScript. This is an introductory coding class for students - no prior experience needed, just an inquisitive mind! Taught by Brookview Elementary Computers Teacher, Cindy Herren.
For students entering 4th-8th grade.

SS1355 Mon - Fri 9:00 - 11:30 am
June 3rd - 7th
Brookview Elementary, CPU Lab
Tuition: \$99

Cracked?!?! Explorations in Engineering (Grades 6-8) 
How would you keep an egg safe falling from 20 feet?!?! Join a team of middle school engineers to investigate the force of gravity and protect your precious cargo. What materials would work best? How can you prevent disaster? Spend four mornings examining a problem, brainstorming solutions, and creating a safe recovery system for some precious cargo while learning about gravity, acceleration, and forces. (Students may bring materials from home if needed. Design limitations will be discussed on first day of class.) Taught by Waukee South Middle School Engineering Teacher, Kevin Tow.
For students entering 6th-8th grade.

SS1330 Mon - Thurs 9:00 am- 12:00 noon
June 17th - 20th
South Middle School, Room 129
Tuition: \$79

Craft Camp (Ages 7-12) 
Have you ever wanted to make your bedroom your own? Make a present for your mom or your best friend? Try new things and experiment with paint

and fabric? Come and spend a week at craft camp! We will create something new each day and learn some basic sewing techniques. The only supplies you will need are your imagination and a favorite t-shirt you don't wear anymore. Taught by Prairieview School Teacher Sarah Zdenek. For ages 7-12.

Ricochet on the Ropes

(Grades 6-8)

New!

Middle School youth are finding their place in the world around them and are trying on many different roles. Often time, leadership opportunities come at unpredictable moments of time where the window of opportunity is barely visible to the naked eye. With preparation, youth can identify these

opportunities and be ready to accept the challenges as they come. Real leadership is not about calling yourself "leader," rather it's about taking up the cause to change some piece of the world for the better. In other words, leadership is an extreme act motivated by a desire to create a better world – whether it's the world of your, school, team, neighborhood, or family. The program includes a week at the Adventure Learning Center challenge course, a service project, nutrition and wellness information pertaining to leadership, a video shoot Thursday, and a Friday Celebration day. Taught by Iowa State University Extension and Outreach staff. For students entering 6th-8th grade. Students should bring a lunch each day.

Bring your completed registration form in person, or mail to 560 SE University, Waukee, IA 50263. Our office hours are 8:00am–4:00pm, Monday through Friday. Make checks payable to Waukee Community Schools.

By Fax

Fax your completed form with your complete credit card number and expiration date to 515-987-2701 between 8:00am and 4:00pm.

Register Early

Please Note! Instructors need to know how many students will be attending to help them plan materials. Some classes fill quickly and have size limits. Late registration may cause a class to be cancelled due to low enrollments, so please sign up as soon as possible.

Pre-Registration

Please pre-register for all classes or call ahead for availability as some classes have

enrollment limits. Also, pre-registration requires payment. We aren't able to just "hold a seat" for you. Thank you for understanding.

Confirmations

Once you have submitted your registration form, you are registered for the class unless we notify you otherwise. To help keep our classes reasonably priced, we do not send out confirmation notices by mail. If you register online, you do receive an e-mail confirmation.

Changes/Cancellations

You will be notified by e-mail if there are any changes in your class or if a class is cancelled. Please make sure we have your e-mail so we may contact you. We will notify you at least 24 hours prior to the first class.

Weather Closings

Continuing Education classes are automatically cancelled when Waukee Schools are closed due to weather. Cancelled classes will be rescheduled if possible. WATCH LOCAL NEWS PROGRAMMING FOR DISTRICT CLOSURES.

Class Participants with Special Needs

If you need any special accommodations, please let us know when registering.

REGISTRATION OPEN NOW!

Refunds & Cancellations

Requests for refunds must be made before the second meeting of a multi-session class, program, or activity. When a timely refund request is submitted, an \$8 administrative fee will be deducted from the original amount paid by the participant.

Refund requests for a single-session class, program, or activity must be made 48 hours prior to the class session. A \$5 administrative fee will be deducted from the original amount paid by the participant.

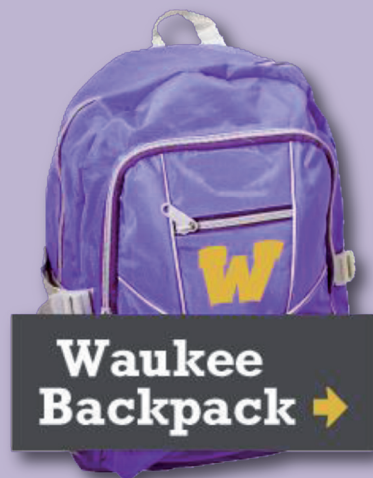

Waukee Community Education reserves the right to cancel classes if there is insufficient enrollment. Should that occur, full refunds will be given.

What Waukee Academy parents are saying:

"Our kids had so much fun. They were greeted so nicely by so many people and when they left everyone was just as nice and helpful. Our kids got in the car and wanted to know when the next time they could go would be. Thanks!!!" (*Bricks 4 Kidz - Kidz Night Out*)

"Love the B4K events. Such a great way for the kids to spend an evening. Educational and fun!" (*Bricks 4 Kidz - Kidz Night Out*)

"Thank you for offering this class!" (*Babysitter's Training*)

"The teacher (Jolene) did a great job. My son learned a lot and loved it. Would do again!" (*Yoga for Kids*)

"My kids (ages 4 & 6) loved this class and the instructor was engaging and fun! I would definitely sign up again." (*Zumbatomic*)

"My child seemed to really enjoy this class and learned a lot while attending. I think it was nice that the class size was kept small for more individual learning." (*Mad Science*)

"This is our 3rd summer doing SUM and SURF... the teachers are awesome and they make the class meaningful and exciting for the students. My son is not a huge lover of school/curriculum but he loves going to summer school. Thanks for your enthusiasm teachers!!!" (*SUM & SURF*)

"I am so happy Waukee offered this class. My child will be going into 3rd grade this fall. Not only did he benefit from the skills he was taught in the class, but he also had a chance to meet the 3rd grade teachers. Now, he feels so much more comfortable about attending a new school year. The transition should go well. Thank you so much Walnut Hills teachers." (*SUM & SURF*)
