For programs starting after school is out, register your child based upon the grade they will be in next school year (2014/2015).

For weather related cancellations, call 278-0552. If before/after office hours of 7:45 a.m. - 4:15 p.m., dial extension 199 for a recorded message as to cancellations.

JCE offerings can be found in the district's quarterly newsletter, *The Connection*. This newsletter is mailed to all households in the Johnston Community School District four times per year.

You can also go online at <https://apm.activecommunities.com/johnston> to see programs and to register. You can now place an upcoming program on your wish list and when it is time to register, you can get to your programs quicker by having them already in your wish list.

JCE is a partnership between the Johnston Community School District and the City of Johnston

EARLY CHILDHOOD

Iowa Youth Chorus' Beginnings - Birth to 18 months

In this 3 session camp for parent and baby, you'll take the first steps toward bonding musically with your child and learn how to enrich your family's life through active music-making. By engaging your baby in music early on, you will nurture your baby's musical aptitude at a time unparalleled in importance in a child's musical development. Bouncing, rocking songs, peek-a-boo games and instrument exploration will increase your child's curiosity about music and begin to develop listening skills and a sense of beat. The class is taught by Lori Lindberg, early childhood music specialist with the Iowa Youth Chorus' Beginnings Early Childhood Music Program. Parent/caregiver required to attend. A lullaby CD with 22 beautiful, soothing melodies from around the world is available for an additional \$18 (optional).

T-Ball - Ages 4-5 Boys/Girls

This league is for children 4-5 years old. This program is designed to give children the opportunity to get a feel for the game of baseball/softball. The main purpose is to teach children to hit the ball off a "T", run the bases, to become familiar with being on the field, and most of all to have FUN! It is our hope that the league will be the first step for many children to become good ball players in the future. This is NOT a competitive league. There is NO score keeping. Every player hits in every inning. Games are held Mondays, Wednesdays & Fridays at 10:00 a.m. at the Johnston Little League Fields (Lew Clarkson Park: 7501 NW 54th Ave.-across from Timber Ridge Elementary) Teams are chosen by draw, there will be NO requesting teams. Each player will receive a t-shirt. Parents are encouraged to be with their children while at bat and on the field if needed. Please bring a ball glove and water bottle. Please DO NOT bring a bat. Make-up date for any weather related issues: 6/30 10-11am

We're building the future one thinker at a time.

Led by local educators, the weeklong Camp Invention experience immerses elementary children in hands-on activities that reinvent summer fun. Throughout the week, children work in teams to solve real-world challenges. Some activities include:

- Explore the science behind the five senses to design a bionic ear, eye, and hand
- Experiment with circuits and gears
- With inspiration from famous inventors, create your own invention
- Build a motorized "morphing" vehicle to take home!
- Design an epic, insect-themed pinball machine

S.A.S. Camps

Grades 6 and 7

SAS Summer Camp will be held at Lawson Elementary (enter through door #14 by cafeteria) and will be open from 6:30am-6:00pm, offering breakfast every morning, social & game time, going on four fieldtrips each week, and serving an afternoon snack.

Each student will be signed up for one of two fun camps offered each week. The fun camp time will run every morning from approximately 9:00am-11:30am. Each fun camp will need to have a minimum of 8 students and cannot exceed a maximum of 25 students in order to be offered.

The weekly fee for each fun camp is \$135. Four day camps are \$125. These camps are only four days because camp is not held on Memorial Day & July 4th. Two weeks are also only four day camps as a special all day field trip is planned for each of those weeks at an additional expense.

Fun Camp registration fees are due two weeks before each fun camp is offered in order to notify our instructors of any change in schedule.

From Portrait Drawing to Rock Climbing, all of the fun camps offered throughout the summer will touch on a wide range of the students interests and possibly create some new ones.

Camps are for students entering grade 6 or 7 next school year.

Register at <https://apm.activecommunities.com/johnston> or call the JCE Office at 278-0552.

Register for one camp/week, enrichment OR active camp per week.

Enrichment Fun Camps

Camp	Week of	Cost	Code
Origami	5/26 (no camp 5/26)	\$125	3069.310
Participants will learn and begin to master the art of paper folding. Through practice and numerous different folding techniques they will be able to create simple one sheet creations to more difficult and intricate multi-sheet works of art.			
Lego Robotics	6/2	\$135	3069.311
Students will learn to construct and program a LEGO robot using RXT or NXT brick. We will discuss the potential uses of robots in the real world and each student's robot will fulfill a specific need (eg: Walk a dog, help the disabled fix a meal, etc.). At the end of the week each student robotic engineer will showcase his or her robot at a "robotics symposium." All equipment supplied.			
Grossology	6/9 (no camp 6/13)	\$125	3069.312
Ever wondered what happens to food as it rots? Do you know how many bug parts are allowed in peanut butter? Would you like to learn how to create wounds, bruises, and other movie special effects? Weird science is an opportunity for students to learn about all those questions that science can answer. Students will need to bring a large shirt (oversize button-up) to protect their clothing. All other equipment supplied.			
Flip It	6/16	\$135	3069.313
Participants will use basic principles of applied engineering to convert everyday items from their original purpose into something new. Having an eye for art and willing to try the unusual is a plus in this activity. Everyone in the camp will demonstrate a new application for a tin pail, and then will branch out on their own to convert items such as cupboards into window seats, ladders into bookshelves, discarded china into centerpieces, or shopping bags from old pants. Each participant will need one item to repurpose, and we will take a trip to our local Goodwill store for further ideas and items to upcycle. Come with your creativity cranked up and imagination ready to explore new uses for old things.			
Picasso da Vinci	6/23	\$135	3069.314
Students will learn that everyone can paint! We will explore the basic foundations of painting through a variety of painting mediums and styles. Just as the master of old did, we will be creating self portraits and breath taking landscapes.			
Tour of Japan	6/30 (no camp 7/4)	\$125	3069.315
Yuki Shozaki, a middle school English language teacher from Japan, will take students on a trip to her home country. During camp participants will learn Japanese language and games, as well as hear myths, legends and folktales from this ancient country. Participants will learn how to bow and how low to bow to certain individuals. They will also learn the respect embodied in the bowing and how respect enters into everything done in the Japanese culture. When camp is done, participants will be able to count to ten, greet each other, say good-bye and know other simple and usable phrases in Japanese.			
Board Games and More	7/7	\$135	3069.316
Get ready to put away Monopoly and Sorry! We are going to explore the many different worlds of Haunted Mansions, Superheroes, Deserted Islands, & Zombies through a variety of new and exciting games! These games will test your strategical thought, team work ability, and detective skills!			

3-D Paper Model	7/14	\$135	3069.317
Participants will learn to develop and bring to life 3 dimensional ideas just from paper, glue, & scissors! This camp will help teach the artistic techniques of cut and glue placement, paper rolling and creasing, in order to finalize a lightweight moveable object from pirate ships to robots!			
Illustration	7/21	\$125	3069.318
From Editorial to Comic Books participants will learn and explore the basics to Illustration. We will explore the basic foundations of illustrating through a variety of drawing mediums and styles. Students will learn to inspire and be inspired through their artwork!			
Stories, Stage and Puppets	7/28	\$135	3069.319
Join professional storyteller, Maureen Korte, for a fun and movement filled week learning about, creating and presenting puppets from other cultures. Participants will learn about puppets and their special places in different cultures. Participants will also learn how these puppets are made and then create some of them themselves. Participants will learn how to use the puppets and then select a myth, legend or folktale from another culture and present it in a puppet show to their friends and family. We will create hand puppets, rod puppets, and shadow puppets. We may create pole puppets and pop up puppets as well as puppets made from found objects. All materials used will be washable and all paints will be water soluble.			
Fairy Tales: From Aesop to Harry Potter	8/4	\$135	3069.320
An introduction to critical reading that uses fairy tales and young adult literature to identify and explore themes and motifs in stories, teaching participants the tools needed to read at a deeper than surface level.

Where's J.D.'s Great Summer Adventure?

J.D., the Dragon mascot for the Johnston Community School District, will be taking off again this summer throughout the city of Johnston. Our

problem—we just don't know where J.D. is planning to go. Johnston Community Education would really like to find J.D. as J.D. is supposed to be helping out the city and school this summer. Can you help us find J.D.? J.D. has a website blog, Facebook page and Twitter account. The website/Facebook will show where J.D. has been and provides a photo of a J.D. sighting from within the community. J.D. may also send "tweets" with hints and other information that may help in his whereabouts. Help us find J.D. this summer and your family will be entered into a drawing to win a prize.

Each week a photo will be placed on the website and Facebook page about the latest sighting of J.D. Every family team that correctly identified J.D.'s location will result in a ticket being added to the drawing. The number of tickets that your team receives each week you participate will depend upon how you identify the location. Bonus tickets will also be available.

J.D. will be out of town and unable to attend the Jazz in July event. So he will do the drawing before he leaves town and the Johnston Library staff will contact the winners.

Website to help you find J.D.
<http://wheresjd.wordpress.com/>

For more information contact
 JCE at 278-0552 or the Johnston Public Library at 278-5233.

Sponsored by Johnston Community Education, Johnston Parks Department and Johnston Public Library.

You never know where JD might show up this summer!

Join us this summer to see where he travels.

Rules

A team is a family from one household. Should be at least one adult and one child.

All entries must be received, by email or in person, by 12:00 Noon CDT, each Tuesday for the prior week. (Example Week 1 entry is due by noon on Tuesday, June 3)

New photos of J.D.'s location will be posted at noon each Tuesday.

All entries, including photographs, become the property of the City of Johnston. Participation provides the City of Johnston the permission to use photos and names to promote "J.D.'s Great Summer Adventure" via electronic and print media and/or for local media coverage.

How to submit J.D.'s location

Option 1: Email your answer for J.D.'s location to jdinjohnston@gmail.com; correct answers earn one team entry into the prize drawing. Entry must include the subject line "J.D.'s Great Summer Adventure" and include your team name, address, phone number and the specific location of J.D. for that week.

Option 2: Have your (at least one member of the team in photo) picture (1mb or less) taken in the exact location as J.D. is in photo and email it to us at jdinjohnston@gmail.com and earn five team entries into the prize drawing per week, per team.

Option 3: Take your answer and/or your photos, and deliver them in person to the Johnston Public Library (J.D.'s drop box) to receive the appropriate number of entries. Forms will be available from library staff.

Johnston Green Days 2014

18th Anniversary

www.johnstongreendays.org

Green Days is an annual community celebration held in Johnston, Iowa, next to the Johnston Public Library. The 2014 festival will be held June 19-22. The full schedule of events can be found at johnstongreendays.org.

When the event was started in 1996, it focused on Johnston's agricultural and horticultural tradition. The Chamber worked with Johnston's many nursery and greenhouse operations, local garden clubs and other groups, to start this tradition - and helped it grow to be one of Iowa's leading summer festivals.

Today, the Green Days activities include a parade, carnival, children's activities, entertainment in the beverage garden, rib cook-off contest, Bill Riley Talent Search, bags tournament, 5K walk and run and much more!

Green Days is organized by the Johnston Chamber of Commerce.

ADMISSION IS FREE!

Top 5 Crime Prevention Tips

1. Keep your overhead garage doors closed whenever you are going to be out of immediate sight of your garage.
2. Lock your vehicle and remove all valuable property from it whenever your vehicle is going to be left unattended for any period of time.
3. Avoid placing outgoing mail in your residential mailbox and remove the incoming mail from your mailbox as soon as possible.
4. Keep your purse with you at all times when you are out. Avoid leaving it in a car, on the ground, in a neighboring seat or hanging on the back of a chair.
5. Never respond to an unsolicited phone call or email requesting personal or financial information until you have confirmed the requesting party is legitimate.

Johnston Neighborhood Watch Program

Neighborhood Watch is one of the oldest and most effective crime prevention programs in the country, bringing citizens and neighbors together to deter crime and safeguard communities with the goal of preventing crime before it happens. On any given day, and often without warning, you are subjected to varying levels of criminal activity taking place directly within your own community. The Johnston Neighborhood Watch program is about neighbors helping neighbors and partnering directly with the Johnston Police Department where you will be provided with the knowledge on how you can make yourself and your community safer. The Johnston Police Department meets regularly with neighborhood watch groups to answer questions, discuss current crime trends, and provide training and information on Crime Prevention, Home Security and other topics of particular interest to your group.

For more information about the Johnston Neighborhood Watch Program or on how to organize one in your neighborhood, contact Sgt. Eric Spring at (515)252-1372 or espring@cityofjohnston.com.

Contact the Johnston Police Department for more information on these and many other safety and crime prevention tips!
