An up-and-coming talented musician, **Sheridan Dolan** teaches electric and acoustic guitar and percussion for Community Education. He received his training and instruction from highly respected professional guitarist Scott Fraser, and earned his Associate of Fine Arts Degree in Music at Anoka-Ramsey Community College. Sheridan specializes in a wide variety of music including rock/metal, classical, blues, country, jazz and anything that catches his interest. He enjoys working in the recording studio and singing.

What can a participant expect when attending your class(es)?

Participants can expect a fun, relaxed, yet in-depth and serious study of the guitar and music itself ranging from proper techniques to music theory and of course, learning your favorite music.

What level of experience is needed for your class(es)?

Any!

How do you educate, inspire or empower your class participants?

Always keeping the class positive and tailoring each individual lesson to the student, their needs and their learning style.

What are the benefits of enrolling in one of your class(es)?

Having the ability to play guitar as well as opening your mind to the world of music and being able to create art through music.

What advice do you have for someone considering taking your class(es)?

Be patient and positive with yourself; with a positive attitude you are capable of anything.

See pages 15 & 67 for music classes!

OUR MISSION

To build community through citizen involvement and lifelong learning while **educating, inspiring and empowering** ALL of our learners across ISD 728.

Apollo: Why We Went to the Moon, a Non-Technical Look at Mankind's Greatest Technological Achievement

July 1969 will be remembered for centuries as the first time that mankind ventured beyond the earth's boundaries and explored a new world. There were many forces, political, social and fiscal, at work that led us to the moon. Join us for a non-technical discussion about mankind's greatest technological achievement. *David Jones is a graduate of Gustavus Adolphus College. He's worked in the financial services industry and in the nonprofit sector. He has been presenting on five historical topics (Lincoln Assassination, Mount Rushmore, JFK Assassination, Apollo Moon Program and Prohibition) since 1996.*

Frank Lloyd Wright and the Prairie School

In the early 20th century, American architecture was transformed by the Prairie School architects. Led by Frank Lloyd Wright, the group rejected classical architecture and the cheaply manufactured goods of the Industrial Revolution. Join these illustrated lectures by historian Richard L. Kronick and learn about these pioneering architects and the philosophical principles that inspired their designs. *Richard Kronick is a freelance writer and architectural historian. He has written extensively on Minnesota and Midwest architecture. He is a past president of the Minnesota Chapter of the Society of Architectural Historians and founded its newsletter, "With Respect to Architecture."*

Korea, the Land of Morning Calm: Through Art, History, Confucianism & Kimchi

Korea calls itself the "shrimp between whales." Caught between China, Japan and Russia, it has been overshadowed and overrun by its neighbors, only to emerge as an Asian economic powerhouse. Take an imaginative journey to the Hermit Kingdom with Britt Aamodt, who lived and worked in Korea, and discover why Kimchi is more than pickled cabbage. *See Britt Aamodt's bio on page 4.*

The ABCs of Alzheimer's Disease and Memory Loss

For healthy seniors, few words produce as much fear and dread as the big "D" word--Dementia. But what do we really know about Alzheimer's disease and memory loss? In this class, we will explore how dementia differs from normal aging, what the latest research tells us about prevention and treatment, and why early awareness is so important. *Dr. Britta Jabbar is a mental health therapist in St. Paul, MN. She specializes in the treatment of co-occurring mental and physical health problems, such as chronic pain and depression. She earned a PhD in Rehabilitation Psychology and has spent several years training and working in hospitals and medical clinics.*

The Bakken Oil Fields

Since the early 2000s, innovations in drilling technology have made extraction of previously inaccessible oil and gas deposits in shale formations economically viable, precipitating a shale energy boom in the Bakken region of North America. Learn about the economic impact of the oil boom in the core oil-producing counties, as well as the spillover effects on labor markets of neighboring regions. *Dulguun Batbold is a PhD Candidate in his final year of study at the University of Minnesota. Dulguun's area of research includes analyzing spatial spillovers of the oil boom in regional labor markets and he has published a number of articles on the subject for the fedgazette publication of the Federal Reserve Bank of Minneapolis.*

Instruction is provided in small groups, independent study, and distance learning. **Call to schedule an intake appointment** to learn more about how this program can help you reach your goals. Intake sessions are approximately 2 hours and involve assessment in basic reading, math, and English to help instructors place you appropriately in the right level and to develop a personal education plan. You must be able to commit to weekly time in class or completing distance learning assignments weekly to maintain active student status.

GED 2014

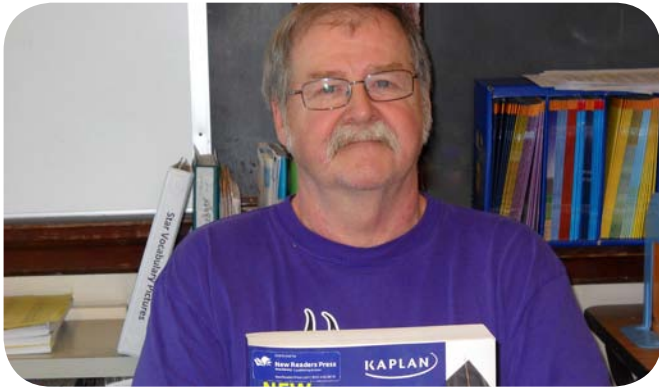

- The GED® test was updated in 2014 to make sure it measures what graduating high school seniors know and what colleges and employers will expect of you.
- The tests are offered on computer. The tests are offered in English and Spanish. The four parts of the test include:
 - Science (90 minutes)
 - Social Studies (90 minutes)
 - Reasoning through Language Arts (150 minutes including a 10-minute break)
 - Mathematical Reasoning (120 minutes)
- The fee per subject area is \$30 per test and you can pay as you go; this means you pay for each subject individually when you are ready to test. **ABE participants are eligible for \$10 discount on each test.**
- On the 2014 GED® test you need to earn at least 150 points on each subject to pass. To find out if you're likely to pass, take the GED Ready™, the official practice test which is the only test that can tell you if you're likely to pass. **Office practice tests cost \$6 each, but enroll in our GED prep program, attend 12 hours or more and become eligible for at least 2 free practice tests!**
- By attending our GED preparation program, you increase your potential to pass the exam. Prepare online, get 1:1 help during independent study time, or attend a small group.

Join our Team of ABE & ESL Volunteers

Here's your opportunity to make a contribution to your community in a personal way. Classroom and one-to-one volunteers are needed for a variety of positions: classroom assistant, clerical assistant and technology assistant. Work with individuals or small groups tutoring basic skills or English as a Second Language. If you would like to learn more about becoming a volunteer, **contact the Volunteer Coordinator at 763-783-4920.**

ADULT ENGLISH AS A SECOND LANGUAGE

"You are never too old to do this. It was hard work and took the effort to attend class and study, but it was a good learning experience." ~ Jerry Hommes

Congratulations Jerry Hommes - a recent GED graduate

Jerry dropped out of school when he was in the 9th grade at a time in the economy when all he had to do to become employed was put his name on a piece of paper. He never had to fill out an application and not graduating wasn't an issue. This started his career of 37 years until about six months ago when that company downsized and about 200 people lost their jobs. He was one of them. Not ready to retire, the workforce program suggested he get his GED, something he always wanted to do but never had the time.

"Losing my job gave me the time to do something I always wanted to do," said Jerry. "I started GED prep slowly; I wanted to do it in my own time. I wanted to show my kids that I could do it. I attended GED class 3 or 4 days a week for 2 hours at a time. I also studied at home with the distance learning program. During this time, I attended truck driver training and passed the CDL test. Even though I could have accepted a job offer, I turned it down because I wanted to complete my GED. Now any future job applications cannot be turned down because I don't have a diploma. I have more options."

FREE Childcare Available

Free on-site childcare is available for most Adult Basic Education and English as a Second Language classes. You must register at least 24 hours in advance. To register your child, call 763-241-3400 x5528.

Come for your child...stay for yourself

It's for you and your young children - birth to before Kindergarten.

ECFE is based on the idea that the family provides a

child's first and most significant learning environment and parents are a child's first and most important teachers. Parents shape a child's development and set the stage for future learning and growth. That's why ECFE offers a variety of classes that provide information, encouragement and support for parents and their children.

Discover hands-on learning opportunities for you to explore new experiences, meet other families, and grow and learn together with your child. ECFE serves all families in the Elk River Area School District with children ages birth to Kindergarten. All ECFE classes are taught by licensed early childhood teachers and parent educators to provide the quality education parents are looking for.

What happens when we come to ECFE parent/child activities?

Staff will greet you and the room will be set up with activities. All ECFE instructing staff have, at minimum, a four-year degree plus teaching licensure in Parent Education, Early Childhood Education or Early Childhood Family Education. Usually there are three parts to the sessions: Time together for parents and children, parent discussion time and children's activity and exploration time.

What are the rooms like?

The ECFE rooms are set up for young children with child-sized furniture, toys and materials that are appealing to kids! We have one room set up just for infants through 2 years, others for a variety of ages up to 5 years.

What are the activities?

Activities will be set up in the room. You and your child can choose what you want to try. Some activities, like painting, become weekly favorites. We encourage you to "take your child's lead" and enjoy the special time together. At times we will do group activities with all parents and children. Usually there's a time when the ECFE staff have all the parents and children together in order to get acquainted. There will be a variety of activities depending on the ages of the children. For older children there will be stories, songs and finger plays. In some classes parents will "step back" and watch the children's learning in action.

What happens during parent discussion time?

While your child participates in the children's time in the ECFE classroom with the Early Childhood Educator, you'll meet with parents and the ECFE Parent Educator. Parent discussion will be in the children's room for parents with young children; it will be in another room for parents with older children. It's a comfortable situation where you'll be able to talk about the joys and concerns of being a parent. You'll be able to take time to look at and consider many ideas. Often parents say this is one of their most important times during the week. Research tells us that getting information and support for our role as parents is one of the most important things we can do for ourselves and our children!

What happens during the children's time and how will parents be involved?

The children participate in activities in the classroom while moms, dads or caregivers participate in the discussion. The Early Childhood Educator prepares the room and activities gauged for the children's ages. Both teacher-led and child-initiated activities are planned. In some classes parents take turns working with the teacher in the classroom. This provides an opportunity for parents to observe children's time and how their child responds. It also provides an opportunity to learn more about children's development and behavior. It's a chance to get involved and have fun!

Toddlers - Moving and Exploring | age 12-24 months

Your child wants to experience everything — to build and knock down, empty, pull apart, feel, twist, squeeze and move quickly from one activity to the next! How do you keep up, keep them safe, and still allow them to explore and learn? Play with your toddler in a room geared for them. Then, meet with other parents and a Parent Educator to talk and learn together. Topics may include development, temperament, setting limits, communicating with your partner about parenting, observing and reflecting on development. Discussion will be in the room with the children.

**Children’s Challenging Behavior
- Maneuvering the Pitfalls, Experiencing the Joy**

Children’s behavior can be challenging. Are you feeling stuck reacting to children’s behavior in the same way, without the results you’d like? Are there some techniques and better ways to try? Explore this important topic with Paula Donnelly and other parents. She’ll share a model for thinking about behavior that’s much like driving a car... only this is the behavior car. How you respond can help children learn cooperation and positive behavior. Join us for a fun evening of learning, laughing, gaining skills and insights on children’s behavior. Paula holds a Masters degree and has worked in ECFE as a Parent Educator, home visitor and behavior specialist for 25+ years. Childcare provided for a fee; please pre-register.

BIG... building better behaviors for success in school, childcare and at home

BIG is an intervention and prevention program for preschoolers who are at risk of losing their childcare or preschool placement because of negative behaviors. BIG works with parents, teachers and childcare providers to build positive behavior skills. BIG is a **Behavior Intervention Group** including educators, emotional health professionals and specialists to coordinate expertise and resources for success. If you are interested in BIG, call the ECFE office at 763-241-3524. BIG is funded by ISD 728 Family and Children’s Collaborative, a part of Wright County Family Services Collaborative.

“ECFE On Wheels” Home Visits

A program that comes to you and is designed “just for you.” The program features visits to your home, or one-to-one visits at the ECFE center. Visits provide ideas for creative, fun, age appropriate activities, as well as time to discuss children, family, ideas on child development, parenting and community resources. Call the ECFE office at 763-241-3524. There is no fee for home visits.

**With a special Thank You to
Lynne Kopitzke...**

Thank you Lynne for your many years of welcoming families to ECFE and for your work with ECFE. In that time, ECFE, Discovery Learning and Early Childhood Screening grew immensely and served many families. We wish her well in her new position in the school district.

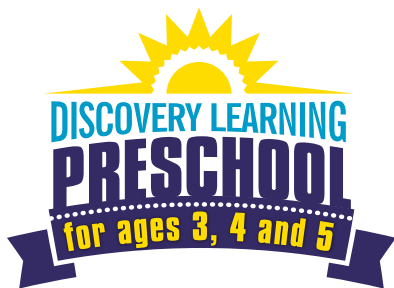

Thank you!!!

- To our ECFE/SR Advisory Council for organizing two very successful events – the Family Fun Run in October and the Valentine’s Carnival in February! Next up is the ECFE Youth Sale on April 18th at the Elk River High School.
- To families and businesses for the generous donations to our Carnival basket fundraiser and as event sponsors.
- To families and businesses for sponsoring the Grand Opening, Family Fun Run and drawing.
- To all who attended the Grand Opening, Fun Run and Carnival. We hope you had lots of fun and that you’ll be back for classes and activities.
- To our volunteers from RSVP, schools, youth groups, churches and the community. We can’t run the Family Fun Run and the Carnival without you.
- Special Thanks to Jolene Jorgensen, former school board member. Jolene was a great supporter of early childhood programs and attended many of the ECFE Advisory Council meetings as the representative from the School Board.
- Also a big Thank You to Beth Bode, Advisory Council member from 2011 until the fall of 2015. Beth was instrumental in organizing many of the Council events, especially the Annual Fun Run and she was active in all aspects of the Council’s work as she was a member of the Council’s Leadership Team.
- Welcome to Jamie Plantenberg-Selbitschka. Jamie is newly elected to the School Board and she will be the School Board representative on the ECFE/SR Advisory Council.

ECFE DISCOVERY LEARNING PRESCHOOL

Discovery Learning Preschool...an ISD 728 Early Childhood Program

Choosing the right preschool program is essential for giving your child the tools needed to be successful in school and in life. Discovery Learning Preschool, offered through District 728 Early Childhood Family Education, is a highly recognized and sought-after program with a **4-star rating from Parent Aware**; an independent nonprofit organization of Minnesota business and community leaders using private sector strategies to improve school readiness. A 4-star rating is an indicator a program is using the practices that best prepare children for Kindergarten. Discovery Learning Preschool offers professionally trained, caring teachers, customized preschool experiences for your child in a safe and fun environment and as part of the school district, the program has access to the district's resources. Conveniently offered in Elk River, Rogers and Zimmerman with a variety of daytime and evening programming, Discovery Learning Preschool is sure to fit your child's needs.

Unparalleled Results

With unmatched programming in the state of Minnesota, ISD 728 Discovery Learning Preschool is seeing unprecedented results with its customized classroom experiences. During the spring of 2014, four year olds were tested and compared to their peers across the state. The results speak for themselves; our program is successful and prepares your child for a successful K-12 experience and provides the tools needed to become a fluent reader by grade three.

Comprehensive Curriculums Embedded in Each Class

Discovery Learning Preschool has revolutionized its curriculum and embedded core fundamentals in each of its classrooms. Overall opportunities for learning are provided through individual and group times. Literacy, mathematics, science, social studies, the arts, technology and process skills are part of the program curriculum, all while having FUN!

Creative Curriculum: Focusing on the 50 key components of how children learn, Creative Curriculum uses the learning environment and the different areas of development including social-emotional, cognitive, math, literacy and language.

Real Math Curriculum: A research-based curriculum that includes a computer used in the classroom and at home.

EZ Write Handwriting Curriculum: This handwriting curriculum matches the ISD 728 K-5 program to ensure continuity upon Kindergarten entry.

High Five Social Emotional Curriculum: High Five centers on supporting children and families by building social-emotional skills for life for all children. High Five provides support and development of new skills when there are behavior concerns.

Minnesota Reading Corps Curriculum: Minnesota Reading Corps staff work within the classroom where specific reading skills are assessed and taught throughout the year. One-on-one and small group activities are built into the student's day.

LANA Nutrition Curriculum: This curriculum concentrates on serving healthy snacks, introducing nutritional choices and recognizing children with allergies and diet alterations by adjusting snacks to meet their needs.

Parent Education and Involvement

Core to our program is parent education. A professional and highly trained Parent Educator is assigned to each classroom. The Parent Ed component focuses on not just the child's experience in preschool, but the family as a whole.

Discovery Learning Preschool...the right choice for you and your child

Your child will grow and achieve academically, emotionally, socially and physically toward kindergarten while attending Discovery Learning Preschool. For more information, log onto our website at www.728communityed.com or call Early Childhood Family Education at 763-241-3524.

Discovery Learning Childcare

Community Education is offering child care services to extend your child's experience with their Discovery Learning classes. Childcare is available for eligible classes in block times before and after your child's preschool class to help accommodate your needs.

When registering, you will pick the block times needed for each day and only pay for the blocks you use. You do not need to schedule blocks for the time your child is participating in Discovery Learning classes. Your schedule can vary week to week. Block registration is due on Monday the week prior to attendance. This program is eligible for county assistance.

With over 23 years of successful extended day childcare experience, we provide a quality program that complements the Discovery Learning program curriculum. Each day participating students will be escorted between our child care program and the Discovery Learning classroom by our high quality staff. Snacks will be provided in the morning and afternoon. Students will need to bring a lunch each day they attend Block C.

Please note: The extended day options apply only to the daytime Discovery Learning for 4's and 5's classes offered at the Handke Center. (See the eligible classes with the * on the previous page.)

If you have additional questions about the Discovery Learning Extended Preschool Program, please contact Wendy at 763 241-3400 X5528. To register for these child care options, please use this link to set up an account that will allow you to register for block times: <http://tinyurl.com/m6z4hmf>

What is Early Childhood Screening?

Early Childhood Screening is an opportunity for children and their parents to participate in a health and developmental screening after their third birthday. State law requires screening for all children entering public school Kindergarten, ideally at age 3.

Who Needs to be Screened?

All children living in District 728 who are 3, 4, or 5 years old and are not currently enrolled in Kindergarten NEED to participate in this FREE screening program before entering Kindergarten, or have an equivalent screening from a doctor. Children who attend Head Start or Early Childhood Special Education Services programs may not have to participate in Early Childhood Screening.

Reasons to Screen at Age 3

- Screening assists your child to be ready for Kindergarten.
- Health and developmental problems or concerns can be identified earlier and help provided sooner; families may be referred to community health and educational services including School Readiness and ECFE.
- Screening is free, easy and good for your child.

Early Childhood Screening Includes:

- Immunization records
- Hearing and vision
- Speech and developmental screening
- Height and weight
- Summary interview with parents

What Happens During Screening?

The parent attends the entire screening process with their child. Your child will have a developmental progress review by a speech/language clinician. A review of your child's vision, hearing, height, weight and immunization history will be conducted by one of our health professionals. The parent/s will then participate in a family factors interview to review the screening process and talk about any concerns they may have.

Is the Program Required?

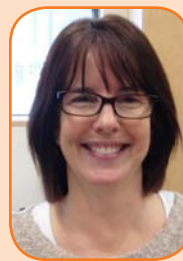

Yes. Minnesota state law requires that your child must be screened for enrollment in a public school. Children are not permitted to enter public school without having Early Childhood Screening and up-to-date immunizations. *If you are planning to send your child to private or home school, the screening is not required by law, however, we still encourage you to participate. This is a wonderful opportunity for you to find out how your child is developing.*

How do I Schedule an Appointment for my Child?

Invitations to Early Childhood Screening were mailed to families with children turning 4 years old prior to August 1, 2014. If you did not receive an invitation, scheduling an appointment is easy! Screenings are done throughout the school year at the Handke Center. Some evening and Saturday appointments are available along with times during the week. Just contact the screening office at 763-241-3525 with questions or to schedule an appointment.

Meet our office staff...

When you call, email or walk in the door, you will be greeted by one of our friendly and helpful clerical staff members. They are happy to help answer your questions and give you the information you need!

Judy Larson

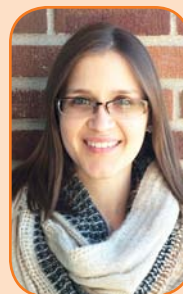

Judy is the ECFE Senior Secretary at the Handke Center in Elk River. She knows the district and community well and comes to us from Rogers Elementary. *"I look forward to serving the staff and families at ECFE and am enjoying my position so much already! I see my role as being unique as I may be the first contact many of these families have in our district."*

Laura Drwoll

Laura is the Clerk/Health Clerk at Rogers ECFE. Laura has coordinated screening appointments and been a welcoming face at ECFE for several years. Now you'll see her most days at Rogers ECFE. *"I love working at our new ECFE location in Rogers! It's exciting to have our own space and to see the children and parents enjoying it everyday."*

Erin Sweet

Erin is a clerk for Community Education and you may have seen her at our Rogers or Handke sites. You'll also see her at many events and providing support to our Advisory Council. In addition to her work in ECFE, Erin has many responsibilities with the myriad of Community Ed programs. *"I love that my job allows me to assist people of all ages and from all walks of life. I share in the District's belief that 'all people have value' and I am energized by the many ways in which my job enables me to witness that value daily."*

If you need to cancel from a class, we will pro-rate the fee and issue a refund. There are no refunds for missed classes due to illness or due to inclement weather. Credits will be issued, if requested, for classes cancelled due to inclement weather.

Parent Participation

Parents (moms, dads or both) must accompany and participate in the classroom with the child and discussion with other parents for all ECFE Parent/Child classes. Grandparents or other caregivers may participate in classes, however parents must give permission. Permission slips are not required for Drop-In Play or one-time events. Information on volunteer opportunities will be available at classes. Parents will be asked for donations of consumable and snack items to be used for classes.

Immunizations Required

Minnesota laws require that all children be immunized before entering school. Up-to-date immunizations must be submitted to ECFE before your child attends classes. Please enclose a copy of your child's record with your registration, pick up a form in the ECFE/SR office or on the ECFE website.

Special Needs

We welcome persons of all abilities to participate in our classes and activities. If any special accommodations are needed, please let us know at the time you register. We are not able to provide transportation to classes.

Child Care during ECFE

Child care for siblings is provided during ECFE classes. We cannot accommodate other children in your care. Registration for child care should be completed at the same time as class registration. To request childcare on a one-time basis, you must call to check availability at least one day prior to the class. Children must be at least 6 weeks old to be eligible for childcare; prior to 6 weeks of age infants may accompany parents to class discussions. Children 6 weeks to 3 months may accompany parents to discussions, or they may attend childcare. At 3 months of age, children must attend childcare.

Fees for child care:

- Infants \$4 per hour
- Toddlers \$3.25 per hour
- Preschoolers \$3 per hour
- Additional children \$2.50 per hour
- Child Care on a one-time basis \$5 per hour

Child care fee may be divided into payments. The sliding fee scale and fee reductions, waivers and payment plans will apply for child care also. Call 763.241.3400 ext 5528 for more information.

Fees too expensive?

No one will be denied participation in ECFE programs because of inability to pay. Please call our office to ask questions, make payment plan arrangements, or to have fees reduced or waived.

EXTENDED DAY PROGRAMS

EDVENTURE CLUB-SUMMER | GR K-5

EdVenture Club-Summer 2015 | Grades K-5

EdVenture Club Summer

What is EdVenture Club-Summer?

EdVenture Club-Summer is an exciting and engaging summer camp program for students who have completed Kindergarten through fifth grade by June 2015. EdVenture Club-Summer, in its 23rd year, provides weekly mini-camps five days a week throughout the summer months and is conveniently located at Hassan, Otsego, Parker, Rogers, Twin Lakes and Westwood Elementary Schools. EdVenture Club-Summer features both full-time and part-time options. Full-time allows your child to attend our program five days a week from 6:00am to 6:00pm. Part-time allows you to plan your child's care around your schedule. Youth will experience fun projects, hands-on learning, a weekly field trip and recreational activities while strengthening relationships in a structured, caring environment.

Are field trips included with EdVenture Club-Summer?

EdVenture Club-Summer provides weekly field trips throughout the summer. All students are automatically enrolled in weekly field trips if they are scheduled to attend EdVenture Club-Summer on the day of the field trip. Families not wanting to participate in a field trip can register their student to attend another site not going on a field trip for that day. Targeted Services students will not attend field trips as trip times conflict with class times.

What are some examples of field trips you take?

- Waterpark of America • Cinema Grill • Edina Waterpark
- Bunker Beach • Cheap Skate • Summerland

How much does EdVenture Club-Summer cost?

Full-time	Part-time	Part-time
Mon-Fri, 6am-6pm	Mon-Fri, < 6 hrs/day	Mon-Fri, > 6 hrs/day
Weekly Rate: \$140	Daily Rate: \$23	Daily Rate: \$34

Are any discounts offered?

Families that schedule the entire summer, attend a minimum of 9 weeks and pay for the entire summer by credit card, will receive a 10% discount on the total summer cost. The 10% discount will be processed during the last week of the program by refund to original form of payment. Be sure to check out the EdVenture Club-Summer registration flyer for this coupon!

EdVenture Club-Summer starts on June 8, 2015!

How do I register for EdVenture Club-Summer?

EdVenture Club-Summer registration is available on-line at <http://tinyurl.com/edvonline>. After receipt of your registration, additional materials will be mailed to you. You can also register at the Community Education office which is located at 1170 Main Street in Elk River.

The first week payment of EdVenture Club-Summer is due upon registration. Once enrolled, payments are due 6pm on Mondays prior to the week attending; some exceptions may apply. Register early. It is possible that a site may fill up. Registration deadline for the first week of summer is Monday, May 18.

American Red Cross Swimming Lesson Curriculum

The American Red Cross Swimming and Water Safety program teaches people how to be safe in, on or around water and teaches individuals of different ages and abilities how to swim. In a logical progression, the program covers the knowledge and skills needed for aquatic skill development. As participants develop these skills, they will become safer and better swimmers.

Please see our website for additional information about each level to determine which level your child should be enrolled in. Signing up for a level above or below ability will only cause frustration for the student and class. Students who are in the incorrect level will not be allowed to participate unless space is available in an appropriate class.

For more information about stroke requirements for each level go to www.728communityed.com.

Discover SCUBA Diving | age 10+

There is nothing like breathing underwater for the very first time. It takes a little getting used to, but after a few minutes of awestruck wonder, most people realize how easy scuba diving really is. The biggest challenge instructors have with the Discover SCUBA Diving program is not coaxing participants into the water, but coaxing them out when the program is over. The fun part? All of it! Waiver required at check-in.

Effective January 1, 2015, drivers under the age of 18 who complete Behind-the-Wheel instruction and are testing for a provisional driver's license must submit a driving log. Parents/guardians have two options regarding the supervised driving log:

- Complete a supplemental parent class provided by a driver education program approved in Minnesota, and submit a supervised driving log showing their teen has completed at least 40 hours of supervised driving, 15 of which are nighttime hours;
- OR**
- If the parent/guardian chooses not to complete the supplemental parent class, the driving log must show that their teen has completed at least 50 hours of supervised driving, 15 of which are night time hours.

ZAP the ACT | grades 11-12

Students will learn strategies for improving scores in all four sub tests by getting suggestions for individualized study and taking shortened practice tests that mirror the actual testing experience. Seminars are carefully designed to help students do their personal best on the ACT. From past experience, students who take this workshop score higher on the ACT. This year the ACT test will be administered to all juniors during school on Apr 28. Students should bring a calculator and two pencils to class. A study guide and practice test workouts are included with fee.

ROGERS RECREATION

LEARN-TO-SKATE

Gloves, jacket and helmet are required for beginner classes and recommended for everyone.

Learn-to-Skate | age 3-adult

We offer a wide variety of skating levels for all ages, including beginner and novice skating, USA Hockey skills and our newest offering—Intro to Figure Skating. Each program is designed and structured using USFSA and USA Hockey basic skill techniques. This program prepares you to move onto other levels of skating including prep hockey, figure skating, or just recreational fun. Register using MasterCard/Visa/Discover through ISD 728 Community Education website at www.728communityed.com, or by phone at 763-241-3520. Registration deadline for all classes is one week prior to start of class. Unfortunately, no pro-rating of fee for missed classes and no refunds once session starts, except for extenuating circumstances.

All classes are taught by sanctioned instructors over the course of six weeks and are held at the Rogers Activity Center. Rental skates are available for \$2/pair weekly, and helmets are available for \$1. Helmets are required for ages 3-6, hockey classes and are recommended for all new skaters. No double-blade skates allowed, nor are parents allowed on ice during lesson times. Exceptions must be approved by skate director.

It is common for children to repeat a level before advancing to the next level. Attendance is important to learn new skills that build on previous classes. Please arrive 20 minutes early the first day of class to pick up name badge and general information. <http://rogersmn.gov/rec-programs/1469-learn-to-skate> or call 763-428-0975 for complete details or questions. Please check skates to ensure sharp edges as this will make it easier to skate; skate sharpening available at the arena.

The City of Rogers has a
NEW website: rogersmn.gov

Beginner Snowplow Sam Program | age 3-5

This level is for new skaters who have rarely or never been on skates. It is designed to help the pre-school skater develop preliminary coordination and strength necessary to move on ice. Gloves/jacket/warm pants and a bike or hockey helmet are required.

- **Snowplow Sam 1:** Designed for skaters with no experience; introduces how to stand, sit, fall and get up on and off the ice, marching, dipping and beginning glides.
- **Snowplow Sam 2:** For skaters able to move along ice, dipping and gliding. Builds on backward wiggles and forward two-foot swizzles.
- **Snowplow Sam 3:** Skater should be able to move freely on skates with steadiness. Program focuses on pushing and balance while moving forward and backward in swizzles, glides, snowplow stops with skid action.

Basic Skills Program | age 6+

This program is divided into carefully planned levels to progress the skater from basic to advanced ice skating skills. Levels 1-3 are great for all beginning/novice skaters. Beyond Level 3, focus is on figure skating techniques and use of toe pick. Gloves/jacket and a helmet are required for beginner classes and recommended for everyone.

- **Basic 1:** Designed for new skaters with little or no skating experience; covers basic balance and movement through marching, swizzles, wiggles, glides, and snowplow stops.
- **Basic 2:** For beginner skaters with some skating experience; focuses on glides, backward skating, two-foot turns from front to back and moving stops.
- **Basic 3:** Designed for skaters who have basic experience being on skates. Students will learn basic fundamental moves through a series of progression—forward/backward skating, stops, edges, crossovers and more.

Intro to Figure Skating | age 6+

- **Basic 4+:** Designed for experienced skaters who wish to continue in figure skating techniques. Skill sets include forward/backward glides, stroking, two-foot turns and spins, edges, crossovers and more. Must have passed Basic 3.

These upper class levels have limited availability. Please inquire for alternate options if unavailable or cancelled.

*These programs are brought to you directly by Rogers Parks and Recreation. Call 763-428-0975 for additional program information or online at <http://rogersmn.gov/rec-programs>

ROGERS RECREATION LEARN-TO-SKATE

Hockey Prep Basics | age 4+

This program uses guidelines of USFSA and USA Hockey learn-to-skate techniques. The Hockey Prep classes are for the beginner to the slightly advanced skater and teach the basic skating skills needed to play hockey. They focus on skating and introduce sticks and pucks; sticks will be introduced by the third week, pending abilities. Helmets, shin guards, hockey gloves and stick are required; other protective gear is recommended. Instructors will group the skaters based on ability at the first class. This program allows for flexibility to deviate from skill-sets to focus on skills needed by ability of skaters. Class is 60 minutes and uses stations or small groups based on the number of skaters and abilities, with some free time. All skaters will be assessed first week and put into the correct skill level.

Hockey Prep Jr. | age 4-6

Designed for beginning skaters who want to play hockey but have little skating ability, yet are able to stand and march on skates. If child cannot balance and march on skates, it is recommended that they enroll in one of the Snowplow Sam classes prior to participating in Hockey Prep Jr. Skaters younger than 6 can participate in other prep levels providing they have the ability to keep up with the class.

Hockey Prep Basic | age 7+

- **Beginner level:** Covers the basic beginning format of skating including stance, quick get up from falls, forward skating, dips, snowplow stop, scooter/T-pushes and proper stick holding.
- **Advanced beginner:** Focuses on glide turns, proper way to hold stick, backward skating, stopping and some stick/puck handling.
- **Advanced skaters:** For skaters ready for crossovers and other more challenging skills such as quick stop and starts, crossovers, c-cuts, one-foot pushes and glides on circles, mohawks, hockey stop, and stick/puck handling drills. Great class for those who have played before, but need to work on their skating skills.

Visit <http://rogersmn.gov/rec-programs/1469-learn-to-skate> or call 763-428-0795 for complete details or questions regarding our skating programs.

Snowplow Sam and Beginning Basic classes are 30 minutes instruction (includes on/off ice time); helmets required. Hockey classes are 45 minutes instruction and 15 minutes free time; helmets, gloves, shin guards and sticks required. Hockey program focuses on skating and introduces sticks and development.

More than half of the players on the 1980 U.S. Olympic "Miracle On Ice" men's team were born in Minnesota.

*Step to it Challenge | all ages

Do you have a competitive spirit? Do you want a fun and easy way to get in shape this spring? Then the four-week "Step to it Challenge" is for you! Best of all, it's free! It is simple, fun and a light-hearted way to connect with family, friends, neighbors and get moving again after a long winter. Twenty-three communities will compete to see which one has the most active residents. Participants from each city will have a chance to be honored by Hennepin County and the Minnesota Twins at a Twins home game during the 2015 season.

As a participant, you will keep an ongoing total of the steps you take during the challenge. Using an activity conversion chart at www.steptoit.org, other activities such as biking, walking, skateboarding, Tai Chi or even just mowing the lawn or vacuuming can count toward overall steps. Everything is at your own pace and recording can be done through the Step to It web site, called in or faxed. Registration begins Apr 1 at the Step to it Challenge website at www.steptoit.org, or contact Cherie at 763-428-0975. Challenge dates are May 3-30.

*Adult Softball Leagues

Registration is open for the 2015 softball season for Men's Class D/E and Co-Rec Class C. Men's leagues are on Monday and Tuesday nights; Co-Rec will run on Sunday evenings. New this year – all leagues will be sanctioned and governed under ASA rules with some house rule exceptions. All games are double-headers and will be played at North Community Park (NCP) and Lynch Park in Rogers. Tentative start date is the week of Apr 26. Check our website at <http://rogersmn.gov/rec-programs> for complete information, registration forms and updates on team availability. Registration deadline is Apr 11. Registration form with \$300 down payment must be submitted to assure your spot. Questions, call 763-428-0975.

Men's Class D/E | \$825/team
Co-Rec Class C | \$825/team

*Rogers' Farmers' Market

Rogers' Farmers' Market will soon be up and running. There will be approximately 20 vendors (farmers, growers, artists, crafters and select Rogers businesses) emphasizing diversity, quality and freshness. Our market encourages community participation and support of our local food system. Featuring live music and a rotating community booth, this is the local foods event in Rogers you don't want to miss! Visit our website at <http://rogersmn.gov/farmers-market> for updated information and vendor applications beginning in April. Located near the Veteran's Memorial/Triangle Park Community Gardens.
