*SUMMER INSTITUTE*

*2012*

---

*George Frey and Sue Bevan*

Welcome to the Division of Professional Development, College of Education and Human Services, Wright State University. The Division began offering quality professional development and continuing education courses for area school districts, educators and human service professionals in the summer of 1984. Over the past nearly 28 years literally thousands of educators have taken advantage of our workshops. We offered our first Advanced Placement\* Summer Institute (APSI) in 2006 and we continue the tradition of excellence with this years offerings. We would love to count you as one of our satisfied customers.

We are pleased again this year to have the Dayton Regional STEM School (DRSS) as our hosts. The DRSS mission is 'to prepare students with the skills necessary to compete in the global economy while nurturing in our young people the same enthusiasm for discovery, invention and application that launched the vision for powered flight.' DRSS moved into a new facility this year and we look forward to sharing their unique space with you.

Thank you for taking a few minutes to look at this summers offerings. If you have any questions or would like to make suggestions for next years workshops, please do not hesitate to contact us.

*The College of Education & Human Services is accredited by The National Council for Accreditation of Teacher Education (NCATE), The Council for Accreditation of Counseling & Related Educational Programs (CACREP), The Council on Rehabilitation Education (CORE), and The Commission on Accreditation of Athletic Training Education (CAATE). In addition, Wright State University's Department of Counseling and Human Services is an approved provider by the State of Ohio Counselor, Social Worker & Marriage & Family Therapist Board. All classes with the CNL designation are approved for renewal of professional counselor and professional clinical counselor licenses. The Division of Professional Development is an approved provider of The College Board's Advanced Placement\* Summer Workshops.*

# AP English Literature and Composition

June 25 - 29, 2012  
8:30 AM to 4:00 PM  
Dayton Regional STEM School

***Dr. Rebecca Daniel, Consultant***

AP English Literature and Composition is designed for teachers who have never taught in this program. It can also be beneficial to teachers who have had some experience teaching AP classes but who would like ideas for new instructional strategies, and for teachers working with honors classes that students take as prerequisites to AP classes. Participants will work in two roles during the institute: (1) as teachers to develop techniques and curriculum appropriate for Advanced Placement students and (2) as students to stimulate their own thinking processes. Participants will receive numerous text books and teaching materials.

Dr. Rebecca Daniel is an experienced AP English Literature/Language and Composition teacher and College Board certified consultant. Her doctoral studies focused on how to establish authentic voice in response to literature for Advanced Placement English students. She was an AP Lit Exam reader for fourteen years, has written materials for College Board publications, has done multiple presentations at the College Board's Advanced Placement National Conference, and participates in the College Board Coaching/Mentoring program. Following instruction in teacher institutes, she offers ongoing contact via e-mail as participants work to implement strategies developed during the sessions. She is a proud West Virginian. Becky has been with Wright State University's Advanced Placement Summer Institute each year since 2006.

## Participant comments:

"Becky is a phenomenal consultant and an asset to College Board."

"Dr. Daniel's knowledge-base offers much in terms of providing varied, practical research-based methods which I am looking forward to using."

"The diversity of strategies is what I found specifically valuable."

"This instructor is EXCELLENT!"

"The total experience was positive and empowering."

---

This AP Summer Institute has been endorsed by

Wright State University and the College of Education and Human Services is proud to partner with the College Board in presenting these workshops. The College Board seeks to ensure that every student in the United States has access to a high-quality education and is prepared to succeed in college. Their College Readiness initiatives promote curricula, assessment tools, district and guidance resources that help K-12 students prepare for the academic rigors of higher education. Through Advanced Placement® college-level courses and exams, high-school students can earn college credit and advanced placement, and learn from some of the most skilled, dedicated and inspiring teachers in the world. **Teachers like you!**

## AP BIOLOGY

July 24 - 27 (Tuesday-Friday), 2012

8:00 AM to 4:30 PM

Dayton Regional STEM School

***Mr. Jim Smanik, Consultant***

Participants in the AP Biology AP Summer Institute will have the opportunity to perform and or review all of the new labs in the New AP Biology Lab Manual. We will also discuss how to tweak your labs to make them student driven so you may continue to use them. We will share best practices and hints on what works in the AP Biology classroom to improve student achievement. We will discuss how to institute the changes for the new course and I will share my approach to teaching AP Biology in detail – including an emphasis on student modeling their understanding. During the week will discuss textbooks, syllabi, the 2012 exam FRQ's and rubrics, equipment and other details of the course. We will examine the newly released sample exam with a focus on what is similar and different and how this impacts how we teach. We will review any tools that will be made available by the College Board to support us in the classroom as we transition into the new course. Please bring a copy of your textbook and your current syllabus if you are teaching AP Biology. It is my intention to spend **at least** one half day developing your syllabus, but may increase this block of time if participants wish this to be a focus. You will utilize a four function calculator and some participants have found it useful to photograph lab setups. A lap top for note taking and use in internet activities is recommended. I will email you suggesting documents to download so we can use them during this week as well as details concerning the AP Summer Institute as they evolve. Traditionally, participants receive several text books and materials donated by supply companies.

Mr. Smanik is a national board certified science teacher and coach at Sycamore High School in Cincinnati, Ohio. He has 25 years of teaching experience, 15 as an AP Biology instructor. He has experience teaching all levels of Biology as well as physics, chemistry, anatomy and physiology, and earth science. He was the head cross country coach and track coach for 10 years and has coached basketball at all levels for 23 years. Jim has been an AP Biology reader for 13 years, approximately 8 of those as a Table Leader. He has been a consultant for the College Board since 2000 during which he has presented over 20 one day workshops, over 20 week long APSI's , piloted labs for the redesigned AP Biology lab manual as well as for the new AP Biology lab kits for Carolina. Jim is presently working on AP innovations and Professional development review for the College Board. Jim is completing his first year as a member of the Developmental Committee (DC) (formally called test development) for the New AP Biology exam. He lives in Maineville, OH with his wife Susan and two daughters Lauren and Katie. This will be Jim's third APSI with Wright State University.

### Participant comments:

"Jim Smanik was awesome!"

"Excellent, productive week."

"Presenter did an outstanding job of familiarizing us with everything without overwhelming us or going too slow."

"Jim did a great job of stimulating interest, pacing, sharing insight and was extremely attentive to all our needs."

"Excellent job at preparing us for critical problems."

**COST:** \$500.00 per course

The cost includes all materials, textbooks, workbooks, supplies. Meals on own your own. Several restaurants are nearby.

**CREDIT:** 3 Hours of graduate quarter credits are available from Wright State University for an additional \$489.00 per course. Participants will be expected to complete out-of-class assignments to satisfy credit requirements. If you are taking the course for credit please fill out the Registration Form *and* the Special Graduate Application Form.

**OUT-OF-STATE:** Out of state tuition is an additional \$237.00.

**NON-CREDIT:** Each course qualifies as 30 non-credit clock hours equal to 3 C.E.U's. Participants will not have to complete out-of-class assignments. You will be awarded a certificate of completion verifying the in class clock hours. Please fill out the Registration Form only.

**CANCELLATIONS:** DPD reserves the right to cancel workshops due to low enrollment. PLEASE REGISTER EARLY. In the event of a cancellation you will be notified no later than two weeks prior to the first day of the workshop and you will receive a 100% refund.

**REFUNDS:** To drop a class you must notify DPD a week in advance or you will be charged a \$75.00 fee. If you drop prior to the start of the second class meeting you will receive a 70% refund. No refunds are given after the second class meeting. Refund requests must be made in writing and directed to DPD.

**HOUSING:** Housing is not available on campus. We suggest the Homewood Suites which is a 10 minute drive to the STEM School. They provide breakfast and a Manager's Reception light meal daily and have kitchens in the room. You must make your own arrangements with the Homewood Suites. Please mention Wright State University.

Homewood Suites  
2750 Presidential Dr Fairborn, OH 45324  
(937) 429-0600

We also suggest the Holiday Inn Fairborn which is a 10 minute drive to the STEM School. You may choose to eat at the hotel's excellent restaurant or choose from a wide variety of nearby area restaurants. You must make your own arrangements with Holiday Inn. Please mention Wright State University.

Holiday Inn Dayton/Fairborn  
2800 Presidential Dr Fairborn, OH 45324  
(937) 426-7800

Go approx. 1.5 miles.  
The Dayton Regional STEM School will be on your left.

In addition to our annual Advanced Placement\* Summer Institute, the Division of Professional Development (DPD) would like to remind you of our current and ongoing professional development opportunities. Please visit [www.cehs.wright.edu/dpd](http://www.cehs.wright.edu/dpd) and click on “download catalog” for the current workshops.

DPD’s mission is to provide quality professional development workshops that are innovative, current, appropriate and useful for area school districts, educators and human service professionals. DPD realizes its mission through:

- **Quarterly weekend and on-line workshops.** Unique to our programs, participants may choose to receive credit or non-credit CEU’s for each workshop as listed in the catalog.
- **In-Service, reduced tuition workshops.** Recognizing that individual schools and districts routinely provide professional development for their employees, schools/districts can partner with DPD to provide credit. In that the instructors of record are paid by the institution providing the professional development, Wright State University is able to certify credit to the individual participants at a significantly reduced rate.
- **Special topic workshops.** In many cases we are able to engage a consultant/instructor who will develop a program specifically to meet your need. Our consultants/instructors are continually updating their courses to insure that they are current, research based, and that they meet the educational needs of area educators and counselors.
