## Ex-CIA Officer Reveals Spy Escape and Evasion Tactics

Spy Escape and Evasion, an ABC Shark Tank-featured business and course was created by ex-CIA officer Jason Hanson to help people learn critical survival tactics and spy techniques that can keep individuals safe in any situation and perhaps even save their lives.

“What Jason Hanson has done with Spy Escape and Evasion is create a jam-packed course of survival and spy tactics that most people never even knew were possible. These tactics can mean the difference between safety and harm and even life and death,” says Michaels, a course reviewer.

Jason Hanson created the Spy Escape and Evasion course to empower everyday Americans with the knowledge and survival skills he learned during his time as a CIA officer. The course teaches hundreds of practical tips and strategies to avoid and escape dangerous people and situations, learn how to read body language, and how to become a human lie detector.

A few of the practical survival skills taught in the course include how to escape from zip ties, how to hotwire a car, secrets to picking locks, how to disappear without a trace, how to create an Escape and Evasion kit, how to avoid becoming a victim of a home invasion, and much more. As a limited-time offer, Jason Hanson is offering his

course for just \$597, which is a fraction of the \$2,500 that he regularly charges for information included in the course.

“The information in this course is applicable to virtually everyone in any life circumstance,” says Michaels. “It’s not just for people who deal with high-risk situations on a daily basis. From stay-at-home moms who want to be prepared in case of a home invasion, or international businessmen who want to stay safe from pickpockets and muggers abroad, they’ll find empowering, practical strategies in this course.”

The personal success stories are endless, and more people each day are discovering how they can feel safe, calm, and empowered in any circumstance with the skills and knowledge Jason Hanson has given them.

## Survival Skills

## How Jackie Green Went From Home-based Baker to Store Owner

Visionary Jackie Green is the owner of Sweet Cheeks, Inc., “Heavenly Baked Goods™.” Because she is passionate about baking the highest quality, deliciously moist, baked goods, her products are free of preservatives, hydrogenated oils, fillers, and shortcut ingredients. Jackie bakes specialty cakes, southern style pies, and mouth-watering pastries reminiscent of her youth, just like her grandma used to make: from scratch, with love!

She started her business right in her personal North Carolina kitchen as a ServSafe Certified, licensed, at-home baker. Yet, she learned the art of southern baking while growing up in South Carolina.

At the tender age of seven, her mother passed away, so she was raised by her grandmother and aunts who healed her broken heart through a love of baking. She spent hours in the kitchen, under their tutelage, learning old-fashioned baking techniques and specialties.

Once an adult, however, she built a successful career in management. Then, in the turmoil of a lay-off, she reconnected with her childhood passion: baking. Praying and pondering her next steps, Jackie’s love of baking and her grandmother’s recipes were the makings of Sweet Cheeks, Inc., “Heavenly Baked Goods™.”

Since the humble beginnings of Sweet Cheeks Bakery, Jackie has opened a store front, added services, and launched distribution of her products to local grocers, like Whole Foods Market.

Join Jackie in “How to Operate a Home-Based Bakery” and get started in your own home-baking career. Meanwhile, stop by Sweet Cheeks and try out Jackie’s famous butter pound cake. With each bite, you will be hooked on her fresh-baked goodness.

## The Adiel Martinez Story: From Fast Food Worker to Medical Biller

### The Struggle

When Adiel Martinez registered for Medical Billing I and II, he was a fast food restaurant worker. Having begun his fast food job at just 16, he worked his way up to assistant manager by age 21. Yet, his pay was barely enough to provide for himself, much less his wife and infant son.

### First Efforts

"I was working long, odd hours. I didn't see my family very much."

Realizing he needed a fresh start in a more lucrative career, he registered for a medical assistants program at a local community college, but the lengthy, expensive program was plagued with scheduling conflicts that made it impossible to complete.

### A Program that Worked

Upon finding the Medical Billing I and II program available through Vision Medical Billing Services, his hope was renewed. "I was very happy about the class schedule because I could fit it in," say Adiel. "The program was shorter and less expensive."

"Within a couple of weeks of entering her class, I updated my resume with the expected completion of the training on it, and started sending it out," says Adiel. Just six weeks into Medical Billing I and II, he landed a medical billing job!

**“My son is my inspiration. Looking at him just makes me want to do better.”**

**“I love my new profession. I no longer work at such a rushed pace..”**

## Mentorship After Course Completion

Since completing Medical Billing I and II, Adiel has found instructor Gwen Thompson to be a caring mentor. "Three weeks after starting my job, I ran into an issue in medical billing. I called Ms. Gwen for help and she walked me through what to do. She wants students to be knowledgeable, not clueless."

## His Life and Career Today

Today, Adiel enjoys the perks of white collar work. "I love my new profession. I no longer work at such a rushed pace. Instead, the atmosphere is calmer, and the standards of excellence are higher. Plus with much better pay, improved benefits, and an 8-5 schedule, I have more time for my son and can give him a richer quality life."

The stress of marrying young and struggling financially led to the dissolution of his marriage, but Adiel enjoys an amicable relationship with his ex-wife and is now able to offer her more financial security in rearing their child. "My son is my inspiration. Looking at him just makes me want to do better."

## What people are saying...

"I looked forward to each class knowing I would come away with needed information taught in a very enjoyable format. Miss Thompson's teaching ability assured me that I was given the skills and information needed for the next step in my career."

- Ann Steitz  
Medical Billing I & II

"Previously, I had taken a similar course. It gave book knowledge, but I needed more. Ms. Gwen exceeded in helping with everyday knowledge in the office."

- Deborah Henley

## Karate or TaeKwonDo —Which One is Right for You?

Martial arts classes offer excellent fitness opportunities for adults, improving flexibility, strength, and balance. They teach self-defense, build confidence, and encourage respect and discipline.

Both **Karate** and **TaeKwonDo** art forms are desirable, but selecting which one is right for you depends on what you hope to achieve.

### Beginnings

**Karate** began in Okinawa in 1609. When the Japanese invaded Okinawa, they confiscated all weapons, so Okinawans developed a self-defense strategy focused on striking, blocking, and kicking. With time, the fighting format was crafted into an art now recognized as Karate. It means “empty hand” which can be translated as fighting without weapons.

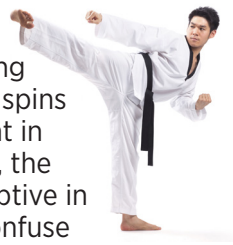

**TaeKwonDo** dates back to the 6th century when Korean hwarang warriors used the art form in hand-to-hand combat training. It was officially recognized in 1955 and means “way of the foot and fist.” In TaeKwonDo, kicks are paramount.

### Kicking

**Karate** uses both kicks and strikes, with a balanced incorporation of both. The focus is on self-defense as opposed to tournament fighting encouraged in TaeKwonDo.

Several kicks involving the incorporation of spins and jumps are taught in **TaeKwonDo**. As well, the kicks are often deceptive in nature in order to confuse the opponent and leave him or her open to an attack.

### Weapons

**Karate** introduces some weapons, such as nonchaku and bo staff.

**TaeKwonDo** involves few, if any, weapons. In fact, the inclusion of weapons often is a rarer specialty component of the curriculum.

### Tournaments

**Karate** includes tournaments, but the focus is on street self-defense.

**TaeKwonDo** is an Olympic sport, so there may be more formality because students are encouraged to spar based on Olympic rules.

As Spanish becomes more and more indispensable in daily life, Basic Spanish Made Easy for Real Life is an excellent course that facilitates your immersion in the Spanish language and that also helps you connect to Hispanic people. This course will prepare you to use Spanish in a variety of real-world settings at work, while traveling abroad, or when doing volunteer service in Hispanic communities. Part 1 covers chapters 1-3 in your textbook. Vocabulary topics in this part of the course include greetings, describing yourself to others, words and phrases useful for communicating in a classroom setting, numbers, and vocabulary for describing family activities and relationships. Grammar topics include nouns, pronouns, definite and indefinite articles, adjectives, regular and irregular verbs in the present tense.

### LL Comunidades: Mas alla del aula

Materials \$

Comunidades is a Spanish conversation course that seeks to improve your language fluency and to broaden your knowledge of the cultural diversity of the Spanish speaking world. This course will open doors for you. With the help and encouragement of your instructor, you will be challenged to find opportunities to work in the Hispanic community. Many Raleigh-Triangle organizations desperately need bilingual Spanish-speaking persons to help as volunteers or to serve in internship positions. When you accept work in the Hispanic community, you will have opportunities to develop your teamwork and leadership skills. You also likely will be rewarded with many chances to start lifelong friendships. Comunidades is the perfect course to put into use everything that you have learned in your study of Spanish.

### LL New Spanish Short Stories

Materials \$

In this course you will read and discuss selected literary classic short stories from prominent writers from Spain. The selections are presented in chronological order and include writings from the medieval tales of the 14th century to stories that were later written in the 20th century. The course uses a dual-language textbook that shows the stories in parallel in both English and Spanish on adjacent book pages. This special feature makes the reading assignments more enjoyable and easier to understand. In this course, you will learn about the lives of different writers, talk about the traits of main characters, discuss each story's setting and plot, and then explore the theme(s), and principle ideas in the stories. This course is recommended for intermediate and advanced learners.

### LL **New** Cats 101: Decoding the Fabulous, Fickle Feline

Cats have befuddled mere mortals for centuries. But unlike some puzzlers that may always persist, others do have an explanation. Like why they often head straight for that one guest who hates cats. (There is a reason!) Or why they drink from one bowl but not another. Need to coax a shy cat from a hiding place? Find out how, and learn why cat interaction benefits humans. Plus, hear about amazing, true stories of heroic cats and a real-life furry reaper. Karen Raines, lifelong cat owner and advocate, offers a glimpse at what goes on behind cats' luminous eyes. Gain a deeper understanding of cats from her lifetime of cat ownership, pet sitting, managing a visiting cat program, and caretaking of nursing home cats. Missing out on this fun foray into feline foibles would be purrfectly cat-astrophic! Register today!

## LL **New Planning for a Fun and Fulfilling Retirement**

“Winging it” in retirement takes away much of your power and puts you in a constant state of reaction. It also causes a lot of unnecessary stress. The alternative, however, is to be intentional and deliberate about your life beyond retirement. In this workshop, Life Coach Karin Cross guides you through various aspects of retirement life so that you can begin to clarify what you want and what actions can be taken now to move you in that direction. Retirement planning is much more than just financial planning. Retirement is a whole life experience. Join this workshop to learn how to define and create the life you want to live after you retire. Included is a simple tool that you’ll take home to continue your deliberate creating process.

## LL **New Inspiration for the Pursuit of Your Purpose in Life**

All this talk about purpose and passion these days has many people re-thinking what they are doing now and what they want to do next. Discovering your purpose is a matter of understanding your strengths and passions and how they can be combined to create meaning for you and impact for others. In this workshop, Life Coach Karin Cross guides your exploration of your passions and strengths and uses the power of “group-think” to help you then gain insight into how they can be combined to reveal your unique purpose in this life. This workshop is great for anyone seeking more meaning in their lives, a better sense of direction or simply insight into their life’s purpose. It is also great for anyone in the midst of job search or a career transition.

## LL **New Living in the Flow**

Ever feel like you’re paddling your canoe upstream? Imagine instead, a day in the flow, a day in which life is joyful, productive, rewarding and...easy. Joy and ease are your birth right, and you already have the power within you to create a life that far exceeds your wildest dreams. You just need some guidance and an understanding of the Seven Essential Universal Laws, which make easy living effortless.

In this 4-session workshop, Life Coach Karin Cross teaches the Seven Essential Universal Laws: the Law of Attraction, the Law of Deliberate Creation, the Law of Allowing, the Law of Sufficiency & Abundance, the Law of Pure Potentiality, the Law of Detachment, and the Law of Polarity. Then, through discussion and exercises, she helps you integrate these Laws into your own life so that you can begin to experience “living in the flow” even before the last class.

What people are saying...

“AI is amazing! I take a better photo now than I did before and have learned how to be more creative! I look forward to the next class. :-)”

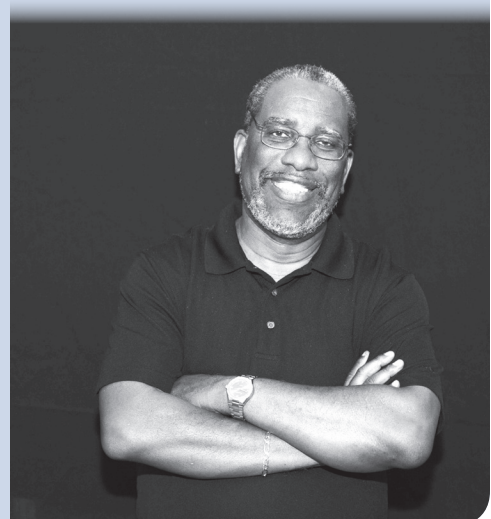

- Karen Reynolds  
Creative Camera I

**AI Gorham** has over 30 years experience in photography. Mainly self-taught, he acquired a passion in childhood while working in a darkroom with his father.

AI teaches for Wake Technical Community College as well as privately for small groups and individuals. He as well works professionally capturing wedding and family portraits and indulges in landscape photography as a hobby.

With a solid background in software design and a passion for taking pictures, digital photography became a perfect fit for him.

AI says, “Each student receives my lifetime support in the use of their cameras and Photoshop. I consider it a privilege and a joy to work with so many students. Many become close friends as we share all things photography.”

### What is Community Schools?

Community Schools, a section of Community Services of Wake County Public School System in the Communications Division, is dedicated to maximizing the use of public school buildings during non-school hours. Lifelong Learning with Community Schools provides local residents with courses and activities that are educational, recreational, cultural, civic-oriented or social, in nature. Most of the courses in this program are designed for all people, ages 16 and older; any exceptions are noted. The goal of Community Schools is to meet the needs of each individual community at the neighborhood level. A catalog containing Lifelong Learning with Community Schools courses is published three times a year.

# FAQS?

## Where is my class?

Room assignments for classes are posted visibly inside of the school on the first night of class. Site coordinators will greet and guide you. The schools open at 6:15 PM. Please arrive on campus after that time.

## What is the age for attendees?

Unless otherwise noted, the courses are normally for anyone 16 or older. Classes for younger people will state so in the description.

## Is childcare provided?

We regret that childcare is not available for the children of students of the Lifelong Learning program. Children and family members are not allowed on campus.

## Are Teacher Continuing Education Units (CEUs) available?

All Wake Tech Continuing Education Courses offer Continuing Education Units (CEUs). However, for specific teacher-targeted courses, see the section labeled "Teacher CEU/Parent." "CEU" will be listed next to the course description. If you have a question regarding whether or not a class is appropriate for your certification, call DPI at 1-800-577-7994, or the Licensure Specialist with the NC Department of Public Instruction at 919-807-3310, extension 3. 100% attendance is required to receive teacher CEUs.

## Where do I park?

Park in designated spaces for regular cars only. Do not park in a bus lot.

## Is smoking allowed on campus?

No. Smoking is not allowed on campus. All Wake County Public Schools' campuses are tobacco free! That includes cigarettes, chewing tobacco, and all other tobacco products.

## What if my class is canceled?

### How do I get my refund?

First, look at the course description to see if a Wake Tech phone number is listed below the course description. If it is, your refund will come from Wake Tech. Please call Wake Tech at 919-866-5800 for more information.

If the telephone number listed below the course description is not Wake Tech, it is up to the provider as to whether there are enough students to hold the class. If the provider decides to cancel the class then your refund would come from that provider. Refunds are the responsibility of the provider, not Lifelong Learning with Community Schools. To avoid classes being canceled, it is best to register early.

## What about inclement weather?

If a school is closed due to inclement weather, it will be posted on the Wake County Public Schools' website at <http://www.wcpss.net> and announced on local radio and television stations. It will be up to the providers to decide if and how they will make up the missed classes.

## How do I learn more about a class I am interested in?

If you desire additional information on a course, please call the number that is listed below the course description. For general questions about the Lifelong Learning Program, call 919-431-7593 or send an email to [lifelonglearning@wcpss.net](mailto:lifelonglearning@wcpss.net).

## Can I teach a course through Lifelong Learning?

Yes! We look for providers three times per year for fall, spring, and summer. Providers create their own courses and teach them. The provider decides the schools, dates, times, and fees for the class. For more information, send an email to [nmoore3@wcpss.net](mailto:nmoore3@wcpss.net) or call 919-431-7594.

## Can I register by 'walk-in' registration?

It is suggested that you always pre-register. However if you're unable to, call the provider and arrive at the class location at least 15 minutes prior to class.
