Acrylic Pouring with Linda

Acrylic Pouring 101

Materials \$

Acrylic pouring has quickly become one of the top artist techniques in the country. Hone your creativity through helpful instruction, demonstrated techniques, followed by hands-on practice with this new painting technique. No artistic talent is needed, just an interest in trying something new with paint and color! The artists will be able to take their painting(s) home with a cheat sheet so they can paint more at home.

I will accept cash, and I have a Square as an option, with a small service charge. No checks, please.

See page 39 to register online, by phone, or mail; call the Provider, Linda Long, at 704-214-6676 for more information.

Jessica Yee spends her days writing, but she is not a writer. The locally renowned calligrapher puts pen to paper masterfully spelling out names and addresses; honing her technique; and experimenting with new letter art. Jessica began studying the

lettering arts thirty years ago, learning from some of the premier calligraphers and letter artists of the world. The founder of the Oblique Pen finds beauty in letters and how they are created. Jessica loves the elegant smooth and fluid scripts that a pointed pen creates. Moreover, she enjoys meeting and working with clients, sharing in their poignant moments while bringing art to life. When the married mother of four is not busy creating an artistic expression of a wonderful occasion, Jessica is heavily involved in serving the arts locally.

Drawing with Katie

Drawing 101: Essentials

Discover the Benefits of Becoming an NC Notary

Why would I become a notary?

You can enhance your professional career, serve the public as a trusted public official, and earn additional income. Notaries work in a variety of professions including as court reporters, paralegals, attorneys, mobile notaries, bankers, and increasingly as signing agents within the mortgage industry.

What do NC Notaries do?

Notaries witness signatures on a variety of high value and important business and professional documents. Some specific tasks include administering oaths and affirmations related to affidavits, taking acknowledgments, inventorying abandoned safe deposit boxes, and notarizing absentee voter ballots.

Steps to becoming a notary:

STEP 1: Purchase the "2016 North Carolina Notary Public Manual."

STEP 2: Take a 6-hour notary course.
(These include the classes shown on the right)

STEP 3: Pass the final exam with at least 80%.

STEP 4: Submit a notarized application along with a \$50 fee.

STEP 5: Take the Oath of Office at the Register of Deeds office.

STEP 6: Obtain a notary seal and a notary journal.

Watch this video for more details:

Basic Grant Writing with Doris

Basic Grant Writing 101 (CEU=0.25)

Writing a grant is not as simple as writing a letter. Grant writing is essential for preparing effective grant proposals, and this course is about acquiring a skill that involves quite a bit of writing. Grantmaking is not about receiving charity. While most private funders are philanthropic, even they look at grant making as an investment. And like all investors, the funder is looking for a good return. If you have never written grant proposals before, this course will help you get over the initial panic of not knowing where to start. It will serve as your step-by-step guide and reference in developing your first proposal and many others to come. CEU=0.25

Shibashi Tai Chi with My Hao Tran

Shibashi Tai Chi

Materials \$

Shibashi Tai Chi is a 5,000-year-old Chinese healthcare modality. The practices have been developed to improve individuals' general health and well being. The methods emphasize synchronizing 18 movements with gentle rhythmic techniques to improve circulation, flexibility, strengthen joints for balance, and to increase digestion. These techniques integrate body postures along with controlled breathing methods that are good for lung conditions and asthma. Overall effectiveness of the Shibashi Tai Chi is to reduce mental stress and muscle tensions. This practice can benefit all age groups.

Teachers! Need CEUs?

Earn CEUs through our in-person, online instructor-led, or online self-paced classes. Just pick your classes, follow the procedure below, and reap the rewards of learning something new that you can directly utilize in the classroom. The general policy is 1 CEU for every 10 hours of seat time. Most classes offer 2 CEUs.

CEU PROCEDURE

1. Turn in the prior approval form to the appropriate school personnel.
2. Take the course.
3. Obtain a certificate of completion from the instructor or download when online.
4. Give the certificate of completion to the Staff Development Contact at your school. At the elementary level it is the Instructional Resource Teacher (IRT). At the Middle/High School level it is often an Assistant Principal or IRT.
5. Check to ensure that your information has been updated in eSchools.

Instructor Profile: Sam Doctor

Sam Doctor has been a private consultant for more than 35 years. He has taught individuals and groups leading him first to Westchester County, New York, then to West Hartford Continuing Education in Connecticut, and eventually to Adult Evening Education with Wake County Public School System.

How would you describe your hometown and upbringing?

Very disciplined and rewarding.

Describe your educational journey.

It was full of learning experiences on a variety of different subjects, that taught me many things in life. Above all, I took the time to self-learn the art of constructing stock charts and the science of interpreting them to fire my very own proprietary. I learned the buy and sell signals for trading stocks and the generation of the firepower of stock options. This information is what I pass on to my students so that they can trade very safely, take control of their financial future, and have a life-changing experience. My students do not have to depend on the talking heads on TV or have to rely on the articles published by financial newspapers and magazines that tout stocks to buy as they have a vested interest.

When did you first become interested in the stock market?

Over 30 years ago.

What motivated you to begin teaching about building wealth through stocks?

I saw many relatives, friends, and neighbors who lost money in the stock market. I witnessed a few people who lost their life savings during the dot com bubble, and during 2008 and 2009. To this day there is no proper place that I know of, where one can go and learn how to trade the markets.

There are even some outfits where people go and pay not only hundreds of dollars but also thousands of dollars to learn, but still lose money.

What I teach is a once in a lifetime education course that teaches my students everything they need to know from scratch.

My students learn the elementary art of constructing stock charts and the science of interpreting them, which they can build on their own from free websites without subscribing to any service or incurring any additional cost. Since charts are not the Holy Grail, even the best-constructed charts can, could, may, or will sometimes fail due to overnight manipulation in the stock market. For this reason, students learn how to protect their investment by using the firepower of stock options, so that they do not lose their shirt during a sudden overnight downturn in the price of stocks.

If you could give one tip about using the stock market, what would it be?

Never, ever, invest your hard-earned money in the stock market, without acquiring the proper knowledge for trading, as most of the people who enter the stock market lose money just like the majority of people who go to the casino. Trading is a combination of art and science. Take the time to learn, as it is easy to learn and not at all complicated. It is not rocket science.

Site Coordinator Profile: Rashunda Jennings

Rashunda Jennings is a site coordinator for Adult Evening Education at Sanderson High School. She spends her days as a counselor for the school before taking on her duties with us in the evenings.

Where did you grow up and what was it like growing up there?

I grew up in a small town in South Carolina that was roughly 45 minutes away from Myrtle Beach. Growing up in a small town everyone knows your name, well almost everyone. If they don't know you, they will definitely know your family! In fact, it seems as if everyone is related or connected in some way, shape, or form. It was great growing up in South Carolina; however, sometimes or most times, it was boring. One would have to be very creative to find entertainment especially if I didn't go to the beach or larger cities nearby for simple things as in the movies, malls, and restaurants.

What would you describe as your defining moments growing up?

Growing up I was surrounded by a close-knit family and community where everyone looked out for one another. As a result, small town living shaped me to value family and friendships and to appreciate the time that you have with them. It taught me to give back and to be involved in the community by helping those that are in need. Defining moments in life have taught me that life never goes as planned or expected and to never allow situations to define who you are or dictate your future.

What are you most excited or passionate about?

There are two things that I'm passionate about and one is family. Family is everything as each calendar year passes; I value them more and more. The other thing that I'm passionate about is being of service to those in need. My entire career focused on advocacy, support, and awareness which involved working with children and families from various backgrounds. I've served in positions

such as family advocate at Head Start, Human Services case manager, domestic violence crisis counselor/case manager, and now in my current role as a school counselor.

Where did you go to college and describe your college experience?

I attended Saint Augustine's University located in Raleigh. Not only did I leave St. Augustine's University with a degree, but I also left with lifetime friends that are now considered family. My college, just like my city, was a small close-knit environment. My college experience was priceless. Many memories, lessons, and skills that were learned shaped me into the person that I am today.

Do you have one person that influenced your life for the better? If so, explain.

The person that has influenced my life the most is my mother. I can write a book about how she shaped my life. Instead, I will summarize her by saying, she is the epitome of what strength, dedication, hardworking, resilient, independent, loving, and kind embodies. I'm forever grateful for her many sacrifices and showing me that giving up and failure is not an option.

As you know, we are always growing and learning. Is there any one thing you would like to take the time to learn?

I would love to learn more about photography. I love taking pictures and creating memories.

What do you like most about being a Site Coordinator?

What I like most is providing assistance, interacting, and meeting new people.

If you could share one bit of advice you've learned in life, what would it be?

Live in the moment, make memories, and cherish your loved ones. Also, be kind for everyone you meet is fighting a hard battle.

What is Community Schools?

Community Schools, a section of Community Services of Wake County Public School System in the Communications Division, is dedicated to maximizing the use of public school buildings during non-school hours. Lifelong Learning with Community Schools provides local residents with courses and activities that are educational, recreational, cultural, civic-oriented, or social in nature. Most of the courses in this program are designed for all people ages 16 and older; any exceptions are noted. The goal of Community Schools is to meet the needs of each individual community at the neighborhood level. A catalog containing Lifelong Learning with Community Schools courses is published three times a year.

* Some providers accept cash, debit/credit cards, or money orders only.

? FAQs

Where is my class? Room assignments for classes are posted visibly inside of the school on the first night of class. Site coordinators will greet and guide you. The schools open at 6:15 PM. Please arrive on campus after that time.

What is the age for attendees? Unless otherwise noted, the courses are normally for anyone 16 or older. Classes for younger people will state so in the description.

Is childcare provided? We regret that childcare is not available for the children of students of the Lifelong Learning program. Children and family members are not allowed on campus.

Are Teacher Continuing Education Units (CEUs) available? For specific teacher-targeted courses, see the section labeled "Teacher CEU/Parent." "CEU" will be listed next to the course description. If you have a question regarding whether or not a class is appropriate for your certification, call DPI at 1-800-577-7994, or the Licensure Specialist with the NC Department of Public Instruction at 919-807-3310, extension 3. 100% attendance is required to receive teacher CEUs.

Where do I park? Park in designated spaces for regular cars only. Do not park in a bus lot.

Is smoking allowed on campus? No. Smoking is not allowed on campus. All Wake County Public Schools' campuses are tobacco free! That includes cigarettes, vaping, chewing tobacco, and all other tobacco products.

What if my class is canceled? How do I get my refund?

It is up to the provider as to whether there are enough students to hold the class. If the provider decides to cancel the class then your refund would come from that provider. Refunds are the responsibility of the provider, not Lifelong Learning with Community Schools. To avoid classes being canceled, it is best to register early.

What about inclement weather? If a school is closed due to inclement weather, it will be posted on the Wake County Public Schools' website at wcpss.net and the Community Schools' website at cs.wcpss.net and announced on local radio and television stations. It will be up to the providers to decide if and how they will make up the missed classes.

How do I learn more about a class I am interested in?

If you desire additional information on a course, please call the number that is listed below the course description. For general questions about the Lifelong Learning Program, call 919-694-0559 or send an email to lifelonglearning@wcpss.net.

Can I teach a course through Lifelong Learning? Yes! We look for providers three times per year for fall, spring, and summer. Providers create their own courses and teach them. The provider decides the schools, dates, times, and fees for the class. For more information, send an email to lifelonglearning@wcpss.net.

Can I register by 'walk-in' registration? It is suggested that you always pre-register. However, if you're unable to, call the provider and arrive at the class location 15 minutes prior to class.
