## Dear Parents and Students,

As you plan your 2013 summer, we hope that you will consider enrolling your child in one of the University of Wisconsin-Marathon County's popular summer educational opportunities: College for Kids, Wizarding Academy, and Middle School University, for students who have successfully completed 6th, 7th and 8th grades. Middle School University will engage students in learning more about perspective drawing, animation, photography and theatre. Our teachers come from local school districts and from UWMC. They are well qualified and eager to share their knowledge. Our programs are designed to:

- stimulate intellectual curiosity
- encourage creativity
- instill confidence
- develop problem solving and critical thinking skills
- Be fun and hands-on

**THE UWMC SUMMER YOUTH PROGRAMS** are for all children who want to discover new things. We ask that **children new to the "College for Kids" program get a signed letter from their teacher verifying** that she/he is able and motivated to participate in that program.

**Scholarships are available for all of our summer youth programs.** We have many generous foundations, civic organizations and individuals who contribute to our scholarship fund. So, please complete the application form on the inside back cover if you need financial help to register your child. Send it in with your registration.

Please join us for these exciting weeks of learning opportunities!

Sincerely,  
Jennifer Eaton  
Program Associate  
Continuing Education

JUNE 10 - 14

Completed Grades 6, 7 & 8

Fee: \$89

***This is an Exciting Program for students completing grades 6, 7 and 8!***

*Enjoyed Legos as a child? Now, put those Legos into motion!*

*Want to learn more about acting, directing or writing a play? The right place for you!*

*Want to further inspire your creative side? Take an art class!*

\$89 includes two classes, all material fees and a T-shirt!

**1. ART Section A**

*Ryan Priebe*

**1:00 pm - 2:15 pm**

We will cover one and two point perspective drawing. This perspective drawing will be finalized with an architectural drawing. We will also draw from nature in "Plein Air" using a variety of materials.

**2. ART Section B Ryan Priebe 2:30 pm - 3:45 pm**

Description same as 1.

**3. THEATRE ARTS Section A**

*Sarah Rudolph*

**1:00 pm - 2:15 pm**

Come explore the various aspects of theatre: acting, design, playwrighting and directing. Students will collaborate on a short original play to be presented on the last day of our "University" week.

**4. THEATRE ARTS Section B**

*Sarah Rudolph*

**2:30 pm - 3:45 pm**

Description same as 3.

**5. LEGOS in MOTION Section A**

*Brad Schmicker*

**1:00 pm - 2:15 pm**

When you were a kid, Lego® building blocks occupied your time when TV wasn't enough. You built a building; you tore it apart. You built a monster alien; you destroyed him. In this class, you will rekindle your love of Lego® building and create an animation short video. Day 1: Working in small teams, you'll imagine your story, create a story board to visually tell your story and begin the build. Day 2: Learn stop-motion animation techniques. Refine your storyboard with angles and dialogue. Begin animating. Day 3-5: Complete your animation, add dialogue, sound effects and music all while learning the video and music editing process. FINALLY: Share your video with your classmates. Popcorn optional.

**6. LEGOS in MOTION Section B**

*Brad Schmicker*

**2:30 pm - 3:45 pm**

Description same as 5.

**7. CUSTOM CREATIONS: BEGINNING JEWELRY MAKING Section A**

*Susan Dack*

**1:00 pm - 2:15 pm**

Create your very own jewelry pieces from scratch.

This includes earrings, necklaces and bracelets! Students will use their creativity to decide what they want their jewelry to look like and learn many different types, styles and techniques in jewelry making!

**8. CUSTOM CREATIONS: BEGINNING JEWELRY MAKING Section B**

*Susan Dack*

**2:30 pm - 3:45 pm**

Description same as 7.

**9. A PHOTOGRAPHIC ODYSSEY**

*Scott Savage*

**1:00 pm - 2:15 pm**

Do you have what it takes to dive into surreality? Do you have an eye that sees the world differently? If so, this course will help you capture images and share your creative vision. Starting with real photographs and images, you will bend and shape them into the surreal. Use your camera's MACRO mode and other creative side effects to explore the more abstract side of digital photography. Create your own photo art and PowerPoint presentations. If you have a digital camera you are encouraged to bring it but it is not necessary.

**10. A PHOTOGRAPHIC ODYSSEY**
