PERSONAL AND COMMUNITY ENRICHMENT CLASSES

Community Education's Role in WWCC's Mission

Community Education supports the following aspect of WWCC's mission: Western's fundamental purpose is to provide high quality learning opportunities to students who are at various stages of life and have differing needs and expectations. Committed to quality and success, Western encourages flexibility, innovation, and active learning for students, faculty and staff. The College understands that learning occurs inside and outside the classroom and, therefore, seeks to create an environment where lifelong learning is encouraged and where students and employees interact in an atmosphere of mutual respect.

Registration Process

Community Education courses are offered for non-credit. Charges associated with an individual course or event are based upon the direct cost of offering the course or event plus a 35% administrative fee.

Sweetwater County residents age 60 years or over may enroll for courses offered at Western with payment of tuition waived. Special fees for supplies or other costs remain the financial responsibility of each student, regardless of age, and cannot be waived. The College Board of Trustees reserves the right to change tuition and fees at any time.

Power TaeKwon-Do ♦

"Tae" means to kick or smash with the foot, "Kwon" means to punch or destroy with the fist; "Do" means way or method. Taken collectively, TaeKwon-Do is the art of hand and foot fighting. More than that, it is the scientific use of the body in the method of self-defence; a body that has gained the ultimate use of its facilities through intensive physical and mental training. Though it is a martial art, its discipline, technique and mental training are the mortar for building a strong sense of justice, fortitude, humility and resolve. Families: Ask about a discounted price. Ages 10+. A \$10 uniform fee is included in the price for the class.
