Mini Maker DIY Hack Camp

Ages 7-11

For more information, call (510) 790-5546

As a Maker or a Hacker, young people will have fun learning to 'hack' a solution to a problem or make a fun craft using odds-and-ends of common household objects, duct tape and other fun things. Have you seen the Rube Goldberg contraptions that make something happen? They have been in OK GO videos and girl science advertisements. Still not sure what it is? A Rube Goldberg apparatus is a deliberately over-engineered or overdone machine that performs a very simple task in a very complex fashion, usually including a chain reaction. We are going to look at some basic machines and techniques (like an animal trap or a toaster) and figure a way to improve it. Everything will be safe and well thought out as we will engineer that into the solution. This is going to be some fun! Bring a lunch. Registrants may enroll in Central Park Extended Care from 8:00-9:00AM and/or 3:00-6:30PM.

For more information call (510) 494-4322

Are you a fan of Harry Potter? Are you wishing your Hogwarts Admission letter came? Then, this is your chance! Come and enjoy a Harry Potter-themed program with arts and crafts, magical science experiments, quidditch games, and more! This program focuses on the wizarding world of Harry Potter, yet we will do more than having just games that are centered around the popular books and movies. Participants will be broken into different houses, and will have the opportunity to learn about team development. Participants will have the opportunity to gain better public speaking skills, and have the potential to learn about literary concepts (of course in a fun way).

Ages 8-14

For more information, call (510) 494-4322

We will discuss camera basics and techniques for taking better pictures: portraits, family pictures, action pictures, travel pictures, and close-ups and learn online how to use all of the main features of your digital camera. We will cover safe ways to store your pictures outside your camera so you won't lose your pictures. You'll also learn how to re-use the space on your memory card. We will answer familiar questions like: What do the extra controls on my camera mean? How can I use the extra controls to make better pictures? What difference do they make? My camera can make lots of different sizes of pictures. Which size should I use? Should I always make the biggest size picture?

Junior Fire Rescuers Camp

Ages 11-14

For more information call (510) 791-4351

Do you ever wonder what it would be like to be a Firefighter? The Junior Fire Rescuers Camp offers the chance to see if you have what it takes. Activities will focus on firefighting basics: leadership, teamwork, search and rescue, ropes and knots, hose drills, and basic first aid. All instruction will be given by real Fremont Firefighters at the Fire Department's state of the art Tactical Training Center. This camp promises to be fun, challenging

and educational. A camp t-shirt and a daily snack will be provided. This camp was VERY popular last year, so sign up early to get your spot reserved and to guarantee your t-shirt size! The Fremont Fire Tactical Training Center is located at 7200 Stevenson Blvd, 94539.

Raiders of the Lost Artifact Ages 6-10

During the Ice Age, Warm-Blooded Creatures Roamed the Earth. Long, long, ago, sabercats, woolly mammoths, sloths and camels roamed this land called Fremont! The hills were covered with tall native grasses and wild animals grazed the land while others roamed freely. Imagine that! Discover some of the mysteries and artifacts of the early ice age mammals. Learn to cast "fossils" and make your own imprints with them. We'll take a field trip to Sabercat Historic Park and use our treasure map to find the lost "artifact".

Skateboarding Camp **Ages 6-12**

Centrally located at the new Fremont Skatepark, children participate in a full week camp all about skateboarding with the Jordan Richter Skateboarding Academy! Campers will learn how to develop control, strength, flexibility, and confidence. Each lesson plan is tailored to fit each level of rider; whether one is a beginner or an expert skater. This camp is instructed by Jordan Richter, who is a world class skater with over 28 years of skateboarding experience. Jordan's methods of teaching work to create a strong foundation of skills and confidence which will give each rider a safe and positive skateboarding experience! Pads and helmets are required for all participants. All participants bring their own board, safety pads, lunch, and water each day. On Wednesday, we will go to the Aqua Adventure Waterpark for an afternoon of swimming (included in your camp fee.) Registrants may enroll in Central Park Extended Care from 8:00-9:00AM and/or 3:00-6:30PM.

Volleyball Camp

Ages 11-14

Specialized Volleyball Camps designed for all levels of volleyball. We have created camps designed for those that want skills and drills to work on fundamentals, and then we have our two week progressive camps designed to be taken together (Offense/Defense and Game Day). You can pick and choose which camps will work for you or take them all. Players will be divided by experience, age and friendships. Try out all of our camps and develop your overall volleyball game, you are sure to advance your skills. Players will review the basics, have sufficient practice time during the camps to make sure that they get a chance to perfect these skills, and continue to improve on their individual skill base. You can even take these camps over to fine tune those newly learned skills as well, as this is best practice.

ACADEMIC ENRICHMENT CAMPS

Mighty Dinos Camp

Ages 5-9

For more information, call (510) 790-5546

Has your child informed you that the time difference between when Stegosaurus lived and Tyrannosaurus Rex lived is greater than the time difference between Tyrannosaurus Rex and NOW? Well, it is true! Does your kid know the names of all of the dinosaurs? Maybe they know what era they were around, what they ate or even their Latin names? This camp will be for the beginning to advanced fan of these amazing and interesting creatures. We will travel through time every day scouting out the various prehistoric eras. Most of the focus will be on the Mesozoic / Jurassic period because that is exciting and fun when it comes games and activities! We will make the classic craft in a shoebox-the dino-rama! By week's end, your child will have made a timeline chart, a diorama, kept a notebook of facts, hunted for a cache of dino eggs and more! Bring a lunch. Registrants may also enroll in Central Park Extended Care from 8:00-9:00AM and/or 3:00-6:30 PM.

Politics 101

Ages 8-14 NEW!

For more information call (510) 494-4322

This NEW camp will focus on all aspects of government-the process of elections, campaigning, and learning about how the federal, state, and local government works. Participants will have the opportunity to learn about the 3 branches of government, as well as the process of how a bill becomes a law. Participants will learn this through a hands-on model, where they will be broken up into the different branches of government. (i.e they will run for president, or the congress, and then run for speaker etc). This will help the participants better understand government through a fun lens. Although this course does have some educational information, it will be taught in a fun way that makes it simple and easy for the participants to understand.

Little Green Thumbs

Ages 4-6

Blossoming minds will love this week! Specially designed for the inquisitive pre-K or kindergartner, this week teaches all about the amazing things that happen in the garden. Explore how things start to grow in the ground, and learn that plants, fruits and vegetables start from seeds. Learn what seeds need to grow and where they get those things as we study weather. Discover the role that bugs and butterflies play in making your garden grow. Please note that most or all activities are conducted indoors for the safety of the children. Fizz-ical Phenomena & Che-Mystery

Ages 5-12

Take a walk on the wild side in this crazy week of sleuth science. Have a ton of fun as we whip up potions and experiment with all kinds of chemical reactions, including growing our own crystals, making sidewalk chalk and learning the science of chromatography. Mix it up as we experiment with molecular madness, radical reactions and 'fizz'-ical and chemical reactions. Discover what those crazy chemists are really up to in their laboratories! Then use everything you've learned to solve the Mad Science Mystery: even Sherlock couldn't figure this one out! Registrants at the TNC location may enroll in Central Park Extended Care from 8:00-9:00AM and/or 3:00-6:30PM. Please note: there are no extended care options for the Irvington location.

Nature's Anatomy Academy

Ages 5-12

Learn about insects, birds, beasts and you from the inside out in this action packed week of Mad Science. Have fun finding and magnifying nature's smallest critters, from fungus to insects. Discover what that night-hunting owl found for dinner during our owl pellet dissection. Whip up your own Mad Mucus and find out about the 'stuff' inside your body. Have some creepy-crawly fun building a bughouse and finding tenants, and use solar power to create your very own sun print. Spy Academy

Ages 5-12

Look out 007-the Mad Science Spy Academy is here! From decoding messages to metal detectors and night vision, campers will have the opportunity to check out spy equipment and even create their own edible message. Step into the shoes of a detective as you uncover the science involved in evidence gathering and analysis. Figure out the science of forensics in a hands-on look at crime scenes. Become a super spy and learn clever ways of performing tasks as we take a hands-on view of the science that spies use. Please note: there are no extended care options for this camp.

Wacky Robots & Widgets

Ages 7-12

Whether your child loves to build things or destroy them, this week of camp includes lots of both! The junior Mad Science engineers will design and build structures using simple tools and their imaginations. Campers will even construct a geodesic dome big enough for all of them to sit inside. Then the machine madness starts. Children will discover how different machines, simple and complex, are used in our daily lives. Kids will design simple machines using pulleys, wedges, screws and levers and have fun learning how catapults work. We will use the skills we've learned to build a Mad Science robot that we can keep, all while learning the science of robotics. Registrants at the TNC Location may enroll in Central Park Extended Care from 8:00-9:00AM and/or 3:00-6:30PM. Please note: there are no extended care options for the Forest Park Location.

Amphibious Vehicle and Row Boat Workshop

Ages 7-12 NEW!

Build and take home TWO exciting projects! Children will build an Amphibious Vehicle—one that can travel on land or shallow water. We will bring our miniature pool to test it out! Children will learn as they build, how the submarine motor, worm gear rudder, and the propeller works. It is one cool vehicle that is a challenge to build!! Participate in Sciensational Workshops' land water races. If that's not enough, children will also build their own model Row Boat. The sturdy white plastic hull holds all interior engine parts and comes with oars. Watch as it swiftly travels in the Sciensational Workshops' pool. See how the crank-arm, gear box, switch lever, and link-rod work. Nothing is hidden. You will also get to build other things. Design robots for a tug-of-war, Sumo wrestling match, race, and other fun projects. Two great projects to build and take home while learning the Sciensational way!

Egyptian Dig-Buried Treasures

Ages 6-11 NEW!

Children will discover the amazing science of Archaeology as they uncover ancient artifacts. In doing this, they will learn about Egyptian life. We will excavate with tools like a real archaeologist uses! We will find the following artifacts as we excavate a scarab (what's that?), hieroglyphic tablet, ankh symbol and a jackal. You will learn about this and even take home a booklet. The artifacts are yours to keep. We will wet the sand that we dig into and create one of two sand sculptures for display. Make a pyramid as well as a sphinx! Let's go back in time with a hands-on archaeological experience!

Ages 7-12 NEW!

Build your own 'futuristic Maglev' car to race and take home. In 1999, a Japanese five-car maglev train set a record of 345 miles/hour. Yours won't go that fast, but we will have fun building it and learning how it operates. Learn about the relationship between magnetism and electricity. You will also get to build a simple maglev track as well as a cool electromagnet. Learn how motors work, as well as generators. Build and take home the world's simplest motor. Make your own compass and take part in many other magnificent magnetic activities! Yes, Sciensational Workshops again starts with the Maglev car (magnetism-electricity-levitation) and goes in all directions to have fun and learn while doing hands-on activities.

Make It and Take It Home

Ages 6-11 NEW!

Science Projects you take home—that teach—that are fun. In this hands-on, fun, and exciting program, you will discover how amazing science is. You will make and take home a wide assortment of toys designed to teach you science concepts in a hands-on way. Grow and take home a crystal tree. Make an energy bead bracelet and watch as those amazing beads turn from white to a rainbow of colors before your eyes. Build a working electric motor. Make your own sharpie pen T-shirt and learn some cool chemistry (student supplies a 100% cotton T-shirt). Make your own bubbling blobs and explore the properties of a density tube. Make silly putty—glowing goo—green flubber and other cool projects. By the way...we will make ice cream in our own amazing, different, Sciensational way!

For those interested in exploring two popular areas of technology-robotics and game design. Build robots using the LEGO® Mindstorms NXT® line, with a variety of sensors and motors to perform tasks and react to the environment. You'll learn how to program the bots by using software in which you place icons in sequence to create the instructions that you desire. It's easy to learn, and introduces programming concepts. In the afternoon, create two games that can be played on mobile devices, such as an iPhone®, iPad® and many Android phones. Learn the fundamentals of touchscreen game design using GameMaker's drag-and-drop software. Note that the games are not 'apps', but are HTML5-based programs which can be played on most mobile devices.

Beauty and the Beast

Ages 7-12

Hey Kids, do you want a camp that will enhance your acting, dancing, and singing skills? This Musical Theatre Camp is created for children between the ages of 7-12 who want to have fun learning in an artistic, safe environment from two of our very own Musical Theatre stars, Jenae & Jessica. These instructors will give their camp participants the tools for becoming a triple threat performer! Inspired by the Beauty and the Beast tale, students will act out the story, learn songs and dance choreography to create a mini musical show of their own. On the last day of camp, family and friends will be invited to come watch the work of their shining star at a mini performance. Please have your child bring two snacks and a lunch with drinks each day of camp. Please bring dance shoes: Ballet, Jazz, Tap and Tennis shoes each day. \$10 material fee due on first day.

Hip Hop, Urban Art & Poetry Slam Camp **Ages 7-12 NEW!**

This fun filled camp will teach students how to hip hop dance, create original urban art pieces and construct and develop original poetry. In Hip Hop, instruction will include fun hip hop dance moves like old school popping and locking, tutting, and video style routines and more! In the urban art sessions, students will be taught how to use art to make their mark in a new way. Chalk art, paint, collage and recycled crafts are just some of the activities we'll be doing during the urban art portion of the camp. Poetry Slam is a fusion of poetry and performance which aims to actively engage and entertain its audience. Students should expect to leave the poetry slam sessions with an initial mastery of both stage and page poetry. Participants are asked to bring a solid white T-shirt from home for their special arts project. The T-shirt is yours to keep! We will be on the floor, so wear comfortable clothing to move, groove and paint in. On Friday, participants will give a mini performance for family and friends which will include a mini poetry slam and hip hop concert. \$10 material fee due on the first day of camp.

Let the hunt begin! Give your teen a head start in life with an opportunity to learn a skill set that no school education can offer. This camp will prepare you to be the lean, mean fighting machine by understanding how Wall Street works, how millions are made and millions are lost...find out how to be smarter than your peers!. Learn the ins and outs of stock trading, technical analysis and risk management with hands-on games and fun activities. In addition to the stock market, students will explore the basic financial education skills needed to survive in the real world. We all know that money is an essential part of your life and this course will help you figure out how to manage your money to reach goals that you set. Find out how to balance work and play, problem solving and good decision making, kindness and philanthropy, and how to maintain a healthy lifestyle for yourself and the people around you. Be the few, the proud, the Wall Street wolves! Instructors Rubina and Karen, of MaxMoney Academy, are finance professionals with over 25 years of finance and education experience.

Instructor Len Cook has 15 years experience as a photojournalist and over 25 years as a photographer and instructor.

Introduction to Digital Photo Editing **Ages 14 & up**

Make the most of your photos after you have taken them. Learn how and why to crop out parts of the image, adjust image brightness, sharpness, and the accuracy of the colors in your images. Combine two or more images in a new composition, add text and shapes to images, add and remove people, change the expressions on their faces, and maybe even open the eyes of people who blinked in a family fun portrait. We will use free on-line photo software in this class. The lessons and skills will be easily adaptable to other programs like Adobe Photoshop.

Digital Photography **Ages 13 & up**

In our NEW digital photography class, we will discuss camera basics and techniques for taking better pictures: portraits, family pictures, action pictures, travel pictures, and close-ups. Learn safe ways to store your pictures outside your camera so you won't lose your pictures! You'll also learn how to re-use the space on your memory card. We will answer questions like: What do the extra controls on my camera mean? How can I use the extra controls to make better pictures? What difference do they make? My camera can make lots of different sizes of pictures. Which size should I use? Should I always make the biggest size picture?

Combining Photos — “Compositing” **Ages 14 & up**

Sometimes there is a magical, ‘special-effects’ use for combining two or more images; sometimes the use is strictly practical. Putting a child on the back of a butterfly is a fanciful special effect. Replacing a bad background in the image of an item you want to sell on-line is a strictly practical use. But whether your intention is fanciful or practical, you’ll use the same techniques and the same tools to reach either goal. Learn those tools and techniques in our new Photo Compositing class.

Powerful Chakra Balancing Workshop

Ages 16 & up **NEW!**

For more information, call (510) 791-4318

The 7 major Chakras are the energy centers in our Subtle body in which energy flows through. Blocked energy in our Chakras can often lead to illness so it's important to understand what each Chakra represents and what we can do to keep this energy flowing freely. In this workshop, we will learn what are Chakras, their location, color, sound, number of petals and their effect in everyday life. How by balancing Chakras, we can improve our communication skills, gain more confidence, and have a strong will power, move from anger to peace and forgiveness, and channel our creative potential to the highest. We will learn how to balance them, strengthen them and heal them with Meditations based on their Color, Sound, Petals and by releasing what we personally have stored there. Notes with practical meditative exercises will be provided. Instructor: Smita Govil, Certified Master Teacher. Please bring bottle of water.

KINDERMUSIK

Kindermusik Village **Ages 1-9 Mos.**

Kindermusik Village incorporates the most current research on early childhood development and provides families a special place for learning and connecting with other parents and babies through music and movement. The musical poems, bird songs, and the naturally occurring sounds in nature help babies develop an early appreciation-and accelerated aptitude-for language, movement, and music in this class. What will parent and child experience in class?? Variety of music, instrument play, dance, together time, expert advice! Home material fee of \$65 per family due at first class (includes 2 CDs, the books and a musical instrument).

Our Time **Ages 9 Mos. - 3 years**

Our Time reflects the emotional foundations of school readiness and the latest research on music and early childhood development. Our Time is a unique opportunity for parent and child to interact and learn together in an unhurried and joyful manner. We'll meet many animal characters in our books, activities, and songs-each specifically chosen for a toddler's emerging interests and physical skills. With silly, bumpy lap bounces we'll help toddlers develop rhythm while further developing their ever-emerging language skills. With a special stringed instrument emphasis in the music from class, parents can bring home the violin, cello, and orchestra sounds to help their toddlers stay happy and engaged learners at home, too. Home Materials: Double CD featuring songs from class; two interactive storybooks-This Little Piggy Played the Fiddle and Animal Serenade to develop early literacy skills; Home Activity Book, and a pair of Fiddlestick instruments. Material fee of \$65 per family due at first class (includes 2 CDs, the books and a musical instrument).

Little Panda

Ages 1-4

Chinese Music Class

Ni hao means hello in Chinese. Little Panda is a developmentally appropriate music and movement program mostly conducted in Chinese. It nurtures young children's ability to use Mandarin and to participate in dramatic play within a musical context, including singing, chanting, moving, dancing, focused listening, and playing simple instruments. This parent-participation class is fun and informal, providing stimulating experience for both children and caregivers, regardless of one's musical and Mandarin language abilities. NOTE: No make-ups for missed classes. Instructor Jill Yeh grew up in Taiwan and has a BA in English and MA in Education. She also has a Music Teacher Certificate from Early Childhood Music and Movement Association (ECMMA). No previous language experience is necessary. Fee is per parent/child pair. \$25 material fee due at first class for songbook and CD.

No class Aug 1 and 22.

Earthquake Walk at Central Park

Ages 8 & up

For more information, call (510) 790-5541

Over the last million years, the natural beauty of Fremont has been shaped by the Hayward Fault. In association with the USGS, Math Science Nucleus instructors will be leading these 'ground breaking' tours and exposing the science and beauty of the Hayward Fault. This fault is one of 10 active faults in the world actually creeping at 5 mm/year. The tour will take place at Central Park (Lake Elizabeth) and explores dramatic faulting effects in both natural and urban environments. View the floor of a building that reveals dramatic evidence of this fault activity. (Children under 14 must be accompanied by an adult) Tours begin at the Fremont Earthquake Exhibit (Fremont Community Center, 40204 Paseo Padre Pkwy-Enter at Mission View Terrace), located in the heart of Central Park on the lake side of the Fremont Community Center.

Krav Maga

Ages 16 & Up

For more information, call (510) 791-4351

Krav Maga is based on simple principles and instinctive movements. This reality based self-defense class is designed to teach self-defense in the shortest possible time. Learn to defend against common chokes, grabs and bear hugs, along with weapon defense from knives, guns and sticks. Just as important, we teach you to function during the stress and shock of a sudden attack. You will learn takedown defenses like sprawl, one-fourth Nelson hold, triangles, and leg throws. This class is for the working professional, security personnel, and fitness seekers. Please Note: Krav Maga is for those in good physical health. We do offer a free evaluation at our center before you attend the first class. Call to set up an evaluation two weeks prior to the start of session. Krava gloves are required for this class and can be purchased the first day for \$49.

Pre-K Literacy

Ages 4-5

The Pre-K Literacy Academy has similar elements to our popular Tiny Tots Pre-K classes, with an emphasis on reading readiness and literacy development. Children will develop literacy skills and readiness through children's literature, sequencing, storytelling and artistic expression, music and more. Proof of age is required for all Pre-K classes. This class is for children entering kindergarten in September 2014. Parents do not participate in class. Children must be toilet trained.
