# WEEK-AT-A-GLANCE

This brochure has all the information you need to ensure that your children have a fun, enriching and safe summer.

## JUNE 26 - JUNE 30

### **Summer Athletic Camps**

SAC - Golf Camp	pg. 3
SAC - Soccer Camp	pg. 4

## July 10 - 14

### **Summer Academy - A.M. Session**

Around the World in 20 Plates	pg. 17
English as a	
Second Language	pg. 11 & 14
Hour of Code	pg. 16
Learn How to Draw	pg. 19
Let's Experiment	pg. 12
Minecraft Designers	pg. 19
Paper Mache Creations	pg. 16
Princess Party	pg. 12

### **Summer Academy - P.M. Session**

Battles and Bread Riots	pg. 17
Cookie Craze	pg. 13
Language Arts/Reading Review	pg. 12
LEGO Creations	pg. 12
Minecraft Designers	pg. 15
Paper Mache Creations	pg. 19

### **Summer Athletic Camps**

SAC - Basketball Camp	pg. 3
SAC - Football Camp	pg. 3
SAC - Tennis Camp	pg. 4
SAC - Track and Field	pg. 4

### **Technology Enrichment Program**

Middle School	pg. 7
<i>At Bethlehem Middle School</i>	
High School	pg. 9
<i>At TEC-SMART in Malta</i>	

## July 10 - 21

Youth Theater Workshop	pg. 6
------------------------	-------

## July 17 -21

### **Summer Academy - A.M. Session**

Awesome Acrylics	pg. 17
Breakout Detectives	pg. 13
Cupcake Wars	pg. 14
English as a Second Language	pg. 18
Hip-Hop Dance Camp	pg. 11
Make a 3D Video Game	pg. 19

### **Summer Academy - P.M. Session**

Creating Better Digital Footprint	pg. 18
Cultural Connections	pg. 14
Cupcake Wars	pg. 18
Friendship Bracelet Fun	pg. 11
Make a 3D Video Game	pg. 15

### **Summer Athletic Camps**

SAC - All Sports Camp	pg. 3
SAC - Golf Camp	pg. 3
SAC - Softball Camp	pg. 4
SAC - Tennis Camp	pg. 4
SAC - Volleyball Camp	pg. 4

### **Technology Enrichment Program**

Middle School	pg. 8
<i>At TEC-SMART in Malta</i>	

## July 24 -28

Circus Theatricks	pg. 5
-------------------	-------

### **Summer Academy - A.M. Session**

American Girl Dolls	pg. 13
Code Breakers	pg. 17
Cooking for the Holidays	pg. 18
Creative Writing Workshop	pg. 14
Dragon Training I	pg. 11
Science Experiments	pg. 16

### **Summer Academy - P.M. Session**

Buon Appetito	pg. 13
Forensics: Crime Scene I	pg. 18
Friendship Bracelet Frenzy	pg. 14
Jazz it Up Dance Camp	pg. 11
Pinterest Pro	pg. 20
Space Camp	pg. 12

### **Summer Athletic Camps**

SAC - Adventure Program	pg. 3
SAC - Amazing Athletes	pg. 4
SAC - Dodgeball	pg. 3
SAC - Lacrosse Camp	pg. 3
SAC - Soccer Camp	pg. 4

## July 31 - August 4

Circus Theatricks	pg. 5
-------------------	-------

### **Summer Academy - A.M. Session**

# WELCOME TO KIDS ON CAMPUS PROGRAMS!

## S U M M E R P R O G R A M S

HVCC has been sponsoring children's programs for more than 25 years. From enrichment to athletics, from technology to theater and circus, we have something that will appeal to your child's interest. Last year we enrolled nearly 900 students in our programs.

In the pages that follow you will find information on the Athletic Camps, Circus Theatrics, Summer Academy, Technology Enrichment and Theater Programs.

### FACILITY UPDATES

The college is excited to announce that our new state-of-the-art synthetic turf playing field and track and field complex is complete.

We are pleased to announce all cooking classes will now be held in the Viking Child Care Center, Room 135. This room has been renovated and will allow us to greatly enhance and increase offerings in this area.

# ATHLETIC CAMPS

Athletic camps are sponsored by the Office of Community and Professional Education in partnership with the college's Athletic Department.

The 2017 Summer Athletic Camps will provide an opportunity for boys and girls to acquire knowledge, develop interest, learn techniques and improve skills in a variety of sports.

All camps are under the direction of a head coach with a sufficient number of assistant coaches to provide low coach-to-camper ratios. Campers will be divided into groups according to age and ability.

## FEES

### Full-day Programs

- All Sports \$165
- Basketball \$160
- Soccer \$160

### Half-day Programs

- Advanced Golf \$150
- Adventure \$90
- Amazing Athletes \$100
- Dodgeball \$90
- Football \$90
- Golf \$130
- Lacrosse \$90
- Softball \$90
- Tennis \$90
- Track & Field \$90
- Volleyball \$90

## DROP-OFF/PICK-UP

Campers must be dropped off and picked up at the McDonough Sports Complex lobby. Children should not be dropped off prior to posted start times. There will not be supervision available until that time.

Camps will end promptly at the designated time. Coaches will be available for 15 minutes after their individual camp ends. Children must be picked up by that time, unless enrolled in extended care, and parents must come inside to sign out their child. All campers must provide their own transportation.

## LUNCH (Full-day campers only)

Campers are expected to bring their own lunch. Limited snacks and beverages will be available for purchase at HVCC. Refrigeration is not available. All campers should bring a labeled water bottle daily.

## INSURANCE

Every camper is covered by an excess accident insurance plan. It provides excess medical and accidental death protection during camp participation and also while traveling to and from Hudson Valley Community College.

## EXTENDED HOURS FOR ATHLETIC CAMP PROGRAMS

### HALF-DAY CAMPS

(Except golf, due to off-site meetings)  
Morning extended care is available from 8 - 9 a.m. for an additional charge of \$10/week. There is no afternoon extended care for half-day camps unless your child is registered in an afternoon Summer Academy program.

If you need a full-day program for your child, please check our Summer Academy offerings beginning on page 10.

Students who sign up for a morning Athletic Camp and afternoon Summer Academy class must pay the \$10 fee for supervised lunch (lunch is NOT provided). Camp staff will transport children to the Viking Child Care Building (DCC) for lunch and the afternoon program.

### FULL-DAY CAMPS

Morning extended care is available from 8 - 9 a.m. for an additional charge of \$10/week. Afternoon extended care is available from 3 - 4 p.m. for an additional charge of \$10/week. Extended care will be held in the McDonough Field House.

## A.M. CARE

Dates	CRN	Times	Cost
June 26 - 30	70291	8 - 9 a.m.	\$10
July 10 - 14	70292	8 - 9 a.m.	\$10
July 17 - 21	70293	8 - 9 a.m.	\$10
July 24 - 28	70294	8 - 9 a.m.	\$10
July 31 - Aug. 4	70295	8 - 9 a.m.	\$10

## P.M. CARE

Dates	CRN	Times	Cost
June 26 - 30	70297	3 - 4 p.m.	\$10
July 10 - 14	70298	3 - 4 p.m.	\$10
July 17 - 21	70300	3 - 4 p.m.	\$10
July 24 - 28	70301	3 - 4 p.m.	\$10
July 31 - Aug. 4	70670	3 - 4 p.m.	\$10

## ADVANCED GOLF

AGES: 11-17

Designed for golfers who have the fundamentals of the full swing, chipping and putting and want to learn to refine these skills. We will learn advanced skills and how to manage those skills on the course. This camp is great for golfers who are either playing on their school team or are trying out for their school team. Golfers should be able to hit a club between 100-150 yards.

This camp will focus on advanced skill development and playing on the course. We will be walking so the campers will carry their bags or have a push cart. Equipment: All campers should have their own clubs. We will be at a course each day so dress accordingly. Please bring water and snacks to be carried in your golf bag.

70904 \$150

Mon. - Fri., 8:30 a.m. - Noon

July 31 - August 4

Catherine Becker, Head Coach

*\*This camp meets off-site each day.*

*A complete schedule will be provided before camp begins.*

## ADVENTURE

AGES: 8-16

The adventure program is a series of activities designed to challenge participants on both an individual and group basis. Presented by trained instructors, the program encourages teamwork, cooperation, focus and responsibility. Adventure program campers work together to successfully maneuver through obstacles and creatively solve challenges. Equipment: workout clothes and sneakers.

70172 \$90

Mon. - Fri., 9 a.m. - Noon

July 24 - 28

Matthew Fuda, Head Coach

## ALL SPORTS

AGES: 7-14

This camp provides participants with a unique opportunity to experience a variety of camps in one setting. Throughout the week, various sports will be featured. Activities may include: soccer, tennis, basketball, wiffle-ball, badminton, weight training, team building and brain games. Campers will attend Camp Day at The ValleyCats on Tuesday, July 18. Equipment: workout clothes and sneakers.

70094 \$165

Mon. - Fri., 9 a.m. - 3 p.m.

July 17 - 21

Christopher Jura, Head Coach

## BASKETBALL

AGES: 7-16

Both weeks co-ed

This camp includes instruction in the fundamental skills and basic rules of basketball; daily drills to improve agility, coordination and ball handling; instructional and game films. Equipment: workout clothes and sneakers.

70093 \$160

Mon. - Fri., 9 a.m. - 3 p.m.

July 10 - 14

70185

Mon. - Fri., 9 a.m. - 3 p.m.

July 31 - August 4

Christopher Jura, Head Coach

## DODGEBALL

AGES: 10-14

This camp will provide participants the opportunity to improve on their dodging, catching and throwing skills. Different rules, skills and techniques of the game will be taught throughout the camp. Participants will be playing many different versions of dodgeball, which will lead up to a tournament at the end of the week. Equipment needed: workout clothes and sneakers.

70651 \$90

Mon. - Fri., 9 a.m. - Noon

July 24 - 28

Christopher Jura, Head Coach

## FOOTBALL

AGES: 7-12

Instruction in the fundamental skills needed to play football will be covered. This is a non-contact camp that also will serve to enhance the knowledge of the basic rules of the game. All in attendance will learn to pass, kick, punt, snap, catch, and block and tackle. Equipment: workout clothes, cleats and sneakers. NO PADS OR HELMET WILL BE USED.

70095 \$90

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Michael Muehling, Head Coach

## GOLF

AGES: 9-16

This camp includes instruction in the fundamentals of the game, including grip, stance, swing, rules, terminology and etiquette. Equipment: bag and clubs (driver, fairway wood or hybrids, 5i, 7i, 9i, wedge and putter). Camp will meet two days at Route 4 Golf Center and two days at a local course. A schedule will be handed out on the first day, which will be held at HVCC.

70169 \$130

Mon. - Fri., 9 a.m. - Noon

June 26 - 30

70602

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

Catherine Becker, Head Coach

*\*This camp meets off-site Tuesday - Friday. A complete schedule will be provided on the first day.*

# ATHLETIC CAMPS

## LACROSSE (GIRLS)

AGES: 8-14

Instruction in lacrosse fundamentals, including strategies for playing offensive and defensive aspects of the game, will be covered. Students will participate in activities to improve stick skills, agility and coordination while learning good sportsmanship and having fun with friends! Equipment: lacrosse stick, goggles, mouth guard and cleats preferred; sneakers acceptable.

70788 \$90

Mon. - Fri., 9 a.m. - Noon

July 24 - 28

Derek Minkler, Head Coach

FULL-DAY  
CAMP

## SOCCER

AGES: 6-16

This camp includes instruction in the technique and tactics of soccer. Younger groups will focus on technical skill development, while older groups will concentrate on decision-making under pressure and tactical awareness. Equipment: workout clothes, cleats, sneakers, shin guards and soccer ball (optional).

70101 \$160

Mon. - Fri., 9 a.m. - 3 p.m.

June 26 - 30

70102

Mon. - Fri., 9 a.m. - 3 p.m.

July 24 - 28

Travis Cooke, Head Coach

## SOFTBALL

AGES: 8-15

Instruction in this camp will emphasize batting, base-running, throwing, fielding, pitching and catching. Equipment: glove, sneakers, workout clothes, cleats (optional) and bat (optional).

70104 \$90

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

Alicia Ozols, Head Coach

## TENNIS

AGES: 8-15

Instruction in this camp will emphasize the development of ground strokes, net play and serving. Individualized instruction is provided for all levels of play, from beginner to advanced. Equipment: racquet, workout clothes and tennis shoes.

70090 \$90

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

70091

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

70092

Mon. - Fri., 9 a.m. - Noon

July 31 - August 4

Derek Minkler, Head Coach

## TRACK AND FIELD

AGES: 8-12

This camp provides participants the opportunity to experience the world of track and field. It is perfect for those who enjoy running and being active, or who just want to try something different. Through various running and field events, team building activities and games, we will focus on proper stretching, running and exercise techniques that create a strong discipline and better understanding of the sport. Equipment: workout clothes and sneakers.

70448 \$90

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Sean Mullen, Head Coach

## VOLLEYBALL

AGES: 9-15

The beginning player will learn to pass, set, dig, block, spike and serve in this camp. Focus will be on basic skill improvement and fun activities centered around the game of volleyball. Equipment needed: workout clothes and sneakers.

Suggested: knee pads.

70103 \$90

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

Kelsey Wilson, Head Coach

## AMAZING ATHLETES

NEW!

AGES: 4-6

Amazing Athletes is a developmental sports and fitness program that teaches children the basic fundamentals and mechanics of nine different sports: baseball, basketball, football, golf, hockey, lacrosse, soccer, tennis and volleyball. Our program incorporates exercises for gross motor development, hand-eye coordination, cardiovascular fitness, speed and agility, stretching and muscle tone. The sports will be divided up throughout the week. The children are able to learn and practice the basic fundamentals of each sport through game-based activities.

71012 \$100

Mon. - Fri., 9 a.m. - Noon

July 24 - 28

Jessica Perott, Head Coach

# CIRCUS THEATRICKS

## CIRCUS THEATRICKS

AGES 6-15

We are pleased to have Sean (Seano) Fagan back at Hudson Valley Community College this summer for four weeks of Circus Theatricks. Whether you've experienced fun with Seano in the past or you're new to the circus world, this class is for you. Beginning campers will be introduced to the art of juggling, tumbling, partner acrobatics, magic and the secrets and skills of circus clowns. Returning campers, get ready to be challenged and further your skills in the circus arts.

### TUITION: \$250

per one-week session

The instructional component of these programs will run from 9 a.m. - 3 p.m. with a half hour for lunch each day.

Our counseling staff will provide supervision of participants from 8 - 9 a.m. and 3 - 4 p.m. each day for those students who arrive early and stay late. Students should bring their own lunch and snack each day. Refrigeration is not available.

### Session 1

70049

Mon. - Fri., 8 a.m. - 4 p.m.  
July 24 - 28

### Session 2

70050

Mon. - Fri., 8 a.m. - 4 p.m.  
July 31 - August 4

### Session 3

70051

Mon. - Fri., 8 a.m. - 4 p.m.  
August 7 - 11

### Session 4

70600

Mon. - Fri., 8 a.m. - 4 p.m.  
August 14 - 18

Held in Maureen Stapleton Theatre,  
First Floor, Siek Campus Center

SAVE \$50 AND REGISTER  
FOR ALL FOUR SESSIONS  
71013

\$950

# THEATER WORKSHOP

## THEATER WORKSHOP

AGES 8-15

Do you love to act, sing, dance or tell jokes? Do you see yourself behind the scenes, as a director, stage manager or props designer?

If you answered "yes" to any of these questions, the Youth Theater Workshop is for you! The workshop will take you through the entire process of producing a musical theater piece, from creating the characters, writing the script and developing songs, to rehearsing and performing in the final production, which will take place on the last day of the workshop. No experience is required, just a desire to jump in and put on a show!

Our program can accommodate both new and experienced performers. The group will be split early in the first week based on experience level.

**TUITION: \$330**

70097

*Mon. - Fri., 8 a.m. - 4 p.m.*

*July 10 - 21*

*Maureen Stapleton Theatre*

*First Floor, Siek Campus Center*

The instructional component of these programs will run from 9 a.m. - 3 p.m. with a half hour for lunch each day. Our counseling staff will provide supervision of participants from 8 - 9 a.m. and 3 - 4 p.m. each day for those students who arrive early and stay late. Students should bring their own lunch and snack each day. Refrigeration is not available.

### Program instructors:

**Liv Cummins and Sandy McKnight**

Liv is a performer, writer and educator who works with young people in venues such as TADA!, the Broadway Theater Institute, Lucy Moses School, and the Elaine Kaufman Center for the Arts at Lincoln Center. Sandy is a producer, writer, musician and teacher who has written more than 500 songs and produced more than 100 recordings. He has written several scripts for VH1's "Top Ten Countdown" as well as pilots for a new TV series.

# TECHNOLOGY ENRICHMENT

## MIDDLE SCHOOL PROGRAM AT BETHLEHEM MIDDLE SCHOOL

MIDDLE SCHOOL PROGRAM FOR  
STUDENTS ENTERING GRADES 5-8

**TUITION: \$265**

70096

July 10 - 14, 8:30 a.m. - 3 p.m.

*Campers participate in all four modules  
throughout the day.*

*Bethlehem Middle School is located  
at 332 Kenwood Avenue in Delmar.*

The Technology Enrichment Program gives students a chance to discover their interests and talents through hands-on, activity-packed learning sessions. Students will be given the opportunity to explore several dynamic areas.

The program will meet Monday through Friday for one week. Campers will have a half-hour for lunch and are expected to bring their own lunch and beverage. This program is comprised of four modules.

**Module 1 - 3D Printing and Coding!**

**Module 2 - A Crash Course**

**Module 3 - Fisher Technics Design  
Challenge**

**Module 4 - Tinkering with TOYS**

### 3D PRINTING AND CODING!

Invent your own creation, or innovate an existing one! You will be challenged to create a new product to solve a need you will identify. Your design will come to life using computer software and 3D printing. Students will be introduced to core computer science and programming concepts using popular characters like Angry Birds, Plants vs. Zombies and Flappy Bird. Using Code.org "Hour of Code," you will be learning how to create mazes, make drawings, algorithms and functions.

*Tim Connelly, Instructor*

## A **COURSE!**

What is a CRASH course? This one is all about collisions! What happens when two objects come together? Sometimes they bounce and sometimes they break. Students will explore collisions that occur in many different settings. They will investigate collisions in sports such as baseball, curling, pool and bowling. Students will practice reducing the impact of collisions like baseball players catching a ball with "soft hands," and apply that to a "safe" collision with a water balloon or raw egg. Predictions will be made about a collision between two students in Sumo suits. Another activity will involve designing a helmet to protect a pasta "brain." And we will learn even more about collisions by investigating the role of crash dummies in safety tests. Bring your best thinking and engineering skills to this hands-on CRASH course in collisions.

*Cheri White, Instructor*

**BETHLEHEM  
MIDDLE SCHOOL**

## FISHER TECHNICS DESIGN CHALLENGE

Students will design, build and program Fisher Technics robot assemblies to perform fun and creative tasks. We will develop automated models for hitting ping pong balls, climbing obstacles and more. The camp will focus on elements of design, and test participants' problem solving skills in redesigning their robots until they accomplish their goal. Several fun and challenging engineering and design activities will occur throughout the week.

*Andrew Cancio, Instructor*

## TINKERING WITH TOYS

What do you do to amuse yourself when you're not on your phone? Toys have been entertaining and amazing people well before the smartphone was ever invented. Start your summer out playing with classical toys that balance, spin and move in a variety of interesting ways. While tinkering with these fun gadgets, you will learn the science behind the wonderment and be able to construct your own unique toys that will bring you enjoyment well after the camp has ended.

*Todd Tyler, Instructor*

# TECHNOLOGY ENRICHMENT

## MIDDLE SCHOOL PROGRAM AT TEC-SMART (MALTA)

MIDDLE SCHOOL PROGRAM FOR  
STUDENTS ENTERING GRADES 6-8

**TUITION: \$275**

70383

July 17 - 21, 8:30 a.m. - 3 p.m.

HVCC TEC-SMART Campus  
345 Hermes Road, Malta

This program is comprised of six modules. Campers participate in all of these throughout the week.

- [Module 1 - Hover Craft Challenge](#)
- [Module 2 - NASA Spacesuit Challenge](#)
- [Module 3 - Point A to Point B,  
Then Back Again](#)
- [Module 4 - Schooner or Later](#)
- [Module 5 - Think Tank](#)
- [Module 6 - Turn Up the Volume](#)

### HOVER CRAFT CHALLENGE

Physics comes alive as the Hover-Craft levitates on a cushion of air and races across the floor. Powered by two propellers, the Hover-Craft will need to be built for distance and speed. Can you build a craft that can go the distance? Top scores are based on distance and time combined.

*Jeffrey Gargano, Instructor*

### NASA SPACESUIT CHALLENGE

It takes a lot to survive in space and it all starts with the equipment on your back, literally! You will work in teams to design and build a pressure suit that must protect the astronaut (marshmallow) from a vacuum situation. It must completely surround the astronaut to provide the necessary protection to the human body so that they may survive under the vacuum of space!

*Jeffrey Gargano, Instructor*

### POINT A TO POINT B, THEN BACK AGAIN

Pneumatics, hydraulics and eggs, what do they all have in common? This challenge! First, we will build our knowledge with an introduction to using pneumatic and hydraulic cylinders in robotic systems. Then you get to exercise your creativity, as you design your own remotely-controlled robotic arm to safely transport an egg from one place to another, and return it to its original location, all in the quickest time possible.

*Gregory Garrison, Instructor*

### SCHOONER OR LATER

It's summertime; let's have some fun in the water! With limited sail size and the same wind source as your opponents, you must design the most efficient hull to drive your boat to victory. We will discuss and explore various designs. Then, the fun part: using easy-working foam, you will design and problem-solve through various hull designs of your own, concluding with an exciting race where you get to see your results on our test track.

*Gregory Garrison, Instructor*

### THINK TANK

Are you a problem solver? Can you work quickly as a team to accomplish a task? Do you like a good challenge? If so, this is for you. Students will be given a fixed amount of time and materials to solve a secret task while competing against the other teams. Students will also be introduced to a number of competitions that they can get involved in back at their home schools for the upcoming academic year.

*Jeffrey Gargano, Instructor*

### TURN UP THE VOLUME

With touchscreen control and Bluetooth wireless connectivity, we can control and listen to music, wherever and whenever. Often we think more about our user interface and portability than what makes the sound. What about the speaker? Ultimately the speaker is what provides us the enjoyment of hearing our favorite song. We just use our touchscreen and Bluetooth to get it working. In this activity, you will learn how speakers work and build your own working model out of recycled materials.

*Gregory Garrison, Instructor*

## HIGH SCHOOL PROGRAM AT TEC-SMART (MALTA)

HIGH SCHOOL PROGRAM FOR  
STUDENTS ENTERING GRADES 9-11

**TUITION: \$275**  
70659

July 10 - 14, 8:30 a.m. - 3 p.m.

HVCC TEC-SMART Campus  
345 Hermes Road, Malta

This program is comprised of seven modules. Campers participate in all of these throughout the week.

- [Module 1 - Cantilever Testing](#)
- [Module 2 - Digital Concepts Lab](#)
- [Module 3 - Land, Air, Sea Rescue Challenge](#)
- [Module 4 - Maglev Vehicles](#)
- [Module 5 - Solar Dragsters](#)
- [Module 6 - Take Flight](#)
- [Module 7 - Think Tank](#)

### CANTILEVER TESTING

Ever wonder how a structure can hold weight without being tied down at both ends? Well this is the interesting structure called a cantilever. You will study these designs and build your own cantilever. Get ready to build a structure that will outlast others!

*Darrel Ackroyd, Instructor*

### DIGITAL CONCEPTS LAB

This lab focuses on digital concepts such as logic gates, integrated circuits, binary counter circuits, digital readouts, touch-activated switches, flip flops and more. We will create binary outputs and eight-segment LED number schemes.

*Darrel Ackroyd, Instructor*

### LAND, AIR, SEA RESCUE CHALLENGE

Rescuers need crafts that can handle all types of terrain to save people's lives. Currently they need three types of vehicles to accomplish this task. Your job is to build a craft that can do all three and perform a specified task at the same time. Bring your thinking caps because you're going to need them for this!

*Jeffrey Gargano, Instructor*

### MAGLEV VEHICLES

Everyone in the class has a shot at levitation with our maglev vehicles. Design your vehicle to race against your competitor. Be careful not to create a vehicle that is unbalanced; this could slow down your speed. Get ready to take off with the power of wind and magnets.

*Darrel Ackroyd, Instructor*

### SOLAR DRAGSTERS

You are in a race, but to win the race you will have to design a dragster that will travel the fastest using only the sun. Solar panels, wheels, a motor and gears are all you have to use in this race for the sun.

*Darrel Ackroyd, Instructor*

### TAKE FLIGHT

Ever wanted to learn to fly a drone? What about designing your own rocket plane? Well how about both? First we will take a look at the principles of flight with our drones. Here you'll learn how they work and how to fly them! Next we'll work on building rocket planes powered by B/C rocket motors. Unlike last year's smaller rocket gliders, these planes mean business and can go the distance.

*Jeffrey Gargano, Instructor*

### THINK TANK

Are you a problem solver? Can you work quickly as a team to accomplish a task? Do you like a good challenge? If so, this is for you. Students will be given a fixed amount of time and materials to solve a secret task while competing against the other teams. Students will also be introduced to a number of competitions that they can get involved in back at their home schools for the upcoming academic year.

*Jeffrey Gargano, Instructor*

# SUMMER ACADEMY

Summer Academy is enrichment education for kids entering grades 1-8 (unless otherwise noted). On these pages you will find a variety of classes to interest and engage your child.

Programs for elementary, middle and high school students are scheduled so your child can attend in the morning, afternoon or both.

Summer Academy classes are held in the college's Viking Child Care Center (basement level), Williams Hall and the Science Center. All students should report to the Summer Academy office in the Viking Child Care Center, Room B06, on the first day to check in and for room assignments. If there is any change you will be notified before camp begins. Some situations require a different drop off location. Courses are taught by local elementary, middle and high school teachers in addition to Hudson Valley Community College faculty.

## LUNCH - \$10/week

All students staying on campus for both the morning and afternoon sessions must register for the supervised lunch hour from noon to 1 p.m. Students must register for the appropriate date section. Lunch is not provided.

DATES	CRN
July 10 - 14	70279
July 17 - 21	70280
July 24 - 28	70281
July 31 - August 1	70282
August 7 - 11	70283
August 14 - 18	70284

## EXTENDED CARE - \$20/week

Extended care is available from 8 - 9 a.m. and 4 - 5 p.m. for an additional charge.

Students who attend a morning Summer Athletic Camp program can only participate in afternoon care and will be charged a prorated fee. See page 2 for details. Contact our office at (518) 629-7339.

DATES	CRN
July 10 - 14	70285
July 17 - 21	70286
July 24 - 28	70287
July 31 - August 4	70288
August 7 - 11	70289
August 14 - 18	70290

## CRAFTING FOR THE SEASONS

NEW!

As the seasons change so do the decorations we display. Campers who love to craft will enjoy making crafts that they can use to decorate for every season. Winter, spring, summer and fall, we will make decorations for them all! Course fee includes a \$15 materials fee.  
71007 \$105

Mon. - Fri., 1 - 4 p.m.

August 14 - 18

Alexandra Omecinsky, Instructor

## CODING FOR KIDS

In this class, you will learn basic coding skills to create and design your own games, videos and more! Create a free account and you will be able to continue programming even after the class is over. There are over 100 programs to choose from with themes of Star Wars, Minecraft, Frozen, arcade games, sports and much more! \*Requires student computer access.

71009 \$89

Mon. - Fri., 9 a.m. - Noon

August 7 - 11

Lauren Marchese, Instructor

## DRAGON TRAINING

Welcome to dragon training! Based on the DreamWorks film "How to Train Your Dragon," this camp will explore the mythical Viking world of Berk. In Berk, there is fishing, hunting and a charming view of the sunsets. The only problems are the pests. Most places have mice or mosquitoes, but they have...dragons! Kids will have the opportunity to watch the movie, design their own Viking costumes and create their very own dragon! We will have other exciting activities such as creating dragon masks and making fun, creative snacks. On the last day of camp, everyone will compete in Viking games. Course fee includes a \$10 materials fee.

70477 \$99

Mon., - Fri., 9 a.m. - Noon

July 24 - 28

Alicia Ozols, Instructor

## DRAWING 101

NEW!

Do you love to doodle and draw? 'Drawing 101' is the place for you! We will use step-by-step drawing to learn how to draw people, animals, scenery and much more! From sketches to detailed pictures, we will unveil the wonderful world of art. Bring your artistic mind to create drawings on your own and with partners, too! Course fee includes a \$10 materials fee.

70966 \$99

Mon. - Fri., 9 a.m. - Noon

July 31 - August 4

Melissa Gordon, Instructor

## ENGLISH AS A SECOND LANGUAGE

NEW!

ENTERING GRADES 1-4

This class will focus on enhancing English skills for students who are learning English as a Second Language. This is a great opportunity for ESL students to practice their English over the summer. English skills and concepts will be reinforced through cultural connections associated with music, videos and crafts as well as interactive games. Students will not only strengthen their reading, writing and speaking skills but also become familiar with the customs and traditions of the United States.

Course fee includes a \$10 materials fee.

70967 \$99

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Brianna Marchese, Instructor

## FRIENDSHIP BRACELET FUN

NEW!

Learn to create friendship bracelets for yourself and to share with friends. We will explore different techniques for making various styles using string, beads, lanyards and much more. Course fee includes a \$10 materials fee.

71004 \$99

Mon. - Fri., 1 - 4 p.m.

July 17 - 21

Lauren Marchese, Instructor

## HIP-HOP DANCE CAMP

NEW!

Come learn the latest styles in hip-hop dance at Hip-Hop Dance Camp! We will be working on many different styles of hip-hop and learning choreography to create a routine throughout the week. All are welcome, no previous dance experience is needed. Please wear sneakers and active clothing.

70968 \$89

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

Kristin Komazenski, Instructor

## JAZZ IT UP DANCE CAMP

NEW!

If you love to dance, this camp is for you! Come learn about different styles of jazz dance. We will be learning the proper stretches and techniques as well as learning jazz combinations and routines. No previous dance experience is needed. Please bring socks and wear active clothing.

70971 \$89

Mon. - Fri., 1 - 4 p.m.

July 24 - 28

Kristin Komazenski, Instructor

## ENTERING GRADES 1 - 2 // SUMMER ACADEMY

### LANGUAGE ARTS AND READING REVIEW

We will brush up on reading skills in fun ways to help prepare your child for the upcoming school year. We will be playing games and reading books while practicing strategies to help your child become a successful reader! Please encourage your child to bring a favorite book that they are interested in learning to read. Course fee includes a \$10 materials fee.

\*Requires student computer access.

70969 \$99

Mon. - Fri., 1 - 4 p.m.

July 10 - 14

Courtney Antonucci, Instructor

### LEGO CREATIONS

Let's build! Create the tallest tower and win a prize, enter a competition to build the strongest bridge or most creative town, and practice math, science and reading skills while playing with LEGOS! Learn about measurement, construction, history and physics. You will be given time each day to embrace your inner engineer – making buildings, cities, structural objects and other creations, all focused around learning and strengthening problem solving and communication skills. Course fee includes \$10 materials fee.

70646 \$99

Mon. - Fri., 1 - 4 p.m.

July 10 - 14

Lindsey Gibson, Instructor

### LEGO LOVERS: A BUILDING ADVENTURE

Do you love LEGOs? Look no further... this course is perfect for you! You will spend the week with other LEGO fans, and build your hearts out. Be challenged with different LEGO building ideas, participate in contests, and share ideas with your classmates. Come join the fun with this classic toy. \*Students are asked to bring a gallon sized ziploc bag of LEGOs with them each day, if possible. Please label your bag. Course fee includes a \$15 materials fee.

70865 \$105

Mon. - Fri., 1 - 4 p.m.

July 31 - August 4

Erin Degnan, Instructor

### LET'S EXPERIMENT!

This hands-on class will give you a chance to experiment in a variety of science fields. We will use LEGOs to create some problem-solving science experiments. We will explore simple engineering concepts using blocks, basic physics principles with magnets and then chemistry while making slime, oobleck and other small fizzy eruptions and reactions. Course fee includes a \$15 materials fee.

71011 \$105

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Courtney Antonucci, Instructor

### PRINCESS PARTY

Once upon a time, in a land far, far away, there lived a princess... So many wonderful stories have started this way. We will create crafts and play games fit for a princess. We'll be good guests when we visit Belle and help Cinderella get ready for the ball. We'll spend time under the sea with Ariel. Traveling to Arendale, we'll make sure to stay warm when we visit Queen Elsa, Princess Anna, Kristof, Sven and Olaf. Campers will have to be on the lookout and see which other princesses will stop by. Course fee includes a \$15 materials fee.

70867 \$105

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Alexandra Omecinsky, Instructor

### SPACE CAMP

This camp is out of this world! Have tons of fun learning about our solar system and the astronauts who explore it. Learn about the history of space travel as well as exciting recent discoveries. Investigate the science behind how objects in our solar system move. Learn about planets, stars, constellations and other fascinating elements of outer space.

Campers will design constellations, make erupting moon rocks and demonstrate the phases of the moon with Oreos.

Course fee includes an \$8 materials fee.

70970 \$97

Mon. - Fri., 1 - 4 p.m.

July 24 - 28

Alicia Ozols, Instructor

### SUPERHERO CAMP

Go on a mission to save the world and become a hero at Superhero Camp! Create your own superhero costume, face countless challenges, play superhero-inspired games, and complete missions and scavenger hunts to become the ultimate superhero! Course fee includes a \$10 materials fee.

70750 \$99

Mon. - Fri., 9 a.m. - Noon

August 14 - 18

Alicia Jones, Instructor

### WHAT'S IN A PLANT?

Join us for a plant adventure! We will become scientists and look at the parts of a plant more closely. Each day will be dedicated to a different part of a plant as we observe and explore. Come "eat your way" through a plant and participate in plant crafts with unique materials! We will end the week planting our own seeds to take home. Course fee includes a \$15 materials fee.

70869 \$105

Mon. - Fri., 1 - 4 p.m.

August 7 - 11

Melissa Gordon, Instructor

## SUMMER ACADEMY // ENTERING GRADES 3 - 5

### AMERICAN GIRL DOLLS

The American Girl Dolls represent a vibrant and enjoyable way to embrace history. Each day we will cover a different doll, including the food and entertainment of her era. Students will have a chance to celebrate history through live-action activities. Each girl may bring her dolls, but that is not necessary. We will travel through time with fun games and snacks. Course fee includes a \$10 materials fee.

70861 \$99

Mon. - Fri., 9 a.m. - Noon

July 24 - 28

Melissa Elwell-Holmes, Instructor

### AMERICAN GIRL DOLLS II

ENTERING GRADES 3-6

The American Girl Dolls are not only cherished friends, they are windows to a time period in history. This second camp will be much like the first. We will meet five new American Girls. We will immerse ourselves in the time period of each doll. Each day will be a new era to explore. The day will include the history, music, food, games and crafts of her time period. So get ready to dance, craft, sing, play and learn. The last day will be a grand finale surprise! Course fee includes a \$15 materials fee.

70972 \$105

Mon. - Fri., 9 a.m. - Noon

July 31 - August 4

Melissa Elwell-Holmes, Instructor

### BACKYARD BBQ

Fire up the grills. It's that time of year – picnics and BBQ. We will be making a fun assortment of backyard BBQ favorites. We will explore southern cooking traditions – macaroni and cheese, cornbread, grits, potato salad, sweat tea, and more. While food is important, so is backyard entertainment. We will be playing some of our favorite backyard games and creating our own tablecloths to use at your very own backyard BBQ. Course fee includes a \$20 materials fee.

70973 \$110

Mon. - Fri., 9 a.m. - Noon

July 31 - August 4

Brianna Marchese, Instructor

### BOTTLE AND CAN CRAFTS!

Students will get to be as creative as they want during this course as they paint and decorate bottles and cans of all shapes and sizes. Bottles can be designed for the holiday season or for everyday décor! Course fee includes a \$15 materials fee.

70976 \$105

Mon. - Fri., 1 - 4 p.m.

August 14 - 18

Tracy Henry, Instructor

### BREAKOUT DETECTIVES

Have you heard of Breakout EDU? What about Mystery Rooms? Come to camp and learn to work cooperatively with peers and solve mysteries and puzzles. Work on digital breakouts, breakout boxes, and even make-your-own mysteries! Course fee includes a \$15 materials fee. \*Requires student computer access.

70977 \$105

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

Lindsay Gibson, Instructor

### BUON APPETITO - ITALIAN TREATS AND CUISINE

Come and learn how to prepare some fine Italian baked goods, fresh homemade pasta, savory meatballs and much more. We will also explore a little Italian language and culture. Course fee includes a \$15 materials fee.

71006 \$105

Mon. - Fri., 1 - 4 p.m.

July 24 - 28

Lauren Marchese, Instructor

### COOKIE CRAZE

Let's go crazy for cookies! In this class, we will be baking some of our favorites like chocolate chips, sugar cookies and even Granny's oatmeal cookies. We will also be exploring cookies from around the world from Italy to Mexico to Turkey. And just when you think it couldn't get any better, we will also make ice cream cookie sandwiches. This will all lead to a final cookie challenge on Friday with a "Cookie-Off." This week, we will all become Cookie Monsters. Course fee includes a \$15 materials fee.

70980 \$105

Mon. - Fri., 1 - 4 p.m.

July 10 - 14

Brianna Marchese, Instructor

### CRAFTING FOR THE SEASONS

As the seasons change so do the decorations we display. Campers who love to craft will enjoy making crafts that they can use to decorate for every season. Winter, spring, summer and fall, we will make decorations for them all! Course fee includes a \$15 materials fee.

70978 \$105

Mon. - Fri., 9 a.m. - Noon

August 14 - 18

Alexandra Omecinsky, Instructor

## ENTERING GRADES 3 - 5 // SUMMER ACADEMY

### CREATIVE WRITING WORKSHOP

This creative writing course will be used to show children the beauty and fun of writing. It will be taught in a workshop format where we will explore writers' crafts, use mentor texts, and write creatively about numerous topics. Course fee includes a \$5 materials fee.

70979 \$95

Mon. - Fri., 9 a.m. - Noon

July 24 - 28

Eryn Monaco, Instructor

### CULTURAL CONNECTIONS

Bonjour! Hola! Ciao! This class will bring us closer to our own cultures as well as explore some new cultures. It's a great way to learn about other traditions and customs. We will be tasting different ethnic foods, creating cultural crafts, exploring music and customs. Grab your passport and prepare for a fun week of traveling and learning. Course fee includes a \$10 materials fee.

70981 \$99

Mon. - Fri., 1 - 4 p.m.

July 17 - 21

Brianna Marchese, Instructor

NEW!

### CUPCAKE WARS

In this fun, hands-on course, students will have the chance to explore a variety of different types of cupcake recipes. We will start off with learning how to make different types of batters and frostings. Then, students will learn how to pair flavors and decorate cupcakes. The finale will be when students compete to see who makes the best cupcake! Course fee includes a \$20 materials fee.

70874 \$110

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

Tracy Henry, Instructor

### DELICIOUS DESSERTS!

In this exciting course, students will learn to make desserts that are sure to impress! Various types of cookies, mini cakes and chocolate desserts are some of the recipes that will be explored. Students will eat each item they make and also leave with a cookbook holding all of their recipes at the end of the week. Course fee includes a \$20 materials fee.

70983 \$110

Mon. - Fri., 1 - 4 p.m.

August 7 - 11

Tracy Henry, Instructor

### FOOD ART

Have you ever been told that you shouldn't play with your food? Have you ever wanted to make designs, silly faces and animals with your snack? Well this is the spot for you! In Food Art, we will take our favorite vegetables, fruits and candy and get creative. We will learn how to transform food into different faces, animals and much more. Bring your appetite and artistic minds! Course fee includes a \$15 materials fee.

70984 \$105

Mon. - Fri., 9 a.m. - Noon

August 7 - 11

Melissa Gordon, Instructor

NEW!

### ENGLISH AS A SECOND LANGUAGE

ENTERING GRADES 1-4

This class will focus on enhancing English skills for students who are learning English as a Second Language. This is a great opportunity for ESL students to practice their English over the summer. English skills and concepts will be reinforced through cultural connections associated with music, videos and crafts as well as interactive games. Students will not only strengthen their reading, writing and speaking skills but also become familiar with customs and traditions of the United States. Course fee includes a \$10 materials fee.

70967 \$99

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Brianna Marchese, Instructor

### FRIENDSHIP BRACELET FRENZY!!

This hands-on course will provide students with the opportunity to create their own bracelets. There will be a variety of patterns to choose from and different materials as well! Some bracelets can be created with beads while others will use embroidery floss. Course fee includes a \$10 materials fee.

70985 \$99

Mon. - Fri., 1 - 4 p.m.

July 24 - 28

Tracy Henry, Instructor

NEW!

## HOUR OF CODE - COMPUTER SCIENCE FOR ALL LEVELS

This course introduces core computer science and programming concepts using popular characters like Angry Birds, Plants vs. Zombies and Flappy Bird. It is based on the Code.org "Hour of Code," which many schools participate in during Computer Science Education Week. You can participate if you have completed an Hour of Code, or with NO experience at all! This summer camp will offer a variety of hands-on "unplugged" coding exercises to teach problem solving and coding basics, as well as activities on the computer – including learning mazes, making drawings, algorithms, functions and songwriting. Time will also be spent using a Dash and Dot robot that is programmable through personal computing devices! \*Requires student computer access.

70782 \$89

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Lindsey Gibson, Instructor

## LEGO BUILDING ACADEMY

Attention, master builders! Come join the fun of building LEGOs with your classmates, and challenging each other during building contests. Share your LEGO building skills with your classmates during this fun and exciting week, which will be all about LEGOs! \*Students are asked to bring a gallon sized Ziploc bag full of LEGOs, if possible, labeled with their name. Course fee includes a \$15 materials fee.

70986 \$105

Mon. - Fri., 9 a.m. - Noon

July 31 - August 4

Erin Degnan, Instructor

## LEGO COMICS: DESIGN YOUR OWN ADVENTURE!

In this LEGO adventure YOU are the star! Pick your favorite LEGO genre or create an alternate universe to create a digital illustrated story or graphic novel. Whether you want to fight alongside superheroes, create a Minecraft story, hang with the Nexa Knights, or go into space with Rey and Finn, the only requirement is that you put yourself in the story! All students will end the class with a digital comic book that can be shared with friends and family on a password-protected website. Students will work in teams for most of the program. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70988 \$129

Mon. - Fri., 1 - 4 p.m.

August 7 - 11

Jaclyn Passineau, Instructor

## MAKE YOUR FIRST 3D VIDEO GAME

Try this new version of a Black Rocket classic! This class allows you to develop a game concept that goes well beyond the limitations of the traditional 2D game design classes and create an immersive 3D world. Students will learn the physics behind 3D games, explore beginner event scripting, level design, controlling flow of gameplay, and storytelling. Student-created games will be available on a password-protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70778 \$129

Mon. - Fri., 1 - 4 p.m.

July 17 - 21

Kristin Armstrong, Instructor

## MINECRAFT DESIGNERS

If you love the game Minecraft, and always wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. To access their project at home, students must own a PC/MAC version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Parent email address is required to use 3D modeling software. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70766 \$129

Mon. - Fri., 1 - 4 p.m.

July 10 - 14

Kyle Armstrong, Instructor

## ENTERING GRADES 3 - 5 // SUMMER ACADEMY

### MINECRAFT MODDERS

Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a password-protected Black Rocket website to share with friends and family. To access their project at home, students must own a PC/MAC version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70990 \$129

Mon. - Fri., 1 - 4 p.m.

August 14 - 18

Jaclyn Passineau, Instructor

### PAPER MACHE CREATIONS

Spend the week folding, rolling, pasting and painting. We will use recycled materials, masking tape, glue and paint to create 3D paper mache projects. This is a fun, creative, hands-on class. Be prepared to get your hands dirty! Bring home an interesting piece of art you will treasure for years to come. Course fee includes a \$20 materials fee.

70991 \$110

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Tamara Demartino, Instructor

### PLENTY OF PIZZAS

Mangia! Mangia! Who says we can't have a pizza party every day? Put down the DiGiorno because this week we be creating a variety of pizzas. Traditional margherita is a must, don't forget about pepperoni and if you don't like the meat, white with broccoli is for you! In this class we will break all the pizza rules, especially with dessert and breakfast pizza pies that will make your mouth water. Join this class and become a pizza connoisseur! Course fee includes a \$20 materials fee.

70993 \$110

Mon. - Fri., 9 a.m. - Noon

August 14 - 18

Brianna Marchese, Instructor

### READY, SET - GET FIT!

Come to 'Ready, Set, Get Fit!' to learn about different muscle groups and how to keep your body active! We will learn dances, step aerobics and yoga that focuses on core muscle groups. You will even get to create and teach your own routine with a partner to the rest of the class. Let's get fit and have fun! Course fee includes a \$10 materials fee.

70995 \$99

Mon. - Fri., 1 - 4 p.m.

July 31 - August 4

Melissa Gordon, Instructor

### SCIENCE EXPERIMENTS

Discover different science experiments using materials you can find around your house. We will be using various materials, and discussing the different reactions. We will make elephant toothpaste, balloon rockets and much more! Course fee includes a \$10 materials fee.

70880 \$99

Mon. - Fri., 9 a.m. - Noon

July 24 - 28

Lauren Marchese, Instructor

NEW!

### STAR WARS STOP ANIMATION

Make your own Star Wars adventure come to life! Bring in your favorite action figures from Star Wars and create a short film with your friends. Whether you want to recreate a scene from Star Wars or design a new world of your own, this class brings your dreams to the screen. Students will need to bring in Star Wars action figures or vehicles from home, but all other equipment is provided. Student-created films will be available on a password-protected website to share with friends and family. Students will work in pairs or teams for most of the program. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70997 \$129

Mon. - Fri., 1 - 4 p.m.

July 31 - August 4

Andrew Cancio, Instructor

### TIE-DYE

Tie-dye isn't just for t-shirts anymore! You will learn all about new items to tie-dye and how to create more than just the traditional spiral tie-dye pattern. We will create a variety of fun tie-dye crafts composed of all different materials. Course fee includes a \$20 materials fee.

70654 \$110

Mon. - Fri., 9 a.m. - Noon

August 7 - 11

Alexandra Omecinsky, Instructor

NEW!

NEW!

## AROUND THE WORLD IN 20 PLATES

Your task, if you choose to accept it, is to travel the world in just five days! You and your team will be given clues to locations around the globe. Once deciphered, you will explore your destination and try some local cuisine, something unique and interesting for each location. Teams will arrive at the final location of the day to learn how to make a dish on their own. Course fee includes a \$25 materials fee.

70884 \$115

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Jeannette Folger-Beebe, Instructor

## AWESOME ACRYLICS

Learn the basics of painting with acrylics, including color mixing, brush technique, landscape and seascape elements. Create a finished painting on canvas board! Please wear old clothes or bring a smock to each class. Course fee includes a \$25 materials fee.

70742 \$115

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

Colleen Connolly, Instructor

## BABYSITTING SKILLS AND ACTIVITIES FOR THE FIRST-TIME BABYSITTER

Be the babysitter all the kids want! Learn basic childcare techniques and safety skills and create a variety of activities to use while babysitting. Students will make a bag and fill it with fun projects/games to take while babysitting. Course fee includes a \$20 materials fee.

70772 \$110

Mon. - Fri., 9 a.m. - Noon

July 31 - August 4

Karen DeSorbo, Instructor

## BACKYARD BBQ

Fire up the grills. It's that time of year – picnics and BBQ. We will be making a fun assortment of backyard BBQ favorites. We will explore southern cooking traditions – macaroni and cheese, cornbread, grits, potato salad, sweat tea, and more. While food is important, so is backyard entertainment. We will be playing some of our favorite backyard games and creating our own tablecloths to use at your very own backyard BBQ. Course fee includes a \$20 materials fee.

70974 \$110

Mon. - Fri., 1 - 4 p.m.

July 31 - August 4

Brianna Marchese, Instructor

## BATTLES AND BREAD RIOTS

Do you like the Civil War? Are you interested in the battles and how the soldiers survived on the march? Do you know how the women lived with little food at home while the soldiers were away? Did you know there were riots over bread? Come spend time in the 1860s and learn about five major battles, the lives of the women left at home, and try some authentic Civil War foods. Course fee includes a \$15 materials fee.

70998 \$105

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Jeannette Folger-Beebe, Instructor

## BOTTLE AND CAN CRAFTS!

Students will get to be as creative as they want during this course as they paint and decorate bottles and cans of all shapes and sizes. Bottles can be designed for the holiday season or for everyday décor! Course fee includes a \$15 materials fee.

70975 \$105

Mon. - Fri., 9 a.m. - Noon

August 14 - 18

Tracy Henry, Instructor

## CODE BREAKERS

Calling all future coders, programmers and designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day and be on your way to becoming the next tech star! Whether you want to be the next Mark Zuckerberg or the high school student who just made \$1 million for programming in his bedroom, this course has the essentials you need to begin your journey. Projects will be available on a Black Rocket website to share with friends and family. We will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years.

\*Requires student computer access.

Offered in cooperation with Black Rocket Productions, LLC.

70872 \$129

Mon. - Fri., 9 a.m. - Noon

July 24 - 28

Kyle Armstrong, Instructor

## ENTERING GRADES 6 - 8 // SUMMER ACADEMY

### COOKING FOR THE HOLIDAYS

Come and celebrate an edible journey through the holidays of the year. Each day, campers will learn how to make sweet and savory treats for that day's holiday. This year, we will be celebrating St. Patrick's Day, Halloween, Thanksgiving, Christmas and birthdays. To keep celebrating all year long, campers will make a cookbook full of all the week's festive treats. Course fee includes a \$15 materials fee.

71005 \$105

Mon. - Fri., 9 a.m. - Noon

July 24 - 28

Alexandra Omecinsky, Instructor

### CREATING A BETTER DIGITAL FOOTPRINT

In today's day and age, it's so important that kids learn to leave a positive digital footprint. This camp will focus on digital citizenship, taught through the use of a digital scrapbook and a beginner's resume. Games will be played, lessons will be learned, and creativity will take the spotlight! Students will work on creating a website that explains their passions and shows their hobbies, all while understanding how to use technology to help them in the future. \*Requires student computer access.

70999 \$89

Mon. - Fri., 1 - 4 p.m.

July 17 - 21

Lindsay Gibson, Instructor

### CUPCAKE WARS

In this fun, hands-on course, students will have the chance to explore a variety of different types of cupcake recipes. We will start off learning how to make different types of batters and frostings. Then, students will learn how to pair flavors and decorate cupcakes. The finale will be when students compete to see who makes the best cupcake! Course fee includes a \$20 materials fee.

70895 \$110

Mon. - Fri., 1 - 4 p.m.

July 17 - 21

Tracy Henry, Instructor

### DELICIOUS DESSERTS!

In this exciting course, students will learn to make desserts that are sure to impress! Various types of cookies, mini cakes and chocolate desserts are some of the recipes that will be explored. Students will eat each item they make and also leave with a cookbook holding all of their recipes at the end of the week. Course fee includes a \$20 materials fee.

70982 \$110

Mon. - Fri., 9 a.m. - Noon

August 7 - 11

Tracy Henry, Instructor

### ENGLISH AS A SECOND LANGUAGE

ENTERING GRADES 5-8

This class will focus on enhancing English skills for students who are learning English as a Second Language. This is a great opportunity for ESL students to practice their English over the summer. English skills and concepts will be reinforced through cultural connections associated with music, videos and crafts as well as interactive games. Students will not only strengthen their reading, writing and speaking skills but also become familiar with customs and traditions of the United States. Course fee includes a \$10 materials fee.

71000 \$99

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

Brianna Marchese, Instructor

### FORENSICS CRIME SCENE I

Have you ever watched "CSI" or "Law and Order" and wondered, "how did they do that?" Come and find out. Forensics campers will explore a crime scene from start to finish; casting impressions, fingerprinting, processing the evidence and interviewing and interrogating our suspects. Come see CSI come to life! Course fee includes a \$10 materials fee.

70115 \$99

Mon. - Fri., 1 - 4 p.m.

July 24 - 28

Melissa Elwell-Holmes, Instructor

### FORENSICS CRIME SCENE III

ENTERING GRADES 6-9

The crime has occurred, the evidence is laid out, and the body is there, but "whodunit"? This class starts with the crime. Starting with the death scene, the seasoned crime scene investigators (from Forensics Camp I and II) will collect the evidence, maintain the chain of custody and begin their investigation and interrogation of suspects. This class will work over the week to develop a theory and utilize the evidence to solve the case. The case will end with a mini-trial to present the evidence and introduce the students to the American judicial process. Pre-requisite: Forensics II. Course fee includes a \$10 materials fee.

71003 \$99

Mon. - Fri., 1 - 4 p.m.

July 31 - August 4

Melissa Elwell-Holmes, Instructor

## LEARN HOW TO DRAW

Learn how to draw what you see! We will explore observational drawing, focusing on texture and shading. Have fun combining pencil, colored pencil, and pen to create imaginative compositions. Course fee includes a \$15 materials fee. Please wear old clothes or bring a smock to each class.

70889 \$105

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Colleen Connolly, Instructor

## LEGO COMICS: DESIGN YOUR OWN ADVENTURE!

In this LEGO adventure, you are the star! Pick your favorite LEGO genre or create an alternate universe to create a digital illustrated story or graphic novel. Whether you want to fight alongside superheroes, create a Minecraft story, hang with the Nexo Knights, or go into space with Rey and Finn, the only requirement is that you put yourself in the story! All students will end the class with a digital comic book that can be shared with friends and family on a password-protected website. Students will work in teams for most of the program. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70987 \$129

Mon. - Fri., 9 a.m. - Noon

August 7 - 11

Jaclyn Passineau, Instructor

## MAKE YOUR FIRST 3D VIDEO GAME

Try this new version of a Black Rocket classic! This class allows you to develop a game concept that goes well beyond the limitations of the traditional 2D game design classes and create an immersive 3D world. Students will learn the physics behind 3D games, explore beginner event scripting, level design, controlling flow of gameplay, and storytelling. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70779 \$129

Mon. - Fri., 9 a.m. - Noon

July 17 - 21

Kristin Armstrong, Instructor

## MINECRAFT DESIGNERS

If you love the game Minecraft, and always wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. To access their project at home, students must own a PC/MAC version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Parent email address is required to use 3D modeling software. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70767 \$129

Mon. - Fri., 9 a.m. - Noon

July 10 - 14

Kyle Armstrong, Instructor

## MINECRAFT MODDERS

Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods. Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a password-protected Black Rocket website to share with friends and family. To access their project at home students must own a PC/MAC version of Minecraft. Tablet, phone, and game console versions of Minecraft are not compatible. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70989 \$129

Mon. - Fri., 9 a.m. - Noon

August 14 - 18

Jaclyn Passineau, Instructor

## PAPER MACHE CREATIONS

Spend the week folding, rolling, pasting and painting. We will use recycled materials, masking tape, glue and paint to create 3D paper mache projects. This is a fun, creative hands on class. Be prepared to get your hands dirty! Bring home an interesting piece of art you will treasure for years to come. Course fee includes a \$20 materials fee.

70992 \$110

Mon. - Fri., 1 - 4 p.m.

July 10 - 14

Tamara Demartino, Instructor

## ENTERING GRADES 6 - 8 // SUMMER ACADEMY

### PINTEREST FOR THE SEASONS

NEW!

As the seasons change so do the decorations we display. Campers who love to craft will enjoy making crafts that they can use to decorate for every season. Campers will learn how to create some of the most popular seasonal items found on Pinterest. Winter, spring, summer and fall, we will make decorations for them all. Course fee includes a \$15 materials fee.

71002 \$105

Mon. - Fri., 1 - 4 p.m.

August 7 - 11

Alexandra Omecinsky, Instructor

### PINTEREST PRO

Have you ever scrolled through Pinterest and admired all of the intriguing crafts? You will learn how to create some of the most popular items found on Pinterest. Sparkling glitter bowls, amazing wall hangings, creative bracelets and lavish cups are just some of the many Pinterest-inspired crafts we will get to make. Campers will get to transform ordinary items into extraordinary masterpieces. Course fee includes a \$20 materials fee.

70892 \$110

Mon. - Fri., 1 - 4 p.m.

July 24 - 28

Alexandra Omecinsky, Instructor

### PINTEREST PRO 2

NEW!

Calling all crafters! You don't have to take Pinterest Pro before taking Pinterest Pro 2. Campers will have more fun creating new Pinterest crafts and putting a new spin on traditional crafts. Come and make canvas wall hangings that you can't wait to bring home to hang up on the wall. We will explore all the possibilities that mason jars can hold. Campers will learn how to repurpose everyday objects into extraordinary new creations. If you love to craft and be creative this is the camp for you. Course fee includes a \$20 materials fee.

71001 \$110

Mon. - Fri., 1 - 4 p.m.

July 31 - August 4

Alexandra Omecinsky, Instructor

### PLENTY OF PIZZAS

NEW!

Mangia! Mangia! Who says we can't have a pizza party every day. Put down the DiGiorno because this week we be creating a variety of pizzas. Traditional margherita is a must, don't forget about pepperoni, and if you don't like the meat, white with broccoli is for you! In this class we will break all the pizza rules, especially with dessert and breakfast pizza pies that will make your mouth water. Join this class and become a pizza connoisseur! Course fee includes a \$20 materials fee.

70994 \$110

Mon. - Fri., 1 - 4 p.m.

August 14 - 18

Brianna Marchese, Instructor

### SPORT SCIENCE

Ever wondered how NBA and WNBA players can jump so high? How is it possible for a small wooden bat to launch a baseball 350 feet? The answers to these questions (and more!) will be explored in "Sport Science." This interactive camp experience will allow you to learn about scientific concepts as they relate to sport, including: lever systems, bone and muscle structure, and even the composition of Gatorade. Everyone will

have the opportunity to measure variables on themselves (like wing span!) and use computer applications to analyze sports drinks, as well as try out these scientific principles (let's play ball!). Course fee includes a \$10 materials fee.

70764

\$99

Mon. - Fri., 1 - 4 p.m.

August 7 - 11

Christine Jenkins, Instructor

### STAR WARS STOP ANIMATION

NEW!

Make your own Star Wars adventure come to life! Bring in your favorite action figures from Star Wars and create a short film with your friends. Whether you want to recreate a scene from Star Wars or design a new world of your own, this class brings your dreams to the screen. Students will need to bring in Star Wars action figures or vehicles from home, but all other equipment provided. Student-created films will be available on a password-protected website to share with friends and family. Students will work in pairs or teams for most of the program. \*Requires student computer access. Offered in cooperation with Black Rocket Productions, LLC.

70996 \$129

Mon. - Fri., 9 a.m. - Noon

July 31 - August 4

Andrew Cancio, Instructor

### ZOMBIE SURVIVAL CAMP

A zombie apocalypse is coming! Join us to learn tips and develop the skills you need to survive any zombie attack. You will complete rigorous training and make a zombie survival kit. You will also enjoy a zombie feast! Don't miss out on an opportunity to prepare yourself for an imaginary zombie apocalypse! Course fee includes a \$10 materials fee.

70882 \$99

Mon. - Fri., 1 - 4 p.m.

August 14 - 18

Alicia Ozols, Instructor

# REGISTRATION

THE OFFICE OF COMMUNITY AND PROFESSIONAL EDUCATION IS LOCATED IN THE GUENTHER ENROLLMENT SERVICES CENTER ON THE SECOND FLOOR IN ROOM 252.

## OFFICE HOURS:

Regular office hours are 8 a.m. - 5 p.m. Monday - Friday. The college has summer hours and our office will close at 4 p.m. from June 5 through Aug. 11. College is closed July 4.

*Registration is easy and ongoing.*

**MANY OF OUR PROGRAMS FILL QUICKLY, SO REGISTER EARLY!**

## PAYMENT IS REQUIRED IN FULL AT THE TIME OF REGISTRATION.

### Refunds

A 100 percent refund will be given if a written request is received by the Office of Community and Professional Education prior to the start of the camp for which your child is enrolled. After the first class meeting, a 25 percent refund will be given once a written request is received. After the second class, no refunds will be given.

### Computer Accounts

Attention, parents! When we register your child for Kids on Campus programs, a student record is created for them at Hudson Valley Community College. If they are a new student, after registration your child will receive two envelopes from the college. One will contain a username and the second a password. This username and password will allow a student to access the Hudson Valley Community College email and flexible registration system for online registration. If your child is returning and you no longer have their username and password, please call our office. We can reset the password and send both in the mail. Please keep these in a safe place. Students who enroll in a computer class this summer at camp will need these to log in to the computer each day. If you have any questions please do not hesitate to contact us at (518) 629-7339.

### Scholarships

A limited number of scholarships are available for those who qualify. Scholarships are based on financial need. Funds are made possible by the Hudson Valley Community College Foundation. Scholarship forms are available at [www.hvcc.edu/communityed/forms](http://www.hvcc.edu/communityed/forms).

### Immunization Records

Immunizations are required for participation in Kids on Campus programs. Records for children who have previously participated may be on file. If immunizations are needed, you will be notified with your confirmation.

### Program Age Guidelines

For your child's safety and optimal learning experience, please honor the age requirements listed for each program.

### Medication Policy

Children may receive medication during camp if the following procedures are followed:

- A licensed health care provider must order all medications, in writing (ex: physician, dentist). The written order will include child's name, dosage and time to be administered, termination date, and the side effects.
- All medications must be in a pharmacy-labeled bottle or original manufacturer's container.
- No medication is to be transported to or from camp by the student. A parent/guardian or their adult designee must bring medication to the nurse, trainer or camp staff.
- The parent or guardian must provide consent in writing for the camp to carry out the physician's order.

### Special Accommodations

Hudson Valley Community College is committed to providing an accessible education and supportive learning environment for all students. To help us meet this goal, all students with disabilities who require special accommodations must notify the Office of Community and Professional Education in writing, two weeks before their first camp begins, so that accommodations can be arranged. All information will be kept confidential.

### Drop Off

Please drop off your child no earlier than 10 minutes prior to the start of their activity/class. Students arriving earlier will not be supervised and parents must accept full responsibility for their behavior and safety.

## 5 EASY WAYS TO REGISTER!

### ONLINE

Our online registration system is available 24 hours a day, 7 days a week.

Go to [www.hvcc.edu/kidscamps](http://www.hvcc.edu/kidscamps)

\*Please check course descriptions and make note of age/grade requirements for camps.

**NOTE:** You can register online until midnight the day (1 day) before a course begins. Please register by phone, fax or in-person if you are registering on the day the course is scheduled to begin.

Online registration is not available for students using purchase orders, tuition waivers or learning certificates.

### BY PHONE

Please call (518) 629-7339 for easy enrollment with your credit card.

### BY FAX

Complete the registration form and fax to (518) 629-8103. Be sure to include credit card information.

### BY MAIL

Print and complete the registration form. Be sure to include credit card information or include a check or money order and mail to:

### HVCC

Community and Professional Education  
80 Vandenburg Avenue  
Troy, NY 12180

### IN-PERSON

Come to the Office of Community and Professional Education, located in the Guenther Enrollment Services Center, Room 252.
