- backpack
- bag lunch
- snacks

We sometimes do messy things, so please send your child in play clothes each day.

PLEASE NOTE: All outdoor activities are dependent upon weather conditions.

WEEK #1 - FEAR FACTOR
Start the summer with some gross, but fun activities! Be brave and try (safe) new things that you normally would not do! How brave are the camp leaders? Put them to the test and see! Trust walks, blindfold games, and much more...come and try them all! We'll also have some fun around Canada Day!

Course ID: SA 0009
MON, TUE, THUR & FRI, JUN 29, 30, JUL 2 & 3 (NO CAMP WED, JUL 1), 8:00AM–4:30PM

WEEK #2 - WE JUST HAVE TO DO SCIENCE!
Let's experiment & explore galore! We'll try some fun and really neat things to watch the magic of science right before our eyes! If you have cool science experiments you'd like to share, bring your ideas with you—we'll try as many as we can! Art activities involving science are also in store for the week! Oh, and a field trip will be in order!

Course ID: SA 0029
MON–FRI, JUL 6–10, 8:00AM–4:30PM

WEEK #3 - I LIKE TO MOVE IT, MOVE IT
All kinds of movement this week! From dancing to outdoor walks, from yoga to mime, we'll get moving and grooving and have a great time! There are so many creative ways to move our bodies and the plan is to do just that! Charades, human machines, mirroring, etc. What? No other activities? Oh, you bet there are! See you here this week!

Course ID: SA 0031
MON–FRI, JUL 13–17, 8:00AM–4:30PM

WEEK #4 - STAMPEDE WEEK!
Come out and have fun this week at Growing Minds-Neubauer Farms. We'll visit this amazing agricultural experience just outside of Medicine Hat! We'll play games & do activities & crafts inspired by the Medicine Hat Exhibition & Stampede. We'll even enjoy a pancake breakfast! Join us for a stompin’ good time!

"If you are registered with us next week ("Don't Bug Me!"), you can start searching for your ugly bug!

Course ID: SA 0014
MON–FRI, JUL 20–24, 8:00AM–4:30PM
WEEK #5 – DON’T BUG ME!
It’s all about the bugs this week! Cute, ugly, slimy or smooth, we’ll search for bugs in every groove. Wings, legs, creepy eyes? Bugs that crawl and bugs that fly! There’ll be an “Ugly Bug” contest and we’ll create bugs through art. We also have some bug games planned—we hope you like gummy worms! We’ll be going on a field trip into the community, too!

Course ID: SA 0026
MON–FRI, JUL 27–31, 8:00AM–4:30PM

WEEK #6 – WET ‘N’ WILD!
If you like water parks and water games, this should be a fun camp for you! We have outdoor games planned and will visit some of our community water parks, along with sprinkler play, too! In between, we’ll go on nature walks and, of course, do fun classroom activities. Prepare for picnics in the park!

Course ID: SA 0030
TUE–FRI, AUG 4–7 (NO CAMP MON, AUG 3), 8:00AM–4:30PM

WEEK #7 – ART FROM THE HEART
Have fun exploring different art mediums—maybe pastels, clay, finger paint, charcoal, soap, etc. We’ll get creative and explore various techniques and try fun and silly ways of ending up with neat projects (blindfolded art)?? Yes, we’ll do some art outside and take a tour of some interesting art in The Hat.

Course ID: SA 0007
MON–FRI, AUG 10–14, 8:00AM–4:30PM

WEEK #8 – NUTS ABOUT NATURE
We’re so lucky to have so much nature within our community! Let’s explore together and see what’s out there! Kin Coulee Park is a hop, skip, and a jump away and we’ll adventure out to a local nature spot here in the city! During our travels, we can collect natural things to create cool stuff back in our classroom. During some of these outings, we’ll just have to stop and enjoy our lunch or snacks in the beautiful outdoors!

Course ID: SA 0005
MON–FRI, AUG 17–21, 8:00AM–4:30PM

WEEK #9 – PIRATES OF THE COULEES
Aarrrgh you ready to wind up summer with some pirate fun? Join us for games, activities, and crafts all about these intriguing buccaneers. We’ll go on scavenger hunts, learn why pirates often shared their ships with maggots, and find out if there really were female pirates in days of old. Some fun at Kin Coulee Park is definitely in store! Come aboard me buckos!

Course ID: SA 0002
MON–THUR, AUG 24–27 (NO CAMP FRI, AUG 28), 8:00AM–4:30PM

HARRY POTTER: TRIWIZARD TOURNAMENT
Ages 9-12. Are you ready to put your Harry Potter skills to the test? Triwizard Tournament Camp welcomes campers back to Hogwarts–MHC School of Witchcraft and Wizardry for an exciting week of Harry Potter fun! We'll study 'Herbology,' 'Defense Against the Dark Arts,' and 'Care of Magical Creatures,' play Quidditch and other wizarding games, learn to make Polyjuice Potion, and compete in the challenging Triwizard Tournament. Let the games begin! Headmaster: Bernice Bonneau.

**SCIENCE FAIR**  
**NEW**  
**Ages 9-12.** Put your thinking cap on! It’s time to be creative, learn new skills, work with others and express your interest in Science. In one week, you will come up with a Science Fair idea and using your creativity, you will put that idea into action so you can participate in our mini Science Fair on the last day of camp. Prepared to be challenged while doing something rewarding and inspiring! Instructor: Adam Black  
**Course ID: SS 0112**  
**MON–FRI, JUL 20–24, 9:00AM–12:00PM,** $129; S141

**HUNGER GAMES**  
**NEW**  
**Ages 9-12.** Based on the popular novel, “The Hunger Games”, this camp will teach you everything from strategy to outdoor survival. Learn how to make a shelter, track foot prints and basic survival skills. You will also get to learn the traditional crafts and activities from the different districts. Campers will compete in scavenger hunts, obstacle courses, mental challenges and other games. May the odds be ever in your favor! **NOTE: Students will not experiment or learn about any of the violent acts and topics in the Hunger Games.**

**BRATOL**  
**Ages 9-12.** In this unique drama camp, we will have some fun recreating some familiar stories by adding a modern twist! In one week, we will learn the stories that we’ll be acting out, have mini auditions (everyone is guaranteed a part!), work on set design and costume design, and on the final day we will take the stage and perform our plays. This will be a busy week but will also be full of excitement! Instructor: Jaymi Roth  
**Course ID: SS 0115**

**MYTH BUSTERS**  
**NEW**  
**Ages 9-12.** You’ve probably heard that if you drop a Mentos in a bottle of soda, a great explosion occurs! But is that really true and if so, why? Gear up and get ready to discover the truth behind many popular myths by using scientific inquiry. Just like the popular TV show, campers will take on the myths and prove or disprove them, and have lots of fun doing it! Instructor: Adam Black  
**Course ID: SS 0007**

**KITCHEN CHEMISTRY**  
**NEW**  
**Ages 9-12.** Did you know that you can be a scientist right in your very own kitchen? Every kitchen is a treasure-trove of chemical reactions. Explore the chemistry that exists in your kitchen while experimenting with familiar items. How do you make cheese? What is the reaction that makes fudge happen? Why does popcorn pop? Experiment with eggs, make silly putty, super balls, slime and create your own ice cream. Find out these answers and more, having fun in the kitchen. Instructor: Randi Hoffman

**ART ADVENTURES**  
**Ages 9+.** Enthusiastic about all things art and design? Then get ready for an exciting, art-filled week! Take your art to a new level and explore the fundamentals of painting and drawing including composition, perspective and basic colour theory. Create unique self-portraits and talk about pop art; learn about graphic design and design your own personal logos; and create and learn about eco-friendly art. Also enjoy a half-day at Medalta, in Medicine Hat’s Historic Clay District, where you will learn about Medalta’s history and try your hand at creating with clay. At the end of the week, invite your family and friends to the Art Adventure Exhibition featuring your creations! Please bring a lunch and two snacks every day, as well as sunscreen and clothing that’s appropriate for painting in. Instructor: Katrina Simpson

NEW THIS SUMMER!

MAKE YOUR FIRST VIDEO GAME!

If you love playing video games, this is the camp for you! Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2-D game. Conceptualization, play experience, challenge levels, graphics, sounds, and simple coding are just some of the concepts that we’ll explore. No prior experience necessary, just a desire to have fun. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers; Mac versions can be created after the program for $15.00 conversion fee. Students will work in teams for most of the program.

APP ATTACK!

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app & game development tool, students will explore the world of web-based apps. In addition to learning the basics of mobile app design and game development, you will also see firsthand how the world of App publishing functions. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. No prior experience is necessary and students do not need to own a smartphone or tablet to take the class. Students will work in pairs or teams for most of the program.

MAKE YOUR FIRST 3-D VIDEO GAME!

Try this new version of a Black Rocket classic! By popular demand, we redesigned our 3-D game design class from beginning to end. This new class allows you to develop a game concept that goes well beyond the limitations of the traditional 2-D game design classes. Students will learn the physics behind 3D games, explore beginner event scripting, level design, controlling flow of gameplay, and storytelling. Student-created games will be available on a password protected Black Rocket website to share with friends and family. Students will work in teams for most of the program.

DIGITAL FLAIR

Ages 9-12. Learn the basics of photography and we will show you how to properly use your camera in a fun atmosphere. This week we will be looking at nature, architecture, portrait, black & white photography, action and more. Using computers, we will also explore creative techniques to enhance your photos. You will also be making a digital scrapbook. please note: Participants must bring their own digital cameras, appropriate cables and batteries (if necessary). Basic to advanced SLR digital cameras are acceptable. Computer skills are an asset. Instructor: Brian Heidinger

COMIC BOOK CREATIONS

Ages 9-12. We grow up with comic books and strips around us as a part of everyday life, but what goes into them? Most people don’t know all the work that goes into creating these fantastic 2D worlds. This creative camp will walk participants through the aspects of creating an original comic, layout of a cover, and a 2 page spread. Formal elements of what a comic is and how it is laid out will be talked about. Following instruction will be development of characters, introduction to story and the composition of laying out pages. Join us on an exciting creative journey! Instructor: Chris Ridgewell

**Minecraft Designers**

If you love the game Minecraft, but always wanted to design your own characters and buildings for your games this class is for you! Learn the basics of creating 3-D models using a new software to design your very own objects, create skins for characters, and import them into your favorite Minecraft games. To access their project at home, students must own a PC/MAC version of Minecraft. Tablet, phone, and game console version of Minecraft are not compatible. Parent email address is required to use 3D modeling software. Students will work in teams for most of the program.

**Video Game Animation**

Take your game design to the next level by creating and animating your own character sprites, objects, and backgrounds. Start with a name, develop the character’s personality, signature moves, special powers, and a story line. Finish with a fully animated character to be used in future games. Students do not need any prior experience in game design, animation, or sketching. Student-created animations will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers; Mac versions can be created after the program for $15.00 conversion fee. Students will work in teams for most of the program.

Super Engineers! New

Ages 5-7. Explore the wonders and many areas of engineering. Whether you have an electrical engineer that is really wanting to fix that toaster that is slow in the morning or maybe you have a budding structural engineer in your household? We will be building, testing and designing bridges. How about an environmental engineer—is there a “green” project they would like to build? Campers will learn a variety of concepts and learn more about problem solving, creativity and communication skills throughout the camp. This is one of a kind program will keep your child engaged and challenged all while having fun!

Test Tube Science

Ages 7-9. Kaboom, fizzle, pop, WOW! This week is all about science experiments. Using basic kitchen ingredients, you will get to mix different elements together to see what kind of reaction they have. The Erupting Bubbling Blob and Dancing Beads is just a couple of the experiments you will be doing. You better be prepared because this camp will be oozing with fun! Instructor: Hailey Gale

Intro to Trades

Ages 13-17. Are you interested in the Trades, or maybe you are just curious. This hands-on program will allow you to explore many areas of the trades. In one week, you will be doing projects based on a wide variety of the Trades! Some of the projects you will get to take home and others will increase your knowledge and experience. This fun and interactive program will provide you with the opportunity to learn and discover future interests and careers in the demanding field of Trades. Learn from the best! **Campers are required to wear long pants (shorts, capri pants are not permitted) and closed-toed shoes (no sandals or open-toed shoes). Coveralls or clothes that can get dirty are recommended. Campers with long hair should ensure they bring hair elastics in order to tie back their hair. This camp is taught by MHC Trades department faculty instructors and industry professionals.

Environmental Science

Ages 13+. This hands-on science camp is all about the environment, nature and wildlife. You will get to discover the different plants, insects and minerals we have right here in Medicine Hat and how they work together within the ecosystem by using a variety of methods including pond samples. There will also be time to try out some geocaching where you will learn more about GPS systems. Don’t miss out on this unique camp that combines elements of ecology, biology, physics, mineralogy, geology, and geography…try to say that three times fast! Instructor: Adam Black

Bio Buzz: How the Body Works

Ages 13+. Do you know that the human brain contains around 100 billion neurons? Or that is takes only 17 muscles to smile but 43 muscles to frown? The human body is one of the most complex yet fascinating systems in the world! Join Dr. Alannah Maurer in this exciting and hands-on camp. You will get to perform dissections, learn about sensory physiology, and take a microscopic look at the human body. The fun doesn’t stop there… you will also use the latest equipment to learn about the respiratory, cardiovascular and neuromuscular systems in your body all while learning skills that will help you in any future science studies. Instructor: Dr. Alannah Maurer, Instructor - UT Science and UT Kinesiology. Max: 10 participants

Lunch Supervision. All campers who are enrolled in a full day Sport & Wellness camp, as well as any campers that have combined a separate Sport & Wellness and Continuing Studies morning and afternoon camp, can participate in a FREE supervised lunch period. If your camper is registered in a full day Continuing Studies camp, please call 403.529.3844 for further details about lunch time care. Campers will eat their lunches on the upper level of the Medicine Hat College Cafeteria, which is an air conditioned area. Campers have the option of bringing their own lunch or buying their lunch from the cafeteria. Lunch time transition and morning to afternoon camp transition are fully coordinated by camp staff.

Food Allergies. Because campers eat together, we cannot control all of the foods and odours that they may be exposed to as all campers in a designated area. We are a nut free camp, and we request that campers do not bring any foods that contain nuts, i.e. peanut butter or granola bars. If consuming nut products prior to arriving at camp, please wash hands diligently. If your child has any food allergies, we ask that you note them on your child’s registration form, and we will make every attempt to accommodate their needs.

Your Child’s Safety. All Sport & Wellness Summer Camp Head Coaches are certified in First Aid and CPR to ensure a top quality experience for your child. During staff training, all emergency procedures for the College and camp are thoroughly reviewed. As well, the department conducts regular risk management audits on all camp equipment and polices. Procedures that include custody arrangements, child abuse, behavior modifica-
tion, weather conditions, and the self-esteem of your child are covered in training. We also enforce strict sign-in and sign-out policies. (All parents/guardians must procedure a valid piece of picture ID and be on the safe list to sign out their child). Please note that campers 11 years of age and under cannot leave the care of an instructor until a parent/guardian signs that child out. A child 12 years and older may leave on their own. If you would prefer that your child who is 12 years or older remains in the care of the instructors until a parent/guardian arrives, please indicate this on the registration sheet or by calling 403.504.3546 in advance of the camp start date.

**What to Wear and Bring to Camp.** All children should wear comfortable clothes including shorts, t-shirt, and running shoes suitable for physical activity. For cool days, a sweatshirt. It is strongly recommended and enforced that children wear hats while outdoors to shade their heads from the sun and wear sunscreen. All campers will be provided with a Sport & Wellness Water Bottle on the first day of camp and should bring it with them every day as it helps to replenish water loss experienced by physical activity in warm weather. A bathing suit and towel are needed for Friday afternoons, as campers will be participating in a recreational swim at Hill Pool. Campers are reminded not to bring items of value that are not required at camp, ie. MP3/iPod, cell phones, and excessive amounts of money, etc.

**Swimming.** Swimming is a great physical activity outlet and is incorporated into the Sport & Wellness Summer Camps programming. If your camper is attending a camp on a Friday afternoon, please pack with them a swimsuit, towel, sunblock, snack and a drink. It is not mandatory that your camper swims, however it is highly encouraged. If there are any medical conditions, which may limit your child’s participation, please note this on the registration form.

**Pick-up and Drop-off.** For the safety and security of all campers, the pick-up and drop-off area is located at the front of the C2 entrance of Medicine Hat College. Parents will be able to make use of the loading zone in front of the College. Drop-off for morning and full day programs will begin at 8:45am. Pick-up for morning programs will begin at 12:00 NOON. Drop-off for afternoon programs will begin at 12:45pm. Pick-up for afternoon and full day programs is between 4:00pm and 4:15pm.

During the times prior to and following programmed activity periods, campers will continue to be supervised by Sport & Wellness Summer Camp staff. If campers have not been picked up by 4:15pm, a charge of $5 per 15 minutes will be enforced. If you require an earlier drop-off time and/or later pick up time, please register for the Pre and/or Post Care program to avoid any additional charges.

Comic Book Creations
Ages 13+
We grow up with comic books and strips around us as a part of everyday life, but many kids never think about how these works are created. Join us on an exciting creative journey as we walk participants through the aspects of creating an original comic book, the layout of a cover, and a 2-page spread. Formal elements of what a comic is and how it is laid out will be taken aback. Following instruction will be development of characters, introduction of story and the composition of laying out pages.

TO INSPIRE TRADES...

Intro to Trades
Ages 13-17

Are you interested in the Trades, or maybe you are just curious. This hands-on program will allow you to explore many areas of the Trades. In one week, you will be doing projects based on a wide variety of the Trades. In doing so, you will increase your knowledge and understanding. This program will provide you with the opportunity to learn and discover your interests and careers in the Trades field. Campers are required to wear long pants (shorts, capri pants are not permitted) and closed-toed shoes (no sandals or open-toed shoes). Campers are encouraged to wear long pants, closed-toed shoes, coveralls or clothes that can get dirty. Coveralls or clothes that can get dirty are recommended. Campers with long hair should ensure they are wearing a hair tie. This camp is taught by Medicine Hat College Continuing Studies faculty instructors and industry professionals.
