*Fresh...*

Dear Northside Patron,

Happy New Year! I hope you had a happy and healthy holiday season. It's a new year, and Northside's Adult and Community Education spring catalog has arrived just in time to help you prepare for the future.

Preparing for the future is something Northside ISD takes very seriously, which is why we are preparing for a possible May bond election. As of press time, the Citizens' Bond Committee was still working out the dollar amount of the bond proposal as well as what projects would be included. However, I can tell you that, in general, the bond would fund new classrooms to meet enrollment growth and fund renovations of aging facilities in the District. Ultimately, the decision is up to the Northside Board of Trustees.

If the Board of Trustees calls for a bond election, Northside voters will have an opportunity to vote in May. I encourage all of you to educate yourselves about the bond proposal at [www.nisd.net/bond/2014](http://www.nisd.net/bond/2014).

In the meantime, I also encourage you to stay connected to Northside through the Adult and Community Education program. ACE strives to offer something for everyone, from preschoolers to retirees.

The spring catalog features more than 550 classes and there is sure to be one for you. There are courses that will help you learn new skills, improve your quality of life, or pursue a new hobby. If you are looking for professional solutions for your small business or nonprofit, expanded course offerings can help meet that need. There are also plenty of outdoor recreation, fitness, and sports classes to help you reach your healthy lifestyle goals. And of course, there is a broad range of computer and technology classes to prepare you for both work and play.

Please feel free to stop by and visit ACE in person or visit their website at [www.nisd.net/ace](http://www.nisd.net/ace). Courses are offered at locations throughout the District, and I promise you there is something for everyone at a convenient time and place.

Best wishes for prosperous 2014.

Sincerely,

Brian T. Woods, Ed.D.  
Superintendent
