A Tradition
of Excellence

www.nisd.net/ace

Dear Patron,

Happy New Year! I hope everyone had a healthy and happy holiday season and is ready for 2012!

If you've often thought about taking a class through Northside's Adult and Community Education Department but felt you couldn't make the time commitment, we've got some great news for you. A number of classes now are being offered online, which means you can learn a new computer program or a new hobby in the comfort of your own home at any time. And yes, you can even take dance classes and martial arts classes online. These classes are combined with periodic in-person visits with instructors for evaluation and feedback.

Also new in this semester's catalogue is a section on "Green Living." There, you'll see several classes with a focus on the environment, including Rainwater Catchment, Solar Energy, Green Home Building, Organic Gardening, and Worm Composting.

But don't worry, your favorite classes are still part of the lineup, including courses on cooking, dancing, and do-it-yourself projects. If you're looking to improve your computer or finance skills, learn how to play a musical instrument, or simply explore a new hobby, there's a class for you, offered at a convenient time and location.

Adult and Community Education now has more than 500 classes and serves 25,000 residents. Signing up for a class would be a great way to kick off the new year!

Please feel free to stop by and visit ACE in person or on the Web, at www.nisd.net/ace. In the meantime, please take some time to look through the catalog and sign up for a class or two.

Sincerely,

John M. Folks, Ed.D.

CISSP - Internet Security

WIRELESS 411 320543

Ever wonder how to set up a home network? Sounds confusing? Well it shouldn't be. It is easy. Of course that's only one step of the process. Securing your wireless network is another piece of the puzzle that most home users do not give a second thought about. After you complete this class you will know what components make up a wireless network, how to set it up, and most importantly how to secure it and protect yourself from hackers and intruders. Don't let yourself be exposed and let others surf for free on your network! Your instructor, Erik Estrada, is both a CompTIA Security+ and CISSP Certified Professional.

INSTANT PIANO FOR HOPELESSLY BUSY PEOPLE 150015

Some music teachers may not want you to know this, but you don't need years of weekly lessons to learn piano. In just a few hours, you can learn enough secrets of the trade to give you years of musical enjoyment. How do we do it? While regular piano teachers teach note reading, piano professionals use chords. And you can learn all the chords you'll need to play any song in this one session. Any song. Any style. Any key. If you can find middle C and know the meaning of Every Good Boy Does Fine, you already know enough to enroll in this workshop. **A \$28 materials fee payable to the instructor in class includes a workbook and 60 minute practice CD or Cassette.** Instructor Craig Coffman has 20 years experience teaching piano, playing professionally and directing music.

HOW TO PLAY THE PIANO BY EAR 150032

Learn one of music's deepest mysteries: How to play songs without relying on music. A very practical presentation of music theory that includes predicting chord progressions, learning from recordings, and transposing all expressed in everyday language. This is an ideal follow-up to the 'Instant Piano' class and is open to anyone who has a basic understanding of chords on any instrument. Expand your musical horizons, and free yourself from sheet-music dependence, and be the life of the party! Prior experience with chords recommended. **Materials fee of \$28 for the 'How To Play Piano by Ear' book and practice CD will be collected in class by the instructor.**

GRIEF RECOVERY OUTREACH PROGRAM **420105**

Do you believe 'time heals all wounds', or 'grieve alone', 'be strong', 'don't feel bad', or just 'replace the loss' and 'keep busy'? These myths are so common that we have never questioned whether or not they are valid. The death of a loved one, a divorce or end of a relationship, the loss of health, major financial changes, even moving are just some of the losses which can produce the range of emotions that we call grief. You may need a safe environment in which to look at old beliefs about dealing with losses and how they have affected your life. The Grief Recovery Outreach program can teach you to take new actions which lead to completion of the pain attached to your losses, so you can truly move on and begin enjoying life more fully. For more information, visit www.grief-recovery.com. **A \$13 book fee is payable to the instructor at class.** Teri Myers is a Grief Recovery Specialist and leader of this group. **LPC, CEU credits are available for those completing the 20 hour course.**

PARENT ALIENATION SYNDROME; ADULT CHILDREN WHO ABANDON THEIR PARENTS **New**
420138

It's puzzling and confusing; but parents who have done a good job raising their children are surprisingly cut off by them as they become adults. No phone calls, no visits. And parents are left in great pain wondering why and what to do about it. The alienated child expresses unreasonable negative feelings and beliefs toward the parents they were formerly very close to. It's not just you, it's happening all over the country, The numbers are growing, and fixing it is hard. Let's try and get some insight as to what's going on and find some support, resources and reassurance. **LPC and CEU credits are available for this class.** Instructor: Loev.

Gardening

YOU'RE IN TEXAS NOW. GARDENING IS DIFFERENT HERE 570010

If you've recently moved to the area, you're quickly going to find that all those plants you brought from 'back home', aren't going to grow here. Gardening in this area is like gardening in the desert. A trip down to the coast or the valley will show you what conditions were here originally. In this class we cover soils, plants, fertilizers, plant problems, composting, pruning, turf grass and xeriscape. It's a lot of material to cover in two hours, but it's vital to your successful gardening. Dr. Tom Harris, a Texas certified Master Gardener, Master Pruner, and gardening columnist teaches and answers your questions. Dr. Harris will also have his publications available at class.

YOU DON'T HAVE TO BE A CARPENTER TO BUILD A RAISED BED 570017

If you live on rocks or caliche, then raised beds are the only way to garden successfully. It's not hard to do, and with a little patience and a few tools. You will be harvesting your home grown produce in no time! We'll discuss types of edging, materials to use and types of soil used to fill them. Dr. Tom Harris, a Texas certified Master Gardener, Master Pruner and gardening columnist teaches the class and answers questions. Dr. Harris will also have his publications available at the class.

VEGETABLE GARDENING, SPRING AND HOME GROWN TOMATOES 570025

There's an old C/W song that says 'There's only two things that money can't buy; one's true love and the other's home-grown tomatoes.' It may not rhyme but tomatoes are also the number one home-grown vegetable in the USA. This is a class that shows that gardening can be easy and fun. Learn about vegetable varieties, planting dates, beds, containers, soils, watering, fertilizing and harvesting to get the best possible benefit for yourself and your family. Eat healthy, save money, involve the family and enjoy the fruits of your labor together. Dr. Tom Harris, a Texas Certified Master Gardener, Master Pruner, and gardening columnist teaches the class and answers questions.

BUILD YOUR OWN DRIP IRRIGATION SYSTEM 220286

You can do this, it isn't 'rocket science' as they say and it's not all that expensive. All you need is a pair of scissors, some tubing and a few small parts and you're all set. You can build enough in one morning to do all your beds. The neat thing about drip irrigation is that it ALWAYS puts the water where it's needed and, if you purchase a battery-powered timer- WHEN it's needed. Master Gardener, Master Pruner, and gardening columnist Dr. Tom Harris, will show you how to design, build, and install your own system.

BUILDING A GARDEN SHELTER; A.K.A. MINI-GREENHOUSE 570039

Who would have thought you could build a plant shelter or a mini-greenhouse in less than two hours? In this course, we show you how it's done, what materials you need, what tools to use and how to set it up, stake it down, and cover it. These shelters stand up to wind gusts and rain storms and can be converted from a shelter to a greenhouse in very little time and with little effort or expense. Dr. Tom Harris, a Texas certified Master Gardener will also have his publications available at this class.

ORGANIC GARDENING; DOES IT REALLY MAKE A DIFFERENCE? 570022

The use of organic and natural materials for fertilization and disease and insect control is increasing. Reducing or eliminating use of chemical pesticides or controlling insects and diseases leads to a cleaner environment and a healthier food supply. Some organic processes we will discuss include planting only healthy, disease resistant varieties; controlling insects using biological controls and natural products; rotating garden areas; encouraging natural insect predators, composting, mulching, pollination, and watering. Instructor Dr. Tom Harris, a Texas certified Master Gardener, Master Pruner and gardening columnist will also have his publications available at class.

PAINTED CHURCHES TOUR, SCHULENBURG, TX 240081

Pioneers built the nationally recognized painted churches of Ammannsville, Dubine, High Hill, and Praha. They were experts at the artistry and handiwork of 19th century Europe. All four churches contain ornate altars, intricately painted columns, elevated ceiling arches covered with complex designs and stained glass windows. A docent will accompany us on the bus and will explain the unique features of each church. For those of you who have not visited the Painted Churches, this has been one of our most popular tours. We'll take breaks along the way and stop for lunch in Schulenburg while touring the churches. Lunch will be on your own, and we'll make a quick stop at the Schulenburg Bakery for kolaches and other bakery items before returning to San Antonio. **Please park your car on the Loop 410 side of the Northside Activity Center (by Gustafson Stadium) 7001 Culebra where the bus will be waiting.** Instructor: Mora.

HILL COUNTRY WINE TOUR New 240108

It will be a lovely day in April for a NEW tour of the 'Wine Road'. We'll do the driving and you can do the relaxing and tasting of the wines Texas has to offer. We'll start at the Chisolm Trail Winery which will open early for us at 11am. **Tasting is \$7 for 9 wines and you get to keep the glass.** Gourmet Pizzas are available here, cooked in a wood-fired oven. We will return to Grape Creek because it is so lovely. **Tasting is \$10 for 6 wines fully refundable with a three bottle purchase.** This is a perfect place to purchase sausages and cheese or bring along your packed lunch and enjoy it with some of their wines. A Winery tour is available at 2:30. By 4pm we'll be at the new Messina Hof Winery near Stonewall. **\$10 buys you five wooden nickels and wines range from one to two nickels.** Each winery has some food items available. You may choose to taste at any or all of the wineries and **each individual will pay their own fees at each winery.** We'll take a comfortable bus from the Northside Activity Center, 7001 Culebra on the stadium/ Loop 410 side. **Please park in the center of the lot where we will depart at 9:30am and return at 6:30pm. No open alcoholic containers are allowed on board the bus.** Plenty of room under the bus for your purchases. Instructor: Mora.

Adult Secondary Education Classes

Enroll in an Adult Secondary Education Class. Obtain the knowledge and skills necessary for employment and self-sufficiency. Be able to help your children in their educational development. Complete a secondary school education by getting your GED. Get ready to begin your post secondary education. Instruction will be given in the following levels: Beginning Basic Education, Intermediate Basic Education, and Secondary/GED preparation.

English for Speakers of Other Languages (ESOL Classes)

Improve your English skills. Learn to speak, read, and write the English Language. Receive the educational skills necessary to help your children in school. Become a more employable, productive, and responsible citizen. Most ESOL classes also cover each of the citizenship test components.

Distance Learning

Distance learning classes are designed for students who are unable to attend a Monday-Saturday regular adult education session. The sessions are held primarily on-line using internet activities, with face-to-face workbook practice and tutoring sessions. You do not have to have an on-line computer to attend Distance Learning classes. Monday-Thursday by appointment, and Friday and Saturday from 8:30am-3pm. Call 210-397-8982.

Preparing Adults for College Excellence (PACE)

PACE is a fast-paced program designed to help the student gain the knowledge and skills necessary for long-term college success. PACE simulates a college environment with class format, expectations, and scheduling. The basic content areas are Algebra, College Writing and Student Success. For further information call 210-397-8109, or visit the PACE website at <http://www.nisd.net/ace/PACE>.
