Saturday, May 14 | Las Posas Pool | 1 to 4 pm | FREE

Parent and Child Aquatics | Ages 6 mo. - 3 yrs.

Children are introduced to basic skills that lay a foundation to help them learn to swim. Parents are taught how to safely support their child and how to prepare their child to participate with confidence.

Preschool Learn-to-Swim | Ages 3 - 5 yrs.

Level 1 - Provides an introduction to the most elementary aquatic skills. At this level, children start developing good attitudes and safe practices around the water.

Level 2 - Offers children further success with fundamental aquatic skills. Most skills at this level are performed with assistance, but it marks the beginning of independent aquatic locomotion skills.

Level 3 - Provides additional guided practice of basic aquatic skills with greater distances and times. Skills at this level are performed independently.

Learn-to-Swim | Ages 6 - 10 yrs.

Level 1: Introduction to Water Skills - Stresses personal water safety and basic skill development.

Level 2: Fundamental Aquatic Skills - Marks the beginning of true locomotion skills. Participants develop simultaneous and alternating arm and leg actions that lay the foundation for future strokes.

Level 3: Stroke Development - Builds on the fundamentals of treading water with an introduction to the scissors and dolphin kicks. Participants swim the front crawl and elementary backstroke.

Level 4: Stroke Improvement - Improves skills and increases endurance by requiring that students swim familiar strokes (front crawl and elementary backstroke) for greater distances.

Level 5: Stroke Refinement - Refines performance of all strokes (front crawl, back crawl, butterfly, breaststroke, elementary backstroke and sidestroke) and increases distances.
