**Middle Eastern Dance 130048**

Middle Eastern Dance, as we know it, was imported in the late 19th century for entertainment at the World's Fair. Algerian dancers and musicians performed their native dances for crowds of curious onlookers. Belly dance, as it came to be known, captured the imagination as a mysterious dance from exotic places. Discover this oldest form of dance- the Egyptian Style- which is very erect and elegant, while conditioning your body. Increase flexibility, coordination, and stamina. A scarf for the hips will be discussed at the first class. Instructor: Cheryl John,

# Go Green

## Rainwater Harvesting 220380

Our most precious commodity is water yet we seem to know so little about conserving it. Texas Rainfall Catchment is helping people design and build affordable rainwater systems so we can use this scarce resource in an environmentally-friendly way. An overview will be given on rainwater harvesting, water conservation, different grades of water, and what types of containers can be used for catching rainwater.

### Gardening 101 570045

For some reason, many people believe that they can just throw a few seeds in the ground and that's it -- either they grow or they don't. There are probably a few people in the world who are that lucky, but that's not how most of us do it. We're not born with the information; we have to learn how to do it right. In this class we talk about planning, soil preparation, building raised beds, composting, fertilizing, watering, and harvesting the veggies (the best part). Instructor: Dr. Harris.

Tuition \$18

### Organic Gardening 570022

The use of organic and natural materials for fertilization and disease and insect control is increasing. Reducing or eliminating use of chemical pesticides or controlling insects and diseases leads to a cleaner environment and a healthier food supply. Some organic processes we will discuss include planting only healthy, disease resistant varieties, controlling insects using biological controls and natural products, rotating garden areas; encouraging natural insect predators, composting, mulching, pollination, and watering. Instructor Dr. Tom Harris, a Texas certified Master Gardener, Master Pruner and gardening columnist will also have his publications available at class.

### Home Grown Tomatoes - Spring Vegetable Gardening 570025

The tomatoe is America's most popular home garden crop. Tomatoes require a small area, bear repeatedly, are widely adapted and easy to grow, and have many culinary uses. Well-grown tomatoes produce an abundance of fruit. This is a class that shows that gardening can be easy and fun. Learn about vegetable varieties, planting dates, beds, containers, soils, watering, fertilizing and harvesting to get the best possible benefit for yourself and your family. Eat healthy, save money, involve the family and enjoy the fruits of your labor together. Dr. Tom Harris, a Texas Certified Master Gardener, Master Pruner, and gardening columnist teaches the class and answers questions.

### I Want The Same Kind Of Grass They Have 570027

Is the grass greener on the other side of the fence? Well, maybe. Lawn grasses in our area can be beautiful or beastly. Some require lots of water while others don't. All require at least some TLC in order to be lush and carpet-like. In this class we discuss the four major varieties of grass that do well here; the best fertilizers for them, watering and pest and disease problems. Instructor: Dr. Harris

### Pruning - Haircuts For Your Plants

220273

Pruning is one of those gardening tasks that most people just can't or won't do. The truth is, however, that plants actually need some pruning to help them bloom, set fruit, and/or generally prosper, and they will respond according to how they are pruned. Dr. Tom Harris will teach you what to do or not, for healthier, plants. He will also teach you how to sharpen your pruning shears. Bring a pair to class and see how to keep them razor sharp. Dr. Harris will also have his publications available at the class.

## Painted Churches Tour, Schulenburg

240081

Czech pioneers built the nationally-recognized painted churches of Ammannsville, Dubine, High Hill, and Praha. They were experts at the artistry and handiwork of 19th century Europe. All seven churches contain ornate altars, intricately painted columns, elevated ceiling arches covered with complex designs, and stained glass windows. We visit four of them, accompanied by a knowledgeable docent who will explain the unique features of each church, as well as much of the history surrounding this unique area. With any luck we'll also be treated to a day filled with Texas wildflowers. For those of you who have not visited the Painted Churches, this has been one of our most popular tours. We'll take breaks along the way and stop for lunch in Schulenburg while touring the churches. Lunch will be on your own, and we'll make a quick stop at the Schulenburg Bakery for kolaches and other bakery items before returning to San Antonio. Instructor: Mora.

## 'A Funny Thing Happened...' 240118

The musical/comedy by Stephan Sondheim is a stage classic, so don't miss this laugh-filled trip to ancient Rome as we see the live performance of 'A Funny Thing Happened on The Way To The Forum' at the Fredericksburg Theater. We'll travel by coach bus into Fredericksburg for a little shopping and dinner and get back on the bus in time for the play. Due to popular demand, we have increased the shopping window an extra hour. Your shopping and dinner are on your own but this tour price includes your discounted theater ticket. We'll leave the Northside Activity Center at 7001 Culebra at 2pm Saturday afternoon. We should arrive back in San Antonio by 11pm. Instructor: Mora.

## Spring Hill Country Wine Tour

240119

Come join us on the 'Happy Bus' as we once again tour different wineries in the Texas Hill Country. We'll begin our tour at Bell Springs Winery in Dripping Springs where the tasting fee is \$7 for 5 to 7 wines. Next we travel to Spicewood Vineyards, where they celebrate many award winning wines against a beautiful backdrop of Hill Country scenery. A bit further north is the popular Fall Creek vineyard in Tow. Located on the shores of the visually-stunning Lake Buchanan, its 400 acres were carefully selected for the rich soil and climactic conditions. Tasting is \$6 to \$12 (depending on which kind of glass you wish to take home) for 6 to 8 wines. Each person is responsible for their own tasting fees, and you are free to choose whether or not to taste. Most wineries offer discounts on the tasting fees for wine purchases. Some or all may offer tours. You are encouraged to bring coolers with snacks, your gourmet picnic, and drinks. Some of the wineries have food items, but most are limited. We will make a quick stop on the way back to San Antonio for fast food. Bring your blanket or lawn chairs in case you need them. It's going to be a lovely, full day, and we should arrive back in San Antonio around 6:30pm. Instructor: Mora.

## Adult and Community Education

### ACE Purpose Statement

*We serve children, parents, and adult community members by providing educational and enrichment opportunities that help all achieve the ability to function, contribute and compete in an ever-changing world. By doing this, we help our district achieve its mission to encourage each student to strive for personal excellence and further the belief that learning is a lifelong process. We support our organization's resource model by meeting or exceeding performance measures that sustain programs and leverage local and grant funding.*

**By visiting our website, [www.nisd.net/ace](http://www.nisd.net/ace) you can find information on all of these programs, as well as the latest news, current schedules, and contact information.**

### COMMUNITY EDUCATION

Since the establishment of the Community Education Department in 1984, Northside Independent School District has fostered the concept of lifelong learning for all members of our society. Dedicated to the idea that the school is the center of the community, our doors remain open during "non-traditional" hours to offer educational opportunities that will enrich the lives of people both personally and professionally. 397-8100

### APPRENTICESHIP

The pathway to a career with high pay and excellent benefits can be achieved by working in the Building Trades and Construction industries. 397-8107

### ADULT EDUCATION

Adult Secondary Education classes include basic education and General Educational Development (GED®) preparation classes focused on helping students obtain the knowledge and skills necessary for employment, self-sufficiency and GED® certificate completion. 397-8109

### GED® TESTING CENTER

GED® Testing is by appointment only, made during a in-person registration session at the GED® Testing Center. The General Educational Development Diploma, also called the High School Equivalency Certificate in Texas, provides proof of the completion of an alternative high school education. 397-7569

### ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL CLASSES)

English for Speakers of Other Languages classes help adults improve their English proficiency with curriculum focusing on reading, writing, speaking, and listening skills. ESOL students will gain knowledge and skills that will help them become active and informed parents, workers and community members. 397-8109

**DISTANCE LEARNING**

Distance learning classes are designed for students who are unable to attend regularly scheduled Adult Education classes Monday through Friday. The sessions are held primarily online using Internet activities with face-to-face workbook practice and tutoring sessions. 397-8952

**PREPARING ADULTS FOR COLLEGE AND CAREER TRANSITION (PACCT)**

PACCT is an intensive college preparation program designed to help adult students gain the knowledge and skills necessary for long-term college success. Course content areas include Introduction to College Algebra, Introduction to College Writing, and Student Development. 397-8129

**EARLY ON/SCHOOL READINESS**

The Early On/School Readiness program, through collaborations and partnerships, prepares young children to succeed as they enter school. 397-7960

**TITLE ONE FAMILY LITERACY PROGRAM**

Our Title 1 Family Literacy Program is a school-community partnership that helps break the cycle of poverty and illiteracy by integrating early childhood education, adult literacy or adult basic education, and parenting education into a unified family literacy program. 397-7960

**FAMILY INVOLVEMENT**

Our Family Involvement program works to encourage parents to participate in school activities and positively influence their child's education. 397-8930

**PRECIOUS MINDS, NEW CONNECTIONS**

Precious Minds, New Connections is a parenting education program designed to help parents and other caregivers of young children become knowledgeable about the critical development of their children. 397-7960

**LEARNING TREE AFTER SCHOOL PROGRAM**

Learning doesn't stop when the bell rings. The Learning Tree After School program provides a safe and positive environment for children while parents are still at work. Youth leaders engage students in enriching activities, homework help, and recreation. 397-8108

**PLAZA COMUNITARIA**

In partnership with other district departments and the Mexican Consulate, Plaza Comunitaria provides basic education, technology literacy, financial literacy, and parenting education for those with limited English proficiency. 397-7563 or 397-3560
