What's Inside

Director Paul Simmons' Welcome

If you are like me, summer brings a host of emotional memories that take me back to some of my favorite times of my life. Spontaneous trips, days on the water, food with family and friends, and creating imaginary worlds were all part of my summer existence. When I look at the activities available to families in this brochure, I am filled with pride that I see all of the same opportunities presented for this community. Daycamps that take multiple trips? **Check.** Access to water by sailboat, kayak, or swimming? **Check.** Picnic shelters for local family escapes? **Check.** And activities and facilities that encourage a creative imagination? **Double check!** We want to help you connect with the right opportunity for you or your family. Please get in touch with our friendly staff at 360.753.8380, or visit our online registration page at www.olympiawa.gov/experienceitonline. If I'm lucky, our paths will cross when my own family is taking advantage of everything Olympia Parks, Arts and Recreation has to offer.

We will take your previously gained knowledge and apply it to actually going somewhere and getting home again. This class will include one three hour session and one day long session to historic Hope Island, 6 miles from Olympia just off the end of Steamboat Island, near Carlyon Beach. Deer, otter, eagles and shell fish abound. We will plan and execute our trip using sailing, charting, anchoring or picking up mooring buoys. We will tow an inflatable boat with us to provide you with a picnic ashore under ancient walnut and apple trees in the island's beautiful orchard.
