

ORANGE COAST COLLEGE **Community Education**

SUMMER 2014

ENRICH YOUR LIFE

PLAN FOR SUCCESS

Summer 2014 credit classes start June 16th

ORANGE COAST COLLEGE COMMUNITY EDUCATION

Introducing the OCC "START RIGHT" Academy

The first ever OCC "Start Right" Academy is geared towards providing students 9 - 17 years old with educational and career exposure; the "Start Right" Academy will provide:

- Exposure to over 70 programs of study & hundreds of career choices
- Career exploration in California into the 21st century
- Prominent guest speakers from education and business
- Sports activities to challenge the body and mind
- Campus tours and hands-on activities, arts & crafts
- Special programs including:
 - Women's careers and education
 - Careers in the Latin and Asian communities
- Development of soft skills needed in today's career world including:
 - Time Management
 - Team Work
 - Career Portfolios
 - Resume Writing
 - Job Interview Techniques

Prepare your child for the future of what California has to offer.

The "START RIGHT" Academy will begin on June 23, 2014 and end on July 18, 2014.

Monday through Friday, 8:00 am - 5:00 pm. (drop off between 7:30 - 8:00 am and pickup between 5:00 - 5:30 pm) Lunch and snacks included in tuition.

Budget friendly tuition!

The tuition to attend the four-week OCC "Start Right" Academy is based on three options.

- Option 1 - If you wish to attend the Academy for one week, the cost is \$125 per child.
- Option 2 - If you wish to attend the Academy for four weeks, the cost is \$400 per child
- Option 3 - If you wish to attend the Academy for four weeks and have more than one child, the cost is \$80 per child, or \$320 for the program. (A savings of \$180 over option 1)

KIDS COLLEGE

OCC "Start Right" Academy

Ages 9 – 17

Provide your children with educational activities in a safe environment filled with personal, social and educational development. Children will be engaged in physical activities, campus tours, hands-on activities, special programs, and exposure to prominent speakers. Academy is held Monday through Friday (no class on July 4), 8:00 am – 5:00 pm (drop off between 7:30 – 8:00 am and pick up 5:00 – 5:30 pm). Lunch and snacks included in tuition.

Call 714-432-5154 for additional information.

Session I: Monday – Friday, June 23 – 27

Session II: Monday – Thursday, June 30 – July 3

Session III: Monday – Friday, July 7 – 11

Session IV: Monday – Friday, July 14 – 18

Fee:

Option 1 – Attend one week, cost is \$125 per child.

Option 2 – Attend all four weeks, cost is \$400 per child

Option 3 – Attend all four weeks and have more than one child per family, cost is \$320 per child.

ACADEMIC ENRICHMENT

Algebra Review

Grades 7-9

BRIAN CLOUGH

Students will retain their algebra skills with a review over the five major topics of Algebra 1, including solving multi-step equations, rules of exponents, graphing linear equations, rules of radicals and factoring polynomials. Students enrolling in this course should have been enrolled in Pre-Algebra or Algebra 1 the previous school year.

Monday-Thursday, July 14 - 24 (2 wks)

2:00 pm - 3:30 pm

Social Science 106

Fee: \$114, includes \$15 material fee

Brain Fitness for Kids

Ages 9-15

BRIAN CLOUGH

Sharpen your critical thinking skills in this interactive and exciting fun-filled workout for your brain. Students will use games, puzzles and riddles to challenge their minds and to develop problem-solving abilities. Topics include reasoning, memory and number patterns. Double your smarts and sign up for Math Trix too!

Session I: Monday/Tuesday, June 30 - July 1

2:00 pm - 3:30 pm

Session II: Saturday, July 26

9:00 am - 12:00 pm

Social Science 106

Fee: \$43, includes \$5 material fee

Geometry for Kids

Ages 9-15

BRIAN CLOUGH

Learn the fundamentals of geometry in this hands-on learning lab. Students will learn to use compasses, protractors, and linear tools to create geometric shapes. They will also learn to bisect angles, copy lines, create right angles, form equilateral triangles, find midpoints, and locate the center of a circle.

Tuesday-Thursday, July 8 - 10

2:00 pm - 3:30 pm

Social Science 106

Fee: \$48, includes \$5 material fee

Pre-Algebra

Grades 4-6

BRIAN CLOUGH

Students will learn the skills to prepare them for Pre-Algebra. Topics include operations with integers, solving one and two-step equations, evaluating algebraic expressions, basic rules of powers and exponents and graphing simple linear equations. Students enrolling in this course should know basic math skills such as addition, subtraction, multiplication and division.

Monday-Thursday, July 14 - 24 (2 wks)

3:30 pm - 5:00 pm

Social Science 106

Fee: \$114, includes \$15 material fee

Word Problems - Unlocking the Secrets

Ages 9-16

BRIAN CLOUGH

Take the mystery out of word problems with this three-hour workshop. Students will identify key phrases, recognize crucial concepts and learn strategies that will increase their ability to understand what the problem is asking them to do. Students currently taking arithmetic, pre-algebra, and algebra classes will be able to develop the critical thinking skills to tackle the most common types of word problems.

Session I: Saturday, June 28

Session II: Saturday, August 9

9:00 am - 12:00 pm

Social Science 106

Fee: \$48, includes \$5 material fee

Study Skills

Ages 9-15

BRIAN CLOUGH

Developing effective study skills is the key to becoming successful in school. This class will teach students important time management skills, organizational skills and how to improve reading comprehension. Students will learn how to study for tests, create memory tricks, and take notes efficiently. These lessons will help students in the upcoming school year through high school and beyond!

Session I: Tuesday-Thursday, July 8 - 10

3:30 pm - 5:00 pm

Social Science 106

Session II: Saturday, August 2

9:00 am - 12:30 pm

Social Science 104

Fee: \$48, includes \$5 material fee

Math Trix

Ages 9-15

BRIAN CLOUGH

Learn the tricks of number calculation. Students will discover shortcuts for addition, subtraction, multiplication and division, as well as common time-saving mathematical shortcuts. These everyday math tricks will help students build a stronger foundation in mathematics.

Session I: Monday/Tuesday, June 30 - July 1

3:30 pm - 5:00 pm

Social Science 106

Session II: Saturday, July 19

9:00 am - 12:00 pm

Social Science 104

Fee: \$48, includes \$5 material fee

Geometry- Preview/Review

Ages 10-16

BRIAN CLOUGH

This class is perfect for all students that want to add a fundamental foundation of Geometry to their math skills. Topics include area, perimeter, volume, angles, parallel lines, slope, recognition and properties of triangles, circles, arcs, the coordinate plane, and vocabulary.

Monday-Thursday, July 28 - 31

2:00 pm - 3:30 pm

Social Science 106

Fee: \$59, includes \$10 material fee

Fractions

Ages 10-16

BRIAN CLOUGH

Fractions are the foundation of everyday mathematics. This four day class focuses on all operations of fractions from adding and subtracting to multiplying and dividing. Areas of concentration also include, simplifying, converting, comparing, mixed numbers, decimals, and percent's.

Monday-Thursday, July 28 - 31

3:30 pm - 5:00 pm

Social Science 106

Fee: \$59, includes \$10 material fee

Micro Business Ideas for Teens- Create a Money Making Business

MIKE ROUNDS

Need cash? Don't want to work for someone else? Want to make money doing what you love? Teens all over the country are discovering micro businesses that they can start, run, and profit from without a lot of startup capital. Micro businesses are unique because they leverage what you already know as a part time venture and can help you pay for the things you want including your education. In this interactive program you'll learn: dozens of micro businesses you can own and operate; how to decide what will work best for you; how to decide between goods and services; how to find a need and fill it for money; permits and licenses; financial planning and accounting; raising capital to get started and how to write a business plan. \$30 material fee included in class registration for workbook: You Don't Have To be Old to be Rich, which includes a CD with a detailed startup manual and a vast array of resources, forms, and templates to help you get started.

Tuesday, July 15

9:00 am - 4:00 pm

C & L 111

Fee: \$89, includes \$30 material fee

Masters of the Field

Ages 6 - 12

ACADEMIC CHESS

This is a fun outside game which allows children to learn strategy, teamwork, focus, and academic skills while getting a work out. The goal of this game is to run across the field without getting tagged, grab a piece of a puzzle and work as a team to put together the puzzle. Puzzles will involve math, word groups, pictures, and more. This exciting game is good for children in all grades.

Session I: Monday-Friday, July 7 - 11

Session II: Monday-Friday, August 4 - 8

1:00 pm - 2:00 pm

Captain's Table

Fee: \$65, includes \$5 material fee

College Ready Writing for the High School Student

LORI CHLARSON

Strengthen your writing by analyzing non-fiction texts, identifying rhetorical devices used by authors, and using them in your own writing. Become a college-ready writer before you go to college. These lessons focus on Common Core writing guidelines, and are developed using the model from the CSU Expository Reading and Writing Course.

Monday-Thursday, July 28-31

9:00 am - 12:00 pm

Social Science 111

Fee: \$130, includes \$10 material fee

SAT Test Prep Advantage

BOB MCILHENNY

This practical, in-depth seminar is strategically designed to strip the SAT /ACT and PSAT of their armor and reveal their soft underbellies. All of the methods, skills, strategies and knowledge employed will help students improve their scores by at least 150 points or they may repeat the class for free.

Monday-Thursday, August 11 - 14

9:00 am - 12:00 pm

Student Center Classroom

Fee: \$235, includes \$20 material fee

Natural "A's"

Ages 10 - 17

CURTIS ADNEY

Any student can significantly enhance grades, self-confidence, and chances for scholarships and college admissions—by performing academic skills in alignment with the brain's natural patterns. This makes note taking, reading, studying, memorizing, and test taking amazingly efficient. Also discover simple methods for understanding math and other subjects, optimizing focus and concentration, and preventing test anxiety. Students of all ages describe this class as "awesome," "necessary," and "easy to understand." The presenter graduated at the top of his college class with a 4.0 GPA. Parents may also register and attend with their children. Class fee includes 101 page workbook.

Saturday, August 2

9:00 am - 12:00 pm

Social Science 106

Fee: \$79, includes \$30 material fee

DRIVER'S EDUCATION

Classroom Basic Driver's Education

BRAD MCDERMOTT

This class is for new drivers seeking to obtain a drivers license. The course includes instructor led lectures, video lessons and quizzes and satisfies the DMV requirements for obtaining a driver's permit. It meets the California Code of Regulations provides students with critical information to help them become a safe driver. There will be a 30 minute lunch break. Parents are invited to join the final class

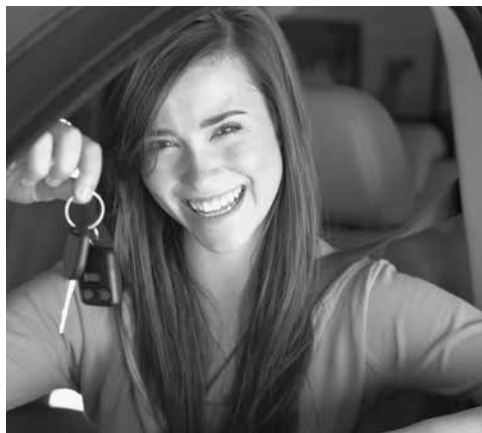

Session I: Monday - Thursday, June 23 - 26

Session II: Monday - Thursday, August 4 - 7

9:00 am - 4:00 pm

Location: Student Ctr. classroom

Fee: \$105, includes \$5 material fee

Online Driver's Education

BRAD MCDERMOTT

Don't have time to sit in a classroom for 30 hours? This custom driver's education program meets all DMV requirements and is designed to assist you as you get ready to drive. Once you have completed this online course you will be issued the necessary DMV certificates and information that will allow you to take and pass your permit test.

**Open Enrollment
Online**

Fee: \$39, includes \$10 material fee

Behind the Wheel Driver Training

BRAD MCDERMOTT

This Driver's Training program fulfills the six-hour DMV requirements for obtaining a driver's license. Our private lessons systematically go step by step to help produce a safer, more confident driver. Lessons are scheduled through the HomeSafe Driving School office after registration is complete. This is a six hour course, scheduled as two hour lessons.

Course Options:

Classroom Only: \$105

Online: \$39

Behind the Wheel Only: \$335

Combination Behind the Wheel and Classroom: \$399

Combination Behind the Wheel and Online: \$349

PRE-SCHOOL & KINDERGARTEN PROGRAMS

Little Peeps Storytime Yoga for Children

MICHELLE PALLANTE

This is a children's body-centered cross curriculum approach to learning yoga and literacy. Through the body and word, kids connect with the inner world of creativity and imagination and acquire listening, oral and literary skills, body-awareness and character education through multicultural wisdom stories from around the world. The process compels self-reflection and for children to become aware of their minds, bodies and emotions and to bring them into harmony with their environment. This translates into mentally and physically healthy, peaceful and literate children.

Ages 3-5

Wednesday, June 25 - July 30 (6 wks)

9:30 am - 10:20 am

Ages 6-8

Wednesday, June 25 - July 30 (6 wks)

10:30 am - 11:20 am

Location: Cafeteria

Fee: \$89

Academic Enrichment for Preschoolers

MICHELLE PALLANTE

Maria Montessori described the "absorbent mind" as a childhood period where the brain takes in everything from the environment like a sponge. Using the Montessori philosophy, children will be exposed to cultural subjects like Zoology, Botany, Fine Art, Music, Cultural and Physical Geography. This class is designed to teach children about far off places and will allow their creativity to soar. This summer session will focus on the country of Japan, the map, flag, culture, cuisine, haiku writing, the famous Japanese artist Hokusai, parts of the Cherry Blossom tree and the animals native to Japan.

Ages 3-5

Thursday, June 26 - July 31 (6 wks)

9:30 am - 10:20 am

Ages 6-8

Thursday, June 26 - July 31 (6 wks)

10:30 am - 11:20 am

Location: Cafeteria

Fee: \$89

PARENTING

Daring Together™ - A Mother-Daughter Workshop

Ages 8 and up

KATHLEEN DEPPE, LMFT

Daring Together™ is a one day workshop for mothers and daughters focused on mind wellness and body wellness. Mind wellness topics will be covered such as: where does "I'm not ____ enough" come from, how does comparison rob us of happiness, and what can we do when we feel flawed and unworthy? We will look at the messages we, as women, say/hear/see and will be introduced to some resiliency skills through art and experiential exercises to help better navigate this life with more courage, compassion and connection. Dress in comfortable clothing and shoes as we will incorporate laughter, song and dance in this workshop. Join us for this incredible experience that will bring you closer in your relationship as mother/daughter, grandmother/granddaughter and everything in-between. Must be a minimum of 8 yrs. of age to participate in this workshop. The Daring Way™ method is based on the research of Brené Brown Ph.D., LMSW.

Saturday, June 28

9:00 am - 3:00 pm

Social Science 109

Fee: Mother/Daughter fee \$149, includes \$15 material fee

**Self-Esteem for Teenagers
– Workshop for Teens and
Parents**

NADINE LAJOIE

Do you feel your teen is not achieving the results they could? Do they seem distracted or just don't seem to care? What's holding them back? Is it fear or an inability to get out of their comfort zone? This powerful, intense and positively charged training will help teens recognize their dreams and passion and replace boredom, defeatism and low self-esteem with inspiration. Learn tools to make learning fun and enjoyable, reward systems that work and challenge, key strategies to get and keep your teens' attention, and how to build an action plan with their own personal "racing map".

Saturday, July 26
9:00 am - 1:00 pm
Social Science 109
Fee: \$67, for parent and teen

SCIENCE & ENGINEERING

STEM Educational Robotics Camp

Ages 5 - 17

MATHOBOTIX, INC

Campers will have fun while learning basic static structures, dynamics, electronics and various sub systems used in robotics by applying the fundamentals of math and science concepts. We will build robots and program them using Lego® NXT software and play drag race, Sumo, and Capture-the-flag with fellow team members. Campers will compete in team competitions and demonstrate their projects in a Show & Tell to the audience. Students attending multiple sessions will do different projects based on prior experience and skill level. Campers will be grouped into age and grade appropriate teams. Three students per team. Campers bring a snack or lunch and drinks.

Session I: June 23 - 27	Session V: July 28 - August 1
Session II: July 7 - 11	Session VI: August 4 - 8
Session III: July 14 - 18	Session VII: August 11 - 15
Session IV: July 21 - 25	Session VIII: August 18 - 22

Monday-Friday, 9:00 am - 1:00 pm
Technology Center 165
Fee: \$225, includes \$20 material fee

Spyworkz Science Camp

Ages 9-15

MUSICSTAR, INC.

Your mission should you choose to accept it is to discover the intriguing world of spy science. This is a multi-faceted camp that explores science, math, language arts, logical and analytical thinking and more. Spies learn to make and break codes, photo, document, and handwriting analysis and more.

Monday-Friday, July 21 - 25
9:00 am - 12:00 pm
Social Science 103
Fee: \$165, includes \$25 material fee

CRIMINAL JUSTICE

**CSI-Orange County Crime Scene
Investigations**

Ages 12 and up

GRACEANNE JOHNSON

This course is designed to give the students both theory and hands-on experience in the skills and knowledge required of a forensic crime scene investigator position working in law enforcement. Included will be an introduction to crime scene investigation, crime scene photography, and diagrams as they are used in a criminal investigation. Also included are an understanding of the importance of physical evidence in solving crimes, dusting and lifting fingerprints, rolling a 10-print fingerprint card, what methods are used to process different types of evidence, how to collect evidence, and the use of forensic light source technology. Emphasized throughout the class is the importance of effective communication and interpersonal skills, professional development, strong academic skills, problem solving skills, safety and the use of technology.

Monday-Thursday, June 30 - July 3
9:00 am - 12:00 pm
Business Ed 107
Fee: \$150, includes \$10 material fee

OCC CREATIVE MEDIA AND TECHNOLOGY INSTITUTE

Tech Builders- App Design

Ages 8 - 13

FRESH!

This class is a fun and exciting introduction for students who want to learn different aspects of computer based App Design. Utilizing Multi-media Fusion 2 software, students work closely with instructors to create computer based apps. Students will complete one app project, which combines game based apps and utility apps into their final project.

Monday-Friday, July 21 - 25

9:00 am - 12:00 pm

Social Science 107

Fee: \$199

Animation Creators- Intro to Computer Animation

Ages 8 - 13

FRESH!

Young animators learn computer software techniques to create digitally animated characters and stories. In this class, participants will learn skills that help with computer drawing, character creation and movement, voiceover work and character interaction and speech.

Monday-Friday, July 21 - 25

1:00 pm - 4:00 pm

Business Ed 104

Fee: \$199

Learn to Code Computer Games

Ages 9-15

GREGORY BUETLER

This S.T.E.M program provides an introduction to creative computing with MIT's Scratch programming tool, using a design-based learning approach. Creative computing is about tapping into your child's creativity and allows your child to convert from a consumer of technology to a producer. Students will be able to "read" as well as 'write in this digital age. Engaging in the creation of computer games prepares youth for more than careers as computer scientists or as programmers. It supports young people's development as computational thinkers - individuals who can draw on computational concepts, practices, and perspectives in all aspects of their lives, across disciplines and contexts. Seating is limited, enroll early.

Beginning

Session I: June 23 - July 3

Session III: July 21 - August 1

Session II: July 7 - 18

Session IV: August 4 - 15

Monday-Friday, 2 weeks, 8:00 am - 9:45 am

Advanced (prerequisite - Beginning class)

Session II: July 7 - 18

Session IV: August 4 - 15

Session III: July 21 - August 1

Monday-Friday, 2 weeks, 10:00 am - 11:45 am

Computing Center 103

Fee: \$230, includes \$5 material fee

Movieworkz Lego Stop Motion Camp

Ages 7 - 15

MUSICSTAR, INC.

Movieworkz Stop Motion Animation offers an unique opportunity for students to explore the stop motion animation production using Lego bricks. Students will learn "brick animation" and image capturing, video recording techniques and more. This is an amazing opportunity for creative and artistic expression. Cameras and computers provided for classroom use.

Monday-Friday, June 23 - 27

9:00 am - 12:00 pm

Music 101

Fee: \$165, includes \$25 material fee

Media Arts Camp

Ages 7 - 15

MUSICSTAR, INC.

Musicstar Media Arts camp includes a great exploration of the "cool" world of high-tech media arts, focusing on contemporary music production and the recording arts and sciences, as well as audio-visual production and the marriage of pictures and sound. Bring your appetite for technology and learn about some of today's most exciting careers.

Monday-Friday, August 4 - 8

9:00 am - 12:00 pm

C & L 113

Fee: \$165, includes \$25 material fee

SCIENCE & CHESS CAMPS

Robotics Lab

Ages 7-12

MAD SCIENCE

Build and keep your very own robot, unlike any others seen at Mad Science before! Learn about the uses of robots in our world. Experiment with sound sensing robots, line-tracking robots, amphibious robots and even soccer playing robots!

Monday-Thursday, June 30 - July 3

9:00 am - 12:00 pm

Captain's Table

Fee: \$155, includes \$40 material fee

Secret Agent Lab

Ages 7-12

MAD SCIENCE

As junior secret agents during this science summer camp, use the science of detection to analyze crime scenes, Send secret messages to your friends by learning Morse code, Braille, and flag signaling. Construct security alarms to stop burglars in their tracks, and even master awesome spy tech like disappearing ink, metal detectors, and motion alarms!

Monday-Friday, July 14 - 18

9:00 am - 12:00 pm

Captain's Table

Fee: \$169, includes \$20 material fee

Chemistry Lab

Ages 7-12

MAD SCIENCE

Come inside and see what spectacular solutions the Mad Scientist has been whipping up in the kids summer camp! Experiment with some crazy chemistry, learn about exothermic reactions and create crystals. Have a cool time with dry ice, making an oozing batch of gooey slime, and see what pops up in our explosions lab! It is no wonder this is our most popular science camp.

Monday-Friday, July 21 - 25

9:00 am - 12:00 pm

Captain's Table

Fee: \$169, includes \$20 material fee

Physics Lab

Ages 7-12

MAD SCIENCE

Get hands-on with physics as you engineer giant pyramids, super-strong arches, and giant skyscrapers made of pasta! Master your center of gravity, and transform into a human pulley system. Build armor for an egg - then drop it off the roof! Construct your own bridges, catapults, and micropinchers to keep!

Monday-Friday, July 28 - August 1

9:00 am - 12:00 pm

Captain's Table

Fee: \$169, includes \$20 material fee

Rocketry Lab

Ages 7-12

MAD SCIENCE

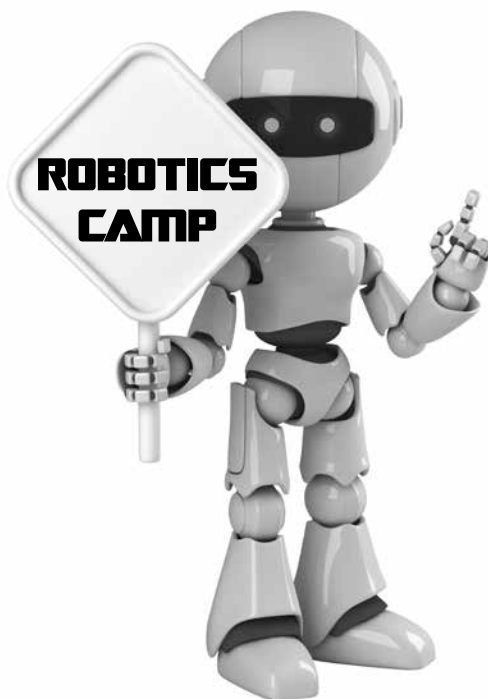

Unleash your inner rocket scientist with a week of super-powered rockets and aerodynamics! Invent, build, launch, and take home paper rockets, bottle rockets, chemical reaction rockets, and more! Construct and keep an official Mad Science Skyblazer II Rocket- just like what we'll launch over 100 feet in the air!

Monday-Friday, August 11 - 15

9:00 am - 12:00 pm

Captain's Table

Fee: \$169, includes \$20 material fee

Summer Knight's Chess Camp

Ages 6-12

ACADEMIC CHESS

Chess is a great game for children. It has been shown to improve critical thinking skills, increase attention span, help children deal with winning and losing, improve memory, help build confidence and patience, and improve problem solving abilities. This fun-packed week includes the development of daily chess strategy and tactics for all levels (beginning through advanced); outdoor interactive activities and games that reinforce chess principles; a giant chess set and board on-site (including a three foot tall king!), painting your own chess pieces; and an exclusive chess workbook. Students may sign up for multiple weeks as lessons are geared toward attending student's abilities. Academic Chess emphasizes a sense of camaraderie, fun learning, and sportsmanship in all of its activities.

Session I: Monday-Thursday, June 30 - July 3
12:30 pm - 3:30 pm

Session II: Monday-Friday, July 7 - 11
9:00 am - 12:00 pm

Session III: Monday-Friday, July 21 - 25
12:30 pm - 3:30 pm

Session IV: Monday-Friday, July 28 - August 1
12:30 pm - 3:30 pm

Session V: Monday-Friday, August 4 - 8
9:00 am - 12:00 pm

Captain's Table Dine Rm
Fee: \$179, includes \$35 material fee

DAY CAMP EXPERIENCE

MAD SCIENCE AND ACADEMIC CHESS

Ages 6-12

Full day campers will have supervised lunch and activities from 12:00-12:30 pm. Bring a sack lunch, snacks, water bottle and sunscreen. Sign up for multiple weeks as activities and instruction will change weekly. Pizza party, tournaments and trophies on the last day of camp!

9:00 am - 12:00 pm **Morning Science**
12:00 pm - 12:30 pm **Supervised Lunch**
12:30 pm - 3:30 pm **Afternoon Chess**

Captain's Table Dine Rm
Fee: \$300, includes \$50 material fee
(*unless otherwise noted)

Session I: Robotics Lab/Chess Camp
Monday-Thursday, June 30 - July 3
*Fee: \$325, includes \$60 material fee

Session II: Secret Agent Lab/Chess Camp
Monday-Friday, July 14 - 18

Session III: Chemistry Lab/Chess Camp
Monday-Friday, July 21 - 25

Session IV: Physics Lab/Chess Camp
Monday-Friday, July 28 - August 1

Session V: Rocketry Lab/Chess Camp
Monday-Friday, August 11 - 15

ARTS & THEATRE

Academic Origami

Ages 6 - 12

ACADEMIC CHESS

Academic Origami curriculum is designed to fit the needs of all skill levels. Continuing and new students are welcome. Children will learn the Japanese art of Origami along with a different aspect of Japanese culture each week. Origami will help to teach children to make precise folds, gain confidence, be creative and visualize results. Every student will receive an origami instruction sheet on what was covered that day, including the Japanese Kanji character and pronunciation, and take home what they make.

Self-Defense for Kids & Young Adults

Ages 8-16

DENNIS MORGAN

Would your child know what to do if someone attempts to hurt or abduct them? Every child and young adult should know how to protect them him/her self and stay safe. The purpose of this class is to teach child victim prevention by teaching children and young adults, and their families, self-defense and safety awareness skills that could keep them from potential danger and harm. Participants will learn how to use practical and non-aggressive techniques to fend off bullies and strangers, how to block punches and kicks and how to break free of various grabs, chokes and holds. Students will also learn how to use their body to promote speed and power, how to avoid potentially dangerous situations, and improve their self-confidence and concentration and gain respect for themselves and others. Parents, as well as their children, are encouraged to attend this class for maximum benefit.

Swim Lessons

ANTHONY IACOPETTI

Learning how to swim and be safe in the water is essential in Southern California. Our warm weather and accessible pools, spas, lakes and ocean increase the need to be educated in safe water skills. Our program features:

- 40-minute classes for Levels II and above
- 30-minute classes for Level I and Parent & Me
- Various times to accommodate your schedule
- Individual attention in limited size classes
- Opportunities for children and adults
- Free parking with registration

Swim lessons are held in the swimming pool located on the OCC campus by the Gym Parking Lot.

Fee: \$59 per person per session

LEVELS 1-6

Dates & Times (all classes meet Mondays through Thursdays, unless otherwise noted):

Session I June 9-19 (3:00 pm, 3:45 pm only)

Session II June 23-July 3

Session III July 7-17

Session IV July 21-31

Session V August 4-14 (afternoon only)

Swim Lessons Class Offering

LEVEL 1	9:15	10:00	10:45	1:30	2:15	3:00	3:45
----------------	-------------	--------------	--------------	-------------	-------------	-------------	-------------

A beginning class for children who are shorter than 42 inches to the chin. Children must be a minimum of four years old by the end of the calendar year.

LEVEL 2	9:15	10:00	10:45	1:30	2:15	3:00	3:45
----------------	-------------	--------------	--------------	-------------	-------------	-------------	-------------

A beginning class for children 42 inches to the chin or taller who are unable to swim the width of the shallow pool (8 yards). Students will learn proper arm strokes, kicking fundamentals on front and back, proper float positions and breathing comfortably while doing freestyle stroke.

LEVEL 3	9:15	10:00	10:45	1:30	2:15	3:00	3:45
----------------	-------------	--------------	--------------	-------------	-------------	-------------	-------------

Students should be able to kick and float on their stomach and back, as well as competently swim freestyle with breathing the width of the shallow pool (8 yards). Backstroke and freestyle with side breathing will be introduced.

LEVEL 4	9:15	10:00	10:45	2:15	3:00	3:45
----------------	-------------	--------------	--------------	-------------	-------------	-------------

Students should be able to swim freestyle comfortably with both side breathing and backstroke the width of the deep pool (15 yards). Students must also demonstrate comfort in the deep pool. Elementary backstroke will be introduced as well as a continual refinement of freestyle and backstroke.

LEVEL 5	9:15	1:30	3:00	3:45
----------------	-------------	-------------	-------------	-------------

Students should be able to swim freestyle comfortably with side breathing, backstroke and elementary backstroke the length of the deep pool (25 yards). Sidestroke and breaststroke will be introduced.

LEVEL 6	10:00	1:30
----------------	--------------	-------------

Students should be competent in freestyle, backstroke, elementary backstroke, and breaststroke. Butterfly, rescue skills, and racing techniques will be introduced.

Beginning Water Polo

This fun and exciting class will introduce basic skills in treading water, passing, shooting, defense and team strategy. Recommended for students 6th grade and above who can demonstrate competency in freestyle and backstroke.

All classes meet Mondays through Thursdays, unless otherwise noted:

Times: 11:00 and 2:15

Session II June 23-July 3

Session III July 7-17

Session IV July 21-July 31

Session V August 4-14

PARENT & ME

Children between 1 and 3 years of age. Mothers, fathers or adult guardians participate in the water.

Tuesday and Thursday 12:45 pm

Session I June 24-July 17

Session II July 22-August 14

Private Lessons

Dates: Tuesdays and Thursdays

Time: 11:45 class for sessions 2-5 (30-minute class)

Location: OCC Pool

Fee: \$110 per session

Additional times may be available when season starts.

One-on-one personalized instruction for students of all ages is ideal for those who are just starting or those who would like to master a particular technique.

Swim Team: Children

Anthony Iacopetti

Once again it will soon be time to put those school books and winter coats away. The Orange Coast Aquatics Club (OCAC) Inc. is gearing up and is looking for swimmers of all ages and abilities. Each team member will receive a new swim suit. Our slogan is "if you can swim the width of the pool by yourself, you are perfect for the team." During the season, each child will be instructed to swim all four of the competitive strokes correctly. The program de-emphasizes competition and concentrates on fun and improvement instead of winning.

IMPORTANT FOR FIRST-TIME SWIM TEAMERS:

To be on the Orange Coast Swim Team, children must be able to swim the width of the pool (50 feet) comfortably and without help. Often kids who are swimming like fish at the end of the summer are rusty and uncertain after a winter off. If you think your child needs a tune up before the first day of team practice, call us at (949) 548-5668 and set up a few private lessons.

The fee for the entire season includes:

- Swim suit
- Individual trophy
- Practices 5 days a week (Monday through Friday)
- T-shirt
- Team picture
- Swim meets with ribbons throughout the summer

Season Fee:

Full Season: June 2-August 1	\$315
Short Season: June 23-August 1	\$285

Multiple child discount:

\$10 for each additional child signed up after the 1st child.

Practice Times:

Mondays and Wednesdays: June 2-18
 Monday through Friday: June 23-August 1
 4:45 pm-5:15 pm – Ages 5 & 6
 5:15 pm-6:00 pm – Ages 7 & 8
 6:00 pm- 6:45 pm – Ages 9 & up
 Location: OCC Pool

PROFESSIONAL ADVANCEMENT

ENTREPRENEURSHIP

Make Xtra Income: Auto Wholesale Business from Home

WAYNE WILLIAMS

Increase your income buying and selling wholesale cars, either as a home-based business or purchase your favorite vehicles at huge discounts. Learn 6 techniques that create profits and cash flow. Learn how to get your auto dealer license in 15 days. Find out the how and where of buying below wholesale prices and how to sell at retail prices. You'll get a FREE list of all the 300+ dealer-only auctions in the USA where automobiles are sold below wholesale. This class is DMV approved and you'll receive a DMV certificate of completion after you complete the class exam. Benefits of a dealer license include dealer plates for vehicles that can be used for business and pleasure, auto parts and service at wholesale prices and sales tax exempt, ability to travel and do business in every state, import and export opportunities, tax deductions. Dealers DO NOT pay annual registration or smog fees on vehicles owed as inventory.

CERTIFICATION

Become a Notary Public

R. DAVID KIRBY

Start your own business or add to your current business working full time or part time as a notary public. As a public servant commissioned by the Secretary of State, the notary public serves a vital role in protecting the integrity of important legal and personal documents. We are an official notary public education provider for the State of California, meeting the stringent course requirements required by California law. This one-day course will teach you everything you need to know to be a successful notary public. Bring a California drivers license, a California I.D. card, or a passport. Notaries public must be 18 years old; be a California resident; read, write, and understand English; successfully complete this course, pass a state exam (30 multiple choice questions) and pass a background check. Applicants may take the State notary exam immediately following the course. Bring a \$40 check or money order payable to "Secretary of State", a legal form of identification, a 2x2 photograph, and two #2 pencils. The exam is from 4:30 pm - 5:30 pm, immediately following the course.

Marketing on the Internet

DANIEL OASE

In this class, you will learn how to increase your sales, acquire new customers, and market your business on the internet. By the end of the course, you will have the knowledge and experience you need to launch a successful online marketing campaign through the use of Google AdWords, search engine advertising, market research, keyword selection, and search engine optimization. You will also learn how to maximize your advertising budget by using the most effective types of ads for your product or service. Your instructor will teach you how to write a successful marketing plan, raise capital, and avoid the costly mistakes that could cost you thousands. He is trained and certified by Google, holds an MBA with a concentration in marketing, and has been helping individuals reach their business goals since 2008. Enroll and start growing your business today. Class fee includes \$75 worth of free Google advertising.

How to Use Social Media to Get New Customers

DANIEL OASE

Learn how to acquire, convert, and retain new customers by using the most effective social media marketing techniques of our time. In the first part of this course, you will understand how to create and optimize a Facebook page, get new customers to “like” your company, and start increasing sales right away. Then you will learn how to use cutting-edge social media management tools and analytics to measure the effectiveness of your marketing efforts. By the end of this course, you will know how to optimize your social media pages and easily double your traffic. Although we will spend most of our time discussing how to make money using Facebook, we will also cover the basics of marketing on Twitter, LinkedIn, YouTube, and Google+.

Tuesday/Thursday, July 15 - July 17

Retirement Planning for Success The Rules Have Changed

RICHNESS OF LIFE INSTITUTE

Recent academic research from Boston College, The Wharton School of Business, and The University of Michigan (among others) detail a fundamental shift in best practices for retirement planning. This 3-session course is designed as a comprehensive personal finance course for those in the early stages of retirement or those about to retire. It addresses difficult retirement decisions such as Optimal Asset Allocation, Income Planning, Social Security Maximization, and the pitfalls to avoid. You will receive access to over 26 academic reports detailing the "New Rules of Thumb" as well as financial tools to help you better understand risk, taxes, budgeting, and estate planning. Materials included in class fee. Instructor: Tami Simpson

ARTS & ENTERTAINMENT

CREATIVE ARTS

Adaptation: From Short Fiction to Feature Film

LEIGH ANN WEATHERFORD

During this four-week class we will read short stories from acclaimed American authors ranging from F. Scott Fitzgerald to Raymond Carver, and then meet to view the popular films from which the stories were adapted. Afterwards, OCC English Professor Leigh Ann Weatherford and independent filmmaker Dale Schierholt will lead the group in an examination of the stories as we discuss, analyze and debate the merits of both the literary work and its cinematic companion. With films from notable directors such as Alfred Hitchcock, the class will offer a particular focus on the successes and failures, compromises and improvements of the stories in their film versions. Over the four weeks, the group will gain an understanding of what makes for compelling storytelling in literature and film and where it meets and diverges in each of these unique art forms. Informative and entertaining, this class will engage both literature and film lovers.

HEALTH & WELLNESS

Self-Defense that Works- Don't Be a Victim, Learn How to Protect Yourself

DENNIS MORGAN

Don't become a statistic. Self-defense is an investment in the safety of YOU and YOUR FAMILY. And the difference between fear and safety is knowing what to do. Everyone should have a basic and effective knowledge of how to protect themselves against an attacker, bully, or any other act of physical aggression. This is a comprehensive course that can turn an average individual into a highly confident self-defender regardless of one's age, ability, or physical condition. You'll learn simple and practical techniques that do not require any physical strength to defend against a personal attack and how to face any physical confrontation by using your personal body weapons such as your feet, hands, elbows and knees to overcome a personal attack. You'll also learn California self defense laws, how to avoid becoming a victim in the first place, how to identify criminal tactics and be safer both in the home and on the streets, and how to defend against multiple attackers and aggressive confrontations of all types. This class is for men, women and young adults. Students should wear comfortable clothing and encourage a family member or friend to also take the class. \$5 discount for OCC students.

Fee: \$67, includes \$20 material fee

Psychic Debris and Crowded Closets-The Relationship Between the Stuff in Your Head and What's Under

REGINA LARK

Cluttered minds and cluttered closets weigh us down, thwart productivity, and make it difficult to move forward with ease and a sense of clarity. Negative thinking blocks the light of positivity, and overwhelmed spaces block us from the simplistic life. In this workshop, participants will learn: how to identify the head trash that consumes us and keeps us from our higher good; how clutter acts as the physical manifestation of head trash; the impact self-talk and your story may have on your physical surroundings; strategies to clear the mind of psychic debris; ways to project-manage your de-clutter projects; and a formula to maintain your de-cluttered journey.

Saturday, August 9

10:00 am - 2:00 pm

Divorce Options

CDSOC, INC.

Are you contemplating divorce? Has your spouse said the 'divorce' word? Do you have a relative or friend on the brink of divorce? Attend a highly educational class designed to give you an overview of the legal, financial, family and emotional issues of divorce. This class is co-taught by a family law attorney, a divorce financial specialist and a divorce coach. We will explore litigation and non-litigation divorce options. We will discuss the legalities of divorce, how to start the process, considerations for court and non-court dissolution, parenting plans, child/spousal support, property division, impact on children and

the emotional process of divorce. Bring your questions and get information to help you gain a greater understanding of the confusing and overwhelming divorce process. The participant is getting a \$750 value if you were to consult 2 hours with a family law attorney; 1 hour with a divorce coach; and 1 hour with a divorce financial professional.

Apply at

orangecoastcollege.edu

Orange Coast College's Career and Technical Programs are degree and credit based. Students must apply for admission to Orange Coast College to enroll in these Career and degree programs. For more information visit us at www.orangecoastcollege.edu/careerservices.

REGISTRATION PROCESS:

To register online, please follow the steps below for individual and families registering as households. Log on to orangeoastcollege.edu/commed to get started.

Please sign up for class before the start date as we are sometimes forced to cancel classes with low enrollment and that's no fun!

For Households with multiple children click on **Sign In** and you will need to create a household profile. Creating a profile will provide you with your own personal, password-protected account. Having an account will allow you to register online and track your course selections. Click on "sign in" on the menu bar to the left and follow the prompts. Items in blue are required information. Please choose a login that you will remember easily. The demographic information is optional, and is used by Community Ed strictly for planning and statistical purposes. You will receive a copy of your profile via email.

For individual registration click on **Sign In** and create a new student profile (using the student's name), complete the form and Submit. After you have created the profile, click on Courses & Registration on the left menu and start shopping.

Returning Students:

For those who have already registered with our new system and do not remember your Username or Password, please do not sign in as a new student, but take a moment to either call or email us to get your information. This will help to keep your account all in one place. Our contact number is 714-432-5154 or you can email us at commed@occ.cccd.edu

Other registration options include:

Mail-in:

OCC Community Education
2701 Fairview Road, Costa Mesa, CA 92626

Walk-in or FAX:

Bursar's Office Hours:
Monday, Wednesday, Thursday & Friday
8am – 4:30pm
Tuesday – 8am – 2pm
Saturday – 6am – 2pm

We accept Visa, Mastercard or Discover.

Phone: 714-432-5154 or 714-432-5880 x1

Toll Free at 888-622-5376

FAX: 714-432-5533

PARKING

Weekday parking is by permit only in metered lots. Meters are 50 cents for 1 hour or buy a parking permit at yellow ticket dispenser located at Fairview & Arlington or Fairview & Pirate Way for \$1.00 for 4 hours. You may also purchase a parking permit at the Bursar's office for \$15. Parking is FREE on weekends.

Will I get a Confirmation Letter?

If you register on our online registration system you will receive an automatic email confirmation. If you register any other way, we cannot guarantee you will receive a confirmation letter in a timely manner but expect you to attend class. However, if you mail in your registration and send a self-addressed envelope along with your registration form we will be happy to mail you a confirmation. If you register over the phone with a credit card, you will receive an immediate verbal confirmation. Be sure to mark your calendar with date, time, and location of your class so you don't forget!

We encourage everyone to register online at orangeoastcollege.edu/commed to ensure accurate registration and confirmation is received.

REFUND POLICY

Refund requests for classes/workshops must be made at least three (3) full business days prior to the start date and MUST be done in person or by calling our office at 714-432-5154. All requests will be charged a \$15 cancellation fee per person/per class. **Refunds will NOT be granted if you cancel less than three (3) business days prior to the start date.** If a class is cancelled due to low enrollment or class cancellation, a refund will be issued within 6 weeks. Insufficient funds/returned checks are subject to a \$25 service charge per check.

CLASS SCHEDULE SUBJECT TO CHANGE

Every effort has been made to assure the accuracy of this schedule of classes. However, the schedule is prepared months in advance and changes inevitably occur. Classes, programs, dates, times, locations and instructors are subject to change without notice. The college reserves the right to add, amend or repeal any of its rules, regulations, policies or procedures consistent with applicable laws.

OCC President: Dennis R. Harkins, Ph.D.

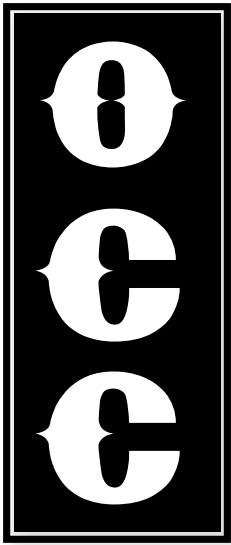

Coast Community College District Board of Trustees:

Mary Hornbuckle, David A. Grant, Jim Moreno, Jerry Patterson, Lorraine Prinsky, Ph.D., Student Trustee

Chancellor: Andrew C. Jones, Ed.D.

The District is committed to the concept and principles of providing equal opportunity in education and employment for all persons, and does not discriminate unlawfully in providing educational or employment opportunities to any person on the basis of race, color, sex, gender identity, gender expression, religion, age, national origin, ancestry, sexual orientation, marital status, medical condition, physical or mental disability, military or veteran status, or genetic information. This commitment applies to every aspect of education and personnel actions and practices in employment, development, advancement, and treatment of employees, students and the general public.

Inquiries regarding compliance and/or grievance procedures may be directed to the Title IX Officer and/or the Section 504/ADA Coordinator.
