Mary Crum teaches music, drama and cooking classes for ISD 728 Community Education.

Describe your background and your experience:

Although Meyers-Briggs says that I am an introvert, I love to entertain people all the same! I have been in theater and music for as long as I can remember and have been teaching music now for seven years. I have my teaching degree from Winona State University, have participated in local theater groups and am a performer for the Minnesota Renaissance Festival.

What classes do you teach for ISD 728 Community Education?

I teach individual music lessons on flute, piano, guitar, ukulele, sax and clarinet. I also teach summer drama camps, cooking camps and Fancy Nancy.

What can one expect when attending your classes?

In music classes, lots of noise and fun! I like to explore sound anyway possible even if it means playing so loud that it wakes up the neighbors. In theater classes expect to be pushed to your limit on what you will do in front of a group of people-sing, dance, yell, scream and cry. In cooking, expect food.

What level of experience is needed?

No level of experience is needed for any of my classes. In music we explore at your level. In theater I walk you through the process of getting on stage and being ready. In cooking we talk about how to read the recipe and how to put it all together to make great food.

How do you educate, inspire or empower your class attendees?

I inspire my students to have a "voice" for their creativity. I empower my students to be creative in all they do and allow them to make their music, theater, cooking their own and step outside of the box.

What are the benefits of enrolling children in music and art classes?

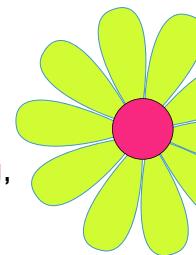

All of my classes appeal to the creative side of the brain. Music and theater are more than just playing/doing what others have written and in the correct time; it is about emotions.

What advice do you have for an adult considering taking music lessons?

Come on in; everyone can play music - it doesn't matter where you are in life. If you enjoy listening to music you will enjoy making music.

OUR MISSION

To build community through citizen involvement and lifelong learning while **educating**, **inspiring** and **empowering** ALL of our learners across ISD 728.

GED

**GED EXAMS
WILL CHANGE
IN 2014**

**THE TIME
TO TEST
IS NOW**

BE PREPARED

Prepare for **FREE** at the Adult Basic Education program located at the Handke Center, Elk River or study online with i-Pathways.

IT'S TIME TO FINISH

Individuals who have not completed the tests by 2014 will need to take ALL tests again. Just starting? There is time to finish by December 2013.

MAKE AN INVESTMENT

Adults who have their degree make more money, are prepared for college and set a good example to their children.

**CALL OUR ELK RIVER
CAMPUS TODAY!

Adult Basic Education

Are your basic skills in reading, math and writing a little rusty? Do you need to prepare for training in a different career choice? Are you wanting to go back to school to further your education? Do you want to be able to help your child with homework? If you answered "yes" to any of these questions, then ABE is for you!

Adult Diploma Program

Earn credits to complete your high school diploma! To be eligible, you must be 18 years of age or older and your class has graduated. Upon completion of all graduation requirements, you will receive your high school diploma.

GED Preparation

Increase your potential to pass the GED exam. Take practice tests to determine what you need to review prior to taking the actual exam. The GED is a high school equivalency diploma. Prepare on-line, 1:1 help or in a small group setting.

GED Testing Information

- Five exams in the areas of writing skills, social studies, science, literature and mathematics.
- Nearest testing site is Anoka Tech.
- Call 763-433-4054 for schedule and information.
- The cost is \$80 for the entire series of tests; paid at the first session.
- Testing is open to adults 19 years of age and older. Students younger than 19 may apply for an age waiver by contacting the Elk River Learning Lab at 763-241-3400 x5525.

GED-i

Distance Learning: GED-i is an on-line program for GED instruction and preparation. Want to study for the GED test on-line? Only a select number of eligible students will have an opportunity to take part in this on-line program. Interested students must schedule an intake appointment with an instructor to see if they meet the eligibility requirements.

College Prep/Career Exploration

AccuPlacer, SAT, ACT got you all tangled up in knots? Unsure of your skills, interests or potential career path? Come to ABE to get untangled and prepare for your next step in education.

Metro North Graduation Ceremony for GED and Adult Diploma Completers

**Wednesday, June 20, 2013 at 7pm
Anoka High School**

Each year, approximately 80 Adult Basic Education GED and Adult Diploma graduates across the Metro North Adult Basic Education consortium participate in a ceremony to recognize their achievement. For many adults, going back to school is a huge challenge. However, 35 adults who attended the Elk River Learning Lab in the 2012-2013 program year were able to muster the strength and determination to overcome the obstacles that might have otherwise prevented them from attaining this goal. In addition, there are many more that are very close to passing that last test for the GED or are only a few credits away from completion of their diploma. Friends and family members are invited to attend this celebration to honor the graduates. A small reception is held after the ceremony. Graduates will be contacted by mail in May, so if your address has changed, please contact an ABE staff member.

ADULT ENGLISH AS A SECOND LANGUAGE

Distance Learning: Mindquest Academy

FREE Online learning for college prep or adult diploma credits
If you've got your sights set on college, but first want to boost your academic skills, then Mindquest Academy is for you! Mindquest is a combination of on-line learning and classroom experience. Study from home any time of the day or night!

American Red Cross Swimming Lesson Curriculum

ISD 728 Community Education is proud to offer the American Red Cross Swimming and Water Safety program, which combines the best in swim instruction with an even stronger emphasis on drowning prevention and water safety - ideal for anyone who wants to enjoy the water safely, regardless of age, level or skill.

Please see the information below to determine which level your child should be placed in. Signing up for a level above or below ability will only cause frustration for the student and class. Students that are in the incorrect level will not be allowed to participate unless space is available in an appropriate class.

Note: classes fill quickly!

Parent/Child Level 1 | age 6 months-3 years

This is a great class for your child to become comfortable with the water with your assistance. Your child will learn to enter and exit the water safely, float, change positions and play safely in the water. As a parent, you will learn how to hold and support your child in the water, select and fit a life jacket and water safety for the whole family.

Parent/Child Level 2 | age 6 months-3 years

In this class you and your child will continue to practice skills that were introduced in the Parent/Child Level 1 class and explore more arm and leg actions that will lead to swimming skills.

Preschool A | age 4-5

This class helps participants feel comfortable in the water. Skills will include how to enter/exit water, blow bubbles, submerge face, open eyes under water and retrieve submerged objects, front and back glides, back float, roll over, tread water, leg and arm actions on front and back and water safety topics.

Preschool B | age 4-5

This class is for children who have passed Preschool Level A. Children will work on fundamental skills covered in Preschool A as well as front float, combining arm and leg actions on front and back, finning and additional water safety topics.

Preschool C | age 4-5

Children will continue to build on skills learned in Preschool Level B with additional practice in deeper water. They will learn to enter water by jumping in, fully submerge and hold breath, bob, perform the jellyfish and tuck floats, back float and glide, change direction while swimming, tread water and water safety topics.

Level 1: Intro to Water Skills | age 6+

This class helps students feel comfortable in the water and enjoy the water safely. Students learn elementary aquatic skills and develop good attitudes and safe practices around the water.

Level 2: Fundamental Aquatic Skills | age 6+

This level marks the beginning of true locomotion skills. Students explore simultaneous and alternating arm and leg motions on the front and back to lay the foundation for future strokes. Adds to skills begun in Level 1; student must have passed Level 1.

Level 3: Stroke Development | age 6+

Build on the skills of Level 2 with guided practice. Students will learn to coordinate the front and back crawl, elements of the butterfly, treading water and rules for head-first entries. Student must have passed Level 2.

AQUATICS

Level 3.5: Stroke Development | age 6+

This level was created for students who have already participated in Level 3 and are close to passing yet need extra help with a certain skill. Once the whole group passes all the Level 3 skills they will begin to work on Level 4. Students who register for this class must have completed at least one session of Level 3.

Level 4: Stroke Improvement | age 6+

Students will improve their skills and increase their endurance by swimming familiar strokes (front and back crawl) for greater distances. They will continue to build the butterfly stroke and be introduced to the breaststroke, elementary backstroke, elements of the sidestroke and basic turns. Student must have passed Level 3 or Level 3.5.

Level 4.5: Stroke Improvement | age 6+

Students will improve their skills and increase their endurance by swimming familiar strokes (front and back crawl) for greater distances. They will continue to build the butterfly stroke, breaststroke, elementary backstroke, elements of the sidestroke and basic turns. Student must have completed Level 4 at least once.

Level 5: Stroke Refinement | age 6+

Students continue to refine all the strokes: front crawl, back crawl, butterfly, breaststroke and sidestroke. Students will increase their distance and be introduced to flip turns. Students must have passed Level 4 or 4.5.

Level 6: Swim & Personal Water Safety | age 6+

Refine strokes and learn to swim with ease, efficiency, power and smoothness over greater distances. This course includes skills, personal water safety and practices the prerequisites for the Lifeguard and Water Safety Instructor certification. Must have passed Level 5.

ECFE

EARLY CHILDHOOD FAMILY EDUCATION

{ Come for your **CHILD...** }
{ STAY FOR YOURSELF! }

It's for you and your young children - birth to before kindergarten.

ECFE offers high quality learning activities for you and your children, helps children grow and develop, enriches family life, and provides information and support for your important role as a parent!

What happens when we come to ECFE parent/child activities?

Staff will greet you and the room will be set up with activities. All ECFE instructing staff have, at minimum, a four year degree plus teaching licensure in Parent Education, Early Childhood Education or Early Childhood Family Education. Usually there are three parts to the sessions: Time together for parents and children, parent discussion time, and children's activity and exploration time.

What are the rooms like?

The ECFE rooms are set up for young children with child-sized furniture, toys and materials that are appealing to kids! We have one room set up just for infants - 2 years, others for a variety of ages up to 5 years.

What are the activities?

Activities will be set up in the room. You and your child can choose what you want to try. Some activities like painting become weekly favorites. We encourage you to "take your child's lead" and enjoy the special time together. At times we will do group activities with all parents and children. Usually there's a time when the ECFE staff have all the parents and children together in order to get acquainted. There will be a variety of activities depending on the age of the children. For older children there will be stories, songs, fingerplays. In some classes parents will "step back" and watch the children's learning in action.

What happens during parent discussion time?

While your child participates in the children's time in the ECFE classroom with the Early Childhood Educator, you'll meet with parents and the ECFE Parent Educator. Parent discussion will be in the children's room for parents with young children; it will be in another room for parents with older children. It's a comfortable situation where you'll be able to talk about the joys and concerns of being a parent. You'll be able to take time to look at and consider many ideas. Often parents say this is one of their most important times during the week. Research tells us that getting information and support for our role as parents is one of the most important things we can do for ourselves and our children!

What happens during the children's time and how will parents be involved?

The children participate in activities in the classroom while moms, dads or caregivers participate in the discussion. The Early Childhood Educator prepares the room and activities gauged for the children's ages. Both teacher lead and child initiated activities are planned. In some classes parents take turns working with the teacher in the classroom. This provides an opportunity for parents to observe children's time and how their child responds. It also provides an opportunity to learn more about children's development and behavior. It's a chance to get involved and have fun!

You and Your Baby | age 0-12 months

Babies change your life - it's both rewarding and challenging. This is your time to play with your baby in a new setting, talk with a parent educator and other parents about development, reading a baby's cues, sleeping and feeding, your changing needs as an adult and as a parent, and more. Discussion is in the room with the children.

Moving and Exploring | age 12-24 months

Your child wants to experience everything—to build and knock down, empty, pull apart, feel, twist, squeeze and move quickly from one activity to the next! How do you keep up, keep them safe, and still allow them to explore and learn? Play with your toddler in a room geared for toddlers. Then, meet with other parents and one of our friendly and knowledgeable parent educators to talk and learn together. Topics may include: Development, temperament, setting limits, communicating with your partner about parenting, observing and reflecting on development. Discussion will be in the room with children 12-24 months.

OPEN HOUSE...

Please join us for an Open House
celebrating Paula Donnelly's retirement!

Room 111, Handke Center

Paula Donnelly - Parent Facilitator/Home Visitor

A big Thank You to Paula for her years of dedicated service to ECFE and to making a difference for families and children. That has been our purpose in ECFE and Paula has exemplified this goal. She has touched the lives of many families and children. So many words come to mind when thinking about Paula and her work in ECFE: welcoming, knowledgeable, practical, fun, innovative, understanding, supportive, encouraging, enthusiastic. Striving to always find another way to support and provide information to parents, Paula models the tenacity it often takes to be the best parent one can be.

Starting with teaching one class, the Single Parent class, Paula soon expanded her role in the program. When an innovative grant was awarded, Paula jumped in to do both home visits and classroom activities with families and children the year before they started kindergarten. That grant was the beginning of what is now our ECFE home visiting program and our BIG (Behavior Intervention) program. Since those first experiences Paula has been in many places teaching, building and supporting families. Paula has also been a founding member and creator of the Parenting Apart program, a collaboration that provides education for parents who will be divorcing or who were never married. Wherever the program has grown and developed you will find Paula's involvement.

Paula is comfortable supporting families one on one through home visits and through groups in ECFE classes. She has provided training for early childhood professionals and caregivers and has presented to large parent or community groups. She makes whoever she is with feel comfortable learning, trying a new way and most of all recognizing they can make a difference. Families have counted on Paula to be there for them, to give them a boost with her enthusiasm and humor and always providing good information that works.

Providing support and skill development when children experience difficult behaviors has been a key area of focus for Paula. Starting with the development of the Behavior Intervention program that works both with parents and early childhood providers, Paula has focused on supporting and making changes for families one child at a time. When our programs were awarded the TACSEI demonstration grant for Social Emotional Development, Paula was on board right away working with the Leadership Team to fully implement TACSEI in our programs.

Thank you Paula for being a big part of ECFE and the lives of staff, parents, children, early childhood providers, agency staff and community members. You have truly made a difference and you will be missed!

~ Kathryn Simonson - ECFE/SR Program Manager

"We will miss your companionship and friendship in our work. We wish you success and happiness in your future endeavors, may that be yours and all that you hoped for!"

Families can count on Paula to be there for them, to give them a boost with her enthusiasm and humor and always providing good information that works!

ECFE DISCOVERY LEARNING PRESCHOOL 13/14

How to Register for 2013/14 DISCOVERY LEARNING CLASSES

Registration is underway for Fall 2013 Discovery Learning Preschool. There is still plenty of room in most of our preschool classes.

Registration information and forms were mailed to homes mid-February. If you did not receive, you may download forms at 728communityed.com, or contact ECFE for a copy of the guide.

Please contact the ECFE office for questions regarding space availability. Waiting lists will be maintained for all full classes.

- You must complete the registration forms packet at the time of registration. All forms must be received for your registration to be considered complete.
- Fees are divided into 9 monthly payments. Payments begin in September and end in May. Fees are rounded up to the nearest dollar. A registration fee of \$49 which is non-refundable is due when you register. This fee does not apply to the total cost. Fees will be pro-rated for families joining during the year.
- Information regarding our sliding fee scale is included with the Registration Guide. If you have any questions, please call the ECFE office at 241-3524. No one will be turned away because of inability to pay. We accept Visa, Mastercard and Discover.
- Sibling care is available during Parent/Child classes at an additional fee.

PLEASE NOTE:

Discovery Learning classes may be cancelled or times and locations may change due to unforeseen circumstances.

Discovery Learning Preschool... an ISD 728 Early Childhood Program

Choosing the right preschool program is essential for giving your child the tools needed to be successful in school and in life. Discovery Learning Preschool, offered through District 728 Early Childhood Family Education, is a highly recognized and sought-after program to attend.

Unparalleled Results and Comprehensive Curriculum.

With unmatched programming in the state of Minnesota, ISD 728 Discovery Learning Preschool is seeing unprecedented results with their customized classroom experiences. Discovery Learning Preschool has revolutionized their curriculum and embedded core fundamentals in each of their classrooms. We use: Building Blocks Math Curriculum, EZ Write Handwriting Curriculum, Creative Curriculum (Teaching Strategies Gold), TACSEI Social Emotional Curriculum, Seeds of Literacy Curriculum with Minnesota Reading Corps Implementation, LANA Nutrition Curriculum. Opportunities for learning provided through individual and group times. Literacy (skills needed for reading), mathematics, science, social studies, the arts, and technology are all part of the program curriculum.

Parent Education and Involvement.

Core to our program is parent education. A professional and highly trained Parent Educator is assigned to each classroom. The Parent Ed component focuses on not just the child's experience in preschool, but the family as a whole.

Highly Trained Staff.

Of utmost importance to parents, is the relationship their child has with their teacher. With Discovery Learning Preschool, not only do you receive highly trained staff members, you also receive warm, caring adults committed to your child's success.

Discovery Learning Preschool... the right choice for you and your child.

For more information, log onto our website at www.728communityed.com or by calling Early Childhood Family Education at 763-241-3524.

ECFE EARLY CHILDHOOD SCREENING

What Happens During Screening?

The parent attends the entire screening process with their child along with a team of specialists. Your child will have a developmental progress review by a speech/language clinician. A review of your child's vision, hearing, height, weight and immunization history will be conducted by one of our health professionals. The parent/s will then participate in a family factors interview to review the screening process and talk about any concerns they may have.

Who Needs to be Screened?

All children living in District 728 who are 3, 4, or 5 years old and not currently enrolled in kindergarten NEED to participate in this FREE screening program before entering kindergarten, or have an equivalent screening from a doctor. Age three is the recommended age for screening. Children who attend Head Start or Early Childhood Special Education Services programs may not have to participate in Early Childhood Screening.

Is the Program Required?

Yes. Minnesota state law requires that your child must be screened for enrollment in a public school. Children are not permitted to enter public school without having Early Childhood Screening and up-to-date immunizations.)

If you are planning to send your child to private or home school the screening is not required by law, however, we still encourage you to participate. This is a wonderful opportunity for you to find out how your child is developing.

Calling all 3-Year-Olds! It's time for Screening!

Early Childhood Screening provides an opportunity for children and their parents to participate in a health and developmental screening after their third birthday. State law requires screening for all children entering public school kindergarten, ideally at 3 years old. Identifying potential health, developmental problems or concerns early allows time for intervention and remediation during the critical formative years. Families participating in Early Childhood Screening may be referred to community health and educational services including School Readiness and ECFE.

Early Childhood Screening includes:

- Immunization records
- Hearing and vision
- Speech and developmental screening
- Height and weight
- Summary interview with parents

ECFE REGISTRATION

Registration for Early Childhood Family Education classes

Register for classes at the ECFE Office in Room 10 at Handke Center 1170 Main St., Elk River, MN –use door 6 (off 4th St.), by phone at 763.241.3524, by mail, or online at www.728communityed.com. See page 66 for a registration form. We continue to take registrations until classes fill and take names for a wait list after they fill.

Fees—ECFE Classes

Fees are based on the number of times the class meets. The first payment is due when you register. The second payment is due when class begins. Full payment is due when you register on-line. We accept VISA and MasterCard. A sliding fee scale is available, see page 33. No one will be turned away because of inability to pay. Please call our office to ask questions, make other arrangements or to have fees waived or reduced.

Cancellations

If you need to cancel from a class, we will refund the fee minus the number of classes that have been held prior to your request. There are no refunds for missed classes due to illness, or due to inclement weather. Credits will be issued, if requested, for classes cancelled due to inclement weather.

Immunizations Required

Minnesota laws require that all children be immunized before entering school. Up to date immunizations must be submitted to ECFE before your child attends classes. Please enclose a copy of your child's record with your registration, pick up a form in the ECFE/SR office or on the ECFE website.

Parent Participation

Parents (moms, dads or both) must accompany and participate in the classroom with the child and discussion with other moms and dads for all ECFE Parent/Child classes. Grandparents or other caregivers may participate in classes, however parents must give permission on the ECFE registration form. Permission slips are not required for Drop-In Play or one time events. Information on volunteer opportunities will be available at classes. Parents will be asked for donations of consumable and snack items to be used for classes.

Special Needs

We welcome persons of all abilities to participate in our classes and activities. If any special accommodations are needed, please let us know at the time you register. We are not able to provide transportation to classes.

Child Care during ECFE

Child care for brothers and sisters is provided during ECFE classes. We cannot accommodate other children in your care. Registration for child care should be completed at the same time as class registration. To request childcare on a one-time basis, you must call to check availability at least 1 day prior to the class. Children must be at least 6 weeks old to be eligible for childcare; prior to 6 weeks infants may accompany parents to class discussions. Children 6 weeks to 3 months may accompany parents to discussions, or they may attend childcare. At 3 months of age, children must attend childcare.

Cost is

Infants \$4.00 per hour
Toddlers \$3.25 per hour
Preschoolers \$3.00 per hour
Additional Children \$2.50/hr

Child Care on a one-time basis —\$5.00 per hour

Child care fee may be divided into payments. The sliding fee scale and fee reductions, waivers and payment plans will apply for child care also. Call 763.241.3400, Ext. 5528 for more information.

EXTENDED DAY PROGRAMS

CLUB SUMMER | GR K-5

Welcome to Club Summer!

Club Summer is an exciting and engaging summer camp program for students who have completed Kindergarten through fifth grade by June 2013. Club Summer, in its 20th year, provides weekly mini-camps 5 days a week throughout the summer months and is conveniently located at Lincoln, Hassan, Twin Lakes, Rogers & Westwood Elementary Schools. Club Summer features a full-time option as well as a part-time option. Full-time allows your child to attend our program five days a week and includes a weekly field trip. Part-time allows you to plan child care around your schedule. Youth will experience fun projects, hands-on learning and recreational activities while strengthening relationships in a structured, caring environment.

Who can attend Club Summer?

Students in public or private schools, in-district or out-of-district...everyone is welcome! Children must have completed grades K, 1, 2, 3, 4, or 5 by June 2013.

Why Club Summer and not daycare?

The benefits of Club Summer include taking advantage of weekly field trips to exciting places, sharing time with friends of the same age, new learning experiences and recreation weekly, plus the use of school facilities. Club Summer qualifies as a tax deduction and you only pay when your child attends. Now that's worth it!

Are field trips included with Club Summer?

Club Summer provides weekly field trips throughout the summer. Full-time Club Summer students are automatically enrolled in weekly field trips. For part-time students, be sure to sign up for your site's field trip day on your part-time schedule. This is a great way for children to enjoy the summer!

For a full list of field trips, dates and locations, visit our website at www.728communityed.com. Field trips are included for full-time Club Summer registrations and can be added to part-time registrations for an additional \$5 per child.

What are some examples of field trips you take?

- Summerland
- St. Louis Park Aquatic Center
- MN Zoo
- Bunker Beach
- The Cinema Grill
- Lynx Game

How much does Club Summer cost?

Monday-Friday, 6am-6pm | Weekly Rate: \$130
Monday-Friday, 6 hours or less/day | Daily Rate: \$20
Monday-Friday, 6+ hours/day | Daily Rate: \$30

How do I register for Club Summer?

Club Summer registration forms are available on-line at www.728communityed.com. Click on Course Catalog. You can also register at the Community Education office which is located at 1170 Main Street in Elk River or pick up a registration form at your child's school. Register now for the first few weeks of summer!

The first week payment of Club Summer is due upon registration. Once enrolled, payments are due 6pm on Mondays for the following week throughout the summer. Some exceptions may apply. Register early. It is possible that a site may fill up. Registration deadline for the first week of summer is May 20th.

Questions? Contact Community Education at 763-241-3544.

*Rogers' Farmers' Market

It's farmers' market time! Stop by for fresh, locally-grown foods and other items such as sauces, breads and spices. Our vendors have fruits and vegetables at the peak of the growing season when it's at its freshest and tastes the best. The food is grown near where you live, not thousands of miles away or in another country. Shopping at the local farmers' market supports local farmers and keeps the money you spend on food closer to home. For more information regarding this season's events or for a vendor application, visit us at www.farmersmarket.cityofrogers.org.

ROGERS RECREATION

LEARN TO SKATE

*Learn to Skate | age 3-adult

Learn to skate all year 'round...Rogers offers a variety of skating levels for all ages including beginner and novice basic skating, figure skating and our revamped "How to Skate Hockey." Each program is designed and structured using USFSA and USA Hockey basic skill techniques. The Snowplow Sam and Basic intro classes prepare you to move onto other levels including prep hockey and figure skating.

Classes are taught by sanctioned instructors over six weeks. Registrations are taken online through the ISD 728 Community Education website at www.728communityed.com or by phone at 763-241-3520. Registration deadline for all classes is the Wednesday prior to start of class. No pro-rating of fee for classes missed or refunds once session starts, except for extenuating circumstances.

Classes are held at the Rogers Activity Center. Rental skates are available for \$2/pair weekly and helmets available for \$1. Helmets are required for ages 3-6 and hockey classes. No double-blade skates allowed, nor are parents allowed on ice during lesson times except for Parent/Tot classes. Please note that it is common for children to repeat a level before advancing to the next. Weekly attendance is important to learn new skills that build on the previous class. All students will be assessed the first week of class to ensure they are in the proper level and will be moved accordingly.

Please arrive 20 minutes early the first day of class to pick up name badge and general information. Visit www.parkandrec.cityofrogers.org or call 763-428-0975 for complete details or questions.

Gloves, jacket and helmet are required for beginner classes and recommended for everyone.

Snowplow Sam 1 | age 3-5

New skaters will learn the proper way to fall, sit and stand on ice, marching, glide and dip.

Snowplow Sam 2 | age 3-5

Designed for new skaters who are able to stand and march on ice comfortably. Skills evolve to long glides, dip while moving, backward wiggles and forward swizzles. Must have passed Snowplow Sam 1 or have skated before.

Snowplow Sam 3 | age 3-5

For advanced skaters who can maintain balance and movement. Skills include forward skating, one-foot glides, forward and backward swizzles, snowplow stops and curves. Must have passed Snowplow Sam 2.

Basic Skills 1 | age 6+

Designed for new skaters with little or no skating experience. Covers basic balance and movement through marching, swizzles, wiggle, glides and snowplow stops.

Basic Skills 2 | age 6+

For beginning skaters who have some skating experience. Focuses on glides, backward skating, two-foot turns from front to back and moving stops. Must have completed Basic 1.

Basic Skills 3+ | age 6+

Designed for skaters who have basic experience on skates. Students will learn fundamental moves through a series of progressions: forward/backward skating, stops, edges, crossovers and more. Focus starts to move toward figure skating. Must have completed Basic 2 or higher.

Adult/Teen | age 13+

Classes are for anyone who wants to learn how to skate or improve their current skating ability. Class is a quicker pace-covering all of the same techniques as our beginning basic skills including fall/recover, forward/backward skating, glides, curves, crossovers, edges pivots and stopping. We work with you on this series of 4 skill sets.

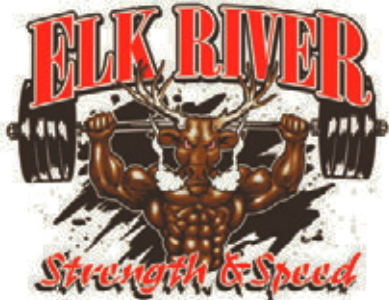

Hockey Prep Jr | age 4-5

Designed for first-time skaters who want to play hockey and have little skating ability, but can stand and balance on skates free-handed. Utilization of Snowplow Sam 1-3 classes will be initiated.

Hockey Prep | age 6+

Three levels of skating will work in progression on the following skills as determined by the instructor based on overall group abilities: stance, quick recover from falls, forward skating, dips, snowplow stop, T-pushes, proper stick holding, glide turns, backward skating, stopping, stick handling, quick stops/starts, crossovers, C-cuts, one-foot push, glides on circles, mohawks and hockey

Rogers Royals Volleyball and Club Velocity

2013 Summer Day Camp Information

Rogers High School and Club Velocity Junior Olympic Volleyball are hosting a week long youth volleyball camp for students entering Grades 2-8. Rogers Volleyball is entering into our ninth competitive season and is preparing for another tough battle in the Mississippi 8 Conference. Club Velocity is our local Junior Olympic Volleyball program that helps to support the Rogers High School program.

It is our goal to introduce young players to the sport of competitive volleyball in a positive and exciting learning environment. We will be emphasizing competitive volleyball skill development, game rules, Royal Pride, and teamwork.

Please register by downloading the form at www.rogersroyalsvb.org.

Mail it with a check for \$90.00 made out to Club Velocity:
 Coach Knobloch 5088 Kahl Ave NE, Albertville, MN 55301.
