Welcome Letter

Dear Waukee Community Members,

Things continue to progress in our Community Education Department! We have already begun to plan ahead for the fall of 2015, when we will introduce intramural activities for our Waukee High School students. Waukee intramurals will be coordinated through Community Education. They are the result of our Board of Education recognizing and fulfilling a need for additional extra-curricular opportunities for our growing student body. WHS students will have their opportunity to help form what these opportunities will look like!

As we look forward to this summer, we have a number of exciting NEW Waukee Academy learning opportunities that include: Artistic Adventures, new themes for Bricks 4 Kidz camps, Camp S'more Reading, Challenge Accepted!, Exploring Our City, Journey in Jazz Continued, Keeping It Real Math Camp, new themes for Mad Science camps, Middle School Math Madness, Music in Motion Camps (for boys and girls), My Own New Biz, Robotics Camp led by Youth Tech Inc., Summer Shakespeare, and Voice on the Page.

I encourage you to get your student involved this summer as we continue to provide fun and enriching opportunities. Keeping their skills sharp during the summer months is vital for continuous learning!

As always, please feel free to contact me. I welcome your feedback on how we can continue to grow Waukee Community Education and better serve our students, parents, and community members. We are Waukee!
