DAY TRIPS

All tours are led by Linda Koenig from Gateway Tours and meet at the Parkway Admin Building: 455 N Woods Mill Rd, Chesterfield, MO 63017. Gold Card/Golden Key Card does not apply to trips.

Warm Springs Clydesdales and Les Bourgeois Winery

Enjoy a terrific hour and a half visiting with the Anheuser-Busch Clydesdales at their new breeding ranch near Boonville, MO. At the ranch, we'll learn all about the horses, and get close-up and friendly with the young colts. Lunch will consist of deli meats, cheeses, salads, and dessert at Les Bourgeois Winery, high on the bluff with gorgeous views of the Missouri River. After an official wine tasting at the winery, we'll spend awhile exploring the historic and quaint town of Rocheport, MO. Tour includes transportation, lunch, admissions, gratuities, and the services of Linda Koenig.

Arrow Rock and the Lyceum Theatre

This marvelous day includes surprises and joy for everyone. Our first stop in the tiny town of Blackwater, MO is amazing, with its gardens, sweets, antique shops and telephone museum. Great stories here. Once in historic Arrow Rock, we'll have a great lunch of fried chicken, potatoes, slaw, biscuits and dessert at the 1830's Huston Tavern. After lunch there will be time to stroll the shops along the boardwalk, and to visit the excellent state museum, George Caleb Bingham home, and the old courthouse used in Bingham's paintings.

The highlight of this extraordinary day is the matinee theatre production at the famous Lyceum Theatre in Arrow Rock. After the show, we'll make a stop at the Russel Stover outlet store for ice cream and candy bargains.

July 17 & 24 at 2 p.m.

Marquette High School Theater
2351 Clarkson Road, Chesterfield, MO 63017

Step into the enchanted world of Broadway's modern classic, Disney's Beauty And The Beast. Based on the Academy-Award winning animated feature, the stage version includes all of your favorite songs and some new ones. The classic story tells of Belle, a young woman in a provincial town, and the Beast, who is really a young prince trapped under the spell of an enchantress. If the Beast can learn to love and be loved, the curse will end and he will be transformed to his former self. But time is running out. If the Beast does not learn his lesson soon, he and his household will be doomed for all eternity.

COMPETITIVE SWIMMING

Community Ed offers two competitive swim programs. Both programs are open to all residents of the Parkway and Rockwood School Districts.

PARKWAY SWIM CLUB

Parkway Swim Club

The Parkway Swim Club has a storied tradition that extends over a span of 40 years and includes Hall of Fame coaches and Olympic athletes. We at PKWY strive to provide swimmers of all ages, through training and guidance, the opportunity to develop the skills necessary to formulate and attain their goals. PKWY is committed to establishing a supportive environment for swimmers of all levels of ability. Each swimmer is an important team member and will be provided with the opportunity to develop self-confidence, discipline and many other skills that will be useful for the rest of their lives both in and out of the pool.

We train and compete in an atmosphere of fun, friendship and team spirit while further building Parkway Swim Club's tradition of excellence. With over 100 years of combined coaching experience, the PKWY coaching staff prides itself on creating the most exciting, inspiring and fun place for swimmers to grow and develop. Our motto "We Do Big Things" is a testament to our goal to reach our full promise as a team through the collective success of our individuals.

Athlete Development: Parkway Swim Club uses a "progressive" program designed to develop the child physically, mentally and emotionally in a systematic fashion and over a long period of time. A well-defined, long term approach of gradually increasing levels of commitment has been proven to be essential to long-term development in the sport of swimming. The emphasis in the early stages of participation is placed on developing technical skills and a love for the sport. In the later years, a more demanding physical and psychological challenge is introduced to the training program.

Group Placement: Group placement is determined by a swimmer's age, ability level, commitment level and personal goals. Group placement is at the discretion of the Parkway Swim Club professional coaching staff and is determined following a team tryout.

Team Tryouts: All prospective members must complete a team tryout to allow for appropriate group placement. Please visit our website at www.pkwy.org or call 314-415-4900 for more information.

ROCKWOOD SWIM CLUB

Rockwood Swim Club is founded on the belief that competitive swimming offers an exciting, worthwhile experience in a young person's life. Under the leadership of Todd Gabel in his 25th year of coaching with the club, and nearly 300 swimmers, RSCA is continually ranked in the top 5% of swim clubs in the nation. Whether you are looking to swim for a club full time, to continue swimming after summer league, to prepare for high school competition, or to train for college scholarships, RSCA provides swimming programs for athletes of all abilities. The 2016 Olympic Trials are quickly approaching, and a few RSCA swimmers have already qualified with several more who are very, very close. This is an exciting time in the sport of swimming. Rockwood Swim Club is proud to have athletes from our program competing at Trials in 2016.

Qualifications: Swimmers need to be able to swim at least 300 yards and a legal 100 Individual Medley to be placed on a team.

Group Placement: All new swimmers need to attend a swimming placement session at one of the times listed below in order to be placed in an appropriate swim club group.

Mar. 7–8 | 7:15–7:45 p.m. | Crestview Middle
May 16–17 | 7:15–7:45 p.m. | Crestview Middle

Fees: A USA membership, administration, program enhancement and swim meet fees are in addition to the monthly club fees and are the responsibility of the swimmer.

Rockwood Swim Club is recognized as a 2016 Silver Medal Club. The USA Swimming Club Excellence Program identifies and recognizes swim clubs for their commitment to performance and excellence.

PROGRAM DESCRIPTIONS: GRADES 1-6

Advanced Mind Mania: Mindbenders, spatial math, puzzle manipulatives and other challenges will stretch your thinking while having fun!

Arcade Engineering: Dream. Design. Build. Play! Will you have a claw machine, pinball, or skee ball game in your arcade?

Around the World in 5 Days: Explore 5 new fascinating locations by tasting foods, creating art, and much more.

Art Design Studio: Design personalized sketch books, journals, and scrapbooks using art skills, binding techniques and your imagination.

Art Studio: Collage: Transform ordinary paper, images and objects into fabulous 2- and 3-D works of art.

Art Studio: Textiles: Create surface designs on fabric: paint, dye, foil, image transfers, and batik.

Art Studio: Watercolor: Master this medium as you experiment with different techniques and explore a variety of subjects.

Beginning App Design: Transform your ideas into a functional app with this introduction to programming. Little to no experience required!

Bubble Gum Blast: Investigate the science behind bubble gum and learn the secrets of blowing your very own mega bubble!

Bubbles!: Be a bubbleologist as you investigate the world of bubbles using problem solving and critical thinking.

Cartooning: Learn basic drawing and cartooning techniques and design your own characters to use in a comic book strip.

Chemistry Explosion: From making crystals to making slime, investigations will uncover basic chemistry principles.

Chess for Beginners: Have you ever wanted to know how Chess is played? Make the right move and join us to learn basics of the game.

Circuit Science: Thinking like an electrical engineer, solve challenges and explore possibilities using Snap Circuits®.

Coding for Kids: Learn coding with this introductory class. Work to analyze realistic solutions to computer problems with Scratch.

Coding for Kids II: Ready for the next level of Scratch programming? Use your knowledge to create a program to share.

Dissection Lab: Explore anatomy and physiology through dissection, including frogs and fetal pigs. Learn how tissues and organs work.

Egg Busters: Experiment with an egg's shell in order to design a safety pod. We'll test our creations and analyze the results!

Equations: Learn to use multiplication, division, roots and powers to solve problems in the game of Equations. Game on!

Forensic Science Investigation: Become a detective as we investigate a crime scene, uncover clues, and use forensic science to crack the case.

French: This introductory class will expose students to the French language and culture. Allez! Let's go!

Game Maker: Design and create your own video game using MIT's Scratch programming language.

Game Maker Advanced: If you have already taken a scratch programming class try this class to move to the next level with more advanced games.

Geology Rocks!: Wanted: young geologists to collect and analyze rocks, minerals and crystals.

Gizmos and Gadgets: Harness your creativity and become an inventor using electronic building blocks. What will you create?

Greek and Roman Mosaics: Mosaics are an art form that uses tiny geometric shapes to create elaborate images that resemble paintings.

Hold Yourself Together!: Duct tape doesn't just repair things; it's a solution! Design and construct an item of your choice with duct tape!

PROGRAM DESCRIPTIONS: GRADES 1-6

Instant Challenge Engineers: Want a challenge? Design structures to withstand earthquakes or build a tower without touching it!

Junior Mind Mania: Mindbenders, spatial math, puzzle manipulatives and other challenges will stretch your thinking while having fun!

Junk Food Science: Do you like to eat candy, chips, and soda? Did you know you can play and learn from them, too? Come find out how!

Lemonade Stand Entrepreneurs!: Entrepreneurs have lots of decisions to make when planning a successful business. Join us in our lemonade challenge.

LEGO® Mosaic: Learn a new way to use LEGO® bricks as you problem solve to turn art into amazing LEGO® mosaic creations!

LEGO® Racers: Can you make the fastest LEGO® race car? Look at designs, perform experiments, then design and build a LEGO® racer!

Let's Cook: Learn, experiment, and prepare your own no-cooking recipes.

Let's Play Games!: Board games! Card games! Creative thinking games! If you love to play games and study strategies, join us!

Let's Pop!: Be a popcorn scientist as you experiment with this delicious snack.

Lights, Cameras, Action!: Work as part of a film crew using creativity and problem solving to write, make costumes, and act out a script.

Let's Discover the Ocean: Join us to investigate the many life forms that live in the ocean!

Logic Lovers: Logic puzzles are tricky, but fun. They will get you thinking and once you solve one, you will be hooked!

Meet Leo Lionni!: Do you like to tell stories and draw? Your answer could help you become a great author like Leo Lionni.

Mindbending Mystery Writers: A publisher needs imaginative writers who dare to take on the challenge of mystery writing. Will it be you?

Mystery Maze: Daily challenges will test one's ability to problem solve and interpret clues to find the hidden treasure.

Puppetpalooza: Transform lifeless materials into lively puppets! We'll use different styles and craft stories about the characters.

Refashioning: Let's change our clothes! Campers in this class will rework their less-than-favorite clothing into something they LOVE!

Robotics: Use problem solving and critical thinking to create a LEGOS® NXT robot and program it to complete objectives and tasks.

Science Magic: Be a magician as you learn the science behind magic tricks.

S.M.A.D. about Scratch: Girls and boys in this class will create Scratch programs that focus on Stories, Music, Animation and Dance.

Strategy Sleuths: Strategize your way to success. Experience challenging games that require strategic thinking to experience victory.

Super Sleuth: Become a detective as we investigate a crime scene, uncover clues, and use science to crack the case.

The Day the Crayons Quit!: How do you make crayons come alive? Learn about personification and create your own original story.

Wacky World of Surrealism: Come discover a wacky art form that springs from our thoughts.

Windmill Engineering: Learn how to be a mechanical engineer. Create and test your own windmill creation to see how much weight it can lift.

Participation Waiver

In return for being accepted into a program offered by the Parkway-Rockwood Community Education Department, ("the Program"), I:

1. Acknowledge that I understand the nature of the Program, and that I am qualified and in proper physical condition to participate in the Program. I further agree that if at any time I believe conditions to be unsafe with respect to my physical condition, the equipment, or facilities, I will immediately discontinue participation in the Program.
2. Further acknowledge that the program involves the risk of serious bodily injury (including the possibility of permanent disability, paralysis, or death), which may be caused by (a) my own actions or inactions, (b) the actions or inactions of others participating in the Program, (c) the condition of the equipment and/or facilities at which the Program is located, or (d) the actions or inactions of the entities and persons identified below; and I fully accept and assume all such risk and all responsibility for losses, costs, and damages I may incur as a result of my participation in the Program.
3. Accordingly, I hereby release the Parkway and Rockwood School Districts, together with their directors, officers, employees, volunteers, and agents from all liability, claims, demands, losses, or damages arising out of my participation in the Program; and I further agree that if, despite this release and waiver of liability agreement I, or anyone on my behalf, makes a claim released in this agreement, I will indemnify and hold harmless each entity and person released herein from any and all litigation expenses, attorney fees, loss, liability, damage, or cost they may incur as the result of such claim.
4. Acknowledge that from time to time, Community Ed employee/designee may photograph or videotape myself while I am involved in a Community Education program or activity. These photographs or videotape will solely be used by Community Ed for the promotion and marketing of district programs/activities and will not be sold. I have read this agreement, fully understand its terms, and have voluntarily entered into this agreement of my own free will based upon the terms and conditions included herein.
