Workshop Descriptions

Revised NYS ELA Standards

Grades K-2, 3-5, 6-8, 9-12

Are you wondering about these new standards everyone is talking about? As you know, on September 21, 2016, the New York State Education Department (NYSED) released new draft New York State P-12 English Language for public comment. The new draft standards are the culmination of a year-long effort to gather feedback from teachers and parents. Two committees composed of more than 100 teachers and parents reviewed every standard and recommended changing 60 percent of the ELA standards. What does this mean for you? Come find out! We will explore the new standards, discuss changes and how the changes will impact your instruction.

Audience: *ELA Teachers, Special Education Teachers, Instructional Coaches*

Presenter: Sadie Roosevelt

Improving Instructional Practices Descriptions

Analyzing Data with Pivot Tables

There are many ways to analyze list data, but PivotTables feature is the most powerful and versatile method in Excel to analyzing list data. We will look at how create a PivotTable, modify the structure, and edit the data the PivotTable is based on.

*Having a basic understanding of Excel sorting, filtering, and formulas is required.

Audience: *Administrative Assistants, Administrators, Teachers*

Presenter: Susan Zieres Teeple

Registration: Mylearningplan.com - SC BOCES Web Reg.

Sponsoring CoSer: *Model Schools*

Building Your ENL Toolkit for all Content Areas

During this workshop, we will explore the different proficiency levels of ENL students, as determined by the NYSESLAT, and how to determine appropriate expectations for your students. Participants will be introduced to instructional strategies involving differentiation and increasing your use of visuals. Tools to help teachers communicate with ENL students and their parents will also be discussed.

Audience: *All Teachers*

Presenter: Susan Zieres Teeple & Sadie Roosevelt

Registration: Mylearningplan.com - SC BOCES Web Reg.

Dash and Dot Robots

Sullivan County BOCES has Dash and Dot on loan for our component schools.

Dash & Dot are real robots that teach kids grades K-5 to code while they play. Teachers use Dash & Dot for a variety of STEAM subjects including computational thinking, math, science, music, reading, writing, and arts. Students create stories and play games while learning. The robots engage the students in learning any topic. They are being used in classrooms, libraries, clubs, maker spaces, and homes. Sensors on the robot mean they react to the environment around them, including your kids.

Please contact the Model Schools Department for training options and loan information.

Coming This Fall....

Focus on Curriculum!

As NYS begins transitioning to revised standards in ELA and Math, pending approval, and moves towards the full implementation of new standards and approaches in Social Studies, Science, and the Arts, look for workshops in these areas:

- ◆ The Standards Themselves
- ◆ Instructional Strategies
- ◆ Addressing the Needs of English Language Learners
- ◆ Revising and Fine-Tuning Existing Curriculum
- ◆ Locating and Sharing Resources

Collaboratively, we can prepare for these changes to ensure a robust and rigorous curriculum delivered via creative and innovative teaching.

Focus on Professional Growth!

Effective evaluation and mentoring is more than checking off items on a list. Strong listening and framing skills are required as teachers and administrators strive to move beyond mere compliance towards excellence.

Cognitive Coaching, tentatively scheduled throughout the 2017-2018 school year and beyond, is grounded in research and develops skills that lead to:

- ◆ Deeper Understanding
- ◆ Shared Goals
- ◆ Meaningful Conversations
- ◆ Enhanced teaching and supervision

Stay tuned for more information about this sustainable training.
