Mini Maker DIY Hack Camp

Ages 7-11

For more information, call (510) 790-5546

As a Maker or a Hacker, young people will have fun learning to 'hack' a solution to a problem or make a fun craft using odds-and-ends of common household objects, duct tape and other fun things. Have you seen the Rube Goldberg contraptions that make something happen? They have been in OK GO videos and girl science advertisements. Still not sure what it is? A Rube Goldberg apparatus is a deliberately over-engineered or overdone machine that performs a very simple task in a very complex fashion, usually including a chain reaction. We are going to look at some basic machines and techniques (like an animal trap or a toaster) and figure a way to improve it. Everything will be safe and well thought out as we will engineer that into the solution. This is going to be some fun! Bring a lunch. Registrants may enroll in Central Park Extended Care from 8:00-9:00AM and/or 3:00-6:30PM.

For more information call (510) 494-4322

Are you a fan of Harry Potter? Are you wishing your Hogwarts Admission letter came? Then, this is your chance! Come and enjoy a Harry Potter-themed program with arts and crafts, magical science experiments, quidditch games, and more! This program focuses on the wizarding world of Harry Potter, yet we will do more than having just games that are centered around the popular books and movies. Participants will be broken into different houses, and will have the opportunity to learn about team development. Participants will have the opportunity to gain better public speaking skills, and have the potential to learn about literary concepts (of course in a fun way). Bring a lunch.

Digital Photo Camp

Ages 8-14

For more information, call (510) 494-4322

We will discuss camera basics and techniques for taking better pictures: portraits, family pictures, action pictures, travel pictures, and close-ups and learn online how to use all of the main features of your digital camera. We will cover safe ways to store your pictures outside your camera so you won't lose your pictures. You'll also learn how to re-use the space on your memory card. We will answer familiar questions like: What do the extra controls on my camera mean? How can I use the extra controls to make better pictures? What difference do they make? My camera can make lots of different sizes of pictures. Which size should I use? Should I always make the biggest size picture?

Raiders of the Lost Artifact Ages 6-10

During the Ice Age, Warm-Blooded Creatures Roamed the Earth. Long, long, ago, sabercats, wooly mammoths, sloths and camels roamed this land called Fremont! The hills were covered with tall native grasses and wild animals grazed the land while others roamed freely. Imagine that! Discover some of the mysteries and artifacts of the early ice age mammals. Learn to cast "fossils" and make your own imprints with them. We'll take a field trip to Sabercat Historic Park and use our treasure map to find the lost "artifact".

Volleyball Camp

Ages 11-14

Specialized Volleyball Camps designed for all levels of volleyball. We have created camps designed for those that want skills and drills to work on fundamentals, and then we have our two week progressive camps designed to be taken together (Offense/Defense and Game Day). You can pick and choose which camps will work for you or take them all. Players will be divided by experience, age and friendships. Try out all of our camps and develop your overall volleyball game, you are sure to advance your skills. Players will review the basics, have sufficient practice time during the camps to make sure that they get a chance to perfect these skills, and continue to improve on their individual skill base. You can even take these camps over to fine tune those newly learned skills as well, as this is best practice.

Mighty Dinos Camp

Ages 5-9

For more information, call (510) 790-5546

Has your child informed you that the time difference between when Stegosaurus lived and Tyrannosaurus Rex lived is greater than the time difference between Tyrannosaurus Rex and NOW? Well, it is true! Does your kid know the names of all of the dinosaurs? Maybe they know what era they were around, what they ate or even their Latin names? This camp will be for the beginning to advanced fan of these amazing and interesting creatures. We will travel through time every day scouting out the various prehistoric eras. Most of the focus will be on the Mesozoic / Jurassic period because that is exciting and fun when it comes games and activities! We will make the classic craft in a shoebox-the dino-rama! By week's end, your child will have made a timeline chart, a diorama, kept a notebook of facts, hunted for a cache of dino eggs and more! Bring a lunch. Registrants may also enroll in Central Park Extended Care from 8:00-9:00AM and/or 3:00-6:30 PM.

Politics 101

Ages 8-14 NEW!

For more information call (510) 494-4322

This NEW camp will focus on all aspects of government-the process of elections, campaigning, and learning about how the federal, state, and local government works. Participants will have the opportunity to learn about the 3 branches of government, as well as the process of how a bill becomes a law. Participants will learn this through a hands-on model, where they will be broken up into the different branches of government. (i.e they will run for president, or the congress, and then run for speaker etc). This will help the participants better understand government through a fun lens. Although this course does have some educational information, it will be taught in a fun way that makes it simple and easy for the participants to understand.

Ages 5-12

Take a walk on the wild side in this crazy week of sleuth science. Have a ton of fun as we whip up potions and experiment with all kinds of chemical reactions, including growing our own crystals, making sidewalk chalk, and read and learning the science of chromatography. Mix it up as we experiment with molecular madness, radical reactions and 'fizz'-ical and chemical reactions. Discover what those crazy chemists are really up to in their laboratories! Then use everything you've learned to solve the Mad Science Mystery: even Sherlock couldn't figure this one out! Camp fee includes T-shirt or labcoat, water and non-carbonated beverages. Amphibious Vehicle and Row Boat Workshop **Ages 7-12 NEW!**

Build and take home TWO exciting projects! Children will build an Amphibious Vehicle—one that can travel on land or shallow water. We will bring our miniature pool to test it out! Children will learn as they build, how the submarine motor, worm gear rudder, and the propeller works. It is one cool vehicle that is a challenge to build!! Participate in Sciensational Workshops' land water races. If that's not enough, children will also build their own model Row Boat. The sturdy white plastic hull holds all interior engine parts and comes with oars. Watch as it swiftly travels in the Sciensational Workshops' pool. See how the crank-arm, gear box, switch lever, and link-rod work. Nothing is hidden. You will also get to build other things. Design robots for a tug-of-war, Sumo wrestling match, race, and other fun projects. Two great projects to build and take home while learning the Sciensational way!

Egyptian Dig-Buried Treasures **Ages 6-11 NEW!**

Children will discover the amazing science of Archaeology as they uncover ancient artifacts. In doing this, they will learn about Egyptian life. We will excavate with tools like a real archaeologist uses! We will find the following artifacts as we excavate a scarab (what's that?), hieroglyphic tablet, ankh symbol and a jackal. You will learn about this and even take home a booklet. The artifacts are yours to keep. We will wet the sand that we dig into and create one of two sand sculptures for display. Make a pyramid as well as a sphinx! Let's go back in time with a hands-on archaeological experience!

Magnetic Levitation for Future Transportation **Ages 7-12 NEW!**

Build your own 'futuristic Maglev' car to race and take home. In 1999, a Japanese five-car maglev train set a record of 345 miles/hour. Yours won't go that fast, but we will have fun building it and learning how it operates. Learn about the relationship between magnetism and electricity. You will also get to build a simple maglev track as well as a cool electromagnet. Learn how motors work, as well as generators. Build and take home the world's simplest motor. Make your own compass and take part in many other magnificent magnetic activities! Yes, Sciensational Workshops again starts with the Maglev car (magnetism-electricity-levitation) and goes in all directions to have fun and learn while doing hands-on activities.

Make It and Take It Home

Ages 6-11 NEW!

Science Projects you take home—that teach—that are fun. In this hands-on, fun, and exciting program, you will discover how amazing science is. You will make and take home a wide assortment of toys designed to teach you science concepts in a hands-on way. Grow and take home a crystal tree. Make an energy bead bracelet and watch as those amazing beads turn from white to a rainbow of colors before your eyes. Build a working electric motor. Make your own sharpie pen T-shirt and learn some cool chemistry (student supplies a 100% cotton T-shirt). Make your own bubbling blobs and explore the properties of a density tube. Make silly putty—glowing goo—green flubber and other cool projects. By the way...we will make ice cream in our own amazing, different, Sciensational way!

Model Airplanes-Bridge Building-Electronic Gadget **Ages 7-12 NEW!**

Build your own rubber-powered model airplane. Use your model as a learning tool in aerospace education, or just have fun building a sound airplane that actually flies when assembled. Have fun designing and building model bridges. Join us in our bridge building contest to see which one can hold the most weight. Learn simple engineering skills. Build 6 electronic projects. Some of them include a patrol car siren, burglar alarm and Morse code transmitter. You will learn how the different electronic components work. Bring your imagination and get ready to 'Fly with Sciensational Workshops!'

Roller Coasters & More Amusement Park Rides! **Ages 8-12 NEW!**

For more information, call (510) 791-4318

Learn simple engineering ideas, but come here for action and fun! Build a working miniature Roller Coaster, as part of a group, and watch as our coaster cars go up and down steep inclines, as well as through many thrilling loops. Campers will learn first-hand the mechanism of a Roller Coaster. They will also design and help build other fun amusement park rides, such as a Ferris Wheel, Octopus Whirl, Swing Ride or other exciting rides. Campers will have a great adventure working..learning..and having fun!

Space Explorers and Simple Bots LEGO®

Ages 5-7

Join our building team as we make cool LEGO® vehicles and structures for life in space! Build rockets, hexagonal space homes, radar centers, explorers, and more! Students add gears and motors to power rovers, shuttle spacecraft, and drilling vehicles. In the afternoon, students build motorized LEGO® creations which they control with a remote. Make a different project each day, including a race car, bulldozer, sleek jet, and a friendly dog. All projects are under your control as you steer, race and maneuver them on missions! Students take home a LEGO® building package and camp t-shirt.

Master Builders: Engineering with LEGO® and K'NEX

Ages 7-9 NEW!

Become a master builder, as you create vehicles and structures which teach about mechanical and structural engineering. Build robotic vehicles and machines which feature the LEGO® Scout micro-computer and its built-in programs. Design a futuristic car, helicopter with multiple rotors, steerable car, solar vehicle, and a 4-legged walking creature! In the afternoon, use the K'NEX® system to engineer a skyscraper, truss bridge, Eiffel tower, and thrill ride! Students take home a LEGO® building package and camp t-shirt.

Arduino & Unity

Ages 12-16 NEW!

For more information, call (510) 494-4318

Learn two of the most popular tech development tools of today! Students will code and build interactive electronics using the Arduino™ microcontroller, and circuits created with LEDs, speakers, sensors and more. In the afternoon, we will create a 3D game in Unity® with custom terrain, enemies, obstacles, and multiple levels. No prior experience required, although an interest in learning programming is essential. Students take home their Unity game to play on a Windows-based computer.

Game Design

Ages 10-14 NEW!

Design two computer games while gaining an understanding of intermediate to advanced game development. First, create a two-player 3D racing game which uses a game 'camera' to provide a realistic sense of driving. Then, learn to use the GameMaker programming language (GML) to design your second game, a 2D platform adventure. You write the scripts that control the game action-including character movement, health and scoring, collisions, and displays. Students take home their games to play on a Windows-based computer. \$15 material fee due at first class (please make check payable to TechKnowHow).

NXT® Robotics and Mobile Game Design

Ages 10-14

For those interested in exploring two popular areas of technology-robotics and game design. Build robots using the LEGO® Mindstorms NXT line, with a variety of sensors and motors to perform tasks and react to the environment. You'll learn how to program the bots by using software in which you place icons in sequence to create the instructions that you desire. It's easy to learn, and introduces programming concepts. In the afternoon, create two games that can be played on mobile devices, such as an iPhone®, iPad® and many Android phones. Learn the fundamentals of touchscreen game design using GameMaker's drag-and-drop software. Note that the games are not 'apps', but are HTML5-based programs which can be played on most mobile devices.

Beauty and the Beast

Ages 7-12

Hey Kids, do you want a camp that will enhance your acting, dancing, and singing skills? This Musical Theatre Camp is created for children between the ages of 7-12 who want to have fun learning in an artistic, safe environment from two of our very own Musical Theatre stars, Jenae & Jessica. These instructors will give their camp participants the tools for becoming a triple threat performer! Inspired by the Beauty and the Beast tale, students will act out the story, learn songs and dance choreography to create a mini musical show of their own. On the last day of camp, family and friends will be invited to come watch the work of their shining star at a mini performance. Please have your child bring two snacks and a lunch with drinks each day of camp. Please bring dance shoes: Ballet, Jazz, Tap and Tennis shoes each day. \$10 material fee due on first day.

Hip Hop, Urban Art & Poetry Slam Camp **Ages 7-12 NEW!**

This fun filled camp will teach students how to hip hop dance, create original urban art pieces and construct and develop original poetry. In Hip Hop, instruction will include fun hip hop dance moves like old school popping and locking, tutting, and video style routines and more! In the urban art sessions, students will be taught how to use art to make their mark in a new way. Chalk art, paint, collage and recycled crafts are just some of the activities we'll be doing during the urban art portion of the camp. Poetry Slam is a fusion of poetry and performance which aims to actively engage and entertain its audience. Students should expect to leave the poetry slam sessions with an initial mastery of both stage and page poetry. Participants are asked to bring a solid white T-shirt from home for their special arts project. The T-shirt is yours to keep! We will be on the floor, so wear comfortable clothing to move, groove and paint in. On Friday, participants will give a mini performance for family and friends which will include a mini poetry slam and hip hop concert. \$10 material fee due on the first day of camp.

CITY OF FREMONT RELEASE AGREEMENT FOR ALL PARTICIPANTS

IN CONSIDERATION OF PERMISSION TO PARTICIPATE IN OR USE ANY CITY OF FREMONT (hereinafter referred to as "City") FACILITIES IN CONNECTION WITH THIS ACTIVITY, THE PARTICIPANT AGREES TO THE FOLLOWING:

1. THE PARTICIPANT HEREBY RELEASES, WAIVES, DISCHARGES AND COVENANTS NOT TO SUE THE CITY OF FREMONT, ITS EMPLOYEES, OFFICERS AND AGENTS (hereinafter referred to as "releasees") from all liability to the participant, his or her personal representatives, assigns, heirs, and next of kin, for any loss, damage, or claim therefore on account of injury to the person, participant's family member, or property of the participant, whether caused by any negligent act or omission of the releasees or otherwise, while the participant or participant's family member is participating in a City activity or using any City facilities in connection with the activity.

2. THE PARTICIPANT HEREBY AGREES TO INDEMNIFY AND HOLD HARMLESS the releasees from all liability, claims, demands, causes of action, charges, expenses, and attorney fees (including attorney fees to establish the releasees' right to indemnify incurred on appeal) resulting from involvement in this activity, whether caused by any negligent act or omission of the releasees or otherwise.

3. THE PARTICIPANT HEREBY ASSUMES FULL RESPONSIBILITY FOR RISK OF BODILY INJURY, DEATH OR PROPERTY DAMAGE to self or participant's family member while upon City property or participating in the activity or using any City facilities and equipment, whether caused by any negligent act or omission of releasees or otherwise. The participant expressly agrees that the foregoing release and waiver, indemnity agreement and assumption of risk, are intended to be as broad and inclusive as permitted by California law and that if any portion thereof is deemed to be held invalid, notwithstanding, the balance shall continue in full legal force and effect.

I ACKNOWLEDGE THAT I HAVE READ THE FOREGOING and I am aware of the legal consequences of this agreement, including the acknowledgement that it prevents me from suing the City or its employees, agents, or officers, if I or my family member is injured or my property is damaged for any reason as a result of participation in this activity. I further acknowledge that no oral representations, statements or inducements have been made.

IF THE PARTICIPANTS ARE MINORS his or her custodial parent or legal guardian must read and execute this agreement. I hereby warrant that I am the custodial parent or legal guardian of the participants listed on the registration form.
