Each Year in the United States more than 10,000 people use fireworks. Most of these are the use of illegal fireworks as well as state-approved fireworks. The following tips can help you be safe this 4th of July:

- Obey local laws. If fireworks are not legal where you live, do not use them.
- Buy only State Fire Marshal-approved (Safe and Sane) fireworks. They must have the State Fire Marshal’s seal on them and can only be purchased at licensed fireworks stands.
- Parents are liable for any damage or injuries caused by their children using fireworks.
- Fireworks are not toys and should be handled by adults only.
- Use fireworks outdoors only and light one at a time.
- Never use near dry grass or other flammable materials.
- Use common sense and keep a safe distance
- Never point or throw fireworks at another person
- Never attempt to re-light or “fix” fireworks.

Never build your own fireworks.

Nationwide Firework-Related injury Statistics:
- Children ages five to nine years of age are the most likely to be injured by fireworks.
- Sparklers cause the most injuries in children under the age of five
- Sparklers can reach temperatures of more than 1000 degrees Fahrenheit.

What to Do if You Get Burned:
- Cool the burn with water, not ice
- Seek medical treatment or call 9-1-1
- Do not apply butter or ointments

PUBLIC FIREWORKS DISPLAYS:
You can enjoy a Fourth of July celebration with friends and family at a professional fireworks show conducted by licensed, trained professionals; a public firework display is the smartest and safest alternative.

To Find a fireworks show near you, call 714.573.6225. To report illegal fireworks, call 714.538.3501
