HOOVER STREET IMPROVEMENT PROJECT

Hopefully you've noticed things happening along the Hoover Street corridor! With significant challenges in the past, this area became underutilized and mostly abandoned by our residents. In an effort to systematically address these issues, the City embarked on a multi-phased project aimed at correcting these deficiencies. The first phase is focused on creating a quiet walking path for the casual walking resident to enjoy. It also repositioned the bike route from the sidewalk back onto the street. The second phase of the project is focused on further developing a multi-modal area, where pedestrians, cyclists, and runners would be able to use the space effectively and safely.

Walking Path: Phase I

The first of these phases, which is currently under construction, is the removal of the old bike and walking trail in order to construct a dedicated "casual" walking path. This is an area intended for pedestrians to stroll and simply enjoy being outdoors. This phase began with the removal of the overgrown oleander trees, as well as the demolition of the existing walking and bike path.

The walking path is 5-feet wide, a foot wider than normal residential sidewalks, and meets all ADA requirements, with much needed lighting.

This phase of the project also relocates the bike path back onto the street. These temporary bike lanes will be Type I facilities, which will be defined by signs along Hoover Street. Landscaping portion will consist of trees, shrubs, decomposed granite areas and rock.

Separated Two-Way Bike Lane: Phase II

Phase II of the Hoover Street Improvement Project is focused on creating a two-way cycle track within the existing roadway section. A cycle track is an exclusive bike facility that combines the user experience of a separated path with the on-street infrastructure of a conventional bike lane. The cycle track on Hoover Street would be physically separated from motor traffic and adjacent to the newly constructed walking path.

Cycle tracks offer a higher level of security than bike lanes and create attractive facilities for residents to enjoy. This project will result in a reduction of travel lanes along Hoover Street from four lanes to two lanes; turn pockets at the intersections would remain. The light traffic travel patterns along Hoover Street support this roadway capacity modification.

"Experience Hoover" Event

The City applied for and received a grant from Southern California Association of Governments' (SCAG) Active Transportation Safety and Encouragement Campaign. SCAG offered the City an opportunity to host an event that would inspire more people to walk and bike through education, encouragement and "tactical urbanism" exhibitions. On Saturday, May 21, 2016 (Bike Month) from 10am to 2pm, we will transform Hoover Street through the staging of temporary measures that will demonstrate a separated two-way bike lane on Hoover Street. In addition to activities along Hoover Street, there will be giveaways and free interactive activities at Sigler Park.

The demonstration event will focus on the following goals:

- Provide opportunities where residents can experience walking and biking in a safe, low-stress and festive environment.
- Educate participants on the benefits and strategies for incorporating active transportation into daily activities.
- Generate media coverage through social and traditional media outlets to educate the broader community on the benefits of active transportation.

Saturday, May 21, 2016
10am-2pm

Bring your bike or walk along Hoover to experience proposed safety improvements along the street. Enjoy free family-friendly activities along Hoover Street and at Sigler Park.

On May 21, join the City of Westminster and Go Human for a fun-filled day and a sneak peek of a more bike friendly Hoover Street.

WESTMINSTER NEEDS YOUR HELP: IT'S GOING TO BE A HOT HOT SUMMER

El Niño didn't bring much water and California's reservoirs and snowpacks remain low. We know we sound like a broken record but, we must continue to conserve water. Help us get through the drought by doing even more than before.

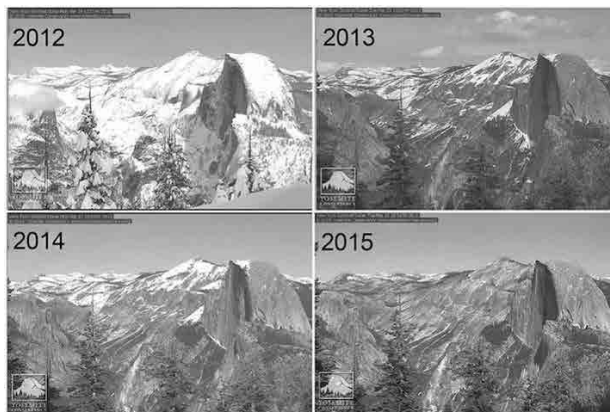

Maybe you've already done all the basics:

- Shorten showers by 2 minutes
- Only fill bathtubs half way
- Reduce outdoor watering times
- Check for leaks
- Only run full loads of dishes and laundry
- Use a bucket to collect reusable indoor water for outdoor plants

Now it's time to take you conservation to the next level:

- Remove part of your turf and put in drought tolerant plants
- Check for leaks monthly
- Change to an efficient irrigation system like drip irrigation
- Add mulch to soil around plants
- Only wash your car at a carwash that recycles water
- Speak up! If you see a restaurant or business with a leak, let management know. If you see a neighbor with excessive outdoor runoff or watering on the wrong day, give us a call (714) 548-3251

Let's make sure we have drinking water for future generations. Be a Westminster Water Warrior: Save Water Every Day.

SUMMER AQUATICS PROGRAM

Both local high schools, La Quinta and Westminster, are undergoing much needed renovation to their pools and swim facilities. Water Safety is vital to the well-being of the community and we encourage you to continue taking lessons through a local American Red Cross provider. Each year in the United States, more than 10,000 people suffer eye injuries and burns from fireworks. Most of these incidents are related to the use of illegal fireworks as well as state-approved fireworks.

The following tips can help you be safe this 4th of July:

- Obey local laws.
- Buy only State Fire Marshal-approved (Safe and Sane) fireworks. They must have the State Fire Marshal's seal on them and can only be purchased at licensed fireworks stands.
- Fireworks are not toys and should be handled by adults only.
- Use fireworks outdoors only and light one at a time.
- Never use near dry grass or other flammable materials.
- Use common sense and keep a safe distance.
- Never point or throw fireworks at another person.
- Never attempt to re-light or "fix" fireworks.
- Parents are liable for any damage or injuries caused by their children using fireworks.

Nationwide Firework-Related injury Statistics:

- Children ages 5-9 have the highest injury rate involving fireworks.
- Sparklers are associated with the most injuries involving children under the age of 5.
- Sparklers can reach temperatures of more than 1000 degrees Fahrenheit.

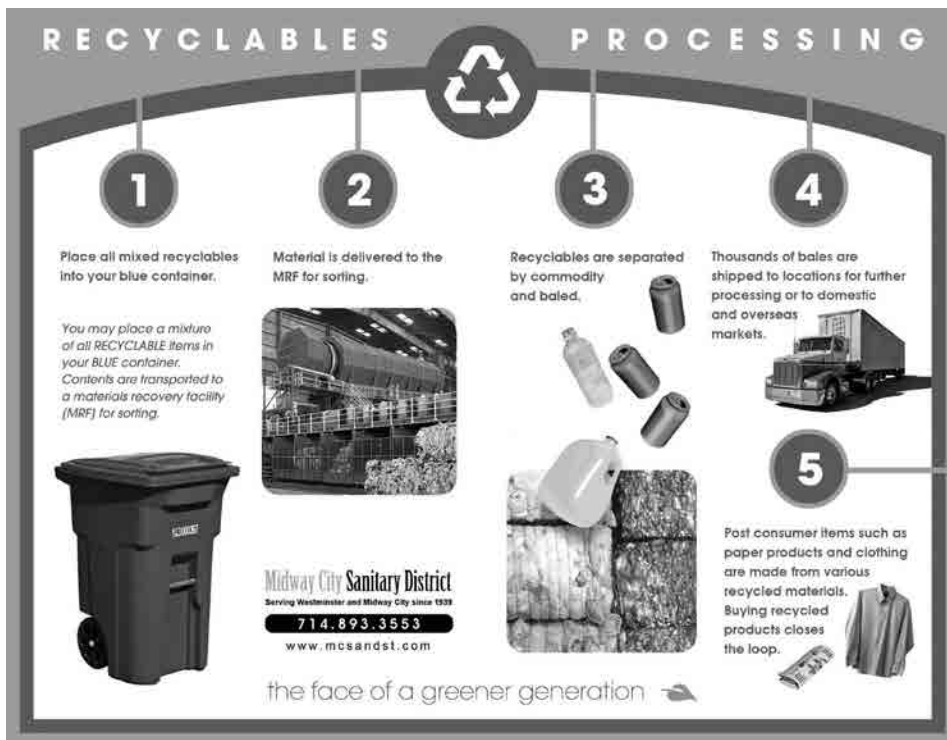

What to Do if You Get Burned:

- Cool the burn with water, not ice.
- Seek medical treatment or call 9-1-1.
- Do not apply butter or ointments.

WESTMINSTER SCHOOL DISTRICT

Westminster School District will offer both Spanish Dual Language Immersion and Vietnamese Dual Language Immersion starting in the 2016-2017 school year. Spanish Dual Language Immersion will be offered for preschool, one class for three year olds and one class for four year olds, and kindergarten (two classes with 24 students in each class). Preschool will be three hours a day, five days a week. Kindergarten is full day, five days a week. Vietnamese Dual Language Immersion is offered in kindergarten and first grade. We are enrolling for two full day kindergarten classes and five spots in first grade. If you would like your child to be a part of the Spanish Dual Language Immersion or Vietnamese Dual Language Immersion program, register soon! This program is open to all preschool, kindergarten, and first grade students in Southern California.

Why choose dual language immersion? Dual language immersion integrates native English speaking and English language learning students in the same classroom and provides academic instruction through two languages, one of which is the primary language of each group (for example Vietnamese and English or Spanish and English). The students, in the Dual Language Immersion program, will be engaged 50% of the day in English and 50% of the day in the target language. The goals and research based benefits of dual language immersion are bilingualism, biliteracy, cultural proficiency, global citizenship, at or above grade level achievement, 21st century skills, increased family involvement and the Westminster School District Pathways to Biliteracy awards attainment in kindergarten, third, fifth, and eighth grades (with the ultimate goal of the students graduating with the California Department of Education formally recognized Seal of Biliteracy on their high school diploma and Seal of Biliteracy Medal).

Enrollment forms will be available each Monday through Thursday, 7:30 a.m. to 4:30 p.m., at the Westminster School District office at 14121 Cedarwood Avenue in Westminster for dual language immersion kindergarten. Registration packets for preschool can be picked up at Land School 15151 Temple Street in Westminster or found online. At Westminster Nursery School the child is at the center of all we do. Our curriculum and activities are play based, process driven and child directed. Through open ended play, the children find purpose in their day, while developing the skills they need at a pace they delight in.

Additionally, we are a cooperative preschool, which presents parents with the opportunity for wide-ranging participation in the child's preschool experience and development. Parents help in the classroom 1-2 times each month, can participate in various aspects of the school planning and even serve on the board.

Registration begins May 16
