Medical Assistant Career Track with Clinical Externship

Today's dynamic medical practice needs health care professionals who possess both administrative and clinical skills. Health care professionals who can process incoming patients, manage medical billing processes, code ongoing medical procedures for third party insurance reimbursement, draw blood and read EKG results are a diverse and invaluable resource to the medical practice. In response to the growing need for healthcare professionals with multiple skills, this course is designed to give students a full and comprehensive suite of administrative and clinical skills.

The program includes the following:

Medical Terminology - 20 hours

Medical Assistant/Administrative Assistant - 50 hours

Medical Billing & Coding - 50 hours

**Clinical Medical Assistant - 140 hours
(Including EKG & Phlebotomy Technician)**

After successful completion of the program, you will possess the skills required to perform multiple tasks in a complex and dynamic healthcare environment. The combined course provides the foundation for a highly marketable healthcare professional, and qualifies students to take multiple national certification exams including the National Healthcareer Association (NHA) exam, and specific national certification exams related to the fields covered in this course, such as AAPC, CPC/CPC-H Apprentice, AHIMA, CCA, CMAA, and more.
