Plein Air Painting

60-815-600

Get your paint and brushes ready for a summer of outdoor painting along our beautiful South Shore. This is the 10th year of Cornucopia Plein Air - a year to celebrate! Bring your supplies with any medium you wish. There will be plenty of painting time and a class critique after each session. New and returning students are welcome. Bring a food and beverage and come enjoy summer Plein Air. Class will meet each day at 9am at the Immanuel Lutheran Church in Cornucopia and we will carpool to different locations. In case of rain we will paint at the church.

Artisan Earth Oven

60-306-635

Learning how to craft a wood-fired earth oven is a great way to create community wellness through fresh baked artisan foods and natural building. Clay, sand, fiber and water are traditional building materials used by cultures in Wisconsin and around the world. Be prepared to dive into the subject matter with bare hands and feet. Your instructor, Amarin Mello, is a permaculture activist and natural builder

who teaches earth oven classes for a variety of folk schools and colleges in Wisconsin. He has worked on natural building projects nationwide and is a resource for those who are creating their own natural homes. Please meet at the Bayfield School garden and bring lunch, water, sunscreen, dress for the weather and a \$15 optional book fee payable to instructor.

Introduction to Natural Health & Healing

In this course, we'll discuss the various stages of health and illness, and you'll discover that true health means wholeness of the mind, body, and spirit. You'll start a personal health journal to evaluate your current lifestyle and observe how your behaviors can affect your health. We'll also explore naturopathy, which seeks ways for the body to heal itself. You'll find out about proper breathing techniques that enhance health, and you'll learn the value of hydrotherapy, diet, biorhythms, and fasting. We'll also examine using the power of the mind for healing the body—discussing brain function tests, visualization, and relaxation therapies. You'll see the great power of belief. Then we'll delve into vitamins, minerals, antioxidants, free radicals, and the basic requirements that constitute a healthy diet. Other topics include herbal healing, aromatherapy, body therapies, massage techniques, osteopathy, chiropractic, T'ai Chi, reflexology, yoga, Feng Shui, therapeutic touch, natural remedies for common emergencies, and much more. This is a 24-hour class that is six weeks in length. Class start dates include June 19 and July 17. Register at witc.edu/continuing-education/ed2go.

Publish and Sell Your E-Books

In this course, you'll learn how to publish and sell your own e-book. You'll learn step by step how to use free tools to turn your manuscript into a professionally published e-book ready for distribution. Or, if you don't consider yourself a "techie," this course will give you the information you need to select the right publishing services to help you as you convert your manuscript so you're ready to sell it as an e-book. Whether you're a first-timer or have already put out an e-book or two, this course puts you inside the publishing industry, sharing the tricks of the trade used by traditional publishers to make sure their books are in the best position to be found by readers. You'll learn how to target your reading audience, select bookstores, get your book distributed around the world, and even have your book added to your local library's virtual shelves. By the end of this course, you can have your publishing dreams come true by selling an e-book. This is a 24-hour class that is six weeks in length. Class start dates include June 19 and July 17. Register at witc.edu/continuing-education/ed2go.

Start a Pet Sitting Business

If you're an animal lover, find out how you can start your own pet sitting business to translate your passion into a profitable career! You'll begin with pet care, including nutrition, exercise, first aid, and identification of common diseases. You'll learn the basics of first aid and find out how to administer pills, liquid medications, and injections to an uncooperative cat or dog. In addition, you'll delve into finances and explore start-up costs, accounting, fee-setting, business plans, and low-cost marketing. You'll find out how to obtain required insurance, hire employees as your business expands, and entice financial institutions to loan you money. This is a 24-hour class that is six weeks in length.

Class start dates include June 19 and July 17. Register at witc.edu/continuing-education/ed2go.
